From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), *Bullshit Jobs* gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

First published in 1968, *The World is Full of Married Men* was branded as "shocking," especially coming from a female author but despite being banned in several countries for its scandalous content became a #1 bestseller in just two weeks! Always ahead of her time, in her racy debut, Jackie Collins flips on its head the hypocritical double standard of it being okay for men to sleep around but not for women. Successful London ad executive David Cooper is still sexy at forty. Plus, he's got money and power, and therefore, any woman he wants for as long as he wants. His marriage to his nagging wife, Linda, has never gotten in the way of that. When gorgeous starlet Claudia Parker enters the picture, he becomes so smitten that he's ready to divorce Linda to marry Claudia. But Claudia has no intentions of being shackled by a ring on her finger. When the relationship falls apart, he vies to get his wife back. Except Linda's already moved on, swept up in a racy romance with Hollywood producer Jay Grossman. Despite David's pleas, there's no way she's giving up her glamorous new lifestyle for the likes of him. David soon becomes a broken shell of a man, facing his fifties alone. As his once-meteoritic career success takes a catastrophic dive, he finds comfort in the bottle and in the arms of his dowdy secretary, Harriet, while Linda's life only gets better. Will there be a redemption for David? Or will karma get the last laugh in this sizzling, fast-paced, and thoroughly entertaining page-turner--the novel that launched Collins into her role as the Queen of flashy fiction. *hr* Read both of *The World is Full* series, as well as all the New York Times bestselling books by Jackie Collins! 1. *The World is Full of Married Men* 2. *The World is Full of Divorced Women* *The Stud Series* 1. *The Stud* 2. *The Bitch* *The Lucky Santangelo series* 1. *Chances* 2. *Lucky* 3. *Lady Boss* 4. *Vendetta: Lucky's Revenge* 5. *Dangerous Kiss* 6. *Drop Dead Beautiful* 7. *Poor Little Bitch Girl* 8. *Goddess of Vengeance* 9. *Confessions of a Wild Child - Lucky: The Early Years* 10. *The Santangelos* 11. *A Santangelo Story*

The Zen master and one of the world's most beloved teachers returns with a concise, practical guide to understanding and developing our most powerful inner resource—silence—to help us find happiness, purpose, and peace. Many people embark on a seemingly futile search for happiness, running as if there is somewhere else to get to, when the world they live in is full of wonder. To be alive is a miracle. Beauty calls to us every day, yet we rarely are in the position to listen. To hear the call of beauty and respond to it, we need silence. Silence shows us how to find and maintain our equanimity amid the barrage of noise. Thich Nhat Hanh guides us on a path to cultivate calm even in the most chaotic places. This gift of silence doesn't require hours upon hours of silent meditation or an existing practice of any kind. Through careful breathing and mindfulness techniques he teaches us how to become truly present in the moment, to recognize the beauty surrounding us, and to find harmony. With mindfulness comes stillness—and the silence we need to come back to ourselves and discover who we are and what we truly want, the keys to happiness and well-being.

NFL linebacker, speaker, podcaster, and humanitarian Sam Acho gives a blueprint for taking off our masks and living lives of genuine authenticity. Most of us hide. We play small and don't live up to our full potential. Sam Acho was one of those people. As an NFL linebacker, for example, he earned his MBA but told no one because he was afraid of what people might think if they found out that he cared about things that weren't "normal" for his profession. After many years of hiding himself, the person he had become had no connection to the real Sam. Only when he lost a friend and a mentor did he realize he was doing it all wrong--just like many us do, when we try to become someone we're not. All the while, we ignore the unique gifts and talents and personality we truly possess. But there is another way of living: Let the world see you. Your quirks, your passions, and your inner desires were not given to you by accident. And the world needs your gifts. In *Let the World See You*, Sam Acho shares lessons from his own life as well as stories from others to reveal how you can overcome your fears and discover your true selves. Being the real you pays big. No one else has what you have. No one else can share what you share. *Let the World See You* helps crack the shell of people who are in hiding and reveals the benefits of a lifestyle lived on purpose.

An intimate and powerful memoir by the trailblazing former CEO of PepsiCo For a dozen years as one of the world's most admired CEOs, Indra Nooyi redefined what it means to be an exceptional leader. The first woman of color and immigrant to run a Fortune 50 company — and one of the foremost strategic thinkers of our time — she transformed PepsiCo with a unique vision, a vigorous pursuit of excellence, and a deep sense of purpose. Now, in a rich memoir brimming with grace, grit, and good humor, *My Life in Full* offers a firsthand view of Nooyi's legendary career and the sacrifices it so often demanded.

Nooyi takes us through the events that shaped her, from her childhood and early education in 1960s India, to the Yale School of Management, to her rise as a corporate consultant and strategist who soon ascended into the most senior executive ranks. The book offers an inside look at PepsiCo, and Nooyi's thinking as she steered the iconic American company toward healthier products and reinvented its environmental profile, despite resistance at every turn. For the first time and in raw detail, Nooyi also lays bare the difficulties that came with managing her demanding job with a growing family, and what she learned along the way. She makes a clear, actionable, urgent call for business and government to prioritize the care ecosystem, paid leave and work flexibility, and a convincing argument for how improving company and community support for young family builders will unleash the economy's full potential. Generous, authoritative, and grounded in lived experience, *My Life in Full* is the story of an extraordinary leader's life, a moving tribute to the relationships that created it, and a blueprint for 21st century prosperity.

In this book John Michael Greer turns his attention to the intellectual underpinnings and superstructures of the Pagan and magical movements. Pagan religions have tended to be more concerned with practice than with theory and in a system that has no dogma - no legislated doctrine - that is as it should be. Yet as our movement grows and matures, it is inevitable that we will begin to think in a more abstract way about our models and systems. John Michael Greer has provided a primer on the kinds of ideas and themes that must be included in any discussion of the theology and philosophy of Neo-pagan religions.

How we filter out what is irrelevant so we can focus on what we need to know. We are surrounded by a world rich with visual information, but we pay attention to very little of it, filtering out what is irrelevant so we can focus on what we think we need to know. Advertisers, web designers, and other "attention architects" try hard to get our attention, promoting products with videos on huge outdoor screens, adding flashing banners to websites, and developing computer programs with blinking icons that tempt us to click. Often they succeed in distracting us from what we are supposed to be doing. In *How Attention Works*, Stefan Van der Stigchel explains the process of attention and what the implications are for our everyday lives. The visual attention system is efficient, Van der Stigchel writes, because it doesn't waste energy processing every scrap of visual data it receives; it gathers only relevant information. We focus on one snippet of information and assume that everything else is stable and consistent with past experience; that's why most people miss even the most glaring continuity errors in films. If an object doesn't meet our expectations, chances are we won't see it. Van der Stigchel makes his case with examples from real life, explaining, among other things, the limitations of color perception (and why fire trucks shouldn't be red); the importance of location (security guards and radiologists, for example, have to know where to look); the attention-getting properties of faces and spiders; what we can learn from someone else's eye movements; why we see what we expect to see (magicians take advantage of this); and visual neglect and unattended information.

The novel's protagonist is a British Roman Catholic priest, Father Percy Franklin, who looks identical to the mysterious U.S. Senator Julian Felsenburgh of Vermont. The senator appears as a lone and dramatic figure promising world peace in return for blind obedience. No one quite knows who he is or where he comes from, but his voice mesmerizes. Under his leadership, war is abolished. Felsenburgh becomes the President of Europe, then of the world, by popular acclaim. Everyone is fascinated with him, yet still no one knows much about him. People are both riveted and frightened by the way he demands attention. Most follow without question. Having been a close observer of President Felsenburgh's rise, Father Franklin is called to Rome, a Hong Kong-style enclave ruled by Pope John XXVI and raised to the College of Cardinals. Meanwhile, defections among bishops and priests increase. At Cardinal Franklin's instigation, the pope abolishes the Eastern Catholic Churches and forms a new religious order, the Order of Christ Crucified. All its members, including the Pope, vow to die in the name of the faith.

When Norman Maclean sent the manuscript of A River Runs through It and Other Stories to New York publishers, he received a slew of rejections. One editor, so the story goes, replied, "it has trees in it." Forty years later, the title novella is recognized as one of the great American tales of the twentieth century, and Maclean as one of the most beloved writers of our time. The finely distilled product of a long life of often surprising rapture—for fly-fishing, for the woods, for the interlocked beauty of life and art—A River Runs through It has established itself as a classic of the American West. This new edition will introduce a fresh audience to Maclean's beautiful prose and understated emotional insights. Elegantly redesigned, A River Runs through It includes a new foreword by Robert Redford, director of the Academy Award-winning 1992 film adaptation of River. Based on Maclean's own experiences as a young man, the book's two novellas and short story are set in the small towns and mountains of western Montana. It is a world populated with drunks, loggers, card sharks, and whores, but also one rich in the pleasures of fly-fishing, logging, cribbage, and family. By turns raunchy and elegiac, these superb tales express, in Maclean's own words, "a little of the love I have for the earth as it goes by."

The world is so full of wonderful things, take time to love what each day brings. - Children's story in a padded board book.

A devilish debut by a brother-sister team invites us into the world of the elite Marlowe School, where some gifted students are having a hell of a year. (Age 14 and up) One night, in cities all across Europe, five children vanish -- only to appear, years later, at an exclusive New York party with a strange and elegant governess. Rumor and mystery follow the Faust teenagers to the city's most prestigious high school, where they soar to suspicious heights with the help of their benefactor's extraordinary "gifts." But as the students claw their way up -- reading minds, erasing scenes, stopping time, stealing power, seducing with artificial beauty -- they start to suffer the sideeffects of their own addictions. And as they make further deals with the devil, they uncover secrets more shocking than their most unforgivable sins. At once chilling and wickedly satirical, this contemporary reimagining of the Faustian bargain is a compelling tale of ambition, consequences, and ultimate redemption.
