

Tudor England John Guy

COSTA AWARD FINALIST ECONOMIST BOOK OF THE YEAR Film rights acquired by Gold Circle Films, the team behind My Big Fat Greek Wedding. A groundbreaking reconsideration of our favorite Tudor queen from the author of Queen of Scots, now a feature film starring Saoirse Ronan and Margot Robbie “A fresh, thrilling portrait... Guy’s Elizabeth is deliciously human.” –Stacy Schiff, The New York Times Book Review Elizabeth was crowned queen at twenty-five, but it was only when she reached fifty and all hopes of a royal marriage were behind her that she began to wield power in her own right. For twenty-five years she had struggled to assert her authority over advisers, who pressed her to marry and settle the succession; now, she was determined not only to reign but to rule. In this magisterial biography, John Guy introduces us to a woman who is refreshingly unfamiliar: at once powerful and vulnerable, willful and afraid. We see her confronting challenges at home and abroad: war against France and Spain, revolt in Ireland, an economic crisis that triggers riots in the streets of London, and a conspiracy to place her cousin Mary Queen of Scots on her throne. For a while she is smitten by a much younger man, but can she allow herself to act on that passion and still keep her throne? For the better part of a decade John Guy mined long-overlooked archives, scouring handwritten letters and court documents to sweep away myths and rumors. This prodigious historical detective work has enabled him to reveal, for the first time, the woman behind the polished veneer: determined, prone to fits of jealous rage, wracked by insecurity, often too anxious to sleep alone. At last we hear her in her own voice expressing her own distinctive and surprisingly resonant concerns. Guy writes like a dream, and this combination of

Read Free Tudor England John Guy

groundbreaking research and propulsive narrative puts him in a class of his own. "Significant, forensic and myth-busting, John Guy inspires total confidence in a narrative which is at once pacey and rich in detail." -- Anna Whitelock, TLS "Most historians focus on the early decades, with Elizabeth's last years acting as a postscript to the beheading of Mary Queen of Scots and the defeat of the Spanish Armada. Guy argues that this period is crucial to understanding a more human side of the smart redhead." – The Economist, Book of the Year

Meyer's fresh storytelling ability breathes new life into the history of the Tudor family and Tudor England's precarious place in world politics, the critical role religion played in government, and the blossoming of English theater and literature.

In the 40 essays that constitute this collection, Guy Davenport, one of America's major literary critics, elucidates a range of literary history, encompassing literature, art, philosophy and music, from the ancients to the grand old men of modernism.

This book investigates the norms and values of Tudor and early-Stuart politics, which are considered in the contexts of law and the Reformation, legal and administrative institutions, and classical and legal humanism. Main themes include 'imperial' monarchy and the theory of 'counsel', Parliament and the royal supremacy, conciliar politics and organization, the relationship of law and equity, and the jurisdictional rivalry between the courts of common law and canon law. The author argues that norms of Tudor England were sufficiently pluralist to satisfy both 'absolutist' and 'constitutionalist' aspirations, whereas by 1628 they proved no longer effective as a mechanism for the orderly conduct of politics. The clash between two conflicting sets of values was translated into a clash of ideologies.

Tudor England Oxford Paperbacks

Read Free Tudor England John Guy

Focuses on the society, politics and culture of Tudor England, examines its strengths and weaknesses and portrays the personalities and politics of its monarchs and politicians
A compelling account of political and religious developments from the advent of the Tudors in the 1460s to the death of Elizabeth I in 1603.

First published as part of the best-selling The Oxford Illustrated History of Britain, John Guy's Very Short Introduction to The Tudors is the most authoritative short introduction to this age in British history. It offers a compelling account of the political, religious and economic changes of the country under such leading monarchs as Henry VIII and Elizabeth I. The work has been substantially revised and updated for this edition. In particular, the reigns of Henry VII, Edward VI, and Philip and Mary are comprehensively reassessed.

Shortlisted for the Wolfson History Prize 2018 A Book of the Year for the Evening Standard and the Observer A black porter publicly whips a white Englishman in the hall of a Gloucestershire manor house. A Moroccan woman is baptised in a London church. Henry VIII dispatches a Mauritanian diver to salvage lost treasures from the Mary Rose. From long-forgotten records emerge the remarkable stories of Africans who lived free in Tudor England... They were present at some of the defining moments of the age. They were christened, married and buried by the Church. They were paid wages like any other Tudors. The untold stories of the Black Tudors, dazzlingly brought to life by Kaufmann, will transform how we see this most intriguing period of history.

Each book in the Problems in Focus series is designed to make available to students important new work on key historical problems and periods that they encounter on their

Read Free Tudor England John Guy

courses. This volume is devoted to the reign of Henry VIII.

Looks at life in 16th and 17th century England, covering all major historic events. 7 yrs+ No period in British history has more resonance and mystery today than the sixteenth century. New Worlds, Lost Worlds brings the atmosphere and events of this great epoch to life. Exploring the underlying religious motivations for the savage violence and turbulence of the period-from Henry VIII's break with Rome to the overwhelming threat of the Spanish Armada-Susan Brigden investigates the actions and influences of such near-mythical figures as Elizabeth I, Thomas More, Bloody Mary, and Sir Walter Raleigh. Authoritative and accessible, New Worlds, Lost Worlds, the latest in the Penguin History of Britain series, provides a superb introduction to one of the most important, compelling, and intriguing periods in the history of the Western world. A study of politics and political culture of the 'last decade' of the reign of Elizabeth I, in effect the years 1585 to 1603.

Making available a selection of some of the most significant recent work on the Tudor Monarchy, this Reader gives a good sense of the issues that have preoccupied historians and of the ways in which the traditional concerns of power and politics have been enlarged by growing attention to lessconventional facets of the subject: to the wider agenda of Renaissance statecraft and the phenomenon of female rule, for instance, or to the interdependence of Court and localities and the significance of frontiers and borderlands in the shaping of Tudor political culture. Particular attention

Read Free Tudor England John Guy

is given to recent seminal contributions that have shifted the traditional focus, but the debates in the field that continue to fascinate historians and students are well represented. With full introductory sections by John Guy, the volume looks in turn at the broad themes of "Renaissance Monarchy"; personality and politics; and polity and government.

Soon to be a major film, this is a dramatic reinterpretation of the life of Mary Queen of Scots by one of the leading historians of this period. She was crowned Queen of Scotland at nine months of age, and Queen of France at sixteen years; at eighteen she ascended the throne and began ruling one of the most fractious courts in Europe, riven by religious conflict and personal lust for power. She rode out at the head of an army in both victory and defeat; saw her second husband assassinated, and married his murderer. At twenty-five she entered captivity at the hands of her rival queen, from which only death would release her. The life of Mary Stuart is one of unparalleled drama and conflict. From the plots laid by the Scottish lords to wrest power for themselves, to the efforts made by Elizabeth's ministers to invalidate Mary's legitimate claim to the English throne, John Guy returns to the archives to explode the myths and correct the inaccuracies that surround this most fascinating monarch. The portrait that emerges is not of a political pawn or a manipulative siren, but of a shrewd and charismatic young ruler who relished power and, for a time, managed to hold together a fatally unstable country. Previously published as 'My Heart is My Own'.

Part One: The History (What do we know?) This brief historical introduction to Thomas More explores the social, political and religious factors that formed the original context of his life and writings, and considers how those factors affected the way he was initially received. What was his impact on the world at the time and what were the key ideas and values connected with him? **Part Two: The Legacy (Why does it matter?)** This second part explores the intellectual and cultural 'afterlife' of Thomas More, and considers the ways in which his impact has lasted and been developed in different contexts by later generations. Why is he still considered important today? In what ways is his legacy contested or resisted? And what aspects of his legacy are likely to continue to influence the world in the future?

Outlandish alchemist and magician, political intelligencer, apocalyptic prophet, and

Read Free Tudor England John Guy

converser with angels, John Dee (1527–1609) was one of the most colorful and controversial figures of the Tudor world. In this fascinating book—the first full-length biography of Dee based on primary historical sources—Glyn Parry explores Dee's vast array of political, magical, and scientific writings and finds that they cast significant new light on policy struggles in the Elizabethan court, conservative attacks on magic, and Europe's religious wars. John Dee was more than just a fringe magus, Parry shows: he was a major figure of the Reformation and Renaissance.

Profiles Henry VII as an enigmatic and ruthless king of a country ravaged by decades of conspiracy and civil war, discussing the costs of establishing a Tudor monarchy and the ways he set the stage for Henry VIII's reign.

Thomas Gresham was arguably the first true wizard of global finance. He rose through the mercantile worlds of London and Antwerp to become the hidden power behind three out of the five Tudor monarchs. Today his name is remembered in economic doctrines, in the institutions he founded and in the City of London's position at the economic centre of the earth. Without Gresham, England truly might have become a vassal state. His manoeuvring released Elizabeth from a crushing burden of debt and allowed for vital military preparations during the wars of religion that set Europe ablaze. Yet his deepest loyalties have remained enigmatic, until now. Drawing on vast new research and several startling discoveries, the great Tudor historian John Guy recreates Gresham's life and singular personality with astonishing intimacy. He reveals a

Read Free Tudor England John Guy

calculating survivor, flexible enough to do business with merchants and potentates no matter their religious or ideological convictions. Yet his personal relationships were disturbingly transactional. He was a figure of cold unsentimentality even to members of his own family. Elizabeth I found herself at odds with Gresham's ambitions. In their collisions and wary accommodations, we see our own conflicts between national sovereignty and global capital foreshadowed. A story of adventure and jeopardy, greed and cunning, loyalties divided, mistaken or betrayed, this is a biography fit for a merchant prince.

A study of writing, publishing and marketing history books in the early modern period. Presents a new portrait of Margaret Roper, the daughter of Sir Thomas More, examining her work as an accomplished scholar in her own right and relying on original sources that have been overlooked by generations of historians.

Soon to be a major film, this is a dramatic reinterpretation of the life of Mary, Queen of Scots by one of the leading historians of this period. She was crowned Queen of Scotland at nine months of age, and Queen of France at sixteen years; at eighteen she ascended the throne and began ruling one of the most fractious courts in Europe, riven by religious conflict and personal lust for power. drama and conflict. From the labyrinthine plots laid by the Scottish lords to wrest power for themselves, to the efforts made by Elizabeth's ministers to invalidate Mary's legitimate claim to the English throne, John Guy returns to the archives to explode the myths and correct the inaccuracies that surround this most fascinating monarch. The portrait that emerges is not of a political pawn or a manipulative siren, but of a shrewd and charismatic young ruler who relished power and, for a time, managed to hold together a fatally unstable country.

Discusses urban and rural life, the poor and the rich, food, recreation, fashion, art, architecture, medicine, families, war, crime, technology, and religion in Britain during the reign of Queen Victoria.

Characterised by an interest in the nature and expression of power, this collection of essays by George Bernard combines a number of previously published pieces with original studies. Chapters range from detailed studies of aspects of the political and religious history of the reign of Henry VIII to more general accounts of early-modern architecture, the development of the Church of England, and a polemical attack upon 'postmodern' historiography. The role of the nobility is a major theme. Emphasis is given to their social, economic, political and ideological power and the ways in which they exercised it in support of the monarchy. In-depth examinations of the falls of Anne Boleyn and Cardinal Wolsey and the relationship of the King and ministers challenge widespread views concerning the significance of factionalism. Analyses of such key events indicate that Henry VIII was very much in charge. Likely to provoke considerable debate, this stimulating collection is an important contribution to Tudor

history.

Traces the mystery of and belief in ghosts, hauntings, and apparitions throughout history, discusses how people have explained them, and debunks several ghostly myths

Table of contents

This Whitbread Award–winning biography and basis for the film *Mary Queen of Scots* starring Saoirse Ronan and Margot Robbie “reads like Shakespearean drama” (The Atlanta Journal-Constitution). “A triumph . . . A masterpiece full of fire and tragedy.” —Amanda Foreman, author of *Georgiana* In the first full-scale biography of Mary Stuart in more than thirty years, John Guy creates an intimate and absorbing portrait of one of history’s greatest women, depicting her world and her place in the sweep of history with stunning immediacy. Bringing together all surviving documents and uncovering a trove of new sources for the first time, Guy dispels the popular image of Mary Queen of Scots as a romantic leading lady—achieving her ends through feminine wiles—and establishes her as the intellectual and political equal of Elizabeth I. Through Guy’s pioneering research and superbly readable prose, we come to see Mary as a skillful diplomat, maneuvering ingeniously among a dizzying array of factions that sought to control or dethrone her. *Queen of Scots* is an enthralling, myth-shattering look at a complex woman and ruler and her time. “The definitive biography . . . Gripping . . . A pure pleasure to read.” —The Washington Post Book World “Reads like Shakespearean drama, with all the delicious plotting and fresh writing to go with it.” —The Atlanta Journal-Constitution This is a collection of specially commissioned research essays by scholars on the government of Tudor England, designed as a tribute from a group of advanced students to their supervisor. Professor Sir Geoffrey Elton, to whom the volume is dedicated, is internationally celebrated,

Read Free Tudor England John Guy

and the most influential living historian of the period. Each essay reflects the special interest of the author, within the broader theme of 'Law and Government'. The book will be read by many who have been influenced by Professor Elton's teaching, but who may not necessarily be students or historians of Tudor England.

Provides a dramatic account of the turbulent and dangerous court of England's King Henry VIII and his queens, as seen through the eyes of Jane Rochford, sister-in-law to Anne Boleyn and cousin to Katherine Howard, who served as a lady-in-waiting for five of the king's wives, until she herself ran afoul of the king's rage. Reprint.

The Whitbread Award-winning author of *Queen of Scots* presents a "brilliantly observed" dual biography of Sir Thomas More and his daughter (The New York Times). Sir Thomas More's life is well known: his opposition to Henry VIII's marriage to Anne Boleyn, his arrest for treason, his execution and martyrdom. Yet a major figure in his life—his beloved daughter Margaret—has been largely airbrushed out of the story. Margaret was her father's closest confidant and played a critical role in safeguarding his intellectual legacy. In *A Daughter's Love*, John Guy restores her to her rightful place in Tudor history. Always her father's favorite child, Margaret was such an accomplished scholar by age eighteen that her work earned praise from Erasmus of Rotterdam. She remained devoted to her father after her marriage—and paid the price in estrangement from her husband. When More was thrown into the Tower of London, Margaret collaborated with him on his most famous letters from prison, smuggled them out at great personal risk, and even rescued his head after his execution. Drawing on original sources that have been ignored by generations of historians, Guy creates a dramatic new portrait of both Thomas More and the daughter whose devotion secured his place in

history.

NOW A MAJOR MOTION PICTURE starring Saoirse Ronan and Margot Robbie “As enthralling as a detective story.” — New York Times Book Review In *Mary Queen of Scots*, John Guy creates an intimate and absorbing portrait of one of history’s most famous women, depicting her world and her place in the sweep of history with stunning immediacy. Bringing together all surviving documents and uncovering a trove of new sources for the first time, Guy dispels the popular image of Mary Stuart as a romantic leading lady—achieving her ends through feminine wiles—and establishes her as the intellectual and political equal of Elizabeth I. Through Guy’s pioneering research and superbly readable prose, we come to see Mary as a skillful diplomat, maneuvering ingeniously among a dizzying array of factions that sought to control or dethrone her. It is an enthralling, myth-shattering look at a complex woman and ruler and her time. “The definitive biography . . . gripping . . . a pure pleasure to read.” —

Washington Post Book World First published in 2004 as *Queen of Scots*

"Nothing consumed Henry VIII, England's wealthiest and most powerful king, more than his desire to produce a legitimate male heir and perpetuate the Tudor dynasty. To that end he married six wives, became the subject of the most notorious divorce case of the sixteenth century, and broke with the pope, all in an age of international competition and warfare, social unrest, and growing religious intolerance and discord. Henry fathered four children who survived childhood, each by a different mother. In *The Children of Henry VIII*, renowned Tudor

Read Free Tudor England John Guy

historian John Guy tells their stories, returning to the archives and drawing on a vast array of contemporary records, personal letters, ambassadors' reports, and other eyewitness accounts, including the four children's own handwritten letters. Guy's compelling narrative illuminates their personalities, depicting siblings often scarred by jealousy, mutual distrust, bitter rivalry, even hatred. Possessed of quick wits and strong wills, their characters were defined partly by the educations they received, and partly by events over which they had no control. Henry Fitzroy, Duke of Richmond, although recognized as the king's son, could never forget his illegitimacy. Edward would succeed his father, but died while still in his teens, desperately plotting to exclude his half-sisters from the throne, and utterly failing to do so. Mary's world was shattered by her mother Catherine of Aragon's divorce and her own unhappy marriage. Elizabeth was the most successful, but also the luckiest. Even so, she lived with the knowledge that her father had ordered her mother Anne Boleyn's execution, was often in fear of her own life, and could never marry the one man she truly loved. John Guy takes us behind the façade of politics and pageantry at the Tudor court, vividly capturing the greatest and most momentous family drama in all of English history."--Publisher's website.

A revisionist new biography reintroducing readers to one of the most subversive

figures in English history—the man who sought to reform a nation, dared to defy his king, and laid down his life to defend his sacred honor NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KANSAS CITY STAR AND BLOOMBERG Becket's life story has been often told but never so incisively reexamined and vividly rendered as it is in John Guy's hands. The son of middle-class Norman parents, Becket rose against all odds to become the second most powerful man in England. As King Henry II's chancellor, Becket charmed potentates and popes, tamed overmighty barons, and even personally led knights into battle. After his royal patron elevated him to archbishop of Canterbury in 1162, however, Becket clashed with the King. Forced to choose between fealty to the crown and the values of his faith, he repeatedly challenged Henry's authority to bring the church to heel. Drawing on the full panoply of medieval sources, Guy sheds new light on the relationship between the two men, separates truth from centuries of mythmaking, and casts doubt on the long-held assumption that the headstrong rivals were once close friends. He also provides the fullest accounting yet for Becket's seemingly radical transformation from worldly bureaucrat to devout man of God. Here is a Becket seldom glimpsed in any previous biography, a man of many facets and faces: the skilled warrior as comfortable unhorsing an opponent in single combat

Read Free Tudor England John Guy

as he was negotiating terms of surrender; the canny diplomat “with the appetite of a wolf” who unexpectedly became the spiritual paragon of the English church; and the ascetic rebel who waged a high-stakes contest of wills with one of the most volcanic monarchs of the Middle Ages. Driven into exile, derided by his enemies as an ungrateful upstart, Becket returned to Canterbury in the unlikeliest guise of all: as an avenging angel of God, wielding his power of excommunication like a sword. It is this last apparition, the one for which history remembers him best, that will lead to his martyrdom at the hands of the king’s minions—a grisly episode that Guy recounts in chilling and dramatic detail. An uncommonly intimate portrait of one of the medieval world’s most magnetic figures, Thomas Becket breathes new life into its subject—cementing for all time his place as an enduring icon of resistance to the abuse of power.

A leading historian reveals how, from even before the Reformation, the Tudors sought to sustain and enhance their authority by representing themselves to their people through the media of building, print, art, material culture and speech.

Looks at the reigns of each of the Tudor monarchs.

Charismatic, insatiable and cruel, Henry VIII was, as John Guy shows, a king who became mesmerized by his own legend - and in the process destroyed and remade England. Said to be a 'pillager of the commonwealth', this most instantly

recognizable of kings remains a figure of extreme contradictions: magnificent and vengeful; a devout traditionalist who oversaw a cataclysmic rupture with the church in Rome; a talented, towering figure who nevertheless could not bear to meet people's eyes when he talked to them. In this revealing new account, John Guy looks behind the mask into Henry's mind to explore how he understood the world and his place in it - from his isolated upbringing and the blazing glory of his accession, to his desperate quest for fame and an heir and the terrifying paranoia of his last, agonising, 54-inch-waisted years.

“Fascinating . . . Alison Weir does full justice to the subject.”—The Philadelphia Inquirer At his death in 1547, King Henry VIII left four heirs to the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the fragile Lady Jane Grey, to the savagery of "Bloody Mary," and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of

the most enduring myths in English history, combining the best of the historian's and the biographer's art. "Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed--and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted."—The New York Times Book Review

The Tudors are England's most notorious royal family. But, as Leanda de Lisle's gripping new history reveals, they are a family still more extraordinary than the one we thought we knew. The Tudor canon typically starts with the Battle of Bosworth in 1485, before speeding on to Henry VIII and the Reformation. But this leaves out the family's obscure Welsh origins, the ordinary man known as Owen Tudor who would fall (literally) into a Queen's lap—and later her bed. It passes by the courage of Margaret Beaufort, the pregnant thirteen-year-old girl who would help found the Tudor dynasty, and the childhood and painful exile of her son, the future Henry VII. It ignores the fact that the Tudors were shaped by their past—those parts they wished to remember and those they wished to forget. By creating a full family portrait set against the background of this past, de Lisle enables us to see the Tudor dynasty in its own terms, and presents new

Read Free Tudor England John Guy

perspectives and revelations on key figures and events. De Lisle discovers a family dominated by remarkable women doing everything possible to secure its future; shows why the princes in the Tower had to vanish; and reexamines the bloodiness of Mary's reign, Elizabeth's fraught relationships with her cousins, and the true significance of previously overlooked figures. Throughout the Tudor story, Leanda de Lisle emphasizes the supreme importance of achieving peace and stability in a violent and uncertain world, and of protecting and securing the bloodline. Tudor is bristling with religious and political intrigue but at heart is a thrilling story of one family's determined and flamboyant ambition.
