MY STORY ON ONLINE DATING APPS

The book profiles my time as an over-40s man engaged with online dating apps, during which period I was stood up, ghosted, verbally abused, propositioned for sex and asked to be a surrogate father to an unborn child. The lessons I learned have been encapsulated in this book for the benefit of men and women engaged with online dating sites and apps such as 'Tinder', 'Bumble', 'Hinge' and others, and who wish to avoid the first date mistakes that I made. STATE OF INTERNET DATE My book also provides an overview of Internet dating's major issues, including;

• Why you have a less than 20 per cent chance of finding love online. • Why black women who seek love should never use 'Tinder'. • Why all online dating apps should carry a government health warning. • Why Internet dating apps would prefer that you don't find love. • Why 90 per cent of online daters may not actually want a relationship. "One of the world's most vaunted dating experts shows you what to text, when to text it, and why... So you can get the dates and girlfriends you deserve..." --

From the creator of the viral Instagram account comes an empowering guide to navigating the hazards and horrors of online dating. After one too many hostile dating app encounters, Alexandra Tweten set up the Instagram account @ByeFelipe, a place for women to protest the horrors of online dating, and to share stories and screenshots of their own experiences. Three years later, the account has become a forum where women can fight back against the men who have made them uncomfortable, scared, and embarrassed--and to laugh at the appalling men they encounter. The name of Bye Felipe is a nod to the "Bye Felicia" meme, which Urban Dictionary defines as a cool dismissal of a noxious person. In that spirit, the book helps women navigate the perils that come with swiping right and provides practical steps to overcome the harassment rampant in the dating app ether. Blending humor, feminist theory, and solidarity, this "field guide" provides profiles of the worst types of guys (also known as "Felipes")--from the classic fat shamer to the mansplainer to the surprise sociopath--answers questions like "How do I react when a guy sends me a dic pic?," and gives women the tools they need to take control of their dating life. With stories, screenshots, and Riot Grrrl-esque graphic art throughout, Bye Felipe empowers women to stand up for themselves and uphold the confidence and self-worth Felipes try so desperately to steal.

Tinder Nightmares is a hilarious look at some of the most epic fails of the often racy, always ridiculous, "romantic" exchanges on Tinder. The Instagram account of the same name has skyrocketed to popularity for its captivating—and sometimes titillating—ability to capture the real-life conversations between people who are looking to connect with that special someone. Tinder Nightmares is organized by theme, with chapters such as Bad English, Broetry, Strange Requests, Sneak Attacks, and more. This book explores everything from pickup lines to breakups, and all the moments that come in between. It's the perfect gift for anyone who has ever suffered through online dating.

The acclaimed comedian teams up with a New York University sociologist to explore the nature of modern relationships, evaluating how technology is shaping contemporary relationships and considering the differences between courtships of the past and present.

A "must-read" (The Washington Post) funny and practical guide to help you find, build, and keep the relationship of your dreams. Have you ever looked around and wondered, "Why has everyone found love except me?" You're not the only one. Great relationships don't just appear in our lives—they're the culmination of a series of decisions, including whom to date, how to end it with the wrong person, and when to commit to the right one. But our brains often get in the way. We make poor decisions, which thwart us on our quest to find lasting love. Drawing from years of research, behavioral scientist turned dating coach Logan Ury reveals the hidden forces that cause those mistakes. But awareness on its own doesn't lead to results. You have to actually change your behavior. Ury shows you how. This "simple-to-use guide" (Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone*) focuses on a different decision in each chapter, incorporating insights from behavioral science, original research, and real-life stories. You'll learn: -What's holding you back in dating (and how to break the pattern) -What really matters in a long-term partner (and what really doesn't) -How to overcome the perils of online dating (and make the apps work for you) -How to meet more people in real life (while doing activities you love) -How to make dates fun again (so they stop feeling like job interviews) -Why "the spark" is a myth (but you'll find love anyway) This "data-driven" (Time), step-by-step guide to relationships, complete with hands-on exercises, is designed to transform your life. *How to Not Die Alone* will help you find, build, and keep the relationship of your dreams.

In this must-have for anyone who wants to better understand their love life, a mathematician pulls back the curtain and reveals the hidden patterns—from dating sites to divorce, sex to marriage—behind the rituals of love. The roller coaster of romance is hard to quantify; defining how lovers might feel from a set of simple equations is impossible. But that doesn't mean that mathematics isn't a crucial tool for understanding love. Love, like most things in life, is full of patterns. And mathematics is ultimately the study of patterns—from predicting the weather to the fluctuations of the stock market, the movement of planets or the growth of cities. These patterns twist and turn and warp and evolve just as the rituals of love do. In *The Mathematics of Love*, Dr. Hannah Fry takes the reader on a fascinating journey through the patterns that define our love lives, applying mathematical formulas to the most common yet complex questions pertaining to love: What's the chance of finding love? What's the probability that it will last? How do online dating algorithms work, exactly? Can game theory help us decide who to approach in a bar? At what point in your dating life should you settle down? From evaluating the best

strategies for online dating to defining the nebulous concept of beauty, Dr. Fry proves—with great insight, wit, and fun—that math is a surprisingly useful tool to negotiate the complicated, often baffling, sometimes infuriating, always interesting, mysteries of love.

A raw and funny memoir about sex, dating, and relationships in the digital age, intertwined with a brilliant investigation into the challenges to love and intimacy wrought by dating apps, by firebrand New York Times–bestselling author Nancy Jo Sales At forty-nine, famed Vanity Fair writer Nancy Jo Sales was nursing a broken heart and wondering, “How did I wind up alone?” On the advice of a young friend, she downloaded Tinder, then a brand-new dating app. What followed was a raucous ride through the world of online dating. Sales, an award-winning journalist and single mom, became a leading critic of the online dating industry, reporting and writing articles and making her directorial debut with the HBO documentary *Swiped: Hooking Up in the Digital Age*. Meanwhile, she was dating a series of younger men, eventually falling in love with a man less than half her age. *Nothing Personal* is Sales’s memoir of coming-of-middle-age in the midst of a new dating revolution. She is unsparingly honest about her own experience of addiction to dating apps and hilarious in her musings about dick pics, sexting, dating FOMO, and more. Does Big Dating really want us to find love, she asks, or just keep on using its apps? Fiercely feminist, *Nothing Personal* investigates how Big Dating has overwhelmed the landscape of dating, cynically profiting off its users’ deepest needs and desires. Looking back through the history of modern courtship and her own relationships, Sales examines how sexism has always been a factor for women in dating, and asks what the future of courtship will bring, if left to the designs of Silicon Valley’s tech giants—especially in a time of social distancing and a global pandemic, when the rules of romance are once again changing.

On the surface, *Message with Purpose* is a how-to guide to Tinder and other swipe dating apps. On a deeper level, it's a guide on how to be more expressive, open, and authentic in your communication both online and off. Michael combines his personal dating experiences as well as his knowledge of improvisational theater, stand-up comedy, and working in sales to provide readers with a clear model to follow for more successful (and fun) dates. The book covers everything from... * How to write your profile * How to swipe * How to send the first message * How to carry a conversation * When to ask for the date * How to ask for the date * How to act on your date (to improve your chances of getting another) He also goes where few other dating books have gone before, covering the intangibles like... * What happens if the date totally sucks? * What do you do if you've been ghosted? * What if you're burnt out from online dating? Ultimately, Michael seeks to resolve the question of how can we not lose face-to-face interaction through a screen? How can we not only keep our humanity through seemingly dehumanizing technology, but elevate our lives and relationships through it?

Would you like to be more successful on Tinder(R), Happn(R) and the other dating apps you're using? Do you want to know the secrets to match more of the beautiful girls you swipe right to? Then keep reading, as this is the exact guide for you. As you surely know, Tinder(R) has been explicitly created to approach women, this means that it is very different to text a woman on this app than doing it on Instagram(R), Facebook(R) or other social network, where women instead might only want to post pictures, be in touch with the social circle, and so on. This leads to a much bigger openness women have towards men compared to other contexts, and you can use this by immediately "hit the gas" of the seduction button. Unfortunately, for you, this does not mean that women cannot wait to end up in the bed of the first man they match with. This is mainly due to women usually have a countless pool of men to choose among (and the more beautiful the woman is, the choicer she has), therefore, they can set up very high standards before accepting to date a man. Your task is to pass this strict selection! However, do not worry, as by reading "Tinder Dating" you will have all the tools you need to be successful and enjoy the effort at the same time! Here is what you will learn by reading this book: Why meeting girls on dating apps makes dating a much easier, more enjoyable experience than anywhere else; The biggest "Not to do" to build a successful profile; How to write down an exciting description; The different types of girls and guys you will find on Tinder(R); The reasons most guys don't perform well on Tinder(R); Tips for sending the first message based on the girl's profile and description How and when to ask for her phone number; And much more!. What are you waiting for? Buy the book now and let's match together the girl you always wanted!
