A symphony of contemporary New York through the magnificent words of its people—from the best-selling author of *Londoners*. In the first twenty years of the twenty-first century, New York City has been convulsed by terrorist attack, blackout, hurricane, recession, social injustice, and pandemic. *New Yorkers* weaves the voices of some of the city's best talkers into an indelible portrait of New York in our time—and a powerful hymn to the vitality and resilience of its people. Best-selling author Craig Taylor has been hailed as “a peerless journalist and a beautiful craftsman” (David Rakoff), acclaimed for the way he “fuses the mundane truth of conversation with the higher truth of art” (Michel Faber). In the wake of his celebrated book *Londoners*, Taylor moved to New York and spent years meeting regularly with hundreds of New Yorkers as diverse as the city itself. *New Yorkers* features 75 of the most remarkable of them, their fascinating true tales arranged in thematic sections that follow Taylor's growing engagement with the city. Here are the uncelebrated people who propel New York each day—bodega cashier, hospital nurse, elevator repairman, emergency dispatcher. Here are those who wire the lights at the top of the Empire State Building, clean the windows of Rockefeller Center, and keep the subway running. Here are people whose experiences reflect the city's fractured realities: the mother of a Latino teenager jailed at Rikers, a BLM activist in the wake of police shootings. And here are those who

capture the ineffable feeling of New York, such as a balloon handler in the Macy's Thanksgiving Day Parade or a security guard at the Statue of Liberty. Vibrant and bursting with life, *New Yorkers* explores the nonstop hustle to make it; the pressures on new immigrants, people of color, and the poor; the constant battle between loving the city and wanting to leave it; and the question of who gets to be considered a "New Yorker." It captures the strength of an irrepressible city that—no matter what it goes through—dares call itself the greatest in the world.

Now a #1 New York Times Bestseller! In the summer of 2010, photographer Brandon Stanton began an ambitious project -to single-handedly create a photographic census of New York City. The photos he took and the accompanying interviews became the blog *Humans of New York*. His audience steadily grew from a few hundred followers to, at present count, over eighteen million. In 2013, his book *Humans of New York*, based on that blog, was published and immediately catapulted to the top of the NY Times Bestseller List where it has appeared for over forty-five weeks. Now, Brandon is back with the *Humans of New York* book that his loyal followers have been waiting for: *Humans of New York: Stories*. Ever since Brandon began interviewing people on the streets of New York, the dialogue he's had with them has increasingly become as in-depth, intriguing and moving as the photos themselves. *Humans of New York: Stories* presents a whole new group of people in stunning photographs, with a rich design and, most importantly, longer stories that delve deeper and surprise with greater candor. “Destined to become one of the classics of the genre” (Newsweek), the riveting, unforgettable story of a girl whose indomitable spirit is tested by homelessness, poverty, and racism in an unequal America—from Pulitzer Prize-winning journalist Andrea Elliott of The New York Times **ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, Time, and NPR Invisible Child** follows eight dramatic years in the life of a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. Dasani was named after the bottled water that signaled Brooklyn’s gentrification and the shared aspirations of a divided city. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her family, tracing the passage of their ancestors from slavery to the Great Migration north. As Dasani comes of age, the homeless crisis in New York City has exploded amid the deepening chasm between rich and poor. Dasani must guide her siblings through a city riddled by hunger, violence, drug addiction, homelessness, and the monitoring of child protection services. Out on the street, Dasani becomes a fierce fighter to protect the ones she loves. When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? By turns heartbreaking and inspiring, *Invisible Child* tells an astonishing story about the

power of resilience, the importance of family, and the cost of inequality. Based on nearly a decade of reporting, *Invisible Child* illuminates some of the most critical issues in contemporary America through the life of one remarkable girl.

What do famous people love to do during their free time in the Big Apple? Like all New Yorkers, even the well-known among them have cherished rituals that connect them to their city in a unique way—favorite restaurants, delis, museums, parks, galleries, landmarks, haunts, and hideaways. For one resident, it may be watching tango dancers on Saturday nights in Central Park; for another, it's riding a bike over the Brooklyn Bridge to get a slice of Grimaldi's pepperoni pizza and a view of the Manhattan skyline from across the East River. Perhaps it entails choosing from the many varieties of bread at Rock Hill Bake House in the Union Square Greenmarket or simply walking across 46th Street and ending up at the great Broadway hangout, Angus McIndoe. In a refreshing step beyond the usual travel guides and tourist listings, *My City, My New York* quotes VIPs and gives readers something truly unique: a chance to experience Manhattan the way its most notable luminary residents do. The activities and establishments included are diverse, often eclectic, and, most-importantly, nonexclusive—you don't need to be a celebrity to enjoy them. While offering new and creative possibilities for exploration, *My City, New York* is also a love letter to the Big Apple and will touch even the most jaded New Yorkers. Celebrities include: - Matthew Broderick - Woody Allen - Bette Midler - Joan Rivers - Donald Trump - Chris Noth -

Bove's tale of a World War I veteran living in postwar Paris, searching for friendship and warmth, is an ironic, entertaining masterpiece by one of France's favorite authors. My Friends is Emmanuel Bove's first and most famous book, and it begins simply, though unusually, enough: "When I wake up, my mouth is open. My teeth are furry: it would be better to brush them in the evening, but I am never brave enough." Victor Baton is speaking, and he is a classic little man, of no talent or distinction or importance and with no illusions that he has any of those things, either; in fact, if he is exceptional, it is that life's most basic transactions seem to confound him more than they do the rest of us. All Victor wants is to be loved, all he wants is a friend, and as he strays through the streets of Paris in search of love or friendship or some fleeting connection, we laugh both at Victor's meekness and at his odd pride, but we feel with him, too. Victor is after all a kind of everyman, the indomitable knight of human fragility. And, in spite of everything, he, or at least his creator, is some kind of genius, investing the back streets and rented rooms of the city and the unsorted moments of daily life with a weird and unforgettable clarity.

An in-depth look at how The New York Times failed in its coverage of the fate of European Jews from 1939–45. It examines how the decisions that were made at The Times ultimately resulted in the minimizing and misunderstanding of modern history's worst genocide. Laurel Leff, a veteran journalist and professor of journalism, recounts

how personal relationships at the newspaper, the assimilationist tendencies of The Times' Jewish owner, and the ethos of mid-century America, all led The Times to consistently downplay news of the Holocaust. It recalls how news of Hitler's 'final solution' was hidden from readers and - because of the newspaper's influence on other media - from America at large. Buried by The Times is required reading for anyone interested in America's response to the Holocaust and for anyone curious about how journalists determine what is newsworthy.

A startling and profound exploration of how Jewish history is exploited to comfort the living. Renowned and beloved as a prizewinning novelist, Dara Horn has also been publishing penetrating essays since she was a teenager. Often asked by major publications to write on subjects related to Jewish culture—and increasingly in response to a recent wave of deadly antisemitic attacks—Horn was troubled to realize what all of

these assignments had in common: she was being asked to write about dead Jews, never about living ones. In these essays, Horn reflects on subjects as far-flung as the international veneration of Anne Frank, the mythology that Jewish family names were changed at Ellis Island, the blockbuster traveling exhibition Auschwitz, the marketing of the Jewish history of Harbin, China, and the little-known life of the "righteous Gentile" Varian Fry. Throughout, she challenges us to confront the reasons why there might be so much fascination with Jewish deaths, and so little respect for Jewish lives unfolding in the present. Horn draws upon her travels, her research, and also her own family life—trying to explain Shakespeare's Shylock to a curious ten-year-old, her anger when swastikas are drawn on desks in her children's school, the profound perspective offered by traditional religious practice and study—to assert the vitality, complexity, and depth of Jewish life against an antisemitism that, far from being disarmed by the mantra of "Never forget," is on the rise. As Horn explores the (not so) shocking attacks on the American Jewish community in recent years, she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past—making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity.

and pay fees in order to attend school. Even when his twelve-year-old sister takes to the streets to raise these meager funds, his dream can't be granted. Food comes first. His family lives in a street shanty in Nairobi, Kenya, but their way of both loving and taking advantage of each other strikes a universal chord. In the second of his stories published in a New Yorker special fiction issue, Akpan takes us far beyond what we thought we knew about the tribal conflict in Rwanda. The story is told by a young girl, who, with her little brother, witnesses the worst possible scenario between parents. They are asked to do the previously unimaginable in order to protect their children. This singular collection will also take the reader inside Nigeria, Benin, and Ethiopia, revealing in beautiful prose the harsh consequences for children of life in Africa. Akpan's voice is a literary miracle, rendering lives of almost unimaginable deprivation and terror into stories that are nothing short of transcendent.

Doucet effectively portrays how the initial excitement of their new beginning gives way to his overbearing jealousy.

For generations, New York City has been a mecca for artists, writers, and other hopefuls longing to be part of its rich cultural exchange and unique social fabric. But today, modern gentrification is transforming the city from an exceptional, iconoclastic metropolis into a suburbanized luxury zone with a price tag only the one percent can afford. A Jane Jacobs for the digital age, blogger and cultural commentator Jeremiah Moss has emerged as one of the most outspoken and celebrated critics of this dramatic shift. In *Vanishing New York*, he reports on the city's development in the twenty-first century, a period of "hyper-gentrification" that has resulted in the shocking transformation of beloved neighborhoods and the loss of treasured unofficial landmarks. In prose that the *Village Voice* has called a "mixture of snark, sorrow, poeticism, and lyric wit," Moss leads us on a colorful guided tour of the most changed parts of town—from the Lower East Side and Chelsea to Harlem and Williamsburg—lovingly eulogizing iconic institutions as they're replaced with soulless upscale boutiques, luxury condo towers, and suburban chains. Propelled by Moss' hard-hitting, cantankerous style, *Vanishing New York* is a staggering examination of contemporary "urban renewal" and its repercussions—not only for New Yorkers, but for all of America and the world.

partying CEO of a company worth \$47 billion-on paper. With his long hair and feel-good mantras, the six-foot-five Israeli transplant looked the part of a messianic truth teller. Investors swooned, and billions poured in. Neumann dined with the CEOs of JPMorgan and Goldman Sachs, entertaining a parade of power brokers desperate to get a slice of what he was selling: the country's most valuable startup, a once-in-a-lifetime opportunity and a generation-defining moment. Soon, however, WeWork was burning through cash faster than Neumann could bring it in. From his private jet, sometimes clouded with marijuana smoke, he scoured the globe for more capital. Then, as WeWork readied a Hail Mary IPO, it all fell apart. .

A lively, immersive history by an award-winning urbanist of New York City's transformation, and the lessons it offers for the city's future. Dangerous, filthy, and falling apart, garbage piled on its streets and entire neighborhoods reduced to rubble; New York's terrifying, if liberating, state of nature in 1978 also made it the capital of American culture. Over the next thirty-plus years, though, it became a different place—kinder and meaner, richer and poorer, more like America and less like what it had always been. New York, New York, New York, Thomas Dyja's sweeping account of this metamorphosis, shows it wasn't the work of a single policy, mastermind, or economic theory, nor was it a morality tale of gentrification or crime. Instead, three New Yorks evolved in turn. After brutal retrenchment came the dazzling Koch Renaissance and the Dinkins years that left the city's liberal traditions battered but laid the foundation for the safe streets and dotcom excess of Giuliani's Reformation in the '90s. Then the planes hit on 9/11. The shaky city handed itself over to Bloomberg who merged City Hall into his personal empire, launching its Reimagination. From Hip Hop crews to Wall Street bankers, D.V. to Jay-Z, Dyja weaves New Yorkers famous, infamous, and unknown—Yuppies, hipsters, tech nerds, and artists; community organizers and the immigrants who made this a truly global place—into a narrative of a

city creating ways of life that would ultimately change cities everywhere. With great success, though, came grave mistakes. The urbanism that reclaimed public space became a means of control, the police who made streets safe became an occupying army, technology went from a means to the end. Now, as anxiety fills New Yorker's hearts and empties its public spaces, it's clear that what brought the city back—proximity, density, and human exchange—are what sent Covid-19 burning through its streets, and the price of order has come due. A fourth evolution is happening and we must understand that the greatest challenge ahead is the one New York failed in the first three: The cures must not be worse than the disease. Exhaustively researched, passionately told, *New York, New York, New York* is a colorful, inspiring guide to not just rebuilding but reimagining a great city.

a Toni Morrison Publishing Fellowship Ekong Udousoro is about to begin the opportunity of a lifetime: to learn the ins and outs of the publishing industry from its incandescent epicenter. While his sophisticated colleagues meet him with kindness and hospitality, he is soon exposed to a colder, ruthlessly commercial underbelly—callous agents, greedy landlords, boorish and hostile neighbors, and, beneath a superficial cosmopolitanism, a bedrock of white cultural superiority and racist assumptions about Africa, its peoples, and worst of all, its food. Reckoning, at the same time, with the recent history of the devastating and brutal Biafran War, in which Ekong’s people were a minority of a minority caught up in the mutual slaughter of majority tribes, Ekong’s life in New York becomes a saga of unanticipated strife. The great apartment deal wrangled by his editor turns out to be an illegal sublet crawling with bedbugs. The lights of Times Square slide off the hardened veneer of New Yorkers plowing past the tourists. A collective antagonism toward the “other” consumes Ekong’s daily life. Yet in overcoming misunderstandings with his neighbors, Chinese and Latino and African American, and in bonding with his true allies at work and advocating for healing back home, Ekong proves that there is still hope in sharing our stories. Akpan’s prose melds humor, tenderness, and pain to explore the myriad ways that tribalisms define life everywhere, from the villages of Nigeria to the villages within New York City. *New York, My Village* is a triumph of storytelling and a testament to the life-sustaining power of community across borders and across boroughs.

Marc Spitz assumed that if he lived like his literary and rock 'n' roll heroes, he would become a great artist, too. He conveniently overlooked the fact that many of them died young, broke, and miserable. In his candid, wistful, touching, and hilarious memoir, *Poseur*, the music journalist, playwright, author, and blogger recounts his misspent years as a suburban kid searching for authenticity, dangerous fun, and druggy, downtown glory: first during New York's last era of risk and edge, the pre-gentrification '90s, and finally as a flamboyant and notorious rock writer, partying and posing during the music industry's heady, decadent last gasp. Part profane, confidential tell-all and part sweetly frank coming-of-age tale, this dirty, witty memoir finds Spitz careening through the scene, meeting and sometimes clashing with cultural icons like Courtney Love, Jeff Buckley, Rivers Cuomo of Weezer, Chloë Sevigny, Kim Deal, The Dandy Warhols, Guns N' Roses, Ryan Adams, Paul Rudd, Coldplay, Pavement, Peter Dinklage, Julie Bowen, The Strokes, Trent Reznor, Chuck Klosterman, Interpol, and Franz Ferdinand, as well as meeting heroes like Allen Ginsberg, Shirley Clarke, Joe Strummer, and Morrissey. Along the way he finds literary guru Gordon Lish is a long-lost relative, and erstwhile pal and sensation JT LeRoy is an even bigger poseur. Spitz refuses to give up the romantic ghost until a post-9/11 breakdown and an improbable new love (fellow music writer Lizzy Goodman) finally help him strike the hardest pose of all: his true self. /DIV

That's the truth that animates this fascinating journey through the names of New York City's streets and parks, boroughs and bridges, playgrounds and neighborhoods.
