From the illustrator of the #1 smash hit *The Day the Crayons Quit* comes an imaginative tale of friendship in a world where what makes us different isn't nearly as important as what makes us the same. When a boy discovers a single-propeller airplane in his closet, he does what any young adventurer would do: He flies it into outer space! Millions of miles from Earth, the plane begins to sputter and quake, its fuel tank on empty. The boy executes a daring landing on the moon . . . but there's no telling what kind of slimy, slithering, tentacled, fangtoothed monsters lurk in the darkness! (Plus, it's dark and lonely out there.) Coincidentally, engine trouble has stranded a young Martian on the other side of the moon, and he's just as frightened and alone. Martian, Earthling—it's all the same when you're in need of a friend. Step-by-step instructions and illustrations explain how to create fun decorations, including animals, baskets, and cakes, using bathroom towels.

Family, friendship, and the spirit of giving are at the heart of this inspiring picture book—now available with Read & Listen audio narration. Opening in Depression-era New York, *The Carpenter's Gift* tells the story of eight-year-old Henry and his out-of-work father selling Christmas trees in Manhattan. They give one of their leftover trees to construction workers building Rockefeller Center. That tree becomes the first Rockefeller Center Christmas Tree, the finest Henry has seen when adorned with homemade decorations. Henry wishes on the tree for a nice, warm house to replace his family's drafty, one-room shack. Through the kindness of new friends and old neighbors, Henry's wish is granted, and he plants a pinecone to commemorate the event. As an old man, Henry repays the gift by donating to Rockefeller Center the enormous tree that has grown from that pinecone. After bringing joy to thousands as a beautiful Christmas tree, its wood will be used to build a home for a family in need. This ebook includes Read & Listen audio narration.

There are a lot of great advertising books, but none that get down in the dirt with you quite like this one. Thomas Kemeny made a career at some of the best ad agencies in America. In this book he shows how he got in, how he's stayed in, and how you can do it too. He breaks apart how to write fun, smart, and effective copy—everything from headlines to scripts to experiential activations—giving readers a lesson on a language we all thought we already knew. This book is not a retrospective from some ad legend. It's a book that should be instantly useful for people starting out. A guide for the first few years at a place you'd actually want to work. Traditionally, advertising books have been written by people with established careers, big offices and letters like VP in their titles. They have stories from the old days when people could start in the mailroom. They are talented. That's been done. Who wants another book filled with seasoned wisdom? This is a book written by somebody still getting his bearings. Someone who has made an extraordinary number of errors in a still short career. Someone who has managed to hang onto his job despite these shortcomings.

In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining."
