

The World Came To My Place Today George And Flora

The destruction of mankind is imminent! A powerful evil looms on the horizon plotting their revenge. They've grown tired of waiting in the shadows and are ready to unleash a new Armageddon. The only thing standing in their way is 17 year old Esta Hope, and she doesn't even know it yet! The fallen gods of ancient Greece want her, the devil wants her dead. Esta's world is about to be turned upside down, as the battle between good and evil comes to a head. Can she embrace her true destiny before it's too late? While her life disintegrates, who can she trust? And will the arrival of mysterious Luc and Sam in town be her salvation, or will they send her straight to hell? If she can accept what she was born to become and win the impending battle, is she simply opening the door for a much bigger, more violent war? Celestria is a story about love, hope and trust. The power of faith, and how evil can destroy all of us when our belief in goodness has left.

Raise your children in a bilingual fashion with this dual language coloring book. Let your child travel through the exciting journey of Gulliver while learning two languages at the same time. This coloring book is a must for those wanting to raise their children in a bilingual fashion.

The world is infected and humanity is reduced to creatures of vicious insanity. Doctor Thorn's rescue by a group of young survivors is just the beginning of their nightmarish journey to survive. In this apocalyptic landscape, humankind has one final hope that rests on the strength and determination of 10 young men and women.

The Amazing Book of No was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The Amazing Book of No" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle •

Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Support whatever your kids' interests are. This one's for the future designers of all time. This book contains the present and the future of the fashion design industry with inspirations taken from only the world renowned designers. Your kids will definitely appreciate your full support in their passion when you buy this for them. Get a copy today.

God Came To My Garage Sale is an inspirational fiction vignette collection of Spiritual miracles experienced at an ordinary garage sale by an Atheist woman who encounters numerous Ethereal people and Divine events, challenging her long-held belief system and forever transforming her life. Forced to drastically downsize and sell most of her accumulated material possessions due to bankruptcy and unexpectedly losing her "American Dream" home, the dreaded task of organizing and conducting a garage sale turned out to be the most amazing and life-altering Spiritual Awakening experience of her existence. If you have an open mind to the possibility of God and the afterlife, then be prepared for a truly eye-opening, page-turning literary experience! "Near-Death Experiences, Out-of-Body Events, After-Death Communications, Mystical Miracles!! Today, people the world o'er are having weird and transformative encounters they often don't understand. Spiritual leaders declare 'The veil is thinning', scientists conduct research into deeper consciousness and black holes, and Dr. Marni Hill Foderaro brings these truly Divine and life-altering experiences home to our modern American middle-class existence, sensitizing us about what to watch for and what it all means. This amazing and inspirational book is an enlightening manual for learning about the loving world we came from and how we are connected to it and each other." —Diane Willis, Founder and President of Chicago IANDS (International Association for Near Death Studies), Native American Flutist, Spiritual Counselor "Dr. Marni Hill Foderaro brilliantly takes the reader on a journey of truth and clarity through relatable scenarios of everyday life that we, the reader, can totally, easily and personally connect with. Thought provoking and challenging insights are the readers' reward in this literary find entitled: *God Came To My Garage Sale*."

—Christopher Stillar, Canadian Psychic Medium, Author of *Pennies from Heaven: A Medium's Two Cents on Life and Death* "Dr.

Marni Hill Foderaro, through her honesty, strength, insight and open awareness very positively and eloquently articulates that Divine light comes out of earthly darkness, hardships and challenges, and that Spiritual synchronicities exist through the relatable common.” —Lea Mittel, Michigan-based evidentiary Psychic Medium of truemediumreadings.com

Selected as one of Oprah Winfrey's "Books That Help Me Through" United States Poet Laureate Joy Harjo gathers the work of more than 160 poets, representing nearly 100 indigenous nations, into the first historically comprehensive Native poetry anthology. This landmark anthology celebrates the indigenous peoples of North America, the first poets of this country, whose literary traditions stretch back centuries. Opening with a blessing from Pulitzer Prize–winner N. Scott Momaday, the book contains powerful introductions from contributing editors who represent the five geographically organized sections. Each section begins with a poem from traditional oral literatures and closes with emerging poets, ranging from Eleazar, a seventeenth-century Native student at Harvard, to Jake Skeets, a young Diné poet born in 1991, and including renowned writers such as Luci Tapahonso, Natalie Diaz, Layli Long Soldier, and Ray Young Bear. When the Light of the World Was Subdued, Our Songs Came Through offers the extraordinary sweep of Native literature, without which no study of American poetry is complete.

Another body in a string of ritualistic murders. A serial killer who's getting cocky. Detective Derek Childress thinks this day just can't get any worse. And then he meets his new partner. Investigator Kayle Perrine is a Variant: one of several races of once-thought mythical creatures who now live among and lord-over humankind. Led by a group of vampires called the Clan Gentry, the Variants protect their own, just as they did when Derek's previous partner was killed by one, nearly a year ago. Now that Perrine's on the case, Derek expects a cover-up. Kayle Perrine has worked his whole life to prove himself, but being paired up with a boorish mundane like Derek Childress is feeling more like punishment than reward. Derek is so blinded by his prejudice against Variants, that he refuses to see the evidence Kayle finds blatantly obvious. The sooner Kayle can close this case, the sooner he can go back home and forget about the infuriating human detective. A brutal attack forges a fragile truce between the two men, driving them together. Derek and Kayle must learn to trust and depend on each other while tempers flare and passions of every kind run hot between them. Yet as they begin to grow closer, one fact continues to keep them apart: they are from different worlds. With time running out to solve this case, Derek and Kayle understand that love may not be enough to overcome prejudice, politics, and murder.

“Penelope Etnier Dinsmore has been laboring in the vineyards of becoming herself—what we Jungians call individuation—for more than fifty years. This wonderful book is one of the many fruits of that labor, which also include many glorious paintings. I have always admired her multi-talented creations as I have admired her for being such a beautiful woman who has struggled mightily to find her own, very unique way. The Treasure That Came into the World to Find Its Self is a testament to the strength and grace of the human spirit.” —Thomas Singer, MD, Jungian analyst “A secret is hidden in these pages. In order to find it, you will need to enter into its pages, enter into the shapes and colors and words and let them become the world you inhabit ... So curl up in your favorite chair and take your time, because this is an adventure that is too wonderful to rush!” —Dyane Sherwood, PhD, from the

Foreword “Through vivid images, this gentle and powerful book tells the story of a woman’s journey in becoming her true self, the treasure we all seek.” —Tina Stromsted, PhD, from the Afterword

A young elephant named Ellie living in Thailand dreams of joining the elephant polo team and playing in the Elephant Cup polo tournament, but her parents want her to work in the rice fields. Will she realize her dream of playing elephant polo? Book two in the World Adventurers for Kids Series, “Ellie the Elephant” is an illustrated picture book that encourages children to follow their dreams. Inspired by the author’s adventures in Thailand and real elephant polo matches, the story features Ellie the Elephant and her family, Monk the Monkey, and human boys Wasan and Wattana. Fun for kids and adults alike, the story will introduce them to the amazing game of elephant polo and inspire children to dream big.

Enjoy 20 limited-detail illustrations, designed for those who would rather keep it simple. Each page was hand-drawn and edited by K J Kraemer, with you in mind. If you don't want to spend days on a project or just want room to get creative, this adult coloring book is for you!

On January 12, 2010, the deadliest earthquake in the history of the Western Hemisphere struck the nation least prepared to handle it. Jonathan M. Katz, the only full-time American news correspondent in Haiti, was inside his house when it buckled along with hundreds of thousands of others. In this visceral, authoritative first-hand account, Katz chronicles the terror of that day, the devastation visited on ordinary Haitians, and how the world reacted to a nation in need. More than half of American adults gave money for Haiti, part of a monumental response totaling \$16.3 billion in pledges. But three years later the relief effort has foundered. It's most basic promises—to build safer housing for the homeless, alleviate severe poverty, and strengthen Haiti to face future disasters—remain unfulfilled. *The Big Truck That Went By* presents a sharp critique of international aid that defies today's conventional wisdom; that the way wealthy countries give aid makes poor countries seem irredeemably hopeless, while trapping millions in cycles of privation and catastrophe. Katz follows the money to uncover startling truths about how good intentions go wrong, and what can be done to make aid "smarter." With coverage of Bill Clinton, who came to help lead the reconstruction; movie-star aid worker Sean Penn; Wyclef Jean; Haiti's leaders and people alike, Katz weaves a complex, darkly funny, and unexpected portrait of one of the world's most fascinating countries. *The Big Truck That Went By* is not only a definitive account of Haiti's earthquake, but of the world we live in today.

The title says it all. If you are in the process of writing a book, or if you're considering it, there are dozens of things you won't know - and that you should. What I want to do here is share about my experience over about fifteen years of writing my first novels, and the years of publishing and marketing them, so you might get a jump on what's in store. Here are some chapter headings to give you an idea of what's in the book. * Self-Editing * Why Would Your Book Get Noticed? * Publishing * Marketing and Selling * About Your Website * Read It Like An Agent/Publisher Maybe you've been doing this for a while now and know a lot about these items. I didn't - and got caught trying to find answers and find my way through the maze after I started. I'm not the expert, but maybe what I have to share with you will save you a lot of the grief I had. If you've written a book, or are thinking about it, you owe it to yourself

to get lots of information before you really get started. "So You've Written A Book, Now What?" could prove to be just the help you need.

Welcome to the Fascinating Story of How We Got The World's Greatest Book—The Bible. It is a captivating story that includes a little bit of everything: adventure and violence, mystery and bravery, and dumb luck or divine intervention—depending on your point of view. How in the world did we get this book that some people swear by—and other people swear at? You don't have to be a skeptic to have a grocery list of questions about the formation of the Bible, such as: —Who wrote these documents and when? —How were these ancient writings transmitted through the ages? —As scribes made copies of copies, didn't they make mistakes that caused the ancient writings to be changed and corrupted? —How was it decided which writings would be included in the Bible? —What are the Dead Sea Scrolls, and why are archaeological finds like these such a big deal? Devoted people dedicated their lives throughout time to put this unique book into the hands of people worldwide. Retrace the passion and intrigue behind the Bible's creation.

Maybe you're a recent college graduate, looking for a successful start to your career. Or an experienced professional, feeling the need to try something new. Either way, a whole host of opportunities await you—but if you really hope to ace that interview and get the job you want, you'll need the right skills to get ahead. So when you're navigating the complex twists and turns of today's changing job market, let *I'll Get That Job!* serve as your road map and guide. Featuring advice from real HR professionals, headhunters, and team managers, this essential job-hunting companion will let you know exactly what you need to do to increase your chances, from social media presence to writing a great CV. While shedding light on the many myths and outdated "rules" that may actually bog you down in today's job-seeking experience, *I'll Get That Job!* serves as a source of motivation and encouragement for modern job hunters. After all, with hard work and the right mind-set, it really is possible for you to get that job you've always wanted—and become the most successful version of yourself along the way!

Artemis the Pig isn't like the other farm animals. He wants to fly with the butterflies and he's determined to build something to let him do just that! This delightful tale teaches the importance of creativity and perseverance in pursuing goals. Recommended for ages 3-10. Makes a great bedtime story.

When the people stop visiting, three little ducks set out to find why. Across the world, they encounter wonderful people in everyday places who share their stories. Inspired by true events from the response to the pandemic including the Great Teddy Bear Hunt, this beautifully illustrated book defines our time.

Do you get books from a public library in your town or even in your school library? In many remote areas of the world, there are no library buildings. In many countries, books are delivered in unusual ways: by bus, boat, elephant, donkey, train, even by wheelbarrow. Why would librarians go to the trouble of packing books on the backs of elephants or driving miles to deliver books by bus? Because, as one librarian in Azerbaijan says, "Books are as important to us as air or water!" This is the intriguing photo essay, a celebration of books, readers, and libraries.

Poverty. War. Bureaucracy. Divisiveness. Gridlock. Exploitation. Farmland degradation. Water shortages. Oil Spills. Nuclear meltdowns.

Unemployment. Job dissatisfaction. Debt. Divorce. Depression. Anxiety. Addiction. Fear. Isolation. Loneliness. The 21st century world we live in is charging full steam ahead, seemingly at the speed of light. Though this breakneck pace has created many amazing marvels of modern technology, it has also created a more complex set of interlocking problems than our species has ever seen before. We all contribute to perpetuating faulty global systems in one way or another, but it takes a lot of humility to be able to admit that. By firstly focusing upon changing and improving one's own ways of living, and beginning with the mantra of "it's all my fault" — rather than immediately pointing fingers and telling everyone else to change — we can break down cultural barriers, inspire action, and make much more rapid progress to reduce the immense suffering that exists in this world. Directly or indirectly, it affects us all. It's time for a new paradigm; a new type of culture that incorporates the interests of all global citizens. *It's All My Fault* lays out how we got here, how we can move forward in this journey, and delves deep into personal insights and vivid experiences from the author's life. It describes a practical set of innovative ideas that have the potential to ultimately lead to the day in which many of our greatest challenges — such as poverty, homelessness, and underemployment — become a thing of the past.

A young girl's aunt brings her back special gifts from each exotic place she visits around the world.

On Lucy's first day of second grade, she's excited to meet her new teacher, Miss Flippo, and find out everything's she's going to learn about this year in school. And when Miss Flippo tells the class that they're going to have their very own science lab, complete with lab coats and goggles, Lucy can't wait to start exploring. But one thing is troubling her. The tree that sat outside her first grade classroom all year is gone. Where are the squirrels going to live? Inspired by her classroom lab, Lucy starts her own research mission to find out what happened to the tree, and then to lobby for the school to plant a new one. With the help of her cousin, Cora, and their new classmates, Lucy discovers that science is everywhere you look, and a lab can be anywhere you look. Launching a new chapter book series from IRA Children's Book Award-winner, Michelle Houts, *Lucy Saves Some Squirrels* draws on STEM themes and is aligned with curriculum guidelines to bring a love of science to young readers, inspiring them to start their own labs and explore their world.

The True Story Behind the Events on 9/11 that Inspired Broadway's Smash Hit Musical *Come from Away*, Featuring All New Material from the Author When 38 jetliners bound for the United States were forced to land at Gander International Airport in Canada by the closing of U.S. airspace on September 11, the population of this small town on Newfoundland Island swelled from 10,300 to nearly 17,000. The citizens of Gander met the stranded passengers with an overwhelming display of friendship and goodwill. As the passengers stepped from the airplanes, exhausted, hungry and distraught after being held on board for nearly 24 hours while security checked all of the baggage, they were greeted with a feast prepared by the townspeople. Local bus drivers who had been on strike came off the picket lines to transport the passengers to the various shelters set up in local schools and churches. Linens and toiletries were bought and donated. A middle school provided showers, as well as access to computers, email, and televisions, allowing the passengers to stay in touch with family and follow the news. Over the course of those four days, many of the passengers developed friendships with Gander residents that they expect to last a lifetime. As a show of thanks, scholarship funds for the children of Gander have been formed and donations have been made to provide new computers for the schools. This book recounts the inspiring story of the residents of Gander, Canada, whose acts of kindness have touched the lives of thousands of people and been an example of humanity and goodwill.

Perfect book to record and save important addresses and birthdays. As time goes by and the fullness and complexity of the days increase, this is more and more important. You can keep these addresses and birthdays from family, friends, business partners etc. for many years.

The World Came to My Place Today Random House

Once upon a time 'The Scientific Revolution of the 17th century' was an innovative concept that inspired a stimulating narrative of how modern science came into the world. Half a century later, what we now know as 'the master narrative' serves rather as a strait-jacket - so often events and contexts just fail to fit in. No attempt has been made so far to replace the master narrative. H. Floris Cohen now comes up with precisely such a replacement. Key to his path-breaking analysis-cum-narrative is a vision of the Scientific Revolution as made up of six distinct yet narrowly interconnected, revolutionary transformations, each of some twenty-five to thirty years' duration. This vision enables him to explain how modern science could come about in Europe rather than in Greece, China, or the Islamic world. It also enables him to explain how half-way into the 17th century a vast crisis of legitimacy could arise and, in the end, be overcome.

With help from Grandpa, George learns how to reduce, re-use, repair, and recycle his garbage to become environmentally conscious and help save the world.

She emerged as innocent as any newborn. The party of starbursts and sparkles came to a standstill. In awe, millions of heavenly beings paused. Shine Star, Princess of the Universe, was the most precious and rare of all creations. As an expression of perfect happiness, thus was the king's daughter born. A magical love story unfolds in Vikrant Malhotra's wondrous debut, *The Stories of Goom'pa: Book One*. Meet Goom'pa. He is a Poofy, a small furry creature who resides on Earth in a place called Palidon, on the edge of the Miron National Forest. His world is a quiet one-until he spies Shine Star, a glorious star in the sky and the daughter of Prime Ray, the king of the universe. Enchanted by her elegance, Goom'pa knows he is willing to do anything to win the love of this celestial beauty. As the two meet and fall in love, Shine Star's father worries about his only daughter. Exploiting that concern is the Star Lord, Rath, who wants nothing more than to wrestle control of the universe away from Prime Ray. Will Goom'pa and Shine Star find a way to be together? Or will Rath's evil plan doom them all?

Adult Coloring Book. Action. Puns. Nostalgia. Mindfulness. Calm. Not Calm. Mindlessness. Deep. Follow a pen and inked path through *The Whole Thing When He Got There* and discover a universe of fantastic absurdity that is just waiting to be colored in. Through ninety-one intricate fully-illustrated compositions, colorists can adventure through the life of a legendary action hero in search of meaning. Encounter exotic landscapes and battle prowling tigers, crazed bikers, greedy fat-cats and even death itself, all punctuated by a witty remark. Let your imagination run wild in the gritty hub of a modern metropolis or find yourself amongst the wonders of nature or in a land of myth. Anything is possible. The power is in your hands!

Sy Middleton, a teenager living in Manhattan, enters a secret world when he is initiated into Earth-tribe and becomes a

Triber. In the Middle Realm, Tribers from Earth-, Fire-, Air- and Water-tribe train to enhance their powers and compete in monthly Lunar Festivals. The Zodiac Council has protected the Lower and Middle Realms from the Darkforce for thousands of years, but the balance of power has shifted, placing humanity at risk. The Darkforce has stolen the Book of Dreams. Sy and his friend Joshua Ryderson embark on a quest to find it...

Nine-year old Gertie and her family have to leave their home quickly when Hurricane Katrina is about to flood New Orleans. Gertie must leave behind her friends, her house, her "stuff" and life as she knew it before the storm. How will she deal with going to a new school, making new friends, and celebrating the Jewish holidays in a place she has never lived before? What is her plan to deal with what's happened and at the same time make the world a better place?

Grandpa shows George and his sister how plants from all over the world affect their daily lives, from the food they eat to the rubber in their bicycle tires and wood in their toys. Includes brief factual information about various plants. Suggested level: junior, primary.

DIVLong before the invention of printing, let alone the availability of a daily newspaper, people desired to be informed. In the pre-industrial era news was gathered and shared through conversation and gossip, civic ceremony, celebration, sermons, and proclamations. The age of print brought pamphlets, edicts, ballads, journals, and the first news-sheets, expanding the news community from local to worldwide. This groundbreaking book tracks the history of news in ten countries over the course of four centuries. It evaluates the unexpected variety of ways in which information was transmitted in the premodern world as well as the impact of expanding news media on contemporary events and the lives of an ever-more-informed public. Andrew Pettegree investigates who controlled the news and who reported it; the use of news as a tool of political protest and religious reform; issues of privacy and titillation; the persistent need for news to be current and journalists trustworthy; and people's changed sense of themselves as they experienced newly opened windows on the world. By the close of the eighteenth century, Pettegree concludes, transmission of news had become so efficient and widespread that European citizens—now aware of wars, revolutions, crime, disasters, scandals, and other events—were poised to emerge as actors in the great events unfolding around them./div

At the age of sixty-seven, Percy Bullchild (1915?1986), a Blackfeet Indian from Browning, Montana, with little formal education in English, set out to put the oral traditions and history of his people into a permanent written record. He regarded this undertaking?to ?write the Indian version of our own true ways in our history and legends,? as he puts it?as both a corrective and an instructive tool. Bullchild culled this remarkable collection of historical legends from his memory of the oral history as it was passed down to him by his elders and by seeking out the oral traditions of other tribes. These stories, like all legends, Bullchild reminds us, ?may sound a little foolish, but they are very true. And they have much influence over all of the people of this world, even now as we all live.? Woody Kipp provides a preface for this Bison Books edition.

Once only Mouse knew, and kept to himself, the stories of how the world came to be until angry Lightning broke down Mouse's

door and the stories escaped into the world.

Hailed by The New York Times for writing “with wonderful clarity about science . . . that effortlessly teaches as it zips along,” nationally bestselling author Robert M. Hazen offers a radical new approach to Earth history in this intertwined tale of the planet’s living and nonliving spheres. With an astrobiologist’s imagination, a historian’s perspective, and a naturalist’s eye, Hazen calls upon twenty-first-century discoveries that have revolutionized geology and enabled scientists to envision Earth’s many iterations in vivid detail—from the mile-high lava tides of its infancy to the early organisms responsible for more than two-thirds of the mineral varieties beneath our feet. Lucid, controversial, and on the cutting edge of its field, *The Story of Earth* is popular science of the highest order. “A sweeping rip-roaring yarn of immense scope, from the birth of the elements in the stars to meditations on the future habitability of our world.” -Science “A fascinating story.” -Bill McKibben

NALI By Esther Henry In an era of darkness, mystery, tropical jungles and cannibalism, Nali tries to buck the ancient traditions, only to find herself deeply entrenched in them. As a young girl full of dreams, she is given to a tribal elder in marriage and quickly learns that her girlhood dreams could be shattered overnight. The rain forest held a secret refuge that only Nali knew, where she took her dreams and her delusions. Will she be forced to succumb to a subservient role the rest of her life, or can she overcome the hopelessness that comes with isolation, ignorance and tradition? Deep in the heart of New Guinea lies the village of Mendoka, beautifully camouflaged from the rest of the world. Although the village has yet to be discovered, the outside world would soon have an influence on their lives. An interruption to their peaceful simplicity would both terrify them and cause them to search for answers. Readers will be able to follow the lives of those who lived in a much simpler time and become immersed in the culture that controlled their everyday existence.

The Isle of Wight Festival in 1969 famously 'stole Bob Dylan' from Woodstock' and was the starting point and benchmark for all rock and pop festivals in the UK. What followed in 1970 was one of the world's greatest music gatherings of all time, attracting musicians and fans from across the whole music spectrum. The list of performers is a Who's Who of the then music elite, who are now legends: Jimi Hendrix, Miles Davis, the Who, Joan Baez, Richie Havens, Joni Mitchell, Procul Harem, the Doors, Leonard Cohen, the Moody Blues, Emerson Lake and Palmer - the list goes on. This was Britain's 'Woodstock' and all on a tiny island off the south coast. It would also be Hendrix's last major performance - 17 days later he was dead. But the organization of such a huge happening was inevitably far from plain sailing. It proved to be a roller coaster ride for the intrepid young Foulk brothers who navigated its course through a year of relentless political buffeting from local reactionary opponents and then from extremist counterculture militants who thought that they would prefer a free festival. Just as Island opponents were busily sabotaging the festival site and issuing death-threats, so too an unsavory cabal of radicals arrived from London under the banner of the White Panthers, intent upon undermining the event. For the first time, Ray Foulk, joint organizer, gives his own full, frank and authoritative account, delving into pivotal texts from all sides of the divide. Many remember this festival as a magical, life-changing experience, encapsulating the sixties trip of sex, drugs, rock'n'roll and a political yearning for a better world. But for the others, a

question looms large over history: did this final festival precipitate the end of the dream of an alternative society, or did it reflect the changes already taking place? This most controversial of the festivals was aptly promoted by the Foulk brothers as 'The Last Great Event'.REVIEWS ..".you will absolutely love this backstage look at a great moment in rock history." Ray Connolly, The Daily Mail"At the end of August 1970, I packed my steel string harmony Sovereign into its hard case and made my way out to the A74 south of Glasgow and raised my left thumb. I was on my way to the second major Isle of Wright festival. ...weaves the separate strands of the festival together- the nightmare of administration, the dream of having Leonard Cohen in the passenger seat, the hallucinatory days and nights- Foulk doesn't mention drug taking, the sleep deprivation was enough- and the battles with the locals who only wanted a quiet life. he book offers not just the lie up of each band, including some little known ones, but where possible, the set lists...I did however see Jimi Hendrix, for whom extraneous noise meant little. It was to be his final UK concert: he dies 18 days later. If asked before I read The Last Great Event, I would have said with the same certainty that I would to claim to have heard Free at Glastonbury the year before - that his piece de resistance was The Star Spangled Banner. After all, I was there. Ray Foulk was even more there. He says it was "God Save the Queen." James Campbell, Times literary Supplement"
