Approximately five million people worldwide speak Albanian. The opening of Albania in the 1990s to broader trading and diplomatic relations with other nations has created a need for better knowledge of the language and culture of this country. This book teaches the student to communicate in everyday situations in the language, with each chapter introducing a new situational context. Students learn to discuss work, vacations, health, and entertainment.

Students also learn to practice basic skills such as shopping, ordering tickets, and renting an apartment. Upon completing this textbook, students will be at the A2/B1 level of proficiency on the scale provided by the Common European Framework of Reference for Languages (CEFR). The textbook includes:

- eighteen lessons based on real-life situations, including three review lessons
- dialogues to help introduce vocabulary and grammatical structures
- comprehension questions and exercises
- related readings at the end of each chapter
- full translations for all examples discussed in grammar sections

manuale destinato agli studenti universitari, può essere utilizzato con profitto anche da chi intende studiare da autodidatta. Il manuale nasce dall'esigenza di dotare l'insegnamento della lingua albanese in Italia di uno strumento solido e aggiornato e di colmare in tal modo una lacuna nel panorama della didattica delle lingue moderne. Tale esigenza è dettata soprattutto dall'intensificarsi, negli ultimi decenni, dei rapporti di ogni sorta tra i due popoli e dal conseguente aumento dell'interesse verso la lingua e la cultura albanese in Italia. Gli aspetti grammaticali sono presentati in modo chiaro ed esauriente, con esempi d'uso corrente e rubriche lessicali, in funzione del progressivo sviluppo degli automatismi comunicativi fino a raggiungere una conoscenza intermedia della lingua. L'approccio didattico e i diversi esercizi (lettura, grammatica, ascolto, produzione orale e scritta) mirano allo sviluppo delle competenze attive fin dalle prime lezioni. A fine volume sono presenti le soluzioni degli esercizi che consentono di valutare le competenze grammaticali e lessicali acquisite e un glossario di riepilogo albaneseitaliano. Le tracce audio Mp3 che contengono la registrazione dei testi e degli esercizi sono scaricabili alla pagina www.hoeplieditore.it/76840.

In some senses, Albania is a living museum of the past. Originally a small

herding community in the most inaccessible reaches of the Balkans, the presence of Albanians in southeastern Europe has been documented for over a thousand years. Albanian traditional folk culture, which evolved over centuries of relative isolation, is surprisingly rich. Yet despite recent events this culture remains little known to the Western world. Due to the lasting effects of a half century of Stalinist dictatorship, very few individuals even in Albania know much about their own popular traditions. The Dictionary of Albanian Religion, Mythology, and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs. Alphabetical entries shed light on blood feuding, figures of Albanian mythology, religious beliefs, communities, and sects, calendar feasts and rituals, and popular superstitions, as well as birth, marriage, and funeral customs, and sexual mores. This unique volume will stand as the standard reference work on the subject for years to come.
