When talking about justice, we mean more than its day-to-day administration involving officials, institutions, and those most affected. We also refer to an ideal: a set of basic values which guide living together and infuse the distribution of rights and duties, options and obligations, freedoms and restrictions. Losing this reference point means the administration of justice will suffer too, by having lost its sense of direction. With thirty years' experience in the Italian judiciary and dozens of influential judicial inquiries to his name Gherardo Colombo reflects on the culture of justice and the profound meaning of rules. Without respecting rules, we cannot live in society.

The final chapter in the electrifying Stockholm Noir Trilogy, which has been translated into more than thirty languages worldwide: here is the no-holds-barred, rapid-fire tale of a supreme struggle for the legacy of the Swedish underworld, as the power, honor, and respect commanded by Stockholm's largest criminal organization are passed from father to daughter. Jorge was making a living as a drug dealer until he was caught and thrown into prison. Recently released and warned to keep out of trouble, he's already bored with his new existence: selling lattes and cappuccinos at a café. Who wouldn't be? But Jorge has a plan, and big money looms on the horizon if he can pull off one final audacious heist and flee the country before the police close in. Meanwhile, Deputy Inspector Martin Hägerström—entrusted with a secret mission, code name Operation Tide—has gone deep undercover as a disgraced

cop turned corrections officer. He's slowly earning the trust of Stockholm's imprisoned expert money launderer, Johan Westlund. A career criminal with a taste for the jet-setting lifestyle, JW is a dangerous man to befriend, one who may demand more loyalty than Hägerström had planned on offering. Natalie is the twenty-two-year-old daughter of Radovan Kranjic, the Serbian crime boss who rules Sweden's underworld. When an assassin threatens Radovan's life, Natalie is hurled into a chaotic struggle for control of her father's empire—and the competition is fierce. Who will rise to power in the voracious hunt for money, prestige, and luxury to become Stockholm's new king—or queen—of crime?

<http://dx.doi.org/10.12946/gplh6><http://www.epubli.de/shop/buch/53894>"The spatiotemporal conjunction is a fundamental aspect of the juridical reflection on the

historicity of law. Despite the fact that it seems to represent an issue directly connected with the question of where legal history is heading today, it still has not been the object of a focused inquiry. Against this background, the book's proposal consists in rethinking key confluences related to this problem in order to provide coordinates for a collective understanding and dialogue. The aim of this volume, however, is not to offer abstract methodological considerations, but rather to rely both on concrete studies, out of which a reflection on this conjunction emerges, as well as on the reconstruction of certain research lines featuring a spatiotemporal component. This analytical approach makes a contribution by providing some suggestions for the employment of space and time as coordinates for legal history. Indeed, contrary to those historiographical attitudes reflecting a monistic conception of space and time (as well as a Eurocentric approach), the book emphasises the need for a delocalized global perspective. In general terms, the essays collected in this book intend to take into account the multiplicity of the spatiotemporal confines, the flexibility of those instruments that serve to create chronologies and scenarios, as well as certain processes of adaptation of law to different times and into different spaces. The spatiotemporal dynamism enables historians not only to detect new perspectives and dimensions in foregone themes, but also to achieve new and compelling interpretations of legal history. As far as the relationship between space and law is concerned, the book analyses experiences in which space operates as a determining

factor of law, e.g. in terms of a field of action for law. Moreover, it outlines the attempted scales of spatiality in order to develop legal historical research. With reference to the connection between time and law, the volume sketches the possibility of considering the factor of time, not just as a descriptive tool, but as an ascriptive moment (quasi an inner feature) of a legal problem, thus making it possible to appreciate the synchronic aspects of the 'juridical experience'. As a whole, the volume aims to present spatiotemporality as a challenge for legal history. Indeed, reassessing the value of the spatiotemporal coordinates for legal history implies thinking through both the thematic and methodological boundaries of the discipline."

Painter and printmaker Giovanni Benedetto Castiglione (1609–64) was one of the most technically superb and innovative artists of the Italian Baroque. Although he is best known for his evocative etchings that reveal a mastery of light to rival that of Rembrandt and Van Dyck, he also redefined the drawing and printmaking genres through the introduction of his monotyping technique and was among the first to conceive of the oil sketch as a finished work. Sadly, Castiglione's prolific artistic output has been largely overshadowed by his turbulent character and troubled private life. With this lavishly illustrated biography, leading Castiglione scholar Timothy J. Standring and curator Martin Clayton seek to restore to prominence this forgotten master of the Italian Baroque. Drawing on extensive new research into court records and other documents of the time, Standring and Clayton have reconstructed the artist's life, from his arrest for murder that led to the estrangement of his contemporaries and the loss of valuable patrons to his eventual decision to flee the region. The story of Castiglione's life and important new discoveries about his art are presented here alongside one hundred brilliant reproductions of his oil sketches. Published to accompany a major exhibition that will debut at the Queen's Gallery, London, and travel to the Denver Art Museum in May 2015, *Castiglione: Lost Genius* is the first new publication on Castiglione in decades, and it is sure to bring his first-rate work and fascinating life to the forefront.

Translating Children's Literature is an exploration of the many developmental and linguistic issues related to writing and translating for children, an audience that spans a period of enormous intellectual progress and affective change from birth to adolescence. Lathey looks at a broad range of children's literature, from prose fiction to poetry and picture books. Each of the seven chapters addresses a different aspect of translation for children, covering: · Narrative style and the challenges of translating the child's voice; · The translation of cultural markers for young readers; · Translation of the modern picture book; · Dialogue, dialect and street language in modern children's literature; · Read-aloud qualities, wordplay, onomatopoeia and the translation of children's poetry; · Retranslation, retelling and reworking; · The role of translation for children within the global publishing and translation industries. This is the first practical guide to address all aspects of translating children's literature, featuring extracts from commentaries and interviews with published translators of children's literature, as well as examples and case studies across a range of languages and texts. Each chapter includes a set of questions and exercises for students. Translating Children's Literature is essential reading for professional translators, researchers and students on courses in translation studies or children's literature.
