In a world where more people know who Princess Di was than who their own senators are, where Graceland draws more visitors per year than the White House, and where Michael Jordan is an industry unto himself, fame and celebrity are central currencies. In this intriguing book, Tyler Cowen explores and elucidates the economics of fame. Fame motivates the talented and draws like-minded fans together. But it also may put profitability ahead of quality, visibility above subtlety, and privacy out of reach. The separation of fame and merit is one of the central dilemmas Cowen considers in his account of the modern market economy. He shows how fame is produced, outlines the principles that govern who becomes famous and why, and discusses whether fame-seeking behavior harmonizes individual and social interests or corrupts social discourse and degrades culture. Most pertinently, Cowen considers the implications of modern fame for creativity, privacy, and morality. Where critics from Plato to Allan Bloom have decried the quest for fame, Cowen takes a more pragmatic, optimistic view. He identifies the benefits of a fame-intensive society and makes a persuasive case that however bad fame may turn out to be for the famous, it is generally good for society and culture.

Not only does this book offer insights into how to better serve all seniors, but it also provides complete step-by-step instructions for dozens of exciting and engaging programs that can be

held both onsite and offsite. While serving the senior population is a standard service in public libraries, it has traditionally focused on in-house programs and homebound services. On the Go with Senior Services is different. With this inspiring and practical guide, your library can rejuvenate its in-house services with new programs and also take them on the road—to retirement and assisted living communities, adult day care programs, and nursing homes and rehab centers. With such diversity in the senior population, this book describes strategies for designing senior programs that fit your community's needs. It offers a trove of templates for programs that range from crafts, word games, pop culture, pets, holidays, humor, mysteries, technology, and music. It offers tips and suggestions on how to interact with seniors, including those who may have a variety of physical and cognitive needs. There are also guidelines for working with individuals suffering from dementia. A robust list of further resources is provided. The growing population of seniors presents librarians with new challenges and opportunities, and this book is a valuable guide to navigating and embracing them.

- Features program templates with step-by-step instructions guaranteed to save you time
- Offers ideas for programs that can be conducted at the library or offsite senior facilities
- Provides surefire ideas for working with seniors and technology
- Covers segments of the senior population not thoroughly addressed in other professional sources, helping librarians fill in or expand into areas
- Includes guidance on working with seniors with dementia or Alzheimer's
