

Trade The Momentum Forex Trading System

“Forex Trading Strategies” is a complete guide of most popular and widely used strategies in Forex trade. You can read about day trading and its main types, understand the strategies based on market analysis, learn about portfolio and algorithmic trading, and many more. The book represents the ins and outs of each strategy - why and how it is used and how to get profit from trade. It is suitable for all traders who are novice in trade or want to improve their skills. All the strategies classified and explained here are for educational purposes and can be applied by each trader in a different way.

Whether you're a full-time trader looking to make a living or a part-time trader looking to make some extra money, the foreign exchange (forex) market has what you desire--the potential to make sizeable profits and 24/7 accessibility. But to make it in today's forex market, you need more than a firm understanding of the tools and techniques of this discipline. You need the guidance of someone who has participated, and prevailed, in this type of fast-paced environment. Raghee Horner has successfully traded in the forex market for over a decade, and now, in *Thirty Days of Forex Trading*, she shares her experiences in this field by chronicling one full month of trading real money. First, Horner introduces you to the tools of the forex trade, and then she moves on to show you exactly what she does, day after day, to find potentially profitable opportunities in

Read PDF Trade The Momentum Forex Trading System

the forex market. Part instructional guide, part trading journal, *Thirty Days of Forex Trading* will show you--through Horner's firsthand examples--how to enter the forex market with confidence and exit with profits.

Proven currency-specific trading strategies from one of today's top currency analysts "If you trade currency, then you need to have this book on your desk. It's the only book you need for technical analysis of the fastest-moving market on the planet." -Rob Booker, Currency Trader, W.R. Booker & Company

"In plain English, Schlossberg lays out the basics in using technical analysis to trade foreign currencies, from the fundamentals of how the FX market works to the variety of technical strategies and trade management techniques traders can employ. Along the way, he offers entertaining examples and observations as well as simple, easy-to-read charts and diagrams. Anyone interested in getting started in the hugely popular FX market would do well to begin with this book."

-Sarah Rudolph, Executive Editor, SFO Magazine "Boris Schlossberg has done a fabulous job with this book. It's packed with insightful tips and strategies that are sure to save traders a lot of time and money." -Cory Janssen, CoFounder, Investopedia.com

"Schlossberg's book is a great resource for traders just starting out in currency markets. His focus on simplicity is critical for a new trader's education on how to make money."

-Andrew B. Busch, Global FX Strategist, BMO Financial Group

Read PDF Trade The Momentum Forex Trading System

day job. This book offers you a simple and reliable trading system that you can use right away with no guessing or tweaking required. It comes with a trend filter that helps you to understand the strength of the existing trend and a momentum filter that you can tweak to fit your own trading style and to increase its robustness. The mechanics of this system were first unveiled in a public forum several years ago. The author takes it to the next level by using daily charts as the primary trading time frame and adding a trend and momentum filter. If you follow this system correctly, you will be taking only high probability trades. The system will keep you in the trade for as long as the trend is running strong so that you will not be leaving money on the table by exiting too soon. With this system in your trading arsenal, you will not be making the mistakes most traders make, especially over-trading and over-analyzing, the main reasons why most traders are not profitable. This book is a must-read for anyone starting their journey into trading, or even experienced traders who are not getting the results they want from trading. It is ideal for people who work full time or those with busy schedules. You'll learn how successful traders make money by consistently trading trends—and how you can copy that success. This book is short and can be easily finished within a couple of hours. It provides simple and easy to follow trading rules, and can dramatically change your financial prospects! For less than what you would pay in commission on one trade, this book would be the best investment (of money and time) you have ever made. If you want to fast-forward your learning curve and learn to trade effectively as quickly as

This exclusive forex e-book is essential for learning how to trade in the foreign currency exchange market like the pros! I am Justin Whitt, CEO of Pro-logic Investing Services

Read PDF Trade The Momentum Forex Trading System

Inc., and I have been privately trading in the foreign currency exchange market for over 15 years now with an intelligent, logical, and effective Forex trading system, which I have now made available online in this exclusive e-book. I have taught extensive Forex trading classes in years past, but this is the first time I have made this system readily available online. This book actually has been very popular among my private investor associates, but the material you find in this book is composed in a way that anyone from beginners to experts will be able to understand and utilize the information to trade successfully in Forex. Furthermore, what you find in this book will probably be unlike any other trading system made available to the public, covering everything from why most analytical indicators are lagging or just don't work to how to properly use fundamentals, technical indicators, economic indicators, Non-Farm Payroll, COT reports, etc.

PRO-LOGIC FOREX SYSTEM COVERS (DETAILED E-BOOK STRATEGY): How to use the pro-logic trading system like a professional to determine when to initiate a trading position, when to exit a trading position, and how to effectively incorporate technical and economic indicators in your trading decisions. How to master the essentials of trading in the Forex market. How to understand and manage the psychology of trading Forex. How to incorporate Technical Indicators(MACD, RSI, and SAR) – how to use them in your trading strategy, how set the parameters to be more accurate in choppy markets, how to incorporate them into your system without ignoring market sentiment. How to

Read PDF Trade The Momentum Forex Trading System

incorporate Economic Reports – resourceful tools that will boost your monthly profits (covers major economic reports such as the Non-Farm Payroll). How to use Support & Resistance Levels in your trading strategy to increase probabilities. How to incorporate Technical Indicators such as Momentum, Support and Resistance, Candlestick Chart Indicators and other resources in your technical analysis. How to incorporate the Commission of Traders Report in your trading system to properly evaluate Momentum and Market Sentiment. How to incorporate the Fundamentals of Price Action in your trading system. How to incorporate the mechanics of Price Manipulation in the Forex market to boost profitability. _____

This e-book is for educational purposes only.

Price Action Breakdown is a book on pure price action analysis of financial markets. It is based on trading the pure price action using key supply and demand levels. **WHAT WILL YOU LEARN BY READING THIS BOOK?** Proven price action concepts and techniques to find the market trend, thoroughly analyze its overall strength and make the most informed judgments possible about its termination. Develop a clear market structure just by interpreting the price movements on your charts. How to discover the footprint of the big financial institutions entering the market. Perhaps the most important, you will learn a complete thought process that will make you a very versatile trader, able to adapt to the constantly changing market conditions. This will change the way you see the market and the way you trade it. The methods explained in the book

Read PDF Trade The Momentum Forex Trading System

will give you the edge you need in order to become consistently profitable while trading Forex, Futures, Stocks, Options, Commodities, Indices and all the liquid markets. Forex trading is big business and looks like a time-consuming task to undertake. Most potential traders who would otherwise have started trading are overwhelmed just by the thought of the time it will take to learn forex trading not to talk of actually executing a trade. The time-consuming part would have been true some decades ago. However, at the moment, I would say I beg to differ. This book is written to show you that the time we live in now is "The Age of the Machines", just press play, and let the robots do the trading for you. Without dwelling on irrelevant stories, I will go straight into revealing what you are about to learn in this book:

- A step-by-step process of how to develop your own custom forex indicator robots
- You need ZERO knowledge of robotics, coding, or programming to be able to create your own robot and Artificial Intelligence (A.I.).
- How to develop a forex indicator robot for Moving Averages
- How to develop a forex indicator robot for support and resistance
- How to develop breakout momentum forex indicator robot using Bollinger Bands
- How to develop breakout momentum forex indicator robot using Wedge or Squeeze
- How to develop runaway gapping forex indicator robot
- How to develop a multi-timeframe forex indicator robot
- How to develop a math-driven Parabolic SAR forex indicator

robot. ?A step-by-step process of how to develop your own custom forex trading robot ?How to develop a NON-FARM PAYROLL forex trading robot ?How to easily convert all your indicators to trading robots that will trade on your behalf. ?How to make your robot trade for you even when your computer or phone is turned off. ?How to find entry points for your robot to trade ?Understanding A.I, smart forex robot, machine learning in forex robot development, and quantum forex robot trading. Many more things you will learn are all included in this book. You can only find out about all these if you get a copy of this book.

50 Pips A Day Forex Strategy Start making consistent profits in the forex market. This is a very clear and simple to follow forex trading strategy to get you started achieving consistent profits day after day trading the forex market. It will make you 50 pips per day or more every day. It is ideal for beginner traders but it will give a great deal of help to more experienced traders that have not found a clear

strategy to make profits consistently. Components Support and Resistance
Candlesticks Moving Average Time frame - 4 hours chart It is easy to understand and to put in practice. It has very well defined entry, stop loss and exit levels. Apart from the strategy, this book also contains a very useful guide that teaches you how to construct a profitable forex trading system for yourself and how to avoid trading and money management mistakes. How to Build a Solid Trading System Are you new to forex trading or just started to trade on a live account but with not much success ? You need a solid forex trading system based on sound principles of the forex market, that has clear trading and money management rules. Do you have a forex trading system and you have been trading with it for a period of time but still you don't have the success you hoped for ? This can only mean that your trading system does not take into account the basic trading rules and principles that any powerful forex trading system incorporates. This book teaches you how to construct your own powerful forex trading system, what are the most important forex trading tools that you must include in it, what not to include in your forex trading system, how to apply solid money management rules and equally important, how to avoid making trading mistakes that will cost you when you start to trade with your newly developed forex system.

Praise for FOREX CONQUERED "In this amazing book, John covers it all. From

Read PDF Trade The Momentum Forex Trading System

trading systems to money management to emotions, he explains easily how to pull money consistently from the most complicated financial market in the world. John packs more new, innovative information into this book than I have ever seen in a trading book before." —Rob Booker, independent currency trader "John Person is one of the few rare talents that are uniquely qualified to help traders understand the process of successful trading. With today's markets becoming increasingly challenging, John has cut right into the essentials and brought forward the much-needed tools of forex trading. This clear and well-organized publication is a major step forward in helping traders gain an edge. I would highly recommend Forex Conquered as a valuable handbook for both aspiring and experienced traders alike." —Sandy Jadeja, Chief Market Analyst and Editor London Stock Exchange, London, England "Forex Conquered is a bold title, but this book delivers the tools needed for successful forex trading. There is no fluff here, just the wisdom of a trading veteran that I have always respected and followed." —Michael Kahn, Editor, Quick Takes Pro market letter and Columnist, Barron's Online "This is a wonderful, in-depth view into the explanation of technical analysis and prudent money management guidelines in the forex market." —Blake Morrow, President, 4XMadeEasy "Forex Conquered is a meaningful contribution to the growing number of books on forex trading. John

Person provides a professional view of forex trading that readers will be able to use as a guide for strategies and tactics that work. The scope of the book covers more than forex and includes salient aspects of futures and option trading. It should be read and then re-read!" —Abe Cofnas, President, Learn4x.com Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Success as a day trader will only come to 10 percent of those who try. It's important to understand why most traders fail so that you can avoid those mistakes. The day traders who lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before diving into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you can possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I'll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by itself sets you apart from the majority of beginner

traders.

A comprehensive guide to Forex trading for individual investors. Countless money-making opportunities abound in the Foreign Exchange (Forex) market every day, but how does an amateur investor take advantage of these opportunities to earn high returns? This book by CNBC-featured Forex Expert Mario Singh provides a comprehensive solution to this question. Following the first section that explains in plain English—what is Forex trading, how money is made in the Forex "game," the six major players involved, and the importance of knowing one's Trader Profile—the second section focuses on specific and practical guidance which includes: A "Trader Profile Test" to help the reader get a clear picture of his natural trading style and which of five trading profiles he belongs to (Scalper, Day Trader, Swing Trader, Position Trader or Mechanical Trader) 17 proven trading strategies (between 2 to 5 strategies for each trader profile) for the reader to immediately start cashing in on the Forex market. Descriptions of an array of real-world trading scenarios, with tips on how to address them. A section that shows the reader how to custom-tailor a trading system designed for his sensibilities and risk tolerance. Forex hedging strategies for finance professionals at multinational corporations. Short on theory and long on practical insights and step-by-step guidance, 17 Proven Currency Trading Strategies—How To Profit in the Forex

Market will help anyone—from beginners to professionals, and everyone in between—to master the Forex market and be consistently profitable.

A simple guide to a smarter strategy for the individual investor *A Wealth of Common Sense* sheds a refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming.

Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for

an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.

Learn a powerful trading strategy in just 15 minutes. Then use it to make money for the rest of your life. Ready to get started trading stocks, but don't know where to begin? Momentum stocks are a great place to start. Imagine what it would be like if you started each morning without stress, knowing exactly which stocks to trade. And if you ever get stuck, you can always reach out to the author by email (provided inside of the book), and he will help you. Get started today Scroll to the top of this page and click BUY NOW.

Note: this book also includes the "50 pips a day forex strategy" book Day Trading Forex with Price Patterns Forex Price Action Day Trading System Make 1000 pips per month or more Timeframes used - 30minutes-4hours Components - Price Action Trends - Price Patterns - Support and Resistance Levels The book contains a powerful price action day trading system that focuses on very strong patterns that price makes. These patterns are illustrated with great detail inside the book, but more importantly, the logic behind every pattern is described in a way that the trader will learn exactly what is happening with the buyers and sellers, which of them are stronger at that time. Knowing this, the trader can then make the best trading decisions. The system looks at the bigger picture to find the direction in which to trade, then it uses the 30 minutes chart to spot price patterns and day trade them with very good success. It doesn't use technical indicator of any kind. It also has very well defined entry, stop loss and exit rules that enables the trader to make the maximum out of every trade. Learning and applying this forex day trading system is all you have to do to become profitable consistently. You can read the sample and if you have any questions regarding this book feel free to contact me through my email address damirlaurentiu@yahoo.com

Read PDF Trade The Momentum Forex Trading System

FX Bootcamp's Guide to Strategic and Tactical Forex Trading skillfully explains how to combine popular technical indicators to formulate a comprehensive market strategy. Readers will then learn how to focus on using this information to create a tactical trading plan - one that will help them pull the trigger to get in and out of a trade. Along the way, McDonnell takes the time to discuss the various challenges a Forex trader faces, such as greed, fear, loss, and isolation.

Improve identification of candlestick patterns. With Qstick, you can quantify both the internal momentum and shadows, and produce objective numbers to look at rather than a pattern to ponder.

Praise for Handbook of Exchange Rates “This book is remarkable. I expect it to become the anchor reference for people working in the foreign exchange field.” —Richard K. Lyons, Dean and Professor of Finance, Haas School of Business, University of California Berkeley “It is quite easily the most wide ranging treaty of expertise on the forex market I have ever come across. I will be keeping a copy close to my fingertips.” —Jim O’Neill, Chairman, Goldman Sachs Asset Management

How should we evaluate the forecasting power of models? What are appropriate loss functions for major market participants? Is the exchange rate the only means of adjustment? *Handbook of Exchange Rates* answers these questions and many more, equipping readers with the relevant concepts and policies for working in today’s international economic climate. Featuring contributions written by leading specialists from the global financial arena, this handbook provides a collection of original ideas on foreign exchange (FX) rates in four succinct sections:

- Overview introduces the history of the FX market and exchange rate

regimes, discussing key instruments in the trading environment as well as macro and micro approaches to FX determination. • Exchange Rate Models and Methods focuses on forecasting exchange rates, featuring methodological contributions on the statistical methods for evaluating forecast performance, parity relationships, fair value models, and flow-based models. • FX Markets and Products outlines active currency management, currency hedging, hedge accounting; high frequency and algorithmic trading in FX; and FX strategy-based products. • FX Markets and Policy explores the current policies in place in global markets and presents a framework for analyzing financial crises. Throughout the book, topics are explored in-depth alongside their founding principles. Each chapter uses real-world examples from the financial industry and concludes with a summary that outlines key points and concepts. Handbook of Exchange Rates is an essential reference for fund managers and investors as well as practitioners and researchers working in finance, banking, business, and econometrics. The book also serves as a valuable supplement for courses on economics, business, and international finance at the upper-undergraduate and graduate levels.

Scroll up and click the buy now button to begin the journey to the life of your dreams! FXstreet.Com's 2013 Best Book Award! The Sensible Guide to Forex: Safer, Smarter Ways to Survive and Prosper from the Start is written for the risk averse, mainstream retail investor or trader seeking a more effective way to tap forex markets to improve returns and hedge currency risk. As the most widely held currencies are being devalued, they're taking your portfolio down with them—unless you're prepared. For traders, the book focuses on reducing the high risk, complexity, and time demands normally associated with forex trading. For long-term investors, it concentrates on how to hedge currency risk by diversifying portfolios into the strongest currencies for lower risk and higher capital gains and income. The usual forex materials don't provide practical answers for most retail traders or longer term investors. Virtually all forex trading materials focus on time-consuming, high-leverage, high-risk methods at which most traders fail. Materials about long-term investing in foreign assets rarely take into account the prospects of the related currency. A falling currency can turn an otherwise good investment into a bad one. Throughout the book, the emphasis is on planning and executing only low risk, high potential yield trades or investments and avoiding serious losses at all costs. Packed with richly illustrated examples every step of the way and including additional appendices and references to online resources, the book is the ultimate guide to forex for retail traders and investors seeking to tap forex markets for better currency diversification and income. Provides traders with safer, smarter, less complex and time-consuming ways to trade

Read PDF Trade The Momentum Forex Trading System

forex with higher odds of success. These include the use of such increasingly popular new instruments like forex binary options and social trading accounts that mimic expert traders. Shows investors how to identify the currencies most likely to hold or increase their value, and provides a wealth of ideas about how to apply that knowledge to a long-term, low-maintenance portfolio for both income and capital appreciation. Helps anyone seeking an asset class with low correlation to other markets by explaining how the very nature of forex markets means that regardless of market conditions there's always a playable trend somewhere, regardless of what other asset markets are doing, and how to find and exploit it for a short-term trade or a long-term investment in a currency pair, stock, bond, or other asset The Sensible Guide to Forex is only book that teaches mainstream risk averse investors and traders how to build a portfolio that's diversified by currency exposure as well as by asset class and sector, via a variety of safer, simpler methods to suit different needs, risk tolerances, and levels of expertise. Written by Cliff Wachtel, a 30+ year financial market writer, advisor, and analyst, The Sensible Guide to Forex offers practical solutions to the above dilemmas faced by every serious, prudent investor. A must own for any informed investor-but don't take out word for it - see advanced reviews at: <http://thesensibleguidetoforex.com/review/>

Pattern Cycles are not easy or automatic; they require concentration, discipline, and skilled execution. But the payoff of these classic strategies is virtually unlimited. This book explains how traders can use technical analysis, charting, and market sentiment to make trades that hold through price fluctuations and noise with wider stops.

A guide to the latest, most promising technical indicators and their applications Momentum, direction, and divergence are the three basic components of nearly all technical indicators used

in the analysis of stock and commodities trading. And for those who understand them and their applications, they are also the pillars of a high-performance trading strategy. In this groundbreaking book, technical wizard William Blau schools financial professionals in all three. Combining the latest financial information with dozens of eye-opening graphics, Blau clearly, concisely, and with a minimum of complex mathematics:

- * Introduces the principle of double smoothing and develops potent new indicators based on double smoothing techniques *
- Describes the uses and limitations of a variety of notable technical indicators *
- Explains momentum, direction, and divergence and new ways to apply them *
- Presents the True Strength Index and shows how it can dramatically improve most directional indicators *
- Provides new ways of identifying divergence that make implementation far simpler than ever before

MOMENTUM, DIRECTION, AND DIVERGENCE The Wiley Trader's Advantage is a series of concise, highly focused books designed to keep savvy traders in tune with the latest successful strategies and techniques used by the keenest minds in the business. In this latest volume, technical expert Bill Blau shows you how momentum, direction, and divergence form the basis of most technical indicators and how they can work for you to provide a considerable competitive advantage. Clearly, concisely, and with a minimum of complex mathematics, Blau shows you how to understand and apply them. Integrating the latest financial insights with more than 75 easy-to-follow graphics, Blau describes the uses and limitations of many of today's most notable technical indicators. He then demonstrates a variety of ways in which the principles of momentum, direction, and divergence can be used to create a versatile new set of technical indicators or to improve the effectiveness of the most widely used traditional indicators. Focusing on the groundbreaking double smoothing concept,

Trade the Momentum - Forex Trading System Independently Published

The Ultimate Forex Trading System has chosen an easy, foolproof, practical approach to trading using only real time or leading inherent signals (chart patterns, price dynamics, currency pairs correlation, volume-price-analysis and traders sentiment) that control the currency moves. And because of this unique approach, The Ultimate Forex Trading System has reached an extraordinary performance. In a very short time the system makes you able to: 1- Analyze the market as accurate as possible, 2- Find the best entry and exit points and manage your trades, 3- Control your psychology during the trades and 4- Gain a consistent profit. With a proven 92% winning rate on all currency pairs and removing the three major Forex trading difficulties (profitability, manageability and psychology), The Ultimate Forex Trading System gives you an enjoyable, stress free and highly profitable trading experience. No matter you are an experienced trader or a beginner, The Ultimate Forex Trading System

a computer to find good trades * How to develop a powerful trading system * How to find the trades with the best odds of success * How to find entry and exit points, set stops, and take profits Trading for a Living helps you discipline your Mind, shows you the Methods for trading the markets, and shows you how to manage Money in your trading accounts so that no string of losses can kick you out of the game. To help you profit even more from the ideas in Trading for a Living, look for the companion volume--Study Guide for Trading for a Living. It asks over 200 multiple-choice questions, with answers and 11 rating scales for sharpening your trading skills. For example: Question Markets rise when * there are more buyers than sellers * buyers are more aggressive than sellers * sellers are afraid and demand a premium * more shares or contracts are bought than sold * I and II * II and III * II and IV * III and IV Answer B. II and III. Every change in price reflects what happens in the battle between bulls and bears. Markets rise when bulls feel more strongly than bears. They rally when buyers are confident and sellers demand a premium for participating in the game that is going against them. There is a buyer and a seller behind every transaction. The number of stocks or futures bought and sold is equal by definition.

Note: this book includes the "50 pips a day forex strategy" book Follow Price Action Trends Forex Price Action Trading System that will help you make 1000 pips per month Timeframes used: 1hour-4hours / 4hours-daily / daily-weekly Component Forex Price Action Trends Summary This is a very lucrative forex price action system that identifies changes in price action trends on the one hour chart. Note: This material includes the "50 pips a day forex trading strategy" Forex Range Trading With Price Action Lucrative price action range trading system with 95% rate of success Timeframes - 1 hours and 4 hours If you trade with the trend like the majority of traders out there, then you probably know by now that following the trend and jumping in the market when a good opportunity shows itself represents the safest and most lucrative approach a trader can have if he wants to be successful. However, most of the times, a problem appears when the trend pauses and the market starts to move sideways, causing so many trend following traders to lose most or all of their previous hard earned profits. This book presents a complete forex trading system for trading a range bound market. It goes from explaining how to spot in time that price is about to develop a trading range, to managing your stop loss levels and exiting the trade. This is all done just by reading the price action, this system does not include any technical indicators. You will learn how to recognize early the shift from trending to sideways movement that will keep you away from losing trades. You will learn how to identify a range early and trade it successfully, with clear entry, stop loss, exit levels and with very good risk reward ratio.

Discover a variety of technical and fundamental profit-making strategies for trading the currency market with the Second Edition of Day Trading and Swing Trading the Currency Market. In this book, Kathy Lien—Director of Currency Research for one of the most popular Forex providers in the world—describes everything from time-tested technical and fundamental strategies you can use to compete with bank traders to a host of more fundamentally-oriented strategies involving intermarket relationships, interest rate differentials, option volatility, news events, and central bank intervention.
