The Vets at Hope Green Sheila Norton, 2017-06-01 A heart-warming and inspiring story about living the simple life, which readers are already likening to *All Creatures Great and Small*, 'like a Sunday Night ITV drama' 'Like a plate of hot-buttered crumpets and a mug of tea - warm, comforting and utterly delightful!' Annie Lyons (author of *The Choir on Hope Street*) Sam has always dreamed of working with animals... But her receptionist job in a London vets is not hitting the spot. Unsure whether a busy city life is for her, she flees to her Nana Peggy's idyllic country village. But despite the rolling hills and its charming feel, life in Hope Green is far from peaceful. On first meeting Joe, the abrupt and bad-tempered local vet, Sam knows she must get him on side, but that is easier said than done... With her dream close enough to touch, will she get there, or will events conspire against her...?

[The Vets at Hope Green: Part Two](#) Sheila Norton, 2017-02-16 PART TWO of a serialised novel - a heartwarming and inspiring story about living the simple life and the joy of animals. Working as the receptionist at her local London vets, Sam dreams of escaping to a quieter life in the country. Spending time with her Nana and her lovely but elderly dog Rufus has sparked something within Sam, and all she wants is to start afresh. But her boyfriend Adam is in London, and something tells her that it won't be an easy conversation. But then something happens that makes her going-nowhere receptionist job seem much more appealing: she finds a little stray cat called Ebony, in need of love and nurturing back to health. Faced with a dilemma, she must choose between her heart's desire and the little ball of fluff burrowing her way into Sam's heart... Is it possible to have it all? Note: this is part two of a four-part serialised novel. The full length paperback will be available in

Part 2: Project New Hope Michel Pelletier,2016-06-02 Tensions between nations run high in the twenty-second century. Nuclear war reduced the global population from fifteen billion to barely one hundred million survivors. Much of the planet's surface is highly radioactive. Sources of food, clean water, and medical supplies are increasingly scarce. Isolated regions made distribution of supplies even harder to operate. In a time when co-operation is imperative, self-interest continues to prevail in many parts of the globe. Amidst this growing chaos, a new generation of leaders emerges to guide Eden into an uncertain future filled with incredible new technologies and daunting challenges. As they struggle to provide leadership through humanity's darkest days, they must also preserve what little survives of nature's blessings. Can they build hope for a new world from the ashes of the old, or will they make the same mistakes to which humanity has always succumbed? Part 2 of the Eden Democratic Kingdom trilogy follows the continuing development of Eden and its leaders as they work towards a better future for their young nation and all of Earth's creatures.

The Pets at Primrose Cottage Sheila Norton,2018-03-22 A charming and romantic story about living the simple life and the joy of animals, from the author of THE VETS AT HOPE GREEN. The last thing Emma wants is for people to discover the real reason she is lying low, but then the handsome reporter from the local paper takes an interest in her story. Can Emma keep her secret and follow her heart's desire...?

The Vets at Hope Green: Part Three Sheila Norton,2017-03-16 PART THREE of a serialised novel - a heartwarming and inspiring story about living the simple life and the joy of animals. Things are finally starting to look up for Sam - a chance at her dream job as a vet, and a new friend (who is a huge animal lover himself - a very important detail!) What more could she ask for? But something is eating away at her: her boss Joe is acting strangely around her - he's definitely hiding something. And having dreamed of being a vet for so long, she cannot afford to put a foot wrong. When a call to tend to a sick pony comes into the practice, it all strikes too close to home for Sam and Joe. The odds are stacked against her, and she risks losing everything... Note: this is part three of a four-part serialised novel. The full length paperback will be available in June.

Something's got to give, so when her parents suggest visiting her

Nana Peggy in a small quiet picturesque village, she agrees, thinking a bit of R&R could do her good. But rest and relaxation may not be the order of the day. Poor Nana Peggy's lovely dog Rufus is unwell, and Sam can't help but grow fond of him. With the help of Joe the local vet, a charming yet strangely distant man, Sam sets out on looking after him, despite her London life trying to call her back... Inside Out & Back Again Thanhha Lai, 2013-03-01 Moving to America turns H&A's life inside out. For all the 10 years of her life, H&A has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&A and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&A discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

The Forever Dog Rodney Habib, Karen Shaw Becker, 2021-10-12 #1 New York Times Bestseller In this pathbreaking guide, two of the world's most popular and trusted pet care advocates reveal new science to teach us how to delay aging and provide a long, happy, healthy life for our canine companions. Like their human counterparts, dogs have been getting sicker and dying prematurely over the past few decades. Why? Scientists are beginning to understand that the chronic diseases afflicting humans—cancer, obesity, diabetes, organ degeneration, and autoimmune disorders—also beset canines. As a result, our beloved companions are vexed with preventable health problems throughout much of their lives and suffer shorter life spans. Because our pets can't make health and lifestyle decisions for themselves, it's up to pet parents to make smart, science-backed choices for lasting vitality and health. *The Forever Dog* gives us the practical, proven tools to protect our loyal four-legged companions. Rodney Habib and Karen Becker, DVM, globetrotted (pre-pandemic) to galvanize the best wisdom from top geneticists, microbiologists, and longevity researchers; they also interviewed people whose dogs have lived into their 20s and even 30s. The result is this unprecedented and comprehensive guide, filled with surprising information, invaluable advice, and inspiring stories about dogs and the people who love them. *The Forever Dog* prescriptive plan focuses on diet and nutrition, movement, environmental exposures, and stress reduction, and can be tailored to the genetic

predisposition of particular breeds or mixes. The authors discuss various types of food—including what the commercial manufacturers don't want us to know—and offer recipes, easy solutions, and tips for making sure our dogs obtain the nutrients they need. Habib and Dr. Becker also explore how external factors we often don't think about can greatly affect a dog's overall health and wellbeing, from everyday insults to the body and its physiology, to the role our own lifestyles and our vets' choices play. Indeed, the health equation works both ways and can travel "up the leash." Medical breakthroughs have expanded our choices for canine health—if you know what they are. This definitive dog-care guide empowers us with the knowledge we need to make wise choices, and to keep our dogs healthy and happy for years to come.

Callahan and the Horses of Hope Susan Yawn Tanner,2024-01-25 After leaving Warm Springs, Georgia, Cat Callahan and his human companion, Dax, have moved on to Alabama where Dax takes temporary work at New Hope Ranch. The horse ranch provides equine therapy and training for people with traumatic injuries—in body or mind. One of owner Avery Wilson's goals, in honor of her missing brother, is to gain government approval for veterans who are dealing with PTSD and other conditions. And to get that approval, she needs Campbell Kirkland to inspect the operation. His decision will be crucial. When Camp arrives, he discovers Avery is dealing with a worse situation. Her ex, frustrated that the judge did not grant him a stake in the ranch in their divorce, seems to be behind a series of spiteful moves against her. It appears Eddie is deeply in debt to some dangerous thugs. Based on the evidence, Camp isn't a hundred percent sure that Avery isn't also in on it somehow. And Campbell himself seems to be hiding secrets, as well. Callahan, the big gray cat, is on the case once again, tracking the clues to figure out the truth behind all the human secrets and treachery. Will he put it all together before a terrible fate comes to Avery and her beloved horses? This story was previously published as *Trouble in Summer Valley* by Susan Y.
