

Turning Point A Post Apocalyptic Emp Survival Fiction Series The Blackout Series Book 3

“A Humvee parked in front of his house couldn’t mean anything good.” After a camping trip with his oldest son, Major Dirk Franklin comes home to find a Humvee parked in front of his house. His wife, Carol, tells him the news channels are talking about a storm on the sun. Moments later he’s whisked away to a secret military facility in Portland. There, Major Franklin and others struggle to prepare for the coming collapse of society. As the world sinks into darkness, Franklin fights to save his family and the last threads of civilization.

In the dead of winter, a super EMP destroys the nation's power grid. No electricity. No cars or phones. Worst of all: No heat. The country is plunged into instant chaos. But for twenty-six-year-old Hannah Sheridan, it's the best day of her life. For the last five years, she's been held captive by a sadistic psychopath--until the EMP releases the lock of her prison. Hannah emerges from her underground cell into a hostile winter landscape with no way to call for help, no vehicle that will drive, armed with nothing but the clothes on her back and her own determination to survive. Liam Coleman, cynical loner and former soldier, is headed nowhere fast. He believed he was prepared for any disaster--until the EMP took everything he'd ever cared about in a matter of seconds. When he runs across a desperate woman who will die without his help, he's forced to make a choice. Two hundred frozen, perilous miles stand between them and their destination in rural Michigan. But the lack of power, desperate people, and the treacherous elements aren't the only threats. Hannah's captor isn't about to let her go. He will hunt her to the ends of the earth and beyond, destroying anything and anyone who gets in his way. For she has something he wants--she's nine months pregnant with his child. *Edge of Collapse* is a gripping post-apocalyptic EMP thriller perfect for fans of Ryan Schow, Grace Hamilton, Harley Tate, Jack Hunt, and Boyd Craven.

The *Andromeda Strain* meets *The Stand* in this startling and stunning thriller that brings to life a unique vision of the apocalypse and plays brilliantly with vampire mythology, revealing what becomes of human society when a top-secret government experiment spins wildly out of control. At an army research station in Colorado, an experiment is being conducted by the U.S. Government: twelve men are exposed to a virus meant to weaponize the human form by super-charging the immune system. But when the experiment goes terribly wrong, terror is unleashed. Amy, a young girl abandoned by her mother and set to be the thirteenth test subject, is rescued by Brad Wolgast, the FBI agent who has been tasked with handing her over, and together they escape to the mountains of Oregon. As civilization crumbles around them, Brad and Amy struggle to keep each other alive, clinging to hope and unable to comprehend the nightmare that approaches with great speed and no mercy. . .

In this sixth book of the series, an unexpected turn of events deals the rebuilding effort a near deadly blow as the United States Government, in the form of a FEMA occupying force, descends upon Savannah, Tennessee. The FEMA battalions leader is hell-

bent on revenge and he is proof that in a post-apocalyptic world, hell is empty and all the devils are here.

WHAT WOULD YOU DO if a voice was screaming in your head - GET READY . . . for a catastrophic event of epic proportions . . . with no idea where to start . . . or how, or when? This is a true story, it just hasn't happened yet.

Humanity has nearly destroyed its world through global warming, but now an even greater evil lurks. The indigenous people of North America are being hunted and harvested for their bone marrow, which carries the key to recovering something the rest of the population has lost: the ability to dream. In this dark world, Frenchie and his companions struggle to survive as they make their way up north to the old lands. For now, survival means staying hidden-but what they don't know is that one of them holds the secret to defeating the marrow thieves. "Miigwans is a true hero; in him Dimaline creates a character of tremendous emotional depth and tenderness, connecting readers with the complexity and compassion of Indigenous people. A dystopian world that is all too real and that has much to say about our own." Kirkus Reviews

When the end arrives, how far will you go to save the ones you love?When a terrorist plot results in the detonation of several nuclear devices across the West Coast, the Frasers are thrown into disarray and their strained familial relationships are tested as they watch society collapse around them. Tens of millions of people are killed, injured and driven away from their homes as the result of a sinister plot that the government and its citizens are struggling to understand. With their older daughter lost in the chaos, the Frasers must somehow pull together to support each other and fight to reunite their family.Darkness Rising is a thrilling post-apocalyptic series that follows the survivors of a massive terrorist attack that isn't quite what it seems. As you learn more about the Fraser family and a few brave government agents who are attempting to unravel the horror and mystery behind the attacks, you'll soon discover that not everything in the apocalypse is as it appears to be. Written as a collaboration between Justin Bell and #1 bestselling post-apocalyptic author Mike Kraus, Darkness Rising is a gripping, unique and timely take on the post-apocalyptic genre, and is one that will leave you breathless with every turn of the page.Darkness Rising is a 6-part novel-length series full of intense, heart-pumping action, incredible suspense and post-apocalyptic adventure that will be released at a rate of approximately one book per month.

When a group of kids trapped together in a chain superstore build a refuge for themselves inside, outside, a series of disasters from a monster hailstorm to a chemical weapons spill, seems to be tearing the world apart.

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future

in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. The classic postapocalyptic thriller with "all the reality of a vividly realized nightmare" (The Times, London). Triffids are odd, interesting little plants that grow in everyone's garden. Triffids are no more than mere curiosities—until an event occurs that alters human life forever. What seems to be a spectacular meteor shower turns into a bizarre, green inferno that blinds everyone and renders humankind helpless. What follows is even stranger: spores from the inferno cause the triffids to suddenly take on a life of their own. They become large, crawling vegetation, with the ability to uproot and roam about the country, attacking humans and inflicting pain and agony. William Masen somehow managed to escape being blinded in the inferno, and now after leaving the hospital, he is one of the few survivors who can see. And he may be the only one who can save his species from chaos and eventual extinction . . . With more than a million copies sold, *The Day of the Triffids* is a landmark of speculative fiction, and "an outstanding and entertaining novel" (Library Journal). "A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much." —Ramsey Campbell "One of my all-time favorite novels. It's absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery." —Joe R. Lansdale

Includes appendixes dealing with solar flares and prepper checklists, as well as a sneak peek from EMP: electromagnetic pulse, part of the author's *The prepping for tomorrow* series.

An ancient killer. A nation torn apart. One woman will stop at nothing to save her family - or die trying. Tired of the usual post-apocalyptic story? Welcome to your new addiction. An underwater explosion devastates a chain of islands. A mysterious illness begins to spring up across the world. Earthquakes shatter the west coast, causing untold damage and loss of life. To the ordinary observer, these events appear random and coincidental - but for some they're all pieces of a global puzzle that leads to one conclusion: the end of humanity. In a desperate race against time, the survivors must not only survive but learn to adapt to an insidious set of foes, each more dangerous than the last. From the #1 best-selling post-apocalyptic author Mike Kraus, writing with best-seller Tara Ellis, comes a terrifying post-apocalyptic survival thriller tale that's guaranteed to keep you up at night. *Point of Extinction* is a 6-book post-apocalyptic survival thriller series from the authors of *Flashpoint*, *Final Dawn*, *Surviving the Fall* and *Storm's Fury*. For decades, Nuclear Armageddon hanged over us like a mighty sword. Some said it would be the war to end all wars. They were wrong. The real battle against extinction was just beginning. International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide. "Masterful and suspenseful!" This is how the world ends. Not with a bang, but with many nuclear bombs detonated around the planet. It was no longer a topic of conversation around the dinner table as in years past. Nobody was prepared, including the world's governments. Yet the threat was always real and the devastation was

predictable. "Bobby's uncanny ability to take a topic of what could happen and write an epic story about it is short of preternatural!" The damage was incalculable. Millions died at the points of impact. Nuclear Winter spread across the globe. A rapidly cooling climate shocked humanity and all living things ... to their death. Akart's new Nuclear Winter series depicts a world on the edge of nuclear Armageddon. Nuclear Armageddon became reality and ordinary Americans are paying the price. "I never would have believed that Mr. Akart could outdo himself! Well, he has! This series is quite possibly the best he has ever written." This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys. While they fight for survival, they trek across a rapidly deteriorating landscape wrought with danger from both the elements and their fellow man. It was not our fight, but it became our problem. "I am speechless. By far the most edge of your seat, acrylic nail biting book ever. E V E R." Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

A daring post-apocalyptic novel from a powerful rising literary voice With winter looming, a small northern Anishinaabe community goes dark. Cut off, people become passive and confused. Panic builds as the food supply dwindles. While the band council and a pocket of community members struggle to maintain order, an unexpected visitor arrives, escaping the crumbling society to the south. Soon after, others follow. The community leadership loses its grip on power as the visitors manipulate the tired and hungry to take control of the reserve. Tensions rise and, as the months pass, so does the death toll due to sickness and despair. Frustrated by the building chaos, a group of young friends and their families turn to the land and Anishinaabe tradition in hopes of helping their community thrive again. Guided through the chaos by an unlikely leader named Evan Whitesky, they endeavor to restore order while grappling with a grave decision. Blending action and allegory, Moon of the Crusted Snow upends our expectations. Out of catastrophe comes resilience. And as one society collapses, another is reborn.

Four teens struggle to survive in an apocalyptic world gone mad in this "brilliant novel that is a fascinating blend between I Am Legend and The Hunger Games" (VOYA). Since the beginning of mankind, civilizations have fallen: the Romans, the Greeks, the Aztecs...and now us. Huge earthquakes rock the world. Cities are destroyed. But something even more awful is happening: An ancient evil has been unleashed, and it's turning everyday people into hunters, killers, and crazies. This is the world Aries, Clementine, Michael, and Mason are living in—or rather, trying to survive. Each is fleeing unspeakable horror, from murderous chaos to brutal natural disasters, and each is traveling the same road in a world gone mad. Amid the throes of the apocalypse and clinging to love and meaning wherever it can be found, these four teens are on a journey into the heart of darkness—and to find each other and a place of safety.

Earth is alive. Deep beneath her skin is our planet's life blood. Rivers of molten iron, pushing around a core - her beating heart. This moving, fluid iron generates the magnetic field maintaining the delicate balance of life on earth. Until she has a change of heart. "Spellbinding. Best Akart book to date--no one can hold your attention better!" International bestselling author Bobby Akart delivers pulse-pounding thrills in The Geostorm Series, the story of a planet-changing phenomenon, a natural disaster brought about by the Earth itself. "Every time I have read a series by this author, I think, wow, this is

the best. Now, I think, this is definitely the best. Action, suspense, everything--a definite thumbs up." The Earth's magnetic field surrounds our planet like an invisible force field connected by a north and south pole. It's what makes compasses point north and it protects our atmosphere from the continual bombardment of geomagnetic storms from the Sun. Without a magnetic field, the planet's atmosphere would be stripped away leaving critical infrastructure at risk and humanity exposed to deadly radiation. What happens when these poles begin to wander? This field grows weaker with deadly consequences for all of humanity. The change in the world's climate could change the face of the planet as we know it. "Akart is one of those very rare authors who makes things so visceral, so real, that you experience what he writes." Readers will become enthralled with the discoveries of Chapman Boone, former storm chaser, and full-time field meteorologist who begins to experience extraordinary weather anomalies. His sister, Kristi Boone, is a Doctor of Veterinary Medicine known for being attune to the exotic animals within her care. At first, the changes in the animals' behavior are subtle ... until they aren't. Follow the story of the Squire and Sarah Boone family, Indiana farmers and their children who begin to recognize the signs of The Shift. "Bobby Akart is truly one of the best, greatest writers alive today." I survived because the fire inside me burned brighter than the fire around me. Madison Ryman The strongest emotion of man is fear and ... Fear of the unknown is the greatest fear of all. Could you face fear head on? Can you forget all those moments when you thought you wouldn't survive, but did? This fast-paced post apocalyptic dystopian fiction series from author Bobby Akart (Yellowstone Series, Lone Star Series, Pandemic Series, The Boston Brahmin series and the Prepping for Tomorrow series), has been hailed as a masterpiece of EMP survival fiction. Prepare to learn, as well as be entertained as The Blackout Series continues with SHILOH RANCH. This critically acclaimed post apocalyptic EMP fiction series continues with the release of SHILOH RANCH. After a perilous journey replete with highs and lows around every turn, the Rymans reach their destination only to face guns pointing at them from all directions. Did they make a mistake? Should they have stayed home where familiar surroundings may have outweighed the threats closing in on them? They quickly learn that there is one constant in a post-apocalyptic world - the threat from their fellow man. In book one of this new post-apocalyptic survival fiction series, 36 HOURS, the reader was provided a glimpse into the rapid decline of society once word of the catastrophic solar flare racing towards Earth began to spread. Book two, ZERO HOUR, thrust our characters into the perils of a post apocalyptic world. At Zero Hour, an EMP caused by a massive solar flare left America in darkness. The Ryman family, who weren't preppers, applied common sense, logic, and a will to survive to their decision-making as they faced their death, their neighbors, and the depravity of man. In book three, TURNING POINT, the characters face a life altering decision - should we stay or should we go? The oldest and strongest emotion in man is fear, and the strongest kind of fear is fear of the unknown. Will American's flee the urban centers, the

proverbial golden hordes, for the countryside? Will it be safer than the cities? TURNING POINT will lead the Ryman family into a complex, inexplicable world where danger lurks around every bend. Note: This book does not contain strong language. It is intended to entertain and inform audiences of all ages, including teen and young adults. Although some scenes depict the realistic threat our nation faces from a devastating solar flare, and the societal collapse which will result in the aftermath, it does not contain graphic scenes typical of other books in the post apocalyptic genre. A finalist for the 2020 Thurber Prize for American Humor! "The Secret Life of Pets meets The Walking Dead" in this big-hearted, boundlessly beautiful romp through the Apocalypse, where a foul-mouthed crow is humanity's only chance to survive Seattle's zombie problem (Karen Joy Fowler, PEN/Faulkner Award-winning author). S.T., a domesticated crow, is a bird of simple pleasures: hanging out with his owner Big Jim, trading insults with Seattle's wild crows (i.e. "those idiots"), and enjoying the finest food humankind has to offer: Cheetos®. But when Big Jim's eyeball falls out of his head, S.T. starts to think something's not quite right. His tried-and-true remedies—from beak-delivered beer to the slobbering affection of Big Jim's loyal but dim-witted dog, Dennis—fail to cure Big Jim's debilitating malady. S.T. is left with no choice but to abandon his old life and venture out into a wild and frightening new world with his trusty steed Dennis, where he suddenly discovers that the neighbors are devouring one another. Local wildlife is abuzz with rumors of Seattle's dangerous new predators. Humanity's extinction has seemingly arrived, and the only one determined to save it is a cowardly crow whose only knowledge of the world comes from TV. What could possibly go wrong? Includes a Reading Group Guide. Surviving the blast is only the beginning; Dakota Sloane, a tough-as-nails former foster kid, has spent her life running

from the past. Her only family is her little sister, still trapped in the system. When the news shows the bombs striking several major cities, Dakota's first thought is to grab her sister and get the hell out of Miami. Logan Garcia is a man haunted by secrets. His life plan is to drink himself into oblivion, until the shockwave hits, shattering the world as he knows it. In the moments before the deadly fallout descends, Dakota offers Logan a deal. She knows a place to ride out the coming chaos, a safe house deep in the Everglades. If he helps her rescue her sister, she'll take him with her. But Dakota's past has caught up to her. Someone is hunting her through the radioactive ruins of Miami. And he won't stop until he has her...or they're both dead. An electrifying post-apocalyptic survival adventure, the Nuclear Dawn series features fast-paced action combined with strong, complex characters. Perfect for fans of Logan Keys, Jacqueline Druga, Mike Kraus, and Boyd Craven. *Rated PG-13 for violence and some swearing.*

Joe's early life nearly defies belief. Raised by damaged adults—a con-man grandfather and a manipulative grandmother, a violent, drunken father and a mother who was repeatedly institutionalized—Joe grew up in abject poverty, living in slums and projects when not on the road, crisscrossing the country in his father's desperate attempts to escape the consequences of his past. To survive his abusive environment Joe found refuge in his beloved comics and his dreams, immersing himself in imaginary worlds populated by superheroes whose amazing powers allowed them to overcome any adversity. The deeper he read, the more he came to realize that he, too, had a superpower: the ability to tell stories and make everything come out the way he wanted it. But even as he found success, he could not escape a dark and shocking secret that hung over his family's past, a violent truth that he uncovered over the course of decades involving mass murder. Straczynski's personal history has always been shrouded in mystery. Becoming Superman lays bare the facts of his life: a story of creation and darkness, hope and success, a larger-than-life villain and a little boy who became the hero of his own life. It is also a compelling behind-the-scenes look at some of the most successful TV series and movies recognized around the world.

Zadokite Propaganda in the Late Second Temple Period is a monumental epoch-breaking work of scholarship in ancient history and Jewish studies. This book examines centuries of scholarship on ancient Jewish group identity and official Jewish religion in the most tumultuous period of Jewish history, namely the beginnings of the Maccabean era. Popularly known as the time period that gave the Jewish world the most famous Jewish celebration period, Hanukkah, the Maccabean Revolt was far more than a rebellion against Syrian domination. The period represented an important turning point in Jewish history, as village priests without any significant heritage or repute successfully overthrew and expelled Zadokite priests from the Jerusalem Temple and the city of Jerusalem itself. The Zadokites had been the legitimate and dominant priests of the Jerusalem Temple since the days of King Solomon, who built the First Jerusalem Temple. The physical and political displacement of Zadokite priests from their places of power, authority, and wealth produced historically significant literate communities, such as the Qumran community, and an abundance of literature, such as commentaries, creative poetry, and apocalyptic works. These writings all lamented the Zadokite displacement and prophesied a New Age, when all would be restored to the way it should be. Thus, Zadokites engaged in propaganda warfare of epic proportions with all their erudition and political savvy, creating a model for effective propaganda warfare. The Zadokite propaganda was so effective that it set the tone for the language and theme of the New Testament.

Maybe it's the end of the world, but not for Candace Chen, a millennial, first-generation American and office drone meandering her way into adulthood in Ling Ma's offbeat, wryly funny, apocalyptic satire, *Severance*. In the wake of a devastating disease, everyone sixteen and older is either dead or a decomposing, brainless creature with a ravenous appetite for flesh. Teens have barricaded themselves in buildings throughout London and venture outside only when they need to scavenge for food. The group of kids living a Waitrose supermarket is beginning to run out of options. When a mysterious traveler arrives and offers them safe haven at Buckingham Palace, they begin a harrowing journey across London. But their fight is far from over—the threat from within the palace is as real as the one outside it. Full of unexpected twists and quick-thinking heroes, *The Enemy* is a fast-paced, white-knuckle tale of survival in the face of unimaginable horror.

In the early days of the Civil War, rumors of gold in the frozen Klondike brought hordes of newcomers to the Pacific Northwest. Anxious to compete, Russian prospectors commissioned inventor Leviticus Blue to create a great machine that could mine through Alaska's ice. Thus was Dr. Blue's Incredible Bone-Shaking Drill Engine born. But on its first test run the Boneshaker went terribly awry, destroying several blocks of downtown Seattle and unearthing a subterranean vein of blight gas that turned anyone who breathed it into the living dead. Now it is sixteen years later, and a wall has been built to enclose the devastated and toxic city. Just beyond it lives Blue's widow, Briar Wilkes. Life is hard with a ruined reputation and a teenaged boy to support, but she and Ezekiel are managing. Until Ezekiel undertakes a secret crusade to rewrite history. His quest will take him under the wall and into a city teeming with ravenous undead, air pirates, criminal overlords, and heavily armed refugees. And only Briar can bring him out alive. In this fifth book of the series, the planning for battle heats up as the residents of Shiloh Ranch and their neighbors prepare for the fights of their lives. They are banding together in an effort to defeat an evil which had plagued a small community for decades.

After training to become a Huntress and being partnered with a mysterious Hunter named Fade, Deuce, who has only lived underground, is exiled topside with Fade, where they must survive the gangs who live among the ruins of the city. I know not with what weapons World War III will be fought, but World War IV will be fought with sticks and stones. ~ Albert Einstein From the bestselling author of *CYBER WARFARE*, Bobby Akart brings a poignant analysis of the threats

our nation faces from a devastating Electromagnetic Pulse attack with: EMP: A threat from above to America's soft underbelly below. The clock is ticking. One second after. One year after. In poll after poll, one of the threats facing our nation is the use of an electromagnetic pulse weapon to cause a collapse of our critical infrastructure. There are many bad actors on the international stage capable of terrorism on a massive scale. The list is long, including Russia, China, North Korea, Iran, Syria and now even terrorist groups like ISIS. Each is capable of wreaking havoc in the US by shutting down our power grid and enjoying the resulting chaos. EMP is a primer on the threats we face as a nation from the rogue nations mentioned above. It explores the history of the electromagnetic pulse technology, and discusses its use for both military and non-military purposes. The clock is ticking.

Alice Hoffman is at her magical best in a new novel about loss and healing. When her family is lost in a terrible disaster, 15-yr-old Green is haunted by loss and by the past. Struggling to survive physically and emotionally in a place where nothing seems to grow and ashes are everywhere, Green retreats into the ruined realm of her garden. But in destroying her feelings, she also begins to destroy herself, erasing the girl she'd once been as she inks ravens into her skin. It is only through a series of mysterious encounters -- with a ghostly white dog and a mute boy -- that Green relearns the lessons of love and begins to heal as she tells her own story.

Nuclear war may kill millions. Nuclear Winter will kill billions. International bestselling author, Bobby Akart, one of America's favorite storytellers, delivers up-all-night thrillers to readers in 245 countries and territories worldwide. "Love the intensity of his stories, his thorough research, his creativity, the characterizations and the abundant action and realistic locations." Every war begins with a first shot. The shot heard 'round the world at Lexington and Concord in 1775 birthed a nation. Less than a century later, cannons firing on Fort Sumter, South Carolina thrust that same nation into a civil war. The assassination of an obscure archduke sparked a chain of events leading to World War I. The dastardly bombing of Pearl Harbor led America into the Second World War. "Bobby Akart is the master of nail biting, edge of your seat fiction based on fact." Akart's new novel, Nuclear Winter First Strike, depicts a world on the edge of nuclear Armageddon. Will history repeat itself as warring nations take their battles to the highest level of destruction? Can America avoid being drawn into these conflicts beyond her borders? Nuclear Armageddon hangs over us like a mighty sword and ordinary Americans will be caught in the crosshairs. "From the first word read to the last page turned, I knew Bobby Akart had a brilliant, engaging, horrifying tale to be told." This is more than the story of nuclear conflict. It's about the devastating effects wrought by Nuclear Winter. Our possible future is seen through the eyes of the Albright family whose roots stretch back to the early settlement of the Florida Keys. Hank Albright, a widower and proprietor of the Driftwood Key Inn, is the epitome of the laid-back islander inhabiting the Keys. His brother, Mike, is a homicide detective

for the Monroe County Sheriff's department. Along with his wife Jessica, a paramedic and member of the Sheriff's department water emergency team, they become involved in the investigation of a sadistic serial killer. Hank's son, Peter Albright, is a Washington, DC reporter covering the State Department. He's unknowingly thrust into the middle of the conflict in the Middle East. Upon his return home, he begins to unravel a conspiracy leading to an unexpected dynamic between the President, the Secretary of State, and North Korea. As the drumbeats of war beat louder, Hank's oldest child, Lacey McDowell, begins to sense the warning signs. Along with her husband, Owen, and teenage son, Tucker, she begins to prepare for a hasty exit from their San Francisco Bay Area home. "Believable and relatable characters are developed in such a spell-binding way that you must keep turning the pages." "Will America become embroiled in the nuclear conflict? Will the President cross the Rubicon, that point of no return after which lives and cities may be destroyed? For the Albrights, like their fellow Americans, their lives are about to change forever. It was not our fight, but it became our problem." "You are there. Feeling what they feel. Anger, joy, love, mourning. You feel it all. Not everyone can write a book like this. It takes a special writer to make you feel a book." Bobby Akart has delivered intense, up-all-night thrillers that have you whispering just one more chapter until the end.

NATIONAL BESTSELLER • An audacious, darkly glittering novel set in the eerie days of civilization's collapse—the spellbinding story of a Hollywood star, his would-be savior, and a nomadic group of actors roaming the scattered outposts of the Great Lakes region, risking everything for art and humanity. Soon to be a Max Original Limited Series on HBO Max. **A National Book Award Finalist • A PEN/Faulkner Award Finalist** Kirsten Raymonde will never forget the night Arthur Leander, the famous Hollywood actor, had a heart attack on stage during a production of King Lear. That was the night when a devastating flu pandemic arrived in the city, and within weeks, civilization as we know it came to an end. Twenty years later, Kirsten moves between the settlements of the altered world with a small troupe of actors and musicians. They call themselves The Traveling Symphony, and they have dedicated themselves to keeping the remnants of art and humanity alive. But when they arrive in St. Deborah by the Water, they encounter a violent prophet who will threaten the tiny band's existence. And as the story takes off, moving back and forth in time, and vividly depicting life before and after the pandemic, the strange twist of fate that connects them all will be revealed. Look for Emily St. John Mandel's new novel, *Sea of Tranquility*, coming in April 2022!
