

Twelve Steps For Overeaters An Interpretation Of The Twelve Steps Of Overeaters Anonymous

An exposé of Alcoholics Anonymous, 12-step programs, and the rehab industry—and how a failed addiction-treatment model came to dominate America. AA has become so infused in our society that it is practically synonymous with addiction recovery. Yet the evidence shows that AA has only a 5–10 percent success rate—hardly better than no treatment at all. Despite this, doctors, employers, and judges regularly refer addicted people to treatment programs and rehab facilities based on the 12-step model. In *The Sober Truth*, acclaimed addiction specialist Dr. Lance Dodes exposes the deeply flawed science that the 12-step industry has used to support its programs. Dr. Dodes analyzes dozens of studies to reveal a startling pattern of errors, misjudgments, and biases. He also pores over the research to highlight the best peer-reviewed studies available and discovers that they reach a grim consensus on the program's overall success. But *The Sober Truth* is more than a book about addiction. It is also a book about science and how and why AA and rehab became so popular, despite the discouraging data. Dr. Dodes explores the entire story of AA's rise, from its origins in early fundamentalist religious and mystical beliefs to its present-day place of privilege in politics and media. *The Sober Truth* includes true stories from Dr. Dodes's thirty-five years of clinical practice, as well as firsthand accounts submitted by addicts through an open invitation on the Psychology Today website. These stories vividly reveal the experience of walking the steps and attending some of the nation's most famous rehabilitation centers. *The Sober Truth* builds a powerful response to the monopoly of the 12-step program and explodes the myth that these programs offer an acceptable or universal solution to the deeply personal problem of addiction. This book offers new and actionable information for addicts, their families, and medical providers, and lays out better ways to understand addiction for those seeking a more effective and compassionate approach to this treatable problem.

Explains the twelve steps of Overeaters Anonymous, its program of recovery for food addiction, and the twelve traditions, the principles that guide its groups and services.

Twelve Steps and Twelve Traditions of GreySheeters Anonymous Can't stop eating? Many have found recovery from compulsive eating, obesity, food addiction, binge eating, anorexia, or bulimia in GreySheeters Anonymous (GSA.) The Twelve Steps and Twelve Traditions of GreySheeters Anonymous offers readings, questions for reflection, and shared experiences. Interested? Ask yourself the following questions: • Are you tired of looking for a solution about your weight problem? • Are you ready to try something different? • Are you ready to have freedom from food and the constant thoughts that have kept you imprisoned? • Are you ready to go to any lengths to experience freedom from the phenomenon of craving? GSA is a Twelve Step Program in which the physical aspect (allergy/addiction) of our disease is addressed by the GreySheet food plan, while the mental, emotional, and spiritual aspects are addressed by the program's Twelve Steps and Twelve Traditions. We have no dues or fees. We are not affiliated with any other organization. The only requirement for membership is a desire to stop eating compulsively. The foods that we eat can be purchased in markets and many restaurants. What we eat is abundant, delicious, and portable.

This is an updated version (January 2014) of the popular OA Big Book study guide written by Lawrie C. It is reproduced (printed and bound) and offered for sale under the author's terms as a service to OA members. Reproduction and sale at a price above cost of is a violation of the author's terms and copyright. Find out more at oabigbook.info

Narcotics Anonymous Step Working Guides are meant to be used by NA members at any stage of recovery, whether it's the first time through the steps, or whether they have been a guiding force for many years. This book is intentionally written to be relevant to newcomers and to help more experienced members develop a deeper understanding of the Twelve Steps.

Assists Latter-day Saints in understanding the principles of the gospel that harmonize so perfectly with the principles in each of the Twelve Steps of recovery. Each chapter is woven around a powerful collection of Book of Mormon scriptures and quotes for latter-day prophets. Thousands of people have already been blessed with increased recovery from otherwise insurmountable problems--addiction, compulsive behaviors, depression, trauma, abuse in childhood or as an adult, as well as the loss of a loved one--by focusing these true principles on their particular challenges. Conveys a profound testimony that the Atonement of Jesus Christ is equal to any challenge we face.

Eating disorders made us sick, and our lives sicker. In the Twelve-Step format of Overeaters Anonymous we tell what it was like, what happened, and what's happening now. Short answers: Ouch! Whoa! Whee!!!! We come to OA for weight loss, but find that's just a side effect! *Slender Steps to Sanity* explores the Twelve Steps originated by Alcoholics Anonymous through notes of hope based on personal history, scripture passages, observations from life, and the stories of others in recovery. *Slender Steps to Sanity* is for people ready to look at out-of-control eating habits and much more. The stories, poetry and meditations hold the keys to a recovery physical, mental, and spiritual.

An interpretation for compulsive overeaters of the Twelve Step Program of Alcoholics Anonymous.

Offers information on understanding and applying the steps in everyday life and interprets the principles behind the AA program *Eating Disorders Anonymous: The Story of How We Recovered from Our Eating Disorders* presents the accumulated experience, strength, and hope of many who have followed a Twelve-Step approach to recover from their eating disorders. *Eating Disorders Anonymous (EDA)*, founded by sober members of Alcoholics Anonymous (AA), have produced a work that emulates the "Big Book" in style and substance. EDA respects the pioneering work of AA while expanding its Twelve-Step message of hope to include those who are religious or seek a spiritual solution, and for those who are not and may be more comfortable substituting "higher purpose" for the traditional "Higher Power." Further, the EDA approach embraces the development and maintenance of balance and perspective, rather than abstinence, as the goal of recovery. Initial chapters provide clear directions on how to establish a foothold in recovery by offering one of the founder's story of hope, and collective voices tell why EDA is suitable for readers with any type of problem eating, including: anorexia nervosa, bulimia, binge eating, emotional eating, and orthorexia. The text then explains how to use the Twelve Steps to develop a durable and resilient way of thinking and acting that is free of eating disordered thoughts and behaviors, including how to pay it forward so that others might have hope of recovery. In the second half of the text, individual contributors share their experiences, describing what it was like to have an eating disorder, what happened that enabled them to make a start in recovery, and what it is like to be in recovery. Like the "Big Book," these stories are in three sections: Pioneers of EDA, They Stopped in Time, and They Lost Nearly All. Readers using the Twelve Steps to recover from other issues will find the process consistent and reinforcing of their experiences, yet the EDA approach offers novel ideas and specific guidance for those struggling with food, weight and body image issues. Letters of support from three, highly-regarded medical professionals and two, well-known recovery advocates offer reassurance that EDA's approach is consistent with that supported by medical research and standards in the field of eating disorders treatment. Intended as standard reading for members who participate in EDA groups throughout the world, this book is accessible and appropriate for anyone who wants to recover from an eating disorder or from issues related to food, weight, and body image.

Herb K., who is also the author of "Twelve Step Guide to Using the Alcoholics Anonymous Big Book", continues sharing his insights to the Twelve Steps by explaining the how and why, using his own experience along with traditional and universal spiritual wisdom. This book illuminates a path from the dark world of alcoholism and brokenness to a life of peace, purpose and fulfillment. Herb K. leads Twelve Step workshops, retreats and teaches spirituality and recovery throughout the U.S. and the world. The author of the popular Food for Thought takes a fresh, in-depth look at the Twelve Steps of Overeaters Anonymous. Each chapter carefully examines and interprets each of the individual Steps.

How many of us have felt like Phillip Z? He has a staunch belief in the Twelve Steps, yet struggles with the concept of a Higher Power.

In *A Skeptic's Guide to the 12 Steps*, the author investigates each of the Twelve Steps to gain a deeper understanding of a higher power. He examines what may seem like "unsettling" concepts to us including surrendering one's will and life to God, and he encourages us to understand the spiritual journey of recovery despite our skepticism.

Offers advice on how to maintain one's weight loss, shares the stories of twenty successful officers, and discusses the psychological aspects of weight control

This is a twelve-step guide to the AA Big Book for compulsive overeaters written by an OA member and reproduced under the author's terms. This is a 5x9 edition with smaller print than the original. An 8 1/2x11 inch version with larger print is also available on Amazon.

"A celebration of the varieties of recovery experience." From the foreword by William L. White, author, "Slaying the Dragon: The History of Addiction Treatment and Recovery in America." "There are many versions of the 12-Step program of recovery. In fact, there are about as many versions as there are alcoholics in AA who use the program to get sober and to maintain their sobriety." Thus begins "The Little Book: A Collection of Alternative 12 Steps." Inside: * Twenty alternative versions of the 12 Steps reflecting a wide range of philosophical, professional, religious, and cultural perspectives and traditions. * Four interpretations of each of the Steps by well-known authors Stephanie Covington ("A Woman's Way through the Twelve Steps"), Therese Jacobs-Stewart ("Mindfulness and the 12 Steps"), Allen Berger ("The Therapeutic Value of the 12 Steps") and Gabor Mate ("In the Realm of Hungry Ghosts"). * Templates so the reader can write her or his own personal alternative 12 Steps as well as record insights into - and interpretations of - each of the Steps. * An essay that accurately and insightfully traces the origins of the AA 12-Step recovery program. The Little Book is a celebration of the many ways people are today adapting and interpreting the original 12 Steps of Alcoholics Anonymous in order to achieve a "personality change sufficient to bring about recovery from alcoholism." "A beautiful testimony to AA's living history." Ernest Kurtz, author, "Not God: A History of Alcoholics Anonymous." "Say what you mean, but don't say it mean." --12-Step aphorism From the author of *My Brain Is Hanging Upside Down*, a new graphic memoir brimming with black humor, which explores the ultimate irony: the author's addiction to 12-Step programs. David Heatley had an unquestionably troubled and eccentric childhood: father a sexually repressed alcoholic, mother an overworked compulsive overeater. Then David's parents enter the world of 12-step programs and find a sense of support and community. It seems to help. David, meanwhile, grows up struggling with his own troublesome sexual urges and seeking some way to make sense of it all. Eventually he starts attending meetings too. Alcoholics Anonymous. Overeaters Anonymous. Debtors Anonymous. Sex and Love Addicts Anonymous. More and more meetings. Meetings for issues he doesn't have. With stark, sharply drawn art and unflinching honesty, David Heatley explores the strange and touching relationships he develops, and the truths about himself and his family he is forced to confront, while "working" an ever-increasing number of programs. The result is a complicated, unsettling, and hilarious journey--of far more than 12 steps.

"The Overeaters Anonymous Twelve-Step program allows compulsive overeaters around to experience what OA's founder calls "a joyous appreciation of life without excess food ..."--Publisher description.

Provides a detailed explanation of the Twelve-Step program designed by Alcoholics Anonymous, accompanied by advice on how to apply the program to codependent issues and cross-addiction

In this hope-filled approach to spiritual and personal growth, the Twelve Steps of Alcoholics Anonymous are uniquely interpreted to speak to everyone seeking a freer and more God-centered life. This special rendering makes them relevant to those suffering from a variety of addictions as well as the general addictions we wrestle with daily.

A guide to all kinds of addiction from a star who has struggled with heroin, alcohol, sex, fame, food and eBay, that will help addicts and their loved ones make the first steps into recovery "This manual for self-realization comes not from a

mountain but from the mud...My qualification is not that I am better than you but I am worse.” —Russell Brand With a rare mix of honesty, humor, and compassion, comedian and movie star Russell Brand mines his own wild story and shares the advice and wisdom he has gained through his fourteen years of recovery. Brand speaks to those suffering along the full spectrum of addiction—from drugs, alcohol, caffeine, and sugar addictions to addictions to work, stress, bad relationships, digital media, and fame. Brand understands that addiction can take many shapes and sizes and how the process of staying clean, sane, and unhooked is a daily activity. He believes that the question is not “Why are you addicted?” but “What pain is your addiction masking? Why are you running—into the wrong job, the wrong life, the wrong person’s arms?” Russell has been in all the twelve-step fellowships going, he’s started his own men’s group, he’s a therapy regular and a practiced yogi—and while he’s worked on this material as part of his comedy and previous bestsellers, he’s never before shared the tools that really took him out of it, that keep him clean and clear. Here he provides not only a recovery plan, but an attempt to make sense of the ailing world.

A faith based 12 Step program... Directed toward those trapped in the labyrinth of eating disorders, their families, and their therapists, the text lays out in detail the steps taken, the tools used, the love that grew and the healing received. Illustrated with true-life experience and complete with a compilation of personal stories by individual members.
