(Schott). Although the recorder is often the instrument with which children will make their first musical discoveries, it is also an instrument of the highest artistic merit. This series links these two extremes, providing a carefully planned pathway between first contact with the instrument and professional recorder playing. The three tutor books are suitable for use both with small groups and for individual tuition. Progress is made in small steps, placing great value on consistent work with breathing, sound production and the development of rhythmic security. Books feature carefully planned, precisely formulated exercises. Tutor Book 3 completes the range up to C3, at which point the treble recorder can be introduced.

A carefully graded selection of tuneful pieces for flute and piano including well-crafted arrangements providing practice of the keys, note-ranges and fingering patterns encountered in the early grades. Each volume presents the pieces in chronological order to give a sense of the different styles of music through the years.

Offers valuable support to teachers preparing students for ABRSM Practical exams. Includes recordings of all practical exercises.
