and Zola came to law school to change the world, to make it a better place. But now, as third-year students, these close friends realize they have been duped. They all borrowed heavily to attend a third-tier for-profit law school so mediocre that its graduates rarely pass the bar exam, let alone get good jobs. And when they learn that their school is one of a chain owned by a shady New York hedge-fund operator who also happens to own a bank specializing in student loans, the three know they have been caught up in The Great Law School Scam. But maybe there's a way out. Maybe there's a way to escape their crushing debt, expose the bank and the scam, and make a few bucks in the process. But to do so, they would first have to quit school. And leaving law school a few short months before graduation would be completely crazy, right? Well, yes and no . . . Gil is a loser. He works at McDonald's, lives with his ailing mother, and hasn't had a girlfriend since...ever. But that's all about to change. He's been secretly training (and drugging) a rooster to fight. And Odysseus Rex aka "Odie" is the baddest barnyard bird there is. Gil has so much faith in Odie's abilities that he bets everything on him -- but victory and revenge may not yield the delicious spoils he anticipates. A fiercely comic play about cockfighting, connections, and clawing your way to the top.

Year of the Rooster is mostly a short story collection recorded from the memories of a combat veteran of the Vietnam War. The Stories are mingled with present day thoughts and actions so as to show how recollections [recollections] of war are triggered and intrude into the lives of some soldiers for decades after they leave the war zone. The opening paragraphs describe the old veteran relaxing in Hawaii, living his idea of what being a tourist should be and thinking nonsense. Then, he is jolted into the past that he has needed to forget every day since 1969. having children, WT for white trash. To a culture speaking with barely masked hysteria, in which branding is done with words and those branded are outcasts, this book brings a voice of reason and a warm reminder of the decency and mutual respect that are missing from so much of our public debate. Patricia J. Williams, whose acclaimed book *The Alchemy of Race and Rights* offered a vision for healing the ailing spirit of the law, here broadens her focus to address the wounds in America's public soul, the sense of community that rhetoric so subtly but surely makes and unmakes. In these pages we encounter figures and images plucked from headlines--from Tonya Harding to Lani Guinier, Rush Limbaugh to Hillary Clinton, Clarence Thomas to Dan Quayle--and see how their portrayal, encoding certain stereotypes, often reveals more about us than about them. What are we really talking about when we talk about welfare mothers, for instance? Why is calling someone a "redneck" okay, and what does that say about our society? When young women appear on Phil Donahue to represent themselves as Jewish American Princesses, what else are they doing? These are among the questions Williams considers as she uncovers the shifting, often covert rules of conversation that determine who "we" are as a nation.
