2015 Washington Post Notable Book The Complete Works of Primo Levi, which includes seminal works like *If This Is a Man* and *The Periodic Table*, finally gathers all fourteen of Levi's books—memoirs, essays, poetry, commentary, and fiction—into three slipcased volumes. Primo Levi, the Italian-born chemist once described by Philip Roth as that “quicksilver little woodland creature enlivened by the forest's most astute intelligence,” has largely been considered a heroic figure in the annals of twentieth-century literature for *If This Is a Man*, his haunting account of Auschwitz. Yet Levi's body of work extends considerably beyond his experience as a survivor. Now, the transformation of Levi from Holocaust memoirist to one of the twentieth century's greatest writers culminates in this publication of *The Complete Works of Primo Levi*. This magisterial collection finally gathers all of Levi's fourteen books—memoirs, essays, poetry, and fiction—into three slip-cased volumes. Thirteen of the books feature new translations, and the other is newly revised by the original translator. Nobel laureate Toni Morrison introduces Levi's writing as a “triumph of human identity and worth over the pathology of human destruction.” The appearance of this historic publication will occasion a major reappraisal of “one of the most valuable writers of our time” (Alfred Kazin). *The Complete Works of Primo Levi* features all new translations of: *The Periodic Table*, *The Drowned and the Saved*, *The Truce*, *Natural Histories*, *Flaw of Form*, *The Wrench*, *Lilith*, *Other People's Trades*, and *If Not Now, When?*—as well as all of Levi's poems, essays, and other nonfiction work, some of which have never appeared before in English.

Nobel laureate Toni Morrison is one of the most widely studied of contemporary American authors. Her novels, particularly *Beloved*, have had a dramatic impact on the American canon and attracted considerable critical commentary. This 2007 Companion introduces and examines her oeuvre as a whole, the first evaluation to include not only her famous novels, but also her other literary works (short story, drama, musical, and opera), her social and literary criticism, and her career as an editor and teacher. Innovative contributions from internationally recognized critics and academics discuss Morrison's themes, narrative techniques, language and political philosophy, and explain the importance of her work to American studies and world literature. This comprehensive and accessible approach, together with a chronology and guide to further reading, makes this an essential book for students and scholars of African American literature.

The latest novel from Nobel Prize winner Toni Morrison. An angry and self-loathing veteran of the Korean War, Frank Money finds himself back in racist America after enduring trauma on the front lines that left him with more than just physical scars. His home--and himself in it--may no longer be as he remembers it, but Frank is shocked out of his crippling apathy by the need to rescue his medically abused younger sister and take her back to the small Georgia town they come from, which he's hated all his life. As Frank revisits the memories from childhood and the war that leave him questioning his sense of self, he discovers a profound courage he thought he could never possess again. A deeply moving novel about an apparently defeated man finding himself--and his home.

On the occasion of her acceptance of the National Book Foundation Medal for Distinguished Contribution to American Letters on the sixth of November, 1996, Nobel laureate Toni Morrison speaks with brevity and passion to the pleasures, the difficulties, the necessities, of the reading/writing life in our time.

WINNER OF THE AMERICAN BOOK AWARD Powerhouse, world-renowned LGBTQ poet and spoken-word artist Staceyann Chin curates the first full-length collection of her poems. *Crossfire* collects Staceyann Chin's empowering, feminist-LGBTQ-Caribbean, activist-driven poetry for the first time in a single book. According to *The New York Times*, Chin is “sassy, rageful and sometimes softly self-mocking.” *The Advocate* says that her poems, “combine

hilarious one-liners with a refusal to conform” and note “Chin is out to confront more than just the straight world.”

Ravishingly beautiful and emotionally incendiary, *Tar Baby* is Toni Morrison’s reinvention of the love story. Jadine Childs is a black fashion model with a white patron, a white boyfriend, and a coat made out of ninety perfect sealskins. Son is a black fugitive who embodies everything she loathes and desires. As Morrison follows their affair, which plays out from the Caribbean to Manhattan and the deep South, she charts all the nuances of obligation and betrayal between blacks and whites, masters and servants, and men and women.

Scholarly Research Paper from the year 2010 in the subject Literature - Africa, Mohamed I University (literature and human sciences), course: extensive reading, language: English, abstract: The paper approaches an exploration of two major themes in *Sula*: social identity and gender subalternity. I would begin with an overview of the major points that mark the novel, and then shift to violently serious disagreements that bore reference to the submissive, subaltern position that *Sula* had to encounter. It is common sense to assume a certain Manichean worldview, for societies are bound to declare unorthodox conduct as *persona non grata*. This will pave the way for questing a priori justifications to the meaning of reality and illusion. Afterwards, I will emphasize the social, racial and psychological facets of resistance and representation, which portray oppressing challenges within society. These result in clear-cut demarcations, which in the event of being drawn, ontological questions germane to identity prove primordial. Next, I am highlighting philosophical explanations of self and other based on two critical angles: androcentrism (i.e. David Hume, Emanuel Kant and Durkheim) and feminism (i.e. Julia Kristeva and Simone de Beauvoir). I am eventually positioning the debate on the narrative platform, as being an arena of tension between central self and peripheral other. The analysis is held from a postmodern perspective. I would therefore attempt to build a bridge between the discourse of Morrison, who is addressing her message in the name of *Sula*, and that of postmodernism, which is a deviation from representation and a turn towards self-reflexiveness.

BLACK BOOK is just another poetic chapter in the life of Mose Xavier Hardin Jr. I have changed and grown over the years overcoming depression, loneliness and a great deal of pain. I have managed to find love again in my 50s. I have managed to survive countless trials with racism and discrimination. I have managed to survive prostate cancer. I have learned to pick my battles and my friends more carefully. I have learned I still have so much more to say!

Au cœur de l'Amérique profonde, deux petites filles noires s'inventent une autre vie, plus riche, plus drôle, plus libre surtout que la dure réalité qui les entoure. L'âge venant, *Sula* la rebelle part rouler sa bosse dans les grandes villes alors que Nel, la sage, accomplit sa vocation de mère et d'épouse. Quarante ans après, elles font leurs comptes, s'opposent et incarnent chacune à sa manière la farouche énergie de la femme noire face aux hommes si vulnérables.

In addition, *Sula* deals with typical African-American folklore and through this blurs the lines between good and evil. Therefore, this paper will at first explain how good and evil are understood in African-American culture. The main part is an analysis of different scenes and characters in *Sula*. It will show how good and evil are treated in *Sula*, in consideration of the given examples in the first part. In the end, a conclusion will concentrate on the different views and possible interpretations of *Sula* and other main characters, from a Western and African-American point of view.

Then Sula ran away to live her dreams and Nel got married. Ten years later Sula returns and no one, least of all Nel, trusts her. Cast as a witch by the people who resent her strength, Sula is a woman of uncompromising power, a wayward force who challenges the smallness of a world that tries to hold her down. 40 or 50 families control the economies of Hong Kong, Singapore, Thailand, the Philippines and Indonesia. Their interests range from banking to property, from shipping to sugar, from vice to gambling. 13 of the 50 richest families in the world are in South East Asia yet they are largely unknown outside confined business circles. Often this is because they control the press and television as well as everything else. How do they do it? What are their secrets? And is it good news or bad for the places where they operate? Joe Studwell explosively lifts the lid on a world of staggering secrecy and shows that the little most people know is almost entirely wrong.

"They shoot the white girl first. With the rest they can take their time." So begins Toni Morrison's Paradise, which opens with a horrifying scene of mass violence and chronicles its genesis in an all-black small town in rural Oklahoma. Founded by the descendants of freed slaves and survivors in exodus from a hostile world, the patriarchal community of Ruby is built on righteousness, rigidly enforced moral law, and fear. But seventeen miles away, another group of exiles has gathered in a promised land of their own. And it is upon these women in flight from death and despair that nine male citizens of Ruby will lay their pain, their terror, and their murderous rage. In prose that soars with the rhythms, grandeur, and tragic arc of an epic poem, Toni Morrison challenges our most fiercely held beliefs as she weaves folklore and history, memory and myth into an unforgettable meditation on race, religion, gender, and a far-off past that is ever present.

Essay from the year 2012 in the subject American Studies - Literature, grade: 100, West Chester University of Pennsylvania, course: African American Literary Theory, language: English, abstract: Toni Morrison's Sula is an extremely complex work of fiction that some argue functions as parable, satire, or Black-feminist writing. However, the complexity of the tale of Sula and Nel's lives requires analysis including all of these elements. Morrison skillfully blends together gender roles with the binary opposition as

she includes Biblical allusions to give clues to the characters' personalities and future actions as they struggle against their community. It becomes clear to the reader through the characters' actions and thoughts, that the world, which the Bottom created for itself, is inherently contradictory as the citizens of the community struggle to maintain binary thinking. Sula and Shadrack represent the evil (or at least unacceptable) in the traditional good/evil binary that the Bottom's community upholds. Both Sula and Shadrack face ostracization because of the negativity that is attached to them. Shadrack, however, chooses to live within the acceptable boundaries of the community with his celebration of Suicide Day. The community sees his celebration as bizarre, but in no way a threat to their existence as the years pass (Morrison 15). What exactly is goodness? Where is it found in the literary imagination? Toni Morrison, one of American letters' greatest voices, pondered these perplexing questions in her celebrated Ingersoll Lecture, delivered at Harvard University in 2012 and published now for the first time. Perhaps because it is overshadowed by the more easily defined evil, goodness often escapes our attention. Recalling many literary examples, from Ahab to Coetzee's Michael K, Morrison seeks the essence of goodness and ponders its significant place in her writing. She considers the concept in relation to unforgettable characters from her own works of fiction and arrives at conclusions that are both eloquent and edifying. In a lively interview conducted for this book, Morrison further elaborates on her lecture's ideas, discussing goodness not only in literature but in society and history—particularly black history, which has responded to centuries of brutality with profound creativity. Morrison's essay is followed by a series of responses by scholars in the fields of religion, ethics, history, and literature to her thoughts on goodness and evil, mercy and love, racism and self-destruction, language and liberation, together with close examination of literary and theoretical expressions from her works. Each of these contributions, written by a scholar of religion, considers the legacy of slavery and how it continues to shape our memories, our complicities, our outcries, our lives, our communities, our literature, and our faith. In addition, the contributors engage the religious orientation in Morrison's novels so that readers who encounter her many memorable characters such as Sula, Beloved, or Frank Money will learn and appreciate how Morrison's notions of goodness and mercy also reflect her understanding of the sacred and the human spirit.

Family. Faith. Secrets. Everything in this world comes full circle. Essay from the year 2011 in the subject Cultural Studies - Black Studies, , language: English, abstract: This paper approaches an exploration of two major themes in *Sula*: social identity and gender subalternity. I would begin with a general presentation of the major points that mark this Oscar-winning novel, and then shift to violently serious disagreements that bear reference to the submissive, subaltern position that *Sula*, on behalf of every woman of color, has to embrace. As the novel, as well as a bundle of essays and articles explain, the protagonist is weary of all that binds her to submission, and has thus decided to follow her own way of life. The analysis is held from a Postmodern perspective. I would therefore attempt to build a bridge between the discourse of Morrison, who is addressing her message in the name of *Sula*, and that of postmodernism, which is a deviation from representation and a turn towards self-reflexiveness. I am eventually describing the societal tension between *Sula* and her fellow denizens, who are caught up in an arena of contest the ground of which is experience and circumstances.

A box set of Toni Morrison's principal works, featuring *The Bluest Eye* (her first novel), *Beloved* (Pulitzer Prize winner), and *Song of Solomon* (National Book Critics Award winner). Staring unflinchingly into the abyss of slavery, *Beloved* transforms history into a story as powerful as *Exodus* and as intimate as a lullaby. This spellbinding novel tells the story of Sethe, a former slave who escapes to Ohio, but eighteen years later is still not free. In *The New York Times* bestselling novel, *The Bluest Eye*, Pecola Breedlove, a young black girl, prays every day for beauty and yearns for normalcy, for the blond hair and blue eyes, that she believes will allow her to finally fit in. Yet as her dream grows more fervent, her life slowly starts to disintegrate in the face of adversity and strife. With *Song of Solomon*, Morrison transfigures the coming-of-age story as she follows Milkman Dead from his rustbelt city to the place of his family's origins, introducing an entire cast of strivers and seeresses, liars and assassins, the inhabitants of a fully realized black world. This beautifully designed slipcase will make the perfect holiday and perennial gift.

From the acclaimed Nobel Prize winner: Two girls who grow up to become women. Two friends who become something worse than enemies. This brilliantly imagined novel brings us the story of Nel Wright and Sula Peace, who meet as children in the small town of Medallion, Ohio. Nel and Sula's devotion is fierce enough to withstand bullies and the burden of a dreadful secret. It endures even after Nel has grown up to be a pillar of the black community and Sula has become a pariah. But their friendship ends in an unforgivable betrayal—or does it end? Terrifying, comic, ribald and tragic, *Sula* is a work that overflows with life. As girls, Nel and Sula shared each other's discoveries and dreams in the poor black mid-West of their childhood. Then Sula ran away to live her dreams and Nel got married. Ten years later Sula returns and no one, least of all Nel, trusts her. *SULA* is the

NATIONAL BESTSELLER • The acclaimed Nobel Prize winner powerfully examines our obsession with beauty and conformity—and asks questions about race, class, and gender with her characteristic subtly and grace. In Morrison's bestselling first novel, *Pecola Breedlove*—an 11-year-old Black girl in an America whose love for its blond, blue-eyed children can devastate all others—prays for her eyes to turn blue: so that she will be beautiful, so that people will look at her, so that her world will be different. This is the story of the nightmare at the heart of

her yearning, and the tragedy of its fulfillment. Here, Morrison's writing is "so precise, so faithful to speech and so charged with pain and wonder that the novel becomes poetry" (The New York Times).

A new edition of the classic New York Times bestseller edited by Toni Morrison, offering an encyclopedic look at the black experience in America from 1619 through the 1940s with the original cover restored. "I am so pleased the book is alive again. I still think there is no other work that tells and visualizes a story of such misery with seriousness, humor, grace and triumph."—Toni Morrison

Seventeenth-century sketches of Africans as they appeared to marauding European traders. Nineteenth-century slave auction notices. Twentieth-century sheet music for work songs and freedom chants. Photographs of war heroes, regal in uniform. Antebellum reward posters for capturing runaway slaves. An 1856 article titled "A Visit to the Slave Mother Who Killed Her Child." In 1974, Middleton A. Harris and Toni Morrison led a team of gifted, passionate collectors in compiling these images and nearly five hundred others into one sensational narrative of the black experience in America—*The Black Book*. Now in a newly restored hardcover edition, *The Black Book* remains a breathtaking testament to the legendary wisdom, strength, and perseverance of black men and women intent on freedom. Prominent collectors Morris Levitt, Roger Furman, and Ernest Smith joined Harris and Morrison (then a Random House editor, ultimately a two-time Pulitzer Prize-winning Nobel Laureate) to spend months studying, laughing at, and crying over these materials—transcripts from fugitive slaves' trials and proclamations by Frederick Douglass and celebrated abolitionists, as well as chilling images of cross burnings and lynchings, patents registered by black inventors throughout the early twentieth century, and vibrant posters from "Black Hollywood" films of the 1930s and 1940s. Indeed, it was an article she found while researching this project that provided the inspiration for Morrison's masterpiece, *Beloved*. A labor of love and a vital link to the richness and diversity of African American history and culture, *The Black Book* honors the past, reminding us where our nation has been, and gives flight to our hopes for what is yet to come. Beautifully and faithfully presented and featuring a foreword and original poem by Toni Morrison, *The Black Book* remains a timeless landmark work.
