How the emergence of wildlife photography changed the way we think about animals. On the evening of February 2, 1864, Confederate Commander John Taylor Wood led 250 sailors in two launches and twelve boats to capture the USS Underwriter, a side-wheel steam gunboat anchored on the Neuse River near New Bern, North Carolina.

During the ensuing fifteen-minute battle, nine Union crewmen lost their lives, twenty were wounded, and twenty-six fell into enemy hands. Six Confederates were captured and several wounded as they stripped the vessel, set it ablaze, and blew it up while under fire from Union-held Fort Anderson. The thrilling story of USS Underwriter is one of many involving the numerous shipwrecks that occupy the waters of Civil War history. Many years in the making, W. Craig Gaines's *Encyclopedia of Civil War Shipwrecks* is the definitive account of more than 2,000 of these American Civil War--period sunken ships. From Alabama's USS Althea, a Union steam tug lost while removing a Confederate torpedo in the Blakely River, to Wisconsin's Berlin City, a Union side-wheel steamer stranded in Oshkosh, Gaines provides detailed information about each vessel, including its final location, type, dimensions, tonnage, crew size, armament, origin, registry (Union, Confederate, United States, or other country), casualties, circumstances of loss, salvage operations, and the sources of his findings. Organized alphabetically by geographical location (state, country, or body of water), the book also includes a number of maps providing the approximate locations of many of the wrecks -- ranging from the Americas to Europe, the Arctic Ocean, and the Indian Ocean. Also noted are more than forty shipwrecks whose locations are in question. Since the 1960s, the underwater access afforded by SCUBA gear has allowed divers, historians, treasure hunters, and archaeologists to discover and explore many of the American Civil War-related shipwrecks. In a remarkable feat of historical detective work, Gaines

scoured countless sources -- from government and official records to sports diver and treasure-hunting magazines -- and cross-indexes his compilation by each vessel's various names and nicknames throughout its career. An essential reference work for Civil War scholars and buffs, archaeologists, divers, and aficionados of naval history, Encyclopedia of Civil War Shipwrecks revives and preserves for posterity the little-known stories of these intriguing historical artifacts.

Autobiography of Sâalim Ali, 1896-1987, Indian ornithologist.

This explosive, award-winning novella of growing up in colonial Rhodesia (now Zimbabwe), told in exquisite, imaginative prose, touches the readers nerve through the authors harrowing portrait of lives disrupted by white settlers, a young disillusioned black man, and individual suffering in the 1960s and 1970s. Marecheras raw, piercing writings secured his place in African literature as a stylistic innovator and rebel commentator of the ghetto condition. While The House of Hunger is the centerpiece of this collection, readers are also treated to a series of short sketches in which Marechera, with angry humor, further navigates themes of madness, violence, despair, and survival.

Between 1994 and 2000, Omar Nasiri worked as a secret agent for Europe's top foreign intelligence services-including France's DGSE (Direction Générale de la Sécurité Extérieure), and Britain's MI5 and MI6. From the netherworld of Islamist cells in Belgium, to the training camps of Afghanistan, to the radical mosques of London, he risked his life to defeat the emerging global network that the West

would come to know as Al Qaeda. Now, for the first time, Nasiri shares the story of his life—a life balanced precariously between the world of Islamic jihadists and the spies who pursue them. As an Arab and a Muslim, he was able to infiltrate the rigidly controlled Afghan training camps, where he encountered men who would later be known as the most-wanted terrorists on earth: Ibn al-Sheikh al-Libi, Abu Zubayda, and Abu Khabab al-Masri. Sent back to Europe with instructions to form a sleeper cell, Nasiri became a conduit for messages going back and forth between Al Qaeda's top recruiter in Pakistan and London's radical cleric Abu Qatada.

The past comes back to haunt black ops specialist Sean Dillon and his colleagues in this New York Times bestselling novel of terrorism, revenge, and a very old nemesis... On a dark summer night, two Chechen mercenaries emerge from the waters off Nantucket to kill a high-value target, the former President of the United States. Unfortunately for them, the president has guests that night, including Sean Dillon and his colleague, Afghan war hero Captain Sara Gideon. The Chechens do not survive the night, but Dillon is curious about how they even got on the island. What he discovers sends a chill through his bones—a name from Dillon's distant past. If this man is working with the terrorists now, the assassination attempt is only the beginning—and next time, the results may be

'Andreas Fischer provides a thoroughly documented guide to Joyce's life in Zurich and to the influence of the city on his work, with many anecdotes that give the flavour of Zurich in Joyce's day. His handbook will be of value to students and professional scholars of Joyce for the biographical material it provides as background to Joyce's work. It will be especially useful to the many visitors to Zurich who want to see the city as Joyce knew it.' - David Spurr, University of Geneva, Switzerland This book offers a comprehensive account of James Joyce and Zurich, one of the four cities (including Dublin, Trieste and Paris) in which he spent significant parts of his life. As a refugee during World War I, Joyce wrote a substantial part of Ulysses in Zurich and subsequently visited the city regularly during the 1930s. Finally, a refugee for the second time, he died there on 13 January 1941 and is buried in Fluntern Cemetery. This guide is conceived both as a book that may be read in its entirety or consulted selectively for specific

information. An introduction and three chapters, Joyce in Zurich, Zurich in Joyce and Zurich after Joyce, are followed by sixty alphabetically ordered articles on people, places, institutions and events relevant to Joyce during his time in Zurich. Linked by cross-references and an index, they provide a rich, kaleidoscopic view of Joyce's Zurich.

In February 1942, intelligence officer Victor Jones erected 150 tents behind British lines in North Africa. "Hiding tanks in Bedouin tents was an old British

trick," writes Nicholas Rankin. German general Erwin Rommel not only knew of the ploy, but had copied it himself. Jones knew that Rommel knew. In fact, he counted on it--for these tents were empty. With the deception that he was carrying out a deception, Jones made a weak point look like a trap. In *A Genius for Deception*, Nicholas Rankin offers a lively and comprehensive history of how Britain bluffed, tricked, and spied its way to victory in two world wars. As Rankin shows, a coherent program of strategic deception emerged in World War I, resting on the pillars of camouflage, propaganda, secret intelligence, and special forces. All forms of deception found an avid sponsor in Winston Churchill, who carried his enthusiasm for deceiving the enemy into World War II. Rankin vividly recounts such little-known episodes as the invention of camouflage by two French artist-soldiers, the creation of dummy airfields for the Germans to bomb during the Blitz, and the fabrication of an army that would supposedly invade Greece. Strategic deception would be key to a number of WWII battles, culminating in the massive misdirection that proved critical to the success of the D-Day invasion in 1944. Deeply researched and written with an eye for telling detail, *A Genius for Deception* shows how the British used craft and cunning to help win the most devastating wars in human history.

This volume continues the Dialects of English series, and complements Irish English volume 1: Northern Ireland, by Karen Corrigan. Focusing on Irish English in the Republic of Ireland, the book starts by exploring the often oppositional roles of national language development and globalisation in shaping Irish English from the earliest known times to the present. Three chapters on the lexicon and discourse, syntax, and phonology focus on traditional dialect but also refer to colloquial and vernacular Irish English, the use of dialect in literature, and the modern “standard” language, especially as found in the International Corpus of English (ICE-Ireland). A separate chapter examines the internal history of Irish English, from Irish Middle English to contemporary change in progress. The book includes an extended bibliographical essay and a set of sample literary texts and texts from ICE-Ireland. Continuing themes include the impact on Irish English of contact with the Irish language, the position of Irish English in world Englishes, and features which help to distinguish between Irish English in the Republic and in Northern Ireland.
