

Tiger Lily Harpercollins

Told in diary form by an irresistible heroine, this “heartfelt, bittersweet, and ever-so-clever coming-of-age fantasy” (School Library Journal, starred review) named one of Publishers Weekly’s Best Books of the Year from the New York Times bestselling author of the May Bird trilogy sparkles with science, myth, magic, and the strange beauty of the everyday marvels we sometimes forget to notice.

Spirited, restless Gracie Lockwood has lived in Cliffden, Maine, her whole life. She’s a typical girl in an atypical world: one where sasquatches helped to win the Civil War, where dragons glide over Route 1 on their way south for the winter (sometimes burning down a T.J. Maxx or an Applebee’s along the way), where giants hide in caves near LA and mermaids hunt along the beaches, and where Dark Clouds come for people when they die. To Gracie it’s all pretty ho-hum...until a Cloud comes looking for her little brother Sam, turning her small-town life upside down. Determined to protect Sam against all odds, her parents pack the family into a used Winnebago and set out on an epic search for a safe place that most people say doesn’t exist: The Extraordinary World. It’s rumored to lie at the ends of the earth, and no one has ever made it there and lived to tell the tale. To reach it, the Lockwoods will have to learn to believe in each other—and to trust that the world holds more possibilities than they’ve ever imagined.

A high-concept, fantastical espionage novel set in a world where dreams are the ultimate form of political intelligence. Livia is a dreamstrider. She can inhabit a subject's body while they are sleeping and, for a short time, move around in their skin. She uses her talent to work as a spy for the Barstadt Empire. But her partner, Brandt, has lately become distant, and when Marez comes to join their team from a neighboring kingdom, he offers Livia the option of a life she had never dared to imagine. Livia knows of no other dreamstriders who have survived the pull of Nightmare. So only she understands the stakes when a plot against the Empire emerges that threatens to consume both the dreaming world and the waking one with misery and rage.

In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to

win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

Bestselling author Tony Abbott's YA novel-in-verse is an unflinching and heartbreaking look at a boy's junk-filled life, and the ways he finds redemption and hope, perfect for fans of *The Crossover* and *Long Way Down*. *Junk*. That's what the kids at school call Bobby Lang, mostly because his rundown house looks like a junkyard, but also because they want to put him down. Trying desperately to live under the radar at school—and at the home he shares with his angry, neglectful father—Bobby develops a sort of proud loneliness. The only buffer between him and the uncaring world is his love of the long, wooded trail between school and home. Life grinds along quietly and hopelessly for Bobby until he meets Rachel. Rachel is an artist who sees him in a way no one ever has. Maybe it's because she has her own kind of junk, and a parent who hates what Rachel is: gay. Together the two embark on journeys to clean up the messes that fill their lives, searching against all odds for hope and redemption. Narrated in Bobby's unique voice in arresting free verse, this novel will captivate readers right from its opening lines, urging them on page after page, all the way to its explosive conclusion.

An adventurous story of a frontier boy raised by Indians, *The Light in the Forest* is a beloved American classic. When John Cameron Butler was a child, he was captured in a raid on the Pennsylvania frontier and adopted by the great warrior Cuyloga.

Renamed True Son, he came to think of himself as fully Indian. But eleven years later his tribe, the Lenni Lenape, has signed a treaty with the white men and agreed to return their captives, including fifteen-year-old True Son. Now he must go back to the family he has forgotten, whose language is no longer his, and whose ways of dress and behavior are as strange to him as the ways of the forest are to them.

When \$2000 is stolen during the opening of a restaurant, Lily and her aunt, a Chinese American movie actress, search for the thief throughout San Francisco's Chinatown. School has only been out for one whole day, and Ashley can already tell her vacation is going to bore her to tears. Since his original adventure with the Darlings, Peter Pan has been bringing new “Wendy girls” to Neverland to take care of the Lost Boys. But Ashley's made of much tougher stuff than

the Wendy girls before her—she'd rather befriend the mermaids or fight Captain Hook and his pirate crew. Creating new adventures for her friends, Ashley is bringing change to Neverland . . . and not everyone is happy about it.
