This book provides a comprehensive and lively introduction to the major trends in

film scoring from the silent era to the present day, focussing not only on dominant Hollywood practices but also offering an international perspective by including case studies of the national cinemas of the UK, France, India, Italy, Japan and the early Soviet Union. The book balances wide-ranging overviews of film genres, modes of production and critical reception with detailed non-technical descriptions of the interaction between image track and soundtrack in representative individual films. In addition to the central focus on narrative cinema, separate sections are also devoted to music in documentary and animated films, film musicals and the uses of popular and classical music in the cinema. The author analyses the varying technological and aesthetic issues that have shaped the history of film music, and concludes with an account of the modern film composer's working practices.

Like Chopin, Gillock wrote 24 preludes featuring all major and minor keys. The newly engraved 50th anniversary edition contains the composer's original notes, as well as a CD recording performed by Henry Doskey, who studied piano with Gillock while the Lyric Preludes were being written in the late 1950s. Friends for more than 35 years, Gillock designated Doskey as the "authoritative interpreter, and judge of authenticity of stylistic treatment" of his music. 36 pages.

A collection of one-minute self-explanatory lessons that introduce the music signs, symbols, markings, and terms encountered in choral singing.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public."

composer of choral music. His creative output includes works for chorus, solo piano, and wind symphony. His unique style infuses elements of cinematic music, jazz and improvisation, with particularly intriguing selections of text. This study examines the factors that influence Gjeilo's compositional techniques, and the musical interpretations of conductor Charles Bruffy in his preparation for The Phoenix Chorale's recording Northern Lights: Choral Works by Ola Gjeilo. The eleven works discussed in this study are: The Ground, Evening Prayer, Ubi caritas, Prelude, Northern Lights, The Spheres, Tota pulchra es, Serenity, Phoenix (Agnus Dei), Unicornis captivatur, and Dark Night of the Soul. As a relatively new and young composer, there is very little published literature on Gjeilo and his works. This study provides an intimate glance into the creative process of the composer. By composing in multiple styles and with a variety of inspirational sources, Gjeilo creates a fresh approach toward composition of new choral music. His style is revealed through interviews and numerous collaborations with conductors and performers who have prepared and performed his music, as well through an examination of the eleven works recorded by The Phoenix Chorale.

Maurice Durufle based this famous motet on an ancient plainchant melody. This new adaptation makes the motet more accessible by an intelligent redistribution of parts: in its opening and closing sections, the first tenor line is reassigned to the altos, and the alto line is given to the tacet sopranos. All of Durufle's sumptuous harmonies are retained. For the first time, a piano reduction for rehearsal is included. In the brand-new unison version, the piano provides rich accompaniment; this arrangement is especially suitable for treble choirs, but is equally effective when sung by male or mixed choirs. (Piano). This folio collection, curated by the composer, comes with a specially written preface and features all 18 tracks from his album Night which was inspired by the twilight hours at his home in New York City.

Das Repertoire für Chor ist äußerst facettenreich – es variiert je nach Epoche und persönlichem Stil des Komponisten, je nach Besetzung und je nach dem, ob geistliche oder weltliche Texte gesungen werden. Das Handbuch stellt über 800 Chorkompositionen für A-cappella- oder kammermusikalische Besetzungen in einzelnen Werkporträts vor. Im Mittelpunkt steht dabei die musikalische Gestalt: Was ist das ganz Eigene dieses Werkes? Was daran ist typisch für seinen Komponisten, und was für seine Zeit? Auch Entstehungsgeschichte und vertonter Text kommen zur Sprache. Konkrete praktische Hinweise machen deutlich, worauf es bei der Einstudierung ankommt. Die alphabetische Anordnung nach Komponist sowie die präzisen Angaben zu jedem Stück (Entstehungsjahr, Textgrundlage, Besetzung, Dauer, Schwierigkeitsgrad, Ausgaben) machen das Buch zu einem praktischen Nachschlagewerk. Verschiedene Verzeichnisse und Register (chronologisch, nach Textquellen etc.) runden den Band ab. Ein Buch, das zugleich inspiriert: Enthalten sind nicht nur wichtige Werke der Chorliteratur, sondern auch solche, die eher unbekannt, aber unbedingt lohnend sind.

A Selection of Choral Works by Ola Gjeilo for SATB ChoirComposition, Interpretation, and Recording of the Phoenix Chorale's Northern Lights: Choral Music by Ola Gjeilo There have been numerous publications in the last decades on the Bible in literature, film, and art. But until now, no reference work has yet appeared on the Bible as it appears in Western music. In The Bible in Music: A Dictionary of Songs, Works, and More, scholars Siobhán Dowling Long and John F. A. Sawyer correct this gap in Biblical reference literature, providing for the first time a convenient guide to musical

interpretations of the Bible. Alongside examples of classical music from the Middle Ages through modern times, Dowling Long and Sawyer also bring attention to the Bible's impact on popular culture with numerous entries on hymns, spirituals, musicals, film music, and contemporary popular music. Each entry contains essential information about the original context of the work (date, composer, etc.) and, where relevant, its afterlife in literature, film, politics, and liturgy. It includes an index of biblical references and an index of biblical names, as well as a detailed timeline that brings to the fore key events, works, and publications, placing them in their historical context. There is also a bibliography, a glossary of technical terms, and an index of artists, authors, and composers. The Bible in Music will fascinate anyone familiar with the Bible, but it is also designed to encourage choirs, musicians, musicologists, lecturers, teachers, and students of music and religious education to discover and perform some less well-known pieces, as well as helping them to listen to familiar music with a fresh awareness of what it is about.

Novello presents a choral setting of Edward Elgar's 'Nimrod' from the Enigma Variations for SSAATTBB Choir, as arranged by John Cameron. This single piece includes, as well as eight vocal lines, a piano score accompaniment for use in rehearsals.

creative spark shines through this unique, storybook-like work spanning from Easter through Pentecost. Songs ranging from the rhythmically charged to smooth ballads, conversational passages between soloists, and optional congregational participation are sure to inspire your choir and congregation to reflect with awe on these key events following the Resurrection. The narration is based primarily on direct scripture passages and can be recited by either one for multiple different narrators.
