Checklists help us work better. They help us manage complex tasks more effectively and ensure we apply what we know correctly and consistently. They've become indispensable for airline pilots and doctors, but can this low-tech approach to planning and problem solving demand a place in the teacher's toolkit? Teaching is complicated, with challenging decisions and important consequences, but it's in the most complex situations that a straightforward checklist can be the most useful. Goodwin and Hubbell present 12 daily touchstones--simple and specific things any teacher can do every day--to keep classroom practice focused on the hallmarks of effective instruction and in line with three essential imperatives for teaching: * Be demanding: Align teaching with high expectations for learning. * Be supportive: Provide a nurturing learning environment. * Be intentional: Know why you're doing what you're doing. If there were one thing you could do each day to help one student succeed, you'd do it, wouldn't you? What about three things to help three students? What if there were 12 things you could do every day to help all of your students succeed? There are, and you'll find them here.

“Every teacher, every student of history, every citizen should read this book. It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself.” —Howard Zinn

A new edition of the national bestseller and American Book Award winner, with a new preface by the author

Since its first publication in 1995, *Lies My Teacher Told Me* has become one of the most important—and successful—history books of our time. Having sold nearly two million copies, the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the *New York Times*. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be “objective.” What started out as a survey of the twelve leading American history textbooks has ended up being what the *San Francisco Chronicle* calls “an extremely convincing plea for truth in education.”

In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.

This comprehensive book focuses on how the COVID-19 pandemic is transforming travel and tourism, globally. Despite the devastation caused by COVID-19, authors argue that within the ongoing crisis, there is also an opportunity to positively transform the tourism sector in ways that contribute to a more hopeful future for tourism practitioners, tourists and host communities. As the world emerges from the shadow of COVID-19 there will not be a return to the "normal". Rather, the volume shares a vision of global transformation that is driven at least in part by the changing ways people in the post-COVID-19 era may travel and encounter each other and their environments. Individual chapters explore topics such as: regenerative economies, transformational travel, critical perspectives on pandemics and tourism, sustainable development and resilience post-COVID-19, re-discovering and re-localising tourism, global (im)mobilities, transforming tourism management, as well as new value systems for travel and tourism including the chance to strengthen social equity and social justice as tourism returns after COVID-19. In this edited volume, a series of senior and emerging scholars engage with debates on how to best contribute to more substantial, meaningful, and positive planetary shifts within the tourism industry. The chapters in this book were originally published as a special issue of the journal *Tourism Geographies*.

To be successful, teachers of English in grades 6–12 need more than basic content knowledge and classroom management skills. They need a deep understanding of the goals and principles of teaching literature, writing, oral discourse, and language in order to make sound instructional decisions. This engaging book explores the pedagogical foundations of the discipline and gives novice and future teachers specific guidance for creating effective, interesting learning experiences. The authors consider such questions as what makes a literary text worth studying, what students gain from literary analysis, how to make writing meaningful, and how to weave listening and speaking into every class meeting. Our unconscious thought patterns determine our relationships, our spiritual life and our connection to God to a much greater extent than we know. That's an alarming thought, because the subconscious mind is a mysterious realm that is really difficult to access and influence...right? No. It's really not! And it's the most urgent and impactful thing we can do. This book will show you how. How do I choose faith over fear when my loved ones are making poor choices? Why don't I feel happier if I'm reading and praying like I've been taught? How can I stop feeling like I'm just not good enough? What am I to do when my spouse is judgmental of me? How do I trust in Christ when everything seems to be falling apart? Get answers to these and other tough questions in the context of Christ-centered principles throughout this book. In *Better Than Happy*, Jody shows how a simple 5-step model she uses in every session with her clients can reveal the unconscious patterns of thoughts that keep us from deeper and healthier connection with ourselves, with our loved ones and with God. Jody then shows how, once we clear the debris of our unconscious patterns of thought, new streams of understanding of Christ's
