With their shiny scales and bright colors, pet fish put on a show! Some are wide and others are thin. Some have fantails and some have stripes. Young readers will learn about the appearance and behavior of pet fish, and discover why these silent swimmers make great pets.

The ultimate kids' book about dogs, being good, being bad, and being yourself! From the award-winning, critically acclaimed author of Petra. Meet Buzz the dog. He's such a good boy. Buzz seems to have a perfect life . . . and a lot of very well-behaved friends. Buzz would never dream of being anything other than good. Right, Buzz? Buzz . . . ? For anyone who has ever felt pressure to be "good" at the expense of their own self-expression, and for anyone who has ever owned and loved a dog, this beautifully illustrated picture book from author-illustrator Marianna Coppo will have you laughing, smiling, and longing for your own unfettered frolic in the park. • With charming art and a positive message, this is an ideal read-aloud book for parents and children to share. • For dog lovers, pet lovers, and any kid who knows how hard it is to be good all the time • Marianna Coppo's first book, Petra, was a Good Reads Choice Awards Picture Book Finalist and received starred reviews from Publisher's Weekly and Kirkus. For dog-loving children and fans of such picture books as Gaston, Harry the Dirty Dog, Antoinette, and Naughty Mabel. For any child who struggles to be "good" and understands the fun (and frustration) of being "bad." • Picture books for kids ages 5–8 • Dog books for kids • Books about acceptance, self-confidence, and being yourself Marianna Coppo is an author-illustrator who studied editorial illustration at MiMaster in Milan, Italy. Her first book in the United States, Petra, was published to critical acclaim. She lives in Rome.

"At the pet show, there are so many different types of pets. With dogs and cats, horses and chickens, hamsters and chinchillas--and many, many more--this book celebrates animal companions of all shapes and sizes"--

"Describes the history, physical features, temperament, and care of the Sphynx cat breed"--Provided by publisher.

Is it true that some cats have no fur? Can you really tell a dog by his nose prints? And what kind of animals are also known as hobs, jills and kits? Find out unexpected and funny things you never knew about pets in this charming, fascinating follow-up to Seymour's Simon's bestselling eBook, FUN FACTS ABOUT PETS! A StarWalk Kids Digital Original eBook, narrated by Leslie Carrara-Rudolph (Sesame Street's Abby Cadabby)

In Newbery Medalist Cynthia Rylant's classic bestseller, the author comforts readers young and old who have lost a dog. Recommended highly by pet lovers around the world, Dog Heaven not only comforts but also brings a tear to anyone who is devoted to a pet. From expansive fields where dogs can run and run to delicious biscuits no dog can resist, Rylant paints a warm and affectionate picture of the ideal place God would, of course, create for man's best friend. The first picture book illustrated by the author, Dog Heaven is enhanced by Rylant's bright, bold paintings that perfectly capture an afterlife sure to bring solace to anyone who is grieving.

Whether your family is about to adopt a kitten, or just starting to think about it, this original eBook is full of fascinating information and irresistible photos you and your children will want to read again and again! Newbery Honor medalist Ann M. Martin's funny, insightful take on pets and family -- now with a spectacular new cover. There are ten siblings in the Rosso family. Ten individuals with ten different ways of looking at things. But they all have one thing in common: Each of them wants a pet. The only problem is that their mom does not: "No pets," she has always said. "Ten kids is enough." But now that the Rosso family is moving from the big city to the country, there are big changes ahead, including a new farmhouse and lots of nature. But the Rosso kids will still need to figure out a plan to change mom's mind. . . .

From horses to spiders, pets come in all shapes and sizes. This engaging series introduces readers to a wide range of animal companions, and their unique needs and qualities. Checklists

and breed profiles help readers find out which pet would be the perfect fit for their home and lifestyle. Readers will be prepared for both the fun and responsibility of taking care of a furry, scaly, or even hooved friend. They will learn how animals act in the wild, and how this relates to pets' behavior. They'll also learn what equipment each animal needs, and how to take care of sick pets. Fun and informative, this series is sure to be popular with pet owners and animal lovers. Features include: Each book includes a fun, pet-themed activity or craft. Full-color photographs of adorable pets will dazzle readers. Sidebars about famous and newsworthy pets will engage even reluctant readers.

This book brings together authoritative information about the child/dog bond as it is manifested with family dogs, visiting therapy dogs, and service dogs trained to assist children with disabilities. Despite the widely accepted view that participating in a dog's care and interacting with dogs in behaviorally healthy ways is a route to becoming responsible and compassionate, research on this complex dynamic is difficult to design, time-consuming to collect, and challenging to analyze. This volume synthesizes theory, research, and practice, bringing all to bear upon child/dog interactions in homes, schools, libraries, and the community at large. *Children, Dogs and Education* serves as a handbook for a diverse group of adults who seek to build positive relationships between children and dogs—parents/families, professional dog trainers, teachers, librarians, mental health professionals, health care professionals, and university faculty. The study of interactions between human and nonhuman animals has captured the imagination of an international community of researchers from many different fields and professions. Even though dogs are ubiquitous in the lives of most children, studies of children's interactions with dogs in families and communities are lacking. Most of the previous research on the human-canine bond has focused on adolescents and adults or, even when younger children are the focus, it has tended to rely on parents to speak for children. There are three features of this book that make it unique. First, it goes beyond exploring the child/dog bond to examine additional important issues, including: children's concepts of responsible care, their ability to interpret dogs' behavioral cues, and their ideas about canine behavioral issues/training. Second, unlike most other work to date, it represents children's voices through cases, interviews, and drawings. Finally, the contributors to this edited work use their collective wisdom to draw educational implications and suggest direction in preparing the next generation of dog guardians.

A revised edition of the best-selling reference on canine psychology incorporates the latest scientific findings and interviews with top breeders and trainers to enable dog lovers to evaluate a pet's intelligence, read dog body language, and adapt a training program suited to an animal's specific needs. By the author of *How Dogs Think*. Original. 10,000 first printing.
