Winner of the Newbery Medal “A charming, intriguingly plotted novel.”—Washington Post Newbery Medalist Erin Entrada Kelly’s *Hello, Universe* is a funny and poignant neighborhood story about unexpected friendships. Told from four intertwining points of view—two boys and two girls—the novel celebrates bravery, being different, and finding your inner bayani (hero). “Readers will be instantly engrossed in this relatable neighborhood adventure and its eclectic cast of misfits.”—Booklist In one day, four lives weave together in unexpected ways. Virgil Salinas is shy and kindhearted and feels out of place in his crazy-about-sports family. Valencia Somerset, who is deaf, is smart, brave, and secretly lonely, and she loves everything about nature. Kaori Tanaka is a self-proclaimed psychic, whose little sister, Gen, is always following her around. And Chet Bullens wishes the weird kids would just stop being so different so he can concentrate on basketball. They aren’t friends, at least not until Chet pulls a prank that traps Virgil and his pet guinea pig at the bottom of a well. This disaster leads Kaori, Gen, and Valencia on an epic quest to find missing Virgil. Through luck, smarts, bravery, and a little help from the universe, a rescue is performed, a bully is put in his place, and friendship blooms. The acclaimed and award-winning author of *Blackbird Fly* and *The Land of Forgotten Girls* writes with an authentic, humorous, and irresistible tween voice that will appeal to fans of Thanhha Lai and Rita Williams-Garcia. “Readers across the board will flock to this book that has something for nearly everyone—humor, bullying, self-acceptance, cross-generational relationships, and a smartly fateful ending.”—School Library Journal

More than a century later, the Galveston Hurricane of 1900 is still America's deadliest disaster. Lauren Tarshis's story of one child surviving the horrible event churns with page-turning action and bold hope. The city of Galveston, Texas, was booming. Perched on an island off the southern coast of Texas, Galveston had been founded in the 1830s. By 1900, it was Texas's richest and most important city. Boats loaded up with American cotton and wheat steamed from Galveston to countries around the world. Arriving ships were crowded with immigrants. The streets, paved with crushed oyster shells, sparkled like they'd been sprinkled with diamonds. True, this glittering city was prone to flooding. But just a few years before, a weather forecaster had said the idea of a hurricane striking Galveston was absurd. So when a storm started brewing on September 8, 1900, no one believed it would be any worse than previous storms. They gathered on the beach to cheer on the wild waves. But what started as entertainment soon turned into a

Online Library The Wild Robot The Wild Robot Series

nightmare as those wild waves crashed into the city. By morning, hundreds of homes were destroyed. Eight thousand people were dead. The city had all but disappeared. In this thrilling installment of Lauren Tarshis's New York Times bestselling I Survived series, one child finds safety only to head back into the treacherous waters to make sure his neighbors are safe. Lucy, a young bear, starts her day determined to make a new friend but her enthusiasm leads to all sorts of problems until, just as she is about to give up, an unexpected friend finds her.
