"Rivals the major systematic theologies of this century." --Baptist History and Heritage Journal, July 1996 "One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives . . . that teachers and students from other confessional and denominational positions will find his work instructive." --Consensus, 1997 "If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this . . . Pastors will especially find this feature to be a real help in teaching theology . . . [It is] an indispensable contribution to the task of systematic theology." --Journal of the Evangelical Theological Society, September 1999 "Many students and pastors will find all they need here, and will in addition be helped to relate their knowledge to recent developments in the theological world." --The Churchman: A Journal of Anglican Theology, 1991 "A gold mine of helpful material." --The Christian Century, May 29-June 5, 1991 "No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind-boggling." --Faith and Mission, Fall 1991 "Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint. The work is well documented in both biblical and historical scholarship and will prove to be a classic." --William Hendrickson, Southern Baptist Theological Seminary "One of the most comprehensive, concise books of its type available; it should receive wide use in the classroom and in the study." --Robert H. Culpepper, Southern Baptist Theological Seminary

The classic Buddhist text in three engaging new translations, with commentary from contemporary Zen masters. One of the greatest religious practitioners and philosophers of the East, Eihei Dogen Zenji (1200–1253) is today thought of as the founder of the Soto school of Zen. A deep thinker and writer, he was deeply involved in monastic methods and in integrating Zen realization into daily life. At times The Shobogenzo was profoundly difficult, and he worked on it over his entire life, revising and expanding, producing a book that is today thought to be one of the highest manifestations of Buddhist thought ever produced. Dogen's Genjo Koan (Actualization of Reality) is the first chapter in that book, and for many followers it might be thought to contain the gist of Dogen's work—it is one of the groundwork texts of Zen Buddhism, standing easily alongside The Diamond Sutra, The Heart Sutra, and a small handful of others. Our unique edition of Dogen's Genjo Koan contains three separate translations and several commentaries by a wide variety of Zen masters. Nishiari Bokusan, Shohaku

Okamura, Shunryu Suzuki, Kosho Uchiyama. Sojun Mel Weitsman, Kazuaki Tanahashi, and Dairyu Michael Wenger all have contributed to our presentation of this remarkable work. There can be no doubt that understanding and integrating this text will have a profound effect on anyone's life and practice. In the late 1800s a supremely qualified woman educator and administrator made an unforgettable imprint on well-known missionaries, educators, and preachers. Emma Dryer worked with Pacific Garden Mission's George and Sarah Clarke, Methodist deaconess Lucy Rider Meyer, Wheaton College President Charles Blanchard, Anna Spafford--whose husband wrote the beloved hymn It is Well with My Soul--and many others. However, her greatest achievement came from her divinely guided association with evangelist Dwight L. Moody. Moody Bible Institute in Chicago, with its compelling and far-reaching ministries, would undoubtedly not exist today if not for the driving missionary fervor of Emma Dryer. Her story is finally being told in light of this association. A close examination of her ministry relationship with Mr. Moody reveals the interconnected aspects of their lives from a viewpoint never before written. This includes examining their leadership styles and effectiveness in modern day terms as well as contrasting their learning styles, strengths, and weaknesses as both evangelist and educator. This book represents the first biography of Emma Dryer's life with undying evidence of the answered prayers of a noble and virtuous woman who dedicated her life to serve and honor Christ until his eminent return.

"One of the greatest sources of prophetic vision is found by better understanding our past," says Rick Joyner. "I studied Christ's interaction with the apostles as well as the life of the early church to be obedient to a heavenly vision in which I was told that I would not be able to accurately foresee the future until I understood the past." In this important book Joyner looks at the life and ministry of the apostles and of later generations so that Christians today can close the openings the enemy has used to gain entry and do his deadly work. He examines the successes and failures of Christians of the past so we can better understand how to be God's servants today.

Because of the prominence of prophecy in Scripture, many excellent books have appeared dealing with prophetic subjects. Until recently, however, the treatment of prophecy has been either apologetic or expository, and prophetic themes have been developed individually apart from their relation to the whole revealed prophetic program. Much of our knowledge has been only fragmentary and unrelated. Dr. Dwight Pentecost's monumental text, Things to Come, has changed all that. In this massive, highly successful book, Dr. Pentecost has synthesized the whole field of prophecy into a unified biblical doctrine, a systematic and complete biblical eschatology. With nearly a quarter of a million copies sold, Things to Come has earned its place in the library of the pastor, the scholar, and the seminarian or Bible institute student. In addition, it offers a comprehensive and accessible study for anyone interested in the important subject of biblical prophecy.

Death is inescapable for us all, but in that death, we may also have the hope of something wonderful and greater than what we have experienced here on Earth. An excellent book for anyone who is seeking to know more about the living God. The first book in a two-part series, *A Shadow of Good Things to Come*, is a colorful book of Jewish history, dating from the time of creation with the Ancient of Days to king David. You will learn that God had a plan to save mankind, and He implemented that plan through the Jewish nation. Told in Bible-story form, you will find answers to many questions you may have about the Bible and man's relationship with God, questions such as: • Who is the true living God? •

What is the purpose of man? • What promises did God give Abraham and his descendants through Isaac? • Why and how did God choose the nation of Israel to be His people? • Why and how did God set up the law and sacrificial system? • Why is Jesus called the Son of David? “Deeper Insight” study questions are provided at the end of each chapter. “I always wondered why a loving God would bring so much death and annihilation to people in the Old Testament. Now I understand. Sin was rampant, and evil men threatened the very existence of the future seed of Abraham, through whom Christ, the Savior of mankind, would come. This is a wonderful Bible-based, simply-stated study that all Christians will enjoy.” Frances Henderson “This is a good book for Christians who want to learn, in detail, about the twelve Tribes of Israel and their lineage leading to the birth of Christ. I was amazed to scripturally learn about the division of the land God gave to the Israelites. If you ever had doubts about Jesus, you won’t anymore.” Trudy Meriedth

When Dr Philip Raven, an intellectual working for the League of Nations, dies in 1930 he leaves behind a powerful legacy - an unpublished 'dream book'. Inspired by visions he has experienced for many years, it appears to be a book written far into the future: a history of humanity from the date of his death up to 2105. The Shape of Things to Come provides this 'history of the future', an account that was in some ways remarkably prescient - predicting climatic disaster and sweeping cultural changes, including a Second World War, the rise of chemical warfare, and political instabilities in the Middle East.

for you, too. Excellent Beginnings: Course One Let's go back in time to the story of Creation and a study of the earliest men in the Book of Genesis. The question is: did God create us or did we come from a sort of cosmic soup billions of years ago? Since Creation has obviously taken place, I believe there is a Creator. He is God. In the Bible, we will see that God does not speak verbally to everyone, but chooses specific people to talk to, and asks them to go forth as prophets for Him. Those were usually men of great faith. We will soon learn that the Bible is not a story of great men, but of a great God. Yes, the Lord still communicates with us today, and I want to show you how. In this study, Course One of the "Biblical Studies 101", we will assume the Creation story is the true one. If you are not sure about that, I invite you to settle in and read what God has to say about it.

This book is Volume 3 of three volumes and contains a different collection of Bible topics than each of the other two volumes. These topics, like the previous topics in the other two volumes, will also allow the reader to easily identify and with little or no effort on their part to commit to memory exactly what God expects of them from within HIS written Word. Although this will not necessarily bring about the reader's ability to remember precisely where each of these topics appears in the Bible's book, chapter, and verse, it will, after reading enough of these topics, make their daily Bible reading much easier and so much more enjoyable due to their new-found understanding. The reader will also discover when studying topic by topic they will remember the subject matter much better than when these particular subjects flew by them at lightning speed while reading along in their Bible. These self-contained Bible studies work for everyone. It doesn't matter where one stands in their faith or how much they know about the Bible, these studies will work. For those who are well-rooted in the Word, these studies will work for them as a review; those who own an average understanding of God's Word will be able to use these studies not only as a review but also for learning something that God has said and they had previously missed. Those who know very little about the Word of God will be able to learn a great deal from these topical studies since they are self-contained and require no explanation because all commentary is backed up with book, chapter, and verse from the inspired Word of God. Those who know nothing about the Word and are seeking to learn about God the Father, God the Son, God the Holy Spirit, their salvation, and the existence of this spiritual world they have heard so much about will now be able to learn straight from His Word right in the comfort of their living room whatever it is they want to know.
