

To The Bitter End A Photographic History Of The Boer War 1899 1902

THE INSTANT NEW YORK TIMES, USA TODAY, AND WALL STREET JOURNAL BESTSELLER From New York Times bestselling author Jay Kristoff comes *Empire of the Vampire*, the first illustrated volume of an astonishing new dark fantasy saga. From holy cup comes holy light; The faithful hand sets world aright. And in the Seven Martyrs' sight, Mere man shall end this endless night. It has been twenty-seven long years since the last sunrise. For nearly three decades, vampires have waged war against humanity; building their eternal empire even as they tear down our own. Now, only a few tiny sparks of light endure in a sea of darkness. Gabriel de León is a silversaint: a member of a holy brotherhood dedicated to defending realm and church from the creatures of the night. But even the Silver Order could not stem the tide once daylight failed us, and now, only Gabriel remains. Imprisoned by the very monsters he vowed to destroy, the last silversaint is forced to tell his story. A story of legendary battles and forbidden love, of faith lost and friendships won, of the Wars of the Blood and the Forever King and the quest for humanity's last remaining hope: The Holy Grail.

The tale of the famous Greenwich Village coffeehouse turned nightclub, *The Bitter End* is also the story of the club's manager and owner, Paul Colby. From the early 60s to the 90s, the Bitter End hosted a wide range of influential music and comedy acts that reflected the changing creative atmosphere of the Village, and the country beyond. Pete Seeger made frequent appearances and Peter, Paul, and Mary debuted at the club during the height of the folk music boom, around the same time that Woody Allen and Bill Cosby were headlining with their very different—but equally popular—stand-up acts. After the British Invasion made rock the pre-eminent music in the land, Colby booked electrified folk and rock performers such as Neil Young, Carly Simon, Kris Kristofferson, and many others. Throughout the years, Colby kept up such strong friendships with the artists that they often returned as patrons when they weren't performing—the most famous local regular being Bob Dylan. The stories Colby shares of his amazing years running the Bitter End provide an insider's personal perspective on several decades of American entertainment. Told with fondness and flair, *The Bitter End* acquaints the world with a man beloved by performers for years.

In *Prevail until the Bitter End*, Alexandra Lohse explores the gossip and innuendo, the dissonant reactions and perceptions of Germans to the violent dissolution of the Third Reich. Mobilized for total war, soldiers and citizens alike experienced an unprecedented convergence of military, economic, social, and political crises. But even in retreat, the militarized national community unleashed ferocious energies, staving off defeat for over two years and continuing a systematic murder campaign against European Jews and others. Was its faith in the Führer never shaken by the prospect of ultimate defeat? Lohse uncovers how Germans experienced life and death, investigates how mounting emergency conditions affected their understanding of the nature and purpose of the conflagration, and shows how these factors influenced the people's relationship with the Nazi regime. She draws on Nazi morale and censorship reports, features citizens' private letters and diaries, and incorporates a large body of Allied intelligence, including several thousand transcripts of surreptitiously recorded conversations among German prisoners of war in Western Allied captivity. Lohse's historical reconstruction helps us understand how ordinary Germans interpreted their experiences as both the victims and perpetrators of extreme violence. We are immersively drawn into their desolate landscape: walking through bombed-out streets, scrounging for food, burning furniture, listening furtively to Allied broadcasts, unsure where the truth lies. *Prevail until the Bitter End* is about the stories that Germans told themselves to make sense of this world in crisis.

Bitter End Little, Brown Books for Young Readers

"What are the priorities that drove voter behavior going into the 2020 election? What are the issues that most divide us, and how do these divisions manifest among different groups? How did Donald Trump speak to these issues in his presidency and reelection campaign? These are the kinds of questions that John Sides, Chris Tausanovitch, and Lynn Vavreck will explore in their new book. In the spirit of Sides and Vavreck's book *The Gamble: Choice and Chance in the 2012 Election*, and Sides, Tesler, and Vavreck's *Identity Crisis: The 2016 Presidential Campaign and the Battle for the Meaning of America*, the authors will emphasize the unique and historic features of the 2020 presidential race, as well as the important fundamentals that underlie all presidential elections, while presenting current political science research for a general audience. Drawing their data from a new initiative called The Nationscape Project, composed of 500,000 interviews conducted throughout the year and before the 2021 inauguration, the book promises to be a data-driven analysis of what really mattered in the 2020 campaign. The book's driving argument and ultimate message will be determined by the data, but their current plan is to devote chapters to the big ideas that are driving voters to the polls and determining support for various candidates, how these ideas align with party orientation, and how beliefs differ across various subgroups, determined by age, education, race, gender, and region. Laced throughout these findings will be narration of the unfolding election, supported by the authors' firsthand reporting, observations, and interviews with voters. Notably, the authors seek to explain the conditions that, despite the challenges and problems of the Trump presidency, nearly handed Trump a second term as President"--

"Sentimental, heartfelt...the exploration of Henry's changing relationship with his family and with Keiko will keep most readers turning pages...A timely debut that not only reminds readers of a shameful episode in American history, but cautions us to examine the present and take heed we don't repeat those injustices."-- Kirkus Reviews "A tender and satisfying novel set in a time and a place lost forever, *Hotel on the Corner of Bitter and Sweet* gives us a glimpse of the damage that is caused by war--not the sweeping damage of the battlefield, but the cold, cruel damage to the hearts and humanity of individual people. Especially relevant in today's world, this is a beautifully written book that will make you think. And, more importantly, it will make you feel." -- Garth Stein, New York Times bestselling author of *The Art of Racing in the Rain* "Jamie Ford's first novel explores the age-old conflicts between father and son, the beauty and sadness of what happened to Japanese Americans in the Seattle area during World War II, and the depths and longing of deep-heart love. An impressive, bitter, and sweet debut." -- Lisa See, bestselling author of *Snow Flower and the Secret Fan* In the opening pages of Jamie Ford's stunning debut novel, *Hotel on the Corner of Bitter and Sweet*, Henry Lee comes upon a crowd gathered outside the Panama Hotel, once the gateway to Seattle's Japantown. It has been boarded up for decades, but now the new owner has made an incredible discovery: the belongings of Japanese families, left when they were rounded up and sent to internment camps during World War II. As Henry looks on, the owner opens a Japanese parasol. This simple act takes old Henry Lee back to the 1940s, at the height of the war, when young Henry's world is a jumble of confusion and excitement, and to his father, who is obsessed with the war in China and having Henry grow up American. While "scholarshipping" at the exclusive Rainier Elementary, where the white kids ignore him, Henry meets Keiko Okabe, a young Japanese American student. Amid the chaos of blackouts, curfews, and FBI raids, Henry and Keiko forge a bond of friendship—and innocent love—that transcends the long-standing prejudices of their Old World ancestors. And after Keiko and her family are swept up in the evacuations to the internment camps, she and Henry are left only with the hope that the war will end, and that their promise to each other will be kept. Forty years later, Henry Lee is certain that the parasol belonged to Keiko. In the hotel's dark dusty basement he begins looking for signs of the Okabe family's belongings and for a long-lost object whose value he cannot begin to measure. Now a widower, Henry is still trying to find his voice—words that might explain the actions of his nationalistic father; words that might bridge the gap between him and his modern, Chinese American son; words that might help him confront the choices he made many years ago. Set during one of the most conflicted and volatile times in American history, *Hotel on the Corner of Bitter and Sweet* is an extraordinary story of commitment and enduring hope. In *Henry and Keiko*, Jamie Ford has created an unforgettable duo whose story teaches us of the power of forgiveness and the human heart. **BONUS:** This edition contains a *Hotel on the Corner of Bitter and Sweet* discussion guide and an excerpt from Jamie Ford's *Love and Other Consolation Prizes*.

The figure of Prince William of Orange (1572-84) dominates the political landscape of the sixteenth century Netherlands, and in many ways personifies the Dutch revolt against Spanish hegemony. Yet despite the European significance of his struggle, there has not been a major English-language study of William since C.V. Wedgwood's biography published in 1944. As such, scholars will welcome this publication of Koen Swart's distinguished and authoritative biography of the first of the hereditary stadholders of the United Provinces. Originally available only in Dutch, this edition provides an English speaking audience for the first time with a detailed account of William's role in the Dutch Revolt that reflects the vast amount of scholarship undertaken in the field of European political and religious history over the last few decades. In the book, Swart explores the means by which William established his rule in Holland and Zeeland in the 1570s, and provides an analysis of William's relations with the provincial states, the States-General and the towns, and the creation of a new system of government and finance. Within this framework of national history, he is always careful to locate the subject in its broad international context, thus adding to our wider understanding of this turbulent period. Moreover, Swart avoids the uncritical glorification of William evident in some previous works, and asks searching and pertinent questions concerning the wisdom of William's decisions, such as that to break up the pre-1572 unity of the Habsburg Netherlands. In so doing, Swart provides a much more balanced view than has hitherto been available, that not only takes Protestant views into account, but also contemplates the Revolt from the perspective of the Catholic population, and shows sympathy for Charles V's and Philip II's predicament. In so doing, this book provides the most important revision of William for a century, and will undoubtedly have repercussions upon many studying the history of Europe in the age of Reformations. Published posthumously, this book also includes introductory material written by leading scholars H.F.K. van Nierop, M.E.H.N. Mout, J. Israel and A.C. Duke.

Bitter in the Mouth is a brilliant, virtuosic novel about a young woman's search for identity and the true meaning of family from the author of *The Sweetest Fruits* "What I know about you, little girl, would break you in two" are the prophetic last words that Linda Hammerick's grandmother says to her. Growing up in small-town North Carolina in the 1970s and '80s, Linda already knows that she is profoundly different from everyone else, including the members of her own family. She can "taste" words. In this and in other ways, her body is a mystery to her. Linda's awkward girlhood is nonetheless enlivened and emboldened by her dancing great-uncle Harper, and Kelly, her letter-writing best friend. Linda makes her way north to college and then to New York City, trying her best to leave her past behind her like "a pair of shoes that no longer fit." But when a family tragedy compels her to return home, Linda uncovers the startling secrets of her past.

Monique Truong's acclaimed novel questions our assumptions about what it means to be a family and to be a friend, to be foreign and to be familiar, to be connected to and disconnected from our bodies, our histories, ourselves.

Owner Paul Colby recalls the club's transformation from a small coffeehouse into the pre-eminent music and comedy venue that is still going strong today.

Based on a collection of photographs, many previously unpublished, this work includes a development of amateur photography in a wartime context, the daily life and organization of the two opposing armies, medical treatment, concentration camps, and the guerilla war waged by the "bitter-enders."

Bethany was born into a world of privilege and has never had to want for anything in her life. Her parents gave her everything but the one thing she desired the most...love. When Bethany's mother dies, her Father becomes even more distant with the immediate replacement of Bethany's mother by "Miko", a woman who has no compassion nor interest in Bethany whatsoever. On her own and living in a penthouse, a lavish gift from her father, Bethany ignores all responsibility as she lives on a weekly allowance her Father is sure to place into her bank account. With too much time on her hands, Bethany is free to pursue other interests such as a young man she never cared for in school named Ryan Blackwood. Ryan is a male escort for hire and has made his living on pleasuring the higher echelons of New York society women, but when he meets Bethany his game is shifted from one of hunter to one of prey and he will soon find out that she is not the easy target he once imagined. Their torrid love affair is filled with a painful need to harm each other in every way, including the bedroom. Will Bethany finally receive the love she has always desired or will her lineage doom her forever? "The Bitter End" is book one in the Golden Crown Series, filled with lust, greed, suspense and murder. Sometimes new beginnings lead only to bitter ends.

One of the best ways to understand history is through eye-witness accounts. Ting-Xing Ye's riveting first book, *A Leaf in the Bitter Wind*, is a memoir of growing up in Maoist China. It was an astonishing coming of age through the turbulent years of the Cultural Revolution (1966 - 1974). In the wave of revolutionary fervour, peasants neglected their crops, exacerbating the widespread hunger. While Ting-Xing was a young girl in Shanghai, her father's rubber factory was expropriated by the state, and he was demoted to a labourer. A botched operation left him paralyzed from the waist down, and his health deteriorated rapidly since a capitalist's well-being was not a priority. He died soon after, and then Ting-Xing watched her mother's struggle with poverty end in stomach cancer. By the time she was thirteen, Ting-Xing Ye was an orphan, entrusted with her brothers and sisters to her Great-Aunt, and on welfare. Still, the Red Guards punished the children for being born into the capitalist class. Schools were being closed; suicide was rampant; factories were abandoned for ideology; distrust of friends and neighbours flourished. Ting-Xing was sent to work on a distant northern prison farm at sixteen, and survived six years of backbreaking labour and severe conditions. She was mentally tortured for weeks until she agreed to sign a false statement accusing friends of anti-state activities. Somehow finding the time to teach herself English, often by listening to the radio, she finally made it to Beijing University in 1974 as the Revolution was on the wane — though the acquisition of knowledge was still frowned upon as a bourgeois desire and study was discouraged. Readers have been stunned and moved by this simply narrated personal account of a 1984-style ideology-gone-mad, where any behaviour deemed to be bourgeois was persecuted with the ferocity and illogic of a witch trial, and where a change in politics could switch right to wrong in a moment. The story of both a nation and an individual, the book spans a heady 35 years of Ye's life in China, until her eventual defection to Canada in 1987 — and the wonderful beginning of a romance with Canadian author William Bell. The book was published in 1997. The 1990s saw the publication of several memoirs by Chinese now settled in North America. Ye's was not the first, yet earned a distinguished place as one of the most powerful, and the only such memoir written from Canada. It is the inspiring story of a woman refusing to "drift with the stream" and fighting her way through an impossible, unjust system. This

compelling, heart-wrenching story has been published in Germany, Japan, the US, UK and Australia, where it went straight to #1 on the bestseller list and has been reprinted several times; Dutch, French and Turkish editions will appear in 2001.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

This is the story of Ted Serong who, at the request of the CIA, was in charge of the first Australian contingent in Vietnam and remained there until the end of the war.;

An NPR Best Book of the Year A Most Anticipated Book at Time Magazine, Entertainment Weekly, Vulture, Elle, BUST, HuffPost, NYLON, Southern Living, Parade, and more From the author of Our Endless Numbered Days and Swimming Lessons, *Bitter Orange* is a seductive psychological portrait, a keyhole into the dangers of longing and how far a woman might go to escape her past. From the attic of Lyntons, a dilapidated English country mansion, Frances Jellico sees them—Cara first: dark and beautiful, then Peter: striking and serious. The couple is spending the summer of 1969 in the rooms below hers while Frances is researching the architecture in the surrounding gardens. But she's distracted. Beneath a floorboard in her bathroom, she finds a peephole that gives her access to her neighbors' private lives. To Frances' surprise, Cara and Peter are keen to get to know her. It is the first occasion she has had anybody to call a friend, and before long they are spending every day together: eating lavish dinners, drinking bottle after bottle of wine, and smoking cigarettes until the ash piles up on the crumbling furniture. Frances is dazzled. But as the hot summer rolls lazily on, it becomes clear that not everything is right between Cara and Peter. The stories that Cara tells don't quite add up, and as Frances becomes increasingly entangled in the lives of the glamorous, hedonistic couple, the boundaries between truth and lies, right and wrong, begin to blur. Amid the decadence, a small crime brings on a bigger one: a crime so terrible that it will brand their lives forever.

When Alex falls for the charming new boy at school, Cole -- a handsome, funny, sports star who adores her -- she can't believe she's finally found her soul mate . . . someone who truly loves and understands her. At first, Alex is blissfully happy. Sure, Cole seems a little jealous of her relationship with her close friend Zack, but what guy would want his girlfriend spending all her time with another boy? As the months pass, though, Alex can no longer ignore Cole's small put-downs, pinches, or increasingly violent threats. As Alex struggles to come to terms with the sweet boyfriend she fell in love with and the boyfriend whose "love" she no longer recognizes, she is forced to choose -- between her "true love" and herself.

when an almost love comes to a bitter end.

This is a story about domestic violence and a family torn apart - written from the perspective of a mother and grandmother. Ingrid endured years of violence at the hands of her husband who charmed, manipulated and bullied her, her sons, and those around him. A petty criminal in his youth, his offences escalated over time as he moved on to suspected drug trafficking, road rage and rape. When Ingrid met a new man, it enraged her husband even more. Ingrid took the children and left him but he lured the boys back and turned them against their mother. The author is Ingrid's mother.

In the tradition of Mary Roach's bestselling *Stiff* and Jessica Mitford's classic exposé *The American Way of Death* comes this meticulously researched, refreshingly irreverent, and lavishly illustrated look at death from acclaimed author Harold Schechter. With his trademark fearlessness and bracing sense of humor, Schechter digs deep into a wealth of sources to unearth a treasure trove of surprising facts, amusing anecdotes, practical information, and timeless wisdom about that undiscovered country to which we will all one day travel. Topics include • Death anxiety—is your fear of death normal or off the scale? • You can't take it with you . . . or can you? Wacky wills and bizarre bequests • The hospice experience—going out in comfort and style • Deathbed and funeral etiquette—how to help the dying and mourn the dead with dignity • Death on demand—why the right-to-die movement may be the next big thing • “Good-bye everybody”—famous last words • The embalmer's art—all dressed up and nowhere to go • Behind the scenes at your local funeral home • Alternative burial choices—from coral reefs to outer space From the cold, hard facts of death to lessons in the art of dying well, from what happens in the body's last living moments to what transpires in the ground or in the furnace, from near-death experiences to speculation on the afterlife, *The Whole Death Catalog* leaves no gravestone unturned.

These are dramatic times in England's sea-faring history--the English and the French are battling it out for control of Canada in the frozen waters off the coast of Newfoundland. The year is 1708 and Matthew Loftus has come a long way from his humble beginnings as an orphan in Whitby. Now a successful fur trader sailing the Newfoundland coast, he wants to put his skirmishes with privateers and pirates behind him--until the English Navy sails into the colony of Esperantia and puts it under their protection. Forced by the Navy to sail a rescue mission to Hudson's Bay, Matthew discovers that the true agenda is to foil the French. In the ensuing clash of wills, Matthew escapes with his life but not his ship. He must navigate his own way back through the hostile waters of the Canadian coast and prevent the colony from falling into the wrong hands, and also, to prevent the woman he loves from marrying his rival.

“When on July 20, 1944, a bomb—boldly placed inside the Wolf's Lair (Hitler's headquarters in East Prussia) by the German Anti-Nazi Resistance—exploded without killing the Führer, the subsequent coup d'état against the Third Reich collapsed. Most of the conspirators were summarily shot or condemned in show trials and sadistically hanged. The conspiracy involved a wide circle of former politicians, diplomats, and government officials as well as senior military men. The Resistance had started as early as 1933 and involved several planned putsches and assassination attempts. Hans B. Gisevius knew or met the major figures—including Beck, Canaris, Oster, Goerdeler, and von Stauffenberg—and barely escaped after the coup's failure. One of the few survivors of the German Anti-Nazi Resistance, Gisevius traces its history, from the 1933 Reichstag fire to Germany's defeat in 1945, in a book as riveting as it is exceptional.”-Print ed.

Across the Confederacy, determination remained high through the winter of 1864 into the new year. Yet ominous signs were everywhere. The peace conference had failed. Large areas were overrun, the armies could not stop Union advances, the economy was in shambles, and industry and infrastructure were crumblingÑthe Confederacy could not

make, move, or maintain anything. No one knew what the future held, but uncertainty. Civilians and soldiers, generals and governors, resolved to fight to the bitter end. Myths and misconceptions abound about those last days of the Confederacy. There would be no single surrender or treaty that brought the war to an end. Rather, the Confederacy collapsed, its government on the run, its cities occupied, its armies surrendering piecemeal. Offering a fresh look at the various surrenders that ended the war, *To the Bitter End: Appomattox, Bennett Place, and the Surrenders of the Confederacy* by Robert M. Dunkerly brings to light little-known facts and covers often-overlooked events. Each surrender—starting at Appomattox and continuing through Greensboro, Citronelle, and the Trans Mississippi—unfolded on its own course. Many involved confusing and chaotic twists and turns. Misunderstandings plagued many of the negotiations. Communications were problematic. Discipline often broke down. Tempers flared. It was anything but a nice, neat ending to the war. How did the war finally end? What was the status of former Confederate soldiers? Of slaves? How would everyone get home? Was there even a home to go to? As the surrenders unfolded, daunting questions remained. Appomattox was just the beginning.

South African poet Keorapetse Kgositsile rejuvenates the African spirit and continues the quest for total and uncompromised liberation.

This story is about a young Anglo-Indian boy, growing up in India towards the latter years of the British Raj. His battle with an inability to cope with the written word, leads him into conflict with his father who responds with a Victorian regime of discipline. Little comfort comes from the equally regimental boarding schools he is sent to. The story begins with an account of the author's long years of research into his complicated family history, supported by boyhood reminiscences from early years, through to his teens. Partition of the subcontinent in 1947 coincides with father being invalided out of the British Army with Tuberculosis. Loss of income compounded by high medical costs, subject the large family to poverty, humiliation and distressing circumstances.

Here you sit at dinner with charming people in a dining room like any other. Yet you know that your hostess has lost a son, that her sister lost children in the 1973 war - in the domestic ceremony of passed dishes and filled glasses the thoughts of a destructive enemy are hard to grasp. What you do know is that there is one fact of Jewish life left unchanged by the creation of a Jewish State - 'You cannot take your right to love for granted'.

The War of the Triple Alliance was one of the longest, least remembered, and, for one of its participants, most catastrophic conflicts of the 19th century. The decision of Argentina, Brazil, and Uruguay to go to war against Paraguay in May 1865 has generally been regarded as a response to the raids by the headstrong and tyrannical dictator, Francisco Solano Lopez. While there is some truth to this view, as Lopez had attacked towns in Argentina and Brazil, the terms of the Triple Alliance signed that same month reveal that the motivation of these two nations, at least, was to redraw the map in their favor, at the expense of Paraguay. That the resulting conflict lasted five years before Lopez was defeated and his country fully at the mercy of its neighbors was a tribute to the heroic resistance of his people, as well as to the inadequacies of the allied command. The military campaigns, which took place on land and on the rivers, often in appalling conditions of both climate and terrain, are examined from a strategic perspective, as well as through the experiences of ordinary soldiers. Leuchars looks in detail at the political causes, the course of the conflict as viewed from both sides, and the tragic aftermath. He brings to light an episode that, for all its subsequent obscurity, marked a turning point in the development of South American international relations.

Explores all facets of death with a variety of facts, anecdotes, practical information, and wisdom in an irreverent yet meticulously researched sourcebook.

"By the author of the award-winning *To Be a Machine*, a deeply considered look at the people and places in confrontation with the end of our days. We're alive in a time of worst-case scenarios: The weather has gone uncanny, volatile. Our old post-war alliances are crumbling. Everywhere you look there's an omen, a joke whose punchline is the end of the world. How are we to live in the shadow of such a grim future? What does the world hold for our children? What might it be like to live through the worst? And what is anybody doing about it? Dublin-based writer Mark O'Connell ("wryly humorous, cogently insightful"--NPR) is possessed by these questions. In *Notes from an Apocalypse*, he crosses the globe in pursuit of answers. He tours survival bunkers in South Dakota. He ventures to New Zealand, a favored retreat of billionaires banking on civilization's collapse. And he bears witness to those places where the future has already arrived--real-life portraits of the end of the world as we know it. In doing so, he offers us a unique window into our apocalyptic imagination. Part tour, part pilgrimage, *Notes from an Apocalypse* is an affecting and hopeful meditation on our alarming present tense. With insight, humanity, and wit, O'Connell leaves you to wonder: What if the end of the world isn't the end of the world?"--

Originally published in the *European Journal of Psychoanalysis* (EJP), the essays in this volume are a set of responses to the coronavirus crisis by distinguished philosophers and psychoanalysts from around the globe. The coronavirus irrupted making swift and deep cuts in the fabric of our existence: the risks of contagion and indefinite periods of isolation have radically altered the functioning of society. Pandemics do not wait for comprehension in order to proliferate. Confusion, sickness, and death punctuate the failure of governments worldwide to respond. This collection of writings examines the effects of the pandemic and the conditions that make possible such a global crisis. The writers provoke us to consider how capitalism, governmental power, and biopolitics mold the contours of life and death. The contributors in this collection ignite urgent political dialogue, address emergent transformations in the social field and offer perspectives on shifts in subjectivity and psychoanalytic practice. Beyond providing reflections on the impact of the coronavirus, the authors point to determinants of how the crisis will unfold and what may be on the horizon. This book will be invaluable to psychoanalysts, psychotherapists, philosophers, and to all those interested in the implications of the virus for psychoanalytic practice and theory, and the social, cultural and political spheres of our world. Working as an unlicensed PI after getting out of prison, Cal Innes suddenly finds himself working reluctantly for a former associate, local gang lord "Uncle" Morris Tiernan, when he is ordered to track down a rogue casino dealer who has absconded with a fortune, dodging Tiernan's psychotic son, Mo, and a Manchester cop determined to return Innes to prison. Reprint.

"First published in the United States of America by G.P. Putnam's Sons, an imprint of Penguin Random House LLC, 2016"--Title page verso.

Praise for Ed Pavli's poetry "The tension in Ed Pavli's poems is a language-cable wrought to swing you out over unnerving spaces, let you see and hear what they really hold, and bring you back up more alive than you were before. Dialogic, dangerous, this is a poetics of body and soul, music to listen to with all five senses." —Adrienne Rich

The international bestselling record of a German Jew in Nazi Germany. 'Deserves to stand beside the diary of Anne Frank as a day-to-day description of the sufferings of the victims of Hitler's evil regime' EVENING STANDARD 'Few English readers will fail to be moved as I was - ultimately to the point of tears' SUNDAY TELEGRAPH 'Packed with vivid observation, profound reflection ... they find hope, dignity and even tart humour in the jaws of hell' INDEPENDENT ON SUNDAY A sensation when first published, this is one of the most extraordinary documents of the Nazi period. The son of a rabbi, Klemperer was by 1933 a professor of languages in Dresden. Over the next decade he lost his job, his house and many of his friends, even his cat, as Jews were not allowed to own pets. Saved for much of the war from the Holocaust by his marriage to a gentile, he was able to escape in the aftermath of the Allied bombing of Dresden and survived the remaining months of the war in hiding. Throughout, Klemperer kept a diary, for a Jew in Nazi Germany a daring act in itself. This volume covers the period from the beginnings of the Holocaust to the end of the war, telling the story of Klemperer's increasing isolation, his near miraculous survival, his awareness of the development of the growing Holocaust as friends and associates disappeared, and his narrow escapes from deportation and the Dresden firebombing in 1945. Shocking and moving by turns, it is a remarkable and important document, as powerful and astonishing in its way as Anne Frank's classic.
