

## Trump Surviving At The Top

This book is a satirical look at the mind of a very "stable" kindergarten genius, as he tries to teach you lessons on surviving school by doing it the "Lil' Donnie" way.

An award-winning political journalist for The Atlantic tells the inside story of how the embattled Democratic Party, seeking a direction for its future during the Trump years, successfully regained the White House. The 2020 presidential campaign was a defining moment for America. As Donald Trump and his nativist populism cowed the Republican Party into submission, many Democrats—haunted by Hillary Clinton's shocking loss in 2016 and the resulting four-year-long identity crisis—were convinced that he would be unbeatable. Their party and the country, it seemed, might never recover. How, then, did Democrats manage to win the presidency, especially after the longest primary race with the biggest field ever? How did they keep themselves united through an internal struggle between newly empowered progressives and establishment forces—playing out against a pandemic, an economic crisis, and a new racial reckoning? Edward-Isaac Dove's *Battle for the Soul* is the searing, fly-on-the-wall account of the Democrats' journey through recalibration and rebirth. Dove traces this process: from the early days in the wilderness of the post-Obama era to the jockeying of potential candidates; from the backroom battles and exhausting campaigns to the unlikely triumph of the man few expected to win; and on through the inauguration and the insurrection at the Capitol. Dove draws on years of on-the-ground reporting and contemporaneous conversations with the key players—whether with Pete Buttigieg in his hotel suite in Des Moines an hour before he won the Iowa caucuses or with Joe Biden in his first-ever interview in the Oval Office—as well as with aides, advisors, and voters. Offering unparalleled access and an insider's command of the campaign, *Battle for the Soul* takes a compelling look at the policies, politics, and people, as well as the often absurd process of running for president. This fresh and timely story brings you on the trail, into the private rooms, and along to eavesdrop on critical conversations. You will never see campaigns or this turning point in our history the same way again.

"When Gessen speaks about autocracy, you listen." —The New York Times "A reckoning with what has been lost in the past few years and a map forward with our beliefs intact." —Interview  
As seen on MSNBC's Morning Joe and heard on NPR's All Things Considered: the bestselling, National Book Award-winning journalist offers an essential guide to understanding, resisting, and recovering from the ravages of our tumultuous times. This incisive book provides an essential guide to understanding and recovering from the calamitous corrosion of American democracy over the past few years. Thanks to the special perspective that is the legacy of a Soviet childhood and two decades covering the resurgence of totalitarianism in Russia, Masha Gessen has a sixth sense for the manifestations of autocracy—and the unique cross-cultural fluency to delineate their emergence to Americans. Gessen not only anatomizes the corrosion of the institutions and cultural norms we hoped would save us but also tells us the story of how a short few years changed us from a people who saw ourselves as a nation of immigrants to a populace haggling over a border wall, heirs to a degraded sense of truth, meaning, and possibility. *Surviving Autocracy* is an inventory of ravages and a call to account but also a beacon to recovery—and to the hope of what comes next.

National Bestseller Don't despair. Don't retreat. Fight back. The stunning election of Donald J. Trump rocked an already divided America and left scores of citizens, including the nearly sixty-five million voters who supported Hillary Clinton, feeling bereft and powerless. Now, Gene Stone, author of *The Bush Survival Bible*, offers invaluable guidance and concrete solutions they can use to make a difference in this serious call-to-arms—showing them how to move from anger and despair to activism. Before we can successfully engage, we need to be clear about the battles ahead. Stone outlines political and social concepts—including such issues as Civil Rights, Women's Rights, the Environment, Obamacare, International relations, and LGBTQ

Rights—providing a brief history of each, a refresher on Obama's policies, and an analysis of what Trump's administration might do. Stone then provides an invaluable guide for fighting back—referring to organizations, people, sites, and countless other resources that support positive and possible goals. While marches and social media are important forms of protest, concrete actions achieve real change. Positive and reinforcing, *The Trump Survival Guide* presents the essential information we need to effectively make our voices heard and our power felt.

TrumpSurviving at the TopRandom House Incorporated

The 1970s and 1980s heralded the rise of neoliberalism in United States culture, fundamentally reshaping life and work in the United States. Corporate culture increasingly penetrated other aspects of American life through popular press CEO autobiographies and management books that encouraged individuals to understand their lives in corporate terms. Propelled into the public eye by the publication of 1989's *The Art of the Deal*, ostensibly a CEO autobiography, Donald Trump has made a career out of reversing the autobiographical impulse, presenting an image of his life that meets his narrative needs. While many scholars have sought a political precedent for Trump's rise to power, this book argues that Trump's aesthetics and life production uniquely primed him for populist political success through their reliance on the tropes of popular corporate culture. *Trump and Autobiography* contextualizes Trump's autobiographical works as an extension of the popular corporate culture of the 1980s in order to examine how Trump constructs an image of himself that is indebted to the forms, genres, and mechanisms of corporate speech and narrative. Ultimately, this book suggests that Trump's appeal and resilience rest in his ability to signify as though he is a corporation, revealing the degree to which corporate culture has reshaped American society's interpretive processes.

Donald Trump may be gone from the White House, but the 75 million people who voted for him are still out there . . . Updated to reflect election results, this is a look at the entirety of the Trump phenomenon, using psychological and social science studies, as well as polling analyses, to understand Donald Trump's followers, and what they will do now that he's gone. To find out, John Dean, of Watergate fame, joined with Bob Altemeyer, a professor of psychology with a unique area of expertise: Authoritarianism. Relying on social science findings and psychological diagnostic tools (such as the "Power Mad Scale" and the "Con Man Scale"), and including exclusive research and analysis from the Monmouth University Polling Institute (one of America's most respected public opinion research foundations), the authors provide us with an eye-opening understanding of the Trump phenomenon — and how it may not go away, whatever becomes of Trump.

A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by "an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up" (Kirkus Reviews). Since the 2016 election, Donald Trump's behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, "fake news," "build the wall," and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social

psychology methods and how they become fiercely loyal and obedient. Hassan was a former “Moonie” himself, and he presents a “thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press” (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). The Cult of Trump is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. “This book is a must for anyone who wants to understand the current political climate” (Judith Stevens-Long, PhD and author of Living Well, Dying Well).

THE INSTANT NEW YORK TIMES BESTSELLER "Sims's vivid portrait of Trump shrewdly balances admiration with misgivings, and his intricate, engrossing accounts of White House vendettas and power plays have a good mix of immersion and perspective. The result is one of the best of the recent flood of Trump tell-alls." —Publishers Weekly The first honest insider's account of the Trump administration. If you hate Trump you need the truth; if you love Trump you need the truth. After standing at Donald Trump's side on Election Night, Cliff Sims joined him in the West Wing as Special Assistant to the President and Director of White House Message Strategy. He soon found himself pulled into the President's inner circle as a confidante, an errand boy, an advisor, a punching bag, and a friend. Sometimes all in the same conversation. As a result, Sims gained unprecedented access to the President, sitting in on private meetings with key Congressional officials, world leaders, and top White House advisors. He saw how Trump handled the challenges of the office, and he learned from Trump himself how he saw the world. For five hundred days, Sims also witnessed first-hand the infighting and leaking, the anger, joy, and recriminations. He had a role in some of the President's biggest successes, and he shared the blame for some of his administration's worst disasters. He gained key, often surprising insights into the players of the Trump West Wing, from Jared Kushner and John Kelly to Steve Bannon and Kellyanne Conway. He even helped Trump craft his enemies list, knowing who was loyal and who was not. And he took notes. Hundreds of pages of notes. In real-time. Sims stood with the President in the eye of the storm raging around him, and now he tells the story that no one else has written—because no one else could. The story of what it was really like in the West Wing as a member of the President's team. The story of power and palace intrigue, backstabbing and bold victories, as well as painful moral compromises, occasionally with yourself. Team of Vipers tells the full story, as only a true insider could.

It's not good enough to want it. You've got to know how to get it. Real estate titan, bestselling author, and TV star Donald J. Trump is the man to teach you the billionaire mind-set—how to think about money, career skills, and life. Here is crucial advice on investing in real estate from the expert, everything from dealing with brokers to renovating to assessing the value of property, buying and selling, and securing a mortgage. Trump will show you how to cut costs, decide how much risk to assume in your investments, and divide up your portfolio. He'll also

teach you how to impress anyone, how to correct or criticize someone effectively, and how to know if your friends are loyal—everything you need to know to get ahead. And once you've earned your money, you've got to learn to spend it well. Trump presents his consumer guide to the best things in life, from wine to golf clubs to engagement rings. Check out the billionaire lifestyle—how they shop and what they buy. Even if you're not superwealthy, you can afford many of these luxuries. And what look inside the Trump world would be complete without *The Apprentice*? Trump will take you behind the scenes, from the end of season one and into season two, with insights into the making and the meaning of TV's hottest show. As Donald Trump proves, getting rich is easy. Staying rich is harder. Your chances are better, and you'll have more fun, if you think like a billionaire. This is the book that will help you make a real difference in your life. An instant #1 New York Times bestseller. The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of *A Very Stable Genius*. “Chilling.” – Anderson Cooper “Jaw-dropping.” – John Berman “Shocking.” – John Heilemann “Explosive.” – Hallie Jackson “Blockbuster new reporting.” – Nicolle Wallace “Bracing new revelations.” – Brian Williams “Bombshell reporting.” – David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members—Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens

and historians alike for decades to come.

"A great public service--critical for our time." --Bandy X. Lee, M.D., M.Div., Yale psychiatrist, expert on violence, and editor of *The Dangerous Case of Donald Trump* The New York Times-bestselling author of *Bush on the Couch* shows that Donald Trump is mentally and emotionally unfit to execute the duties of President. No president in the history of the United States has inspired more alarm and confusion than Donald Trump. As questions and concerns about his decisions, behavior, and qualifications for office have multiplied, they point to one primary question: Does he pose a genuine threat to our country? The American Psychiatric Association's Goldwater Rule constrains psychiatrists from offering diagnoses on public figures who are not patients and who have not endorsed such statements. But in *Trump on the Couch* Clinical Professor of Psychiatry Justin A Frank invokes the moral responsibility that compels him to speak out and present a full portrait of a man who presents us with a clear and present danger. Using observations gained from a close study of Trump's patterns of thought, action, and communication, Dr. Frank uncovers a personality riddled with mental health issues. His analysis is filled with important revelations about our nation's leader, including disturbing insights into his childhood, his family, his business dealings, and his unusual relationship with alternative facts, including how

- The absence of a strong maternal force during childhood has led to Trump's remarkable lack of empathy and disregard for women's boundaries;
- His compulsion to polarize America has grown out of the way he perceives the world as full of deceitful and destructive persecutors;
- His inability to tolerate the pain of frustration has triggered his belief that omnipotence will finally remove it;
- His idiosyncratic use of language points to larger issues than even his tweets might suggest.

With our country itself at stake, Dr. Frank calls attention to the underlying narcissism, misogyny, deception, and racism that drive the President who endangers it. A penetrating examination of how we as a nation got here and, more important, where we are going, *Trump on the Couch* sounds a call to action that we cannot ignore.

First he made two billion dollars. Then he made *The Apprentice*. Now *The Donald* shows you how to make a fortune, Trump style.

The host of the hit reality show *The Apprentice* presents an invaluable collection of grounded, hard-hitting advice on business success, from people who have made it to the boss's chair at some of America's most thriving companies. How can you find the way to the top? Ask people who are already there. Because you can't know it all. No matter how smart you are, no matter how comprehensive your education, no matter how wide-ranging your business experience, there's simply no way to acquire all the wisdom you need to make your business flourish. You need to learn from those who have blazed a trail before you. Donald Trump has asked many of the brightest, most successful businesspeople he knows—and some he doesn't know—to answer this question: What's the best business advice you ever received? The result is a compelling resource of wisdom and wit that

reveals how some of the most accomplished people conduct their personal and business affairs, giving an inside look into the secrets of corporate success. But the advice doesn't only come from the upper echelons of the Fortune 500. Thoughts poured in from executives at thriving companies large and small, ranging from well-known icons such as Staples, American Airlines, Lillian Vernon, and Boeing to family-run operations like Orleans Homebuilders and Carlson Companies. *The Way to the Top* brings together the core ideas that have guided more than 150 of today's top businesspeople, offering a range of inspiring and practical advice on making good decisions, conducting yourself appropriately, developing your career, communicating with others, leading a team effectively, and much more. Some of the entries are simple entreaties, some portray intriguing vignettes, and others outline lists of guiding principles; all are illuminating, instructive, and insightful. A telling to-do list for the aspiring professional, *The Way to the Top* belongs on every business bookshelf. The famed real-estate and media mogul draws on his own personal experiences to explain how to negotiate, manage, create, and keep personal wealth in the new economy. Reprint.

One hundred years ago, 40 cars lined up for the first Indianapolis 500. We are still waiting to find out who won. The Indy 500 was created to showcase the controversial new sport of automobile racing, which was sweeping the country. Daring young men were driving automobiles at the astonishing speed of 75 miles per hour, testing themselves and their vehicles. With no seat belts, hard helmets or roll bars, the dangers were enormous. When the Indianapolis Motor Speedway opened in 1909, seven people were killed, some of them spectators. Oil-slicked surfaces, clouds of smoke, exploding tires, and flying grit all made driving extremely hazardous, especially with the open-cockpit, windshield-less vehicles. Bookmakers offered bets not only on who might win but who might survive. But this book is about more than a race--it is the story of America at the dawn of the automobile age, a country in love with speed, danger, and spectacle.--From publisher description.

After dozens of books and articles by anonymous sources, here is finally a history of the Trump White House with the President and his staff talking openly, on the record. In *Inside Trump's White House*, Doug Wead offers a sweeping, eloquent history of President Donald J. Trump's first years in office, covering everything from election night to the news of today. The book will include never-before-reported stories and scoops, including how President Trump turned around the American economy, how he "never complains and never explains," and how his actions sometimes lead to misunderstandings with the media and the public. It also includes exclusive interviews with the Trump family about the Mueller report, and narrates their reactions when the report was finally released. Contains Interviews with the President in the Oval Office, chief of staff, Mick Mulvaney, Jared and Ivanka Kushner, Donald Trump, Jr., Eric and Lara Trump, and White House insiders.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The real estate mogul and golfing enthusiast shares golf tips from some of the world's top golf professionals, including how to think your game better, when to swing hard, and how to foster a love of the game that will transcend setbacks. One of our most beloved comedians, the brilliantly witty and outspoken star of The View, hits the most unpopular President ever elected where it hurts—and makes us laugh and cheer—in this hilarious alphabetical guide to everything that's wrong with the "Orange One," Donald Trump. Put down the knife, lock away the gun, lay aside the noose, Joy Behar is here to save you from suicide as she hot walks you through the next four years (two if we are lucky, less if liberal dreams come true). Besides despair, the sane response to the insanity in the White House is laughter. On her hit ABC daytime show The View, Joy has been blunt in her condemnation of the comb over-in-chief, and her words have electrified and inspired millions in the resistance for whom #notmypresident has become a rallying cry. The Great Gasbag is Joy's answer to the hell that is the Trump Orange House. Structured as an A-Z guide (G is for Gold . . . en shower; P is for Pence and pussy-grabbing; T is for Tweets; Twits, and Twats, etc.), Joy, joined by New York Times bestselling humor author Larry Amoros, offers much-needed doses of levity and humor for everyone determined to #resist. With a major network television profile and a social media audience in the millions, this fearlessly confident star has a powerful platform to entertain Americans of all stripes—from Never Trumpers to fired-up progressives—as she takes on the worst president since . . . well, since ever.

The author tells how he rebounded from the verge of bankruptcy in 1990 to regain his status as New York's most prominent businessman, revealing his successful real estate and investment strategies

Another 4 years of Trump you say? This is going to require a lot of patience. Resist, relax and color pages with 50 swear words of satisfaction. Great For: Stress relief Adulting Fun coloring pages Resisting Trump Anti-Trump gag gift President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America's foremost deal-maker. "I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big."—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates

the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump's larger-than-life demeanor so vibrantly that the reader's attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

A New York Times bestseller! For the first time in his own words, President-elect Donald J. Trump explains his plan to make America great again! He wants to “put America's interests first—and that means doing what's right for our economy, our national security, and our public safety.” Throughout the 2016 campaign, Trump conjured images of American strength and culture when small towns boomed with industry, mom and pop shops bustled, and people said, “Merry Christmas!” The media scoffed at Trump's vision and the people who supported him; they were blinded by the Clinton machine. But their eyes were opened after Trump won 62 million votes and the Oval Office. Even Republican House Speaker Paul Ryan said, “Donald Trump heard a voice in this country that no one else heard.” As Trump says in *Time to Get Tough*, “I've built businesses across the globe. I've dealt with foreign leaders. I've created tens of thousands of American jobs. My whole life has been about executing deals and making real money—massive money. That's what I do for a living: make big things happen...” Trump is about to make the biggest deals of his life, and he's going to make them for America! From reversing lax immigration policies to eliminating regulations that restrict small businesses, Donald Trump understands that America “doesn't need cowardice, it needs courage.” President Elect Trump is about to “Make America Great Again” and *Time to Get Tough* is his blueprint! In this revelatory, authoritative portrait of Donald J. Trump and the toxic family that made him, Mary L. Trump, a trained clinical psychologist and Donald's only niece, shines a bright light on the dark history of their family in order to explain how her uncle became the man who now threatens the world's health, economic security, and social fabric. Mary Trump spent much of her childhood in her grandparents' large, imposing house in the heart of Queens, New York, where Donald and his four siblings grew up. She describes a nightmare of traumas, destructive relationships, and a tragic combination of neglect and abuse. She explains how specific events and general family patterns created the damaged man who currently occupies the Oval Office, including the strange and harmful relationship between Fred Trump and his two oldest sons, Fred Jr. and Donald. A firsthand witness to countless holiday meals and interactions, Mary brings an incisive wit and unexpected humor to sometimes grim, often confounding family events. She recounts in unsparing detail everything from her uncle Donald's

place in the family spotlight and Ivana's penchant for gifting to her grandmother's frequent injuries and illnesses and the appalling way Donald, Fred Trump's favorite son, dismissed and derided him when he began to succumb to Alzheimer's. Numerous pundits, armchair psychologists, and journalists have sought to parse Donald J. Trump's lethal flaws. Mary L. Trump has the education, insight, and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families.

**NATIONAL BESTSELLER** - A lively and bold blueprint for moving beyond the "era of institutional failure" by transforming our outmoded political and economic systems to be resilient to twenty-first-century problems, from the popular entrepreneur, bestselling author, and political truth-teller "A vitally important book."--Mark Cuban Despite being written off by the media, Andrew Yang's shoestring 2020 presidential campaign--powered by his proposal for a universal basic income of \$1,000 a month for all Americans--jolted the political establishment, growing into a massive, diverse movement. Now, in *Forward*, Yang reveals that UBI and the threat of job automation are only the beginning, diagnosing how a series of cascading problems within our antiquated systems keeps us stuck in the past--imperiling our democracy at every level. With America's stagnant institutions failing to keep pace with technological change, we grow more polarized as tech platforms supplant our will while feasting on our data. Yang introduces us to the various "priests of the decline" of America, including politicians whose incentives have become divorced from the people they supposedly serve. The machinery of American democracy is failing, Yang argues, and we need bold new ideas to rewire it for twenty-first-century problems. Inspired by his experience running for office and as an entrepreneur, and by ideas drawn from leading thinkers, Yang offers a series of solutions, including data rights, ranked-choice voting, and fact-based governance empowered by modern technology, writing that "there is no cavalry"--it's up to us. This is a powerful and urgent warning that we must step back from the brink and plot a new way forward for our democracy.

*Trump Strategies for Real Estate* offers unbeatable insider advice for every serious real estate investor—beginners and old pros alike. For more than twenty-five years, author George Ross has been one of Donald Trump's chief advisors and intimately involved with many of Trump's biggest real estate deals. Now, Ross teams up with bestselling real estate author Andrew McLean to present Trump's real estate investment strategies so that even small investors can invest like Trump. You'll learn how Trump identifies potential properties and how he finances, negotiates, and markets his big deals. Not everyone has Trump's money or name, but everyone, even you, can use his tactics and strategies to win big in real estate.

**NEW YORK TIMES BESTSELLER** • From an award-winning journalist at *The Atlantic*, these searing essays make a damning case that cruelty is not merely an unfortunate byproduct of the Trump administration but its main objective and the central theme of the American project. "No writer better demonstrates how American dreams are so often sabotaged by American history. Adam Serwer is essential."—Ta-Nehisi Coates "Trump summoned the most treacherous forces in American history and conducted them with the ease of a grand maestro." Like many of us, Adam Serwer didn't know

that Donald Trump would win the 2016 election. But over the four years that followed, the Atlantic staff writer became one of our most astute analysts of the Trump presidency and the volatile powers it harnessed. The shock that greeted Trump's victory, and the subsequent cruelty of his presidency, represented a failure to confront elements of the American past long thought vanquished. In this searing collection, Serwer chronicles the Trump administration not as an aberration but as an outgrowth of the inequalities the United States was founded on. Serwer is less interested in the presidential spectacle than in the ideological and structural currents behind Trump's rise—including a media that was often blindsided by the ugly realities of what the administration represented and how it came to be. While deeply engaged with the moment, Serwer's writing is also haunted by ghosts of an unresolved American past, a past that torments the present. In bracing new essays and previously published works, he explores white nationalism, myths about migration, the political power of police unions, and the many faces of anti-Semitism. For all the dynamics he examines, cruelty is the glue, the binding agent of a movement fueled by fear and exclusion. Serwer argues that rather than pretending these four years didn't happen or dismissing them as a brief moment of madness, we must face what made them possible and continues to endure. Unless we confront these toxic legacies, the fragile dream of American multiracial democracy will remain vulnerable to the forces that have nearly destroyed it time and again.

"An indictment of the Republican party from one of the most successful Republican political operative of his generation"--

The essential, bestselling book that first defined President Donald Trump's political ideas. The America We Deserve is the essential book for anyone who wants to understand the core of Donald Trump's political thinking. In this book, written as he first considered running for president in 2000, Trump offers no-nonsense, populist, provocative, and dramatic solutions to issues that continue to resonate with voters today. In this book, Trump lays out a vision for America that is strong, optimistic, and founded on core Republican principles of self-reliance, limited governance, economic growth, and equitable taxation. Striking for its similarities to President Trump's current initiatives--but also fascinating in its differences--The America We Deserve reveals a man who is fully engaged with the nation and cares deeply about its future. Readers and voters will discover Trump's ideas on: \*Foreign policy and relations with China, Russia, North Korea, and Israel \*How to fix our broken and underperforming education system \*Reducing regulations on business to help create jobs and economic growth \*A dramatic one-time tax on the super-wealthy to close the national debt and fuel tax cuts for the middle class \*Immigration, crime, terrorism, and more The America We Deserve is essential reading for Trump-watchers, voters, Republicans, Democrats, and anyone interested in how Trump the businessman became Trump the president.

Do you need help surviving the Trump presidency? We can help ease the pain, with a few cocktails and a few laughs.If you woke up in shock after the election to discover the fresh hell that a demagogue who preys on racial, ethnic and religious hostilities was elected President of the United States, you aren't alone.If this isn't a reason to drink, we don't know what is.Invite a few friends over, have a Trumped-Up cocktail party and commiserate about the state of the nation. It is going to take a little humor and a lot of alcohol to get us all through the next few years.We're going to make drinking great

again!

A BEST BOOK OF THE YEAR by The Washington Post and The Financial Times • "How did our democracy go wrong? This extraordinary document ... is Applebaum's answer." —Timothy Snyder, author of *On Tyranny* A Pulitzer Prize-winning historian explains, with electrifying clarity, why elites in democracies around the world are turning toward nationalism and authoritarianism. From the United States and Britain to continental Europe and beyond, liberal democracy is under siege, while authoritarianism is on the rise. In *Twilight of Democracy*, Anne Applebaum, an award-winning historian of Soviet atrocities who was one of the first American journalists to raise an alarm about antidemocratic trends in the West, explains the lure of nationalism and autocracy. In this captivating essay, she contends that political systems with radically simple beliefs are inherently appealing, especially when they benefit the loyal to the exclusion of everyone else. Elegantly written and urgently argued, *Twilight of Democracy* is a brilliant dissection of a world-shaking shift and a stirring glimpse of the road back to democratic values.

A provocative and balanced examination of our current social and political situation—by a cutting-edge philosopher of our times. The world is in turmoil. As populist waves roil in the UK, Europe, Turkey, Russia, Asia—and most visibly, the U.S., with the election of Donald Trump—nationalist and extremist political forces threaten the progress made over many decades. Democracies are reeling in the face of nihilism and narcissism. How did we get here? And how, with so much antagonism, cynicism, and discord, can we mend the ruptures in our societies? In this provocative work, philosopher Ken Wilber applies his Integral approach to explain how we arrived where we are and why there is cause for hope. He lays much of the blame on a failure at the progressive, leading edge of society. This leading edge is characterized by the desire to be as just and inclusive as possible, and to it we owe the thrust toward women's rights, the civil rights movement, the environmental movement, and the concern for oppression in all its forms. This is all evolutionarily healthy. But what is unhealthy is a creeping postmodernism that is elitist, "politically correct," insistent on an egalitarianism that is itself paradoxically hierarchical, and that looks down on "deplorables." Combine this with the techno-economic demise of many traditional ways of making a living, and you get an explosive mixture. As Wilber says, for some Trump voters: "Everywhere you are told that you are fully equal and deserve immediate and complete empowerment, yet everywhere you are denied the means to actually achieve it. You suffocate, you suffer, and you get very, very mad." It is only when members of society's leading edge can heal themselves that a new, Integral evolutionary force can emerge to move us beyond the social and political turmoil of our current time to offer genuine leadership toward greater wholeness.

This Anti-Trump Journal, with lined pages, is the perfect gift idea for anyone who's anti-President Trump policies. Writing is the best therapy for these chaotic times. Trust us, once you start writing in your journal, the words will flow, you'll probably run out of room sooner rather than later, so you might as well buy that extra book now. This writing journal is the perfect gift idea for birthdays, holidays, Christmas, Kwanzaa, or Hanukkah. 6 x 9 paperback 120 pages (60 sheets) Beautiful glossy cover Perfect for gift-giving!

This New York Times bestselling Trump biography from a major American intellectual explains how a renegade businessman became one of the most successful -- and necessary -- presidents of all time. In *The Case for Trump*, award-winning historian and political commentator Victor Davis Hanson explains how a celebrity businessman with no political or military experience triumphed over sixteen well-qualified Republican rivals, a Democrat with a quarter-billion-dollar war chest, and a hostile media and Washington establishment to become president of the United States -- and an extremely successful president. Trump alone saw a political opportunity in defending the working people of America's interior whom the coastal elite of both parties had come to scorn, Hanson argues. And Trump alone had the instincts and energy to pursue this opening to victory, dismantle a corrupt old order, and bring long-overdue policy changes at home and abroad. We could not survive a series of presidencies as volatile as Trump's. But after decades of drift, America needs the outsider Trump to do what normal politicians would not and could not do.

Instant #1 New York Times and Wall Street Journal bestseller From the Washington Post journalists Yasmeen Abutaleb and Damian Paletta—the definitive account of the Trump administration's tragic mismanagement of the COVID-19 pandemic, and the chaos, incompetence, and craven politicization that has led to more than a half million American deaths and counting. Since the day Donald Trump was elected, his critics warned that an unexpected crisis would test the former reality-television host—and they predicted that the president would prove unable to meet the moment. In 2020, that crisis came to pass, with the outcomes more devastating and consequential than anyone dared to imagine. *Nightmare Scenario* is the complete story of Donald Trump's handling—and mishandling—of the COVID-19 catastrophe, during the period of January 2020 up to Election Day that year. Yasmeen Abutaleb and Damian Paletta take us deep inside the White House, from the Situation Room to the Oval Office, to show how the members of the administration launched an all-out war against the health agencies, doctors, and scientific communities, all in their futile attempts to wish away the worst global pandemic in a century. From the initial discovery of this new coronavirus, President Trump refused to take responsibility, disputed the recommendations of his own pandemic task force, claimed the virus would “just disappear,” mocked advocates for safe-health practices, and encouraged his base and the entire GOP to ignore or rescind public health safety measures. Abutaleb and Paletta reveal the numerous times officials tried to dissuade Trump from following his worst impulses as he defied recommendations from the experts and even members of his own administration. And they show how the petty backstabbing and rivalries among cabinet members, staff, and aides created a toxic environment of blame, sycophancy, and political pressure that did profound damage to the public health institutions that Americans needed the most during this time. Even after an outbreak in the fall that swept through the White House and infected Trump himself, he remained defiant in his approach to the virus, very likely costing him his own reelection. Based on exhaustive reporting and hundreds of hours of interviews from inside the disaster zone at all levels of authority, *Nightmare Scenario* is a riveting account of how the United States government failed its people as never before, a tragedy whose devastating aftershocks will

linger and be felt by generations to come.

The business magnate discusses his purchases of the Eastern Shuttle and Plaza Hotel, his construction of the Taj Mahal, and his sponsorship of heavyweight boxing, and gives advice on dealing with success and the importance of toughness

Over the years, President Donald Trump has written many bestselling books, but he has also written shorter essays that encompass his philosophy about how to live life to the fullest, both personally and professionally. In these pieces, which have been personally selected by Trump for this book, he gives his special perspective in what amounts to an "informal education" about success in business and in life. With a foreword by Rich Dad, Poor Dad, author Robert Kiyosaki, Trump's business acumen is on full display in such essays as: \*Keep the Big Picture in Mind \*Essays, Assets, and Stephen King \*Imagination: A Key to Financial Savvy \*Financial Literacy \*Think Like a Genius \*How to Get Rich

In *Never Give Up*, Donald Trump tells the dramatic stories of his biggest challenges, lowest moments, and worst mistakes—and how he uses tenacity and creativity to turn defeat into victory. Each chapter includes an inspiring story from Trump's career and concludes with expert commentary and coaching from adversity researcher and author Paul Stoltz.

Inspirational and intelligent, *Never Give Up* will help you deal with your own personal challenges, failures, and weaknesses.
