

The Worst Witch All At Sea

A harrowing and thorough account of the massacre that upended Norway, and the trial that helped put the country back together On July 22, 2011, Anders Behring Breivik detonated a bomb outside government buildings in central Oslo, killing eight people. He then proceeded to a youth camp on the island of Utøya, where he killed sixty-nine more, most of them teenage members of Norway's governing Labour Party. In *One of Us*, the journalist Åsne Seierstad tells the story of this terrible day and what led up to it. What made Breivik, a gifted child from an affluent neighborhood in Oslo, become a terrorist? As in her bestseller *The Bookseller of Kabul*, Seierstad excels at the vivid portraiture of lives under stress. She delves deep into Breivik's troubled childhood, showing how a hip-hop and graffiti aficionado became a right-wing activist and Internet game addict, and then an entrepreneur, Freemason, and self-styled master warrior who sought to "save Norway" from the threat of Islam and multiculturalism. She writes with equal intimacy about Breivik's victims, tracing their political awakenings, aspirations to improve their country, and ill-fated journeys to the island. By the time Seierstad reaches Utøya, we know both the killer and those he will kill. We have also gotten to know an entire country—famously peaceful and prosperous, and utterly incapable of protecting its youth.

In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit." "Inspiration for non-geniuses everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among *Grit*'s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Wincingly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).

An Emma Watson "Our Shared Shelf" Selection for November/December 2018 • NAMED A BEST BOOK OF 2018 BY: The New York Public Library • Mashable • The Atlantic • Bustle • The Root • NPR • Fast Company ("10 Best Books for Battling Your Sexist Workplace") Rebecca Solnit, The New Republic: "Funny, wrenching, pithy, and pointed." Roxane Gay: "I encourage you to check out *Eloquent Rage* out now." Joy Reid, Cosmopolitan: "A dissertation on black women's pain and possibility." America Ferrera: "Razor sharp and hilarious. There is so much about her analysis that I relate to and grapple with on a daily basis as a Latina feminist." Damon Young: "Like watching the world's best Baptist preacher but with sermons about intersectionality and Beyoncé instead of Ecclesiastes." Melissa Harris Perry: "I was waiting for an author who wouldn't forget, ignore, or erase us black girls...I was waiting and she has come in Brittney Cooper." Michael Eric Dyson: "Cooper may be the boldest young feminist writing today...and she will make you laugh out loud." So what if it's true that Black women are mad as hell? They have the right to be. In the Black feminist tradition of Audre Lorde, Brittney Cooper reminds us that anger is a powerful source of energy that can give us the strength to keep on fighting. Far too often, Black women's anger has been caricatured into an ugly and destructive force that threatens the civility and social fabric of American democracy. But Cooper shows us that there is more to the story than that. Black women's eloquent rage is what makes Serena Williams such a powerful tennis player. It's what makes Beyoncé's girl power anthems resonate so hard. It's what makes Michelle Obama an icon. Eloquent rage keeps us all honest and accountable. It reminds women that they don't have to settle for less. When Cooper learned of her grandmother's eloquent rage about love, sex, and marriage in an epic and hilarious front-porch confrontation, her life was changed. And it took another intervention, this time staged by one of her homegirls, to turn Brittney into the fierce feminist she is today. In Brittney Cooper's world, neither mean girls nor fuckboys ever win. But homegirls emerge as heroes. This book argues that ultimately feminism, friendship, and faith in one's own superpowers are all we really need to turn things right side up again. The Hunchback of Notre Dame (French: Notre-Dame de Paris) is an 1831 French novel written by Victor Hugo. It is set in 1482 in Paris, in and around the cathedral of Notre Dame de Paris. The book tells the story of a poor barefoot Gypsy girl (La Esmeralda) and a misshapen bell-ringer (Quasimodo) who was raised by the Archdeacon (Claude Frollo). The book was written as a statement to preserve the Notre Dame cathedral and not to 'modernize' it, as Hugo was thoroughly against this. The story begins during the Renaissance in 1482, the day of the Festival of Fools in Paris. Quasimodo, the deformed bell ringer, is introduced by his crowning as Pope of Fools. Esméralda, a beautiful 16-year-old gypsy with a kind and generous heart, captures the hearts of many men but especially Quasimodo's adopted father, Claude Frollo. Frollo is torn between his lust and the rules of the church. He orders Quasimodo to get her. Quasimodo is caught and whipped and ordered to be tied down in the heat. Esméralda seeing his thirst, offers him water. It saves her, for she captures the heart of the hunchback.

Which is more dangerous, a gun or a swimming pool? What do schoolteachers and sumo wrestlers have in common? How much do parents really matter? These may not sound like typical questions for an economist to ask. But Steven D. Levitt is not a typical economist. He studies the riddles of everyday life--from cheating and crime to parenting and sports--and reaches conclusions that turn conventional wisdom on its head. Freakonomics is a groundbreaking collaboration between Levitt and Stephen J. Dubner, an award-winning author and journalist. They set out to explore the inner workings of a crack gang, the truth about real estate agents, the secrets of the Ku Klux Klan, and much more. Through forceful storytelling and wry insight, they show that economics is, at root, the study of incentives--how people get what they want or need, especially when other people want or need the same thing.
