The uproarious, bestselling true story of the world's most sought-after con man, immortalized by Leonardo DiCaprio in DreamWorks' feature film of the same name, from the author of Scam Me If You Can. Frank W. Abagnale, alias Frank Williams, Robert Conrad, Frank Adams, and Robert Monjo, was one of the most daring con men, forgers, imposters, and escape artists in history. In his brief but notorious criminal career, Abagnale donned a pilot's uniform and copiloted a Pan Am jet, masqueraded as the supervising resident of a hospital, practiced law without a license, passed himself off as a college sociology professor, and cashed over \$2.5 million in forged checks, all before he was twenty-one. Known by the police of twenty-six foreign countries and all fifty states as "The Skywayman," Abagnale lived a sumptuous life on the lam—until the law caught up with him. Now recognized as the nation's leading authority on financial foul play, Abagnale is a charming rogue whose hilarious, stranger-than-fiction international escapades, and ingenious escapes—including one from an airplane—make *Catch Me If You Can* an irresistible tale of deceit.

Emotional Ethics of The Hunger Games expands the 'ethical turn' in Film Studies by analysing emotions as a source of ethical knowledge in The Hunger Games films. It argues that emotions, incorporated in the thematic and aesthetic organization of these films, reflect a crisis in moral standards. As such they cultivate ethical attitudes towards such phenomena as totalitarianism, the culture of reality television, and the society of spectacle. The focus of the argument is on cinematic aesthetics, which expresses emotions in a way that highlights their ethical significance, running the gamut from fear through guilt and shame, to love, anger and contempt. The central claim of the book is that these emotions are symptomatic of some moral conflict, which renders The Hunger Games franchise a meaningful commentary on the affective practice of cinematic ethics. "The Hunger Games movies have become iconic symbols for resistance across the globe. Tarja Laine proposes that this is not caused by their status as exciting cinematic spectacles, but by their engaging our emotions. Laine uses The

Hunger Games as key texts for understanding our world, demonstrating that ethics do not originate from rational considerations, far removed from those mucky things called emotions. But rather that emotions are at the core of cinematic ethics.” —William Brown, Author of *Supercinema: Film-Philosophy for the Digital Age* “In this elegantly written exploration of the relationship between aesthetics and emotion in *The Hunger Game*strilogy, Tarja Laine illuminates the power of film to embody ethical conflict. Deftly interweaving film-philosophy and close analysis, Laine traces how these films mobilise complex emotions, nuancing our thinking about cinema and the spectator. Laine’s book takes *The Hunger Games* films seriously, demonstrating with verve why they matter.” —Catherine Wheatley, Senior Lecturer in Film Studies, King’s College London, UK "In this fresh, engaging, and insightful study of *The Hunger Games* film trilogy, Tarja Laine explores the crucial role that emotions play in appreciation of the ethical qualities of the movies. She forges productive dialogues between a range of film theory, scholarship on moral philosophy, and debates on ethics, as she performs a multi-layered investigation of the aesthetic qualities of the trilogy, the multiple emotions embodied in these qualities, and the philosophical-ethical insights that are in turn embedded in these emotions. The cinematic connection between emotions and ethics that emerges through Laine’s detailed textual analyses confronts us with complex moral dilemmas while enriching our aesthetic experience." —Sarah Cooper, Professor, Film Studies Department, King's College London, UK

De vez en cuando, Stella compraba un billete de avión para dejar su vida atrás. Su casa era un lugar con demasiados recuerdos, y marcharse era la mejor distracción para ella. En cuanto llegaba a su destino, iba al bar del aeropuerto, pedía una copa y esperaba a que apareciera el tipo idóneo. Un hombre de negocios aburrido, un mochilero, un mozo de equipajes que acabara de terminar su turno. Y, si le apetecía tener una aventura sin compromisos, era perfecto. En cada una de aquellas ocasiones, esa aventura resultaba ser una emocionante huida de la realidad que le daba a la palabra "escala" un nuevo significado. Cuando un fin de semana conoció en Chicago al enigmático Matthew, se encontró con unas fuertes turbulencias. Matthew tenía algo que le dio a entender que ella no era la única que estaba huyendo del pasado. La conexión fue explosiva y, por primera vez, a Stella no le bastó con un solo encuentro. Sin embargo, el hecho de volver y encontrarse a aquel hombre espectacular esperándola fue la parte más fácil. Enfrentarse al motivo por el que estaba allí era otra cuestión muy diferente... Es mucho más que una novela de amor: es una sorprendente novela sobre el amor. El amor es una desdicha, una bendición, un engaño. Pero es la única posibilidad que tenemos de orientarnos entre el miedo y el deseo. Hay un momento en la vida de cada uno de nosotros a partir del cual nada volverá a ser como antes: ese momento es ahora. Llega cuando nos enamoramos, como se enamoran Lidia y Pietro. Ella, siempre en busca de emociones fuertes; él, introvertido y prisionero de su pasado... se encuentran. Renunciando a todo lo que tienen por seguro se detienen, incluso si ya han sido traicionados por fiarse de la vida. Pero quizá, a lo mejor precisamente por eso, finalmente, ahora...Y entonces, ¿qué hará Lidia con su afán de escapatoria? ¿Y con Lorenzo, su "amoreterno", al cual sigue atada con cierta obstinación? ¿Cómo podrá Pietro dejarse sorprender, si no afronta el trauma que año tras año se ha acostumbrado a olvidar? Chiara Gamberale se enfrenta esta vez al mayor de los retos: narrar el

enamoramiento desde dentro. Buscar palabras para la atracción, para el sexo, para la continua batalla entre nuestras heridas y nuestras esperanzas, hasta llegar a preguntarse por el misterio al que todo esto nos lleva. Gracias a una voz a veces soñadora, a veces quirúrgica, nos encontramos cara a cara con los ímpetus, las resistencias, los errores de Lidia y Pietro, y con los nuestros; hasta llegar a ese punto "bajo las costillas, a la altura de la barriga" en el que es posible que suceda aquello a lo que todos aspiramos, pero que a todos nos asusta: cambiar. Mientras tanto, alrededor de los dos protagonistas un carrusel de personajes tragicómicos representa el afán de quien, al contrario, en lugar de detenerse, continúa persiguiendo a los demás para escapar de sí mismo... Adesso (Ahora) es una novela que consigue sorprender al lector, no solo por su historia, sino también por la forma en la que está contada y plasmada en las hojas del libro. Un relato para dejarse llevar, enamorarse y reflexionar sobre el "¿y ahora qué?". La semana.es Es una reflexión sobre el amor y el miedo a vivirlo plenamente, a pesar de las inseguridades y cambios que conlleva. Anika entre libros

Religion and cinema share a capacity for world making, ritualizing, mythologizing, and creating sacred time and space. Through cinematography, mise-en-scène, editing, and other production activities, film takes the world “out there” and refashions it. Religion achieves similar ends by setting apart particular objects and periods of time, telling stories, and gathering people together for communal actions and concentrated focus. The result of both cinema and religious practice is a re-created world: a world of fantasy, a world of ideology, a world we long to live in, or a world we wish to avoid at all costs. Religion and Film introduces readers to both religious studies and film studies by focusing on the formal similarities between cinema and religious practices and on the ways they each re-

create the world. Explorations of film show how the cinematic experience relies on similar aesthetic devices on which religious rituals have long relied: sight, sound, the taste of food, the body, and communal experience. Meanwhile, a deeper understanding of the aesthetic nature of religious rituals can alter our understanding of film production. Utilizing terminology and theoretical insights from the study of religion as well as the study of film, *Religion and Film* shows that by paying attention to the ways films are constructed, we can shed new light on the ways religious myths and rituals are constructed and vice versa. This thoroughly revised and expanded new edition is designed to appeal to the needs of courses in religion as well as film departments. In addition to two new chapters, this edition has been restructured into three distinct sections that offer students and instructors theories and methods for thinking about cinema in ways that more fully connect film studies with religious studies.

Si usted ya fue uno de los millones de espectadores de TOC TOC, tendrá la oportunidad de descubrir numerosas claves que desconocía. Si todavía no la vio, el libro es la mejor puerta de entrada a una explosión de humanidad desopilante. Este libro habla del fenómeno Toc Toc, una obra de origen francés, estrenada en París en 2005 y que se representó en 22 países. TOC es la sigla de una patología tan propia de estos tiempos como inquietante por sus consecuencias:

trastorno obsesivo compulsivo. El autor, Laurent Baffie, muestra con agudeza científica y comicidad universal seis casos típicos de estas perturbaciones. La meticulosa -¿o quizá obsesiva? - investigación de Hugo Paredero y Carlos Ulanovsky (con la valiosa contribución del licenciado Zunino) se enriqueció con más de 50 entrevistas a protagonistas internacionales y argentinos. Además de los secretos del hecho teatral, el libro contiene una reflexión renovada acerca de esos dos grandes impostores denominados éxito y fracaso, que tan compulsivamente obsesionan y trastornan a todos en general y a los creadores en particular. La obra es un auténtico acontecimiento artístico y teatral, cultural y social. Semejantes consideraciones están ampliamente sostenidas por 7 temporadas consecutivas en el Multiteatro y los 5 años de gira de otro elenco que ya se presentó por todo el país. Desde principios de 2017 se convirtió en la comedia más vista en la Argentina en los últimos 25 años.

La ciencia pop es un libro de divulgación apasionante

Winner of the British Association of Film, Television and Screen Studies Best Book Prize 2018 Since the 1980s the number of women regularly directing films has increased significantly in most Western countries; in France, Claire Denis and Catherine Breillat have joined Agnès Varda in gaining international renown, while British directors Lynne Ramsay and Andrea Arnold have forged award-

winning careers in feature film. This new volume in the "Thinking Cinema" series draws on feminist philosophers and theorists from Simone de Beauvoir on to offer readings of a range of the most important and memorable of these films from the 1990s and 2000s, focusing as it does so on how the films convey women's lives and identities. Mainstream entertainment cinema traditionally distorts the representation of women, objectifying their bodies, minimizing their agency, and avoiding the most important questions about how cinema can "do justice" to female subjectivity. Kate Ince suggests that the films of independent women directors are progressively redressing the balance, reinvigorating both the narratives and the formal ambitions of European cinema. Ince uses feminist philosophers to interpret such films as *Sex Is Comedy*, *Morvern Callar*, *White Material*, and *Fish Tank* anew, suggesting that a philosophical understanding of female subjectivity as embodied and ethical should underpin future feminist film study.
