This is Irial's story set in 1890s New Orleans, brimming with faerie court drama and steamy romance. Can we. and should we, outrun fate? And if so, are we prepared for the consequences? I could not put it down." --Angela Mann, Kepler's Books, Menlo Park CA "Set 100 years before the events in Wicked Lovely, Cold Iron Heart finds Irial, the king of the Dark Court, in New Orleans and entranced by a mortal. Is his interest in Thelma Foy just a passing fascination, or could it change the course of her life and the world forever? Melissa Marr masterfully rises to challenge of writing a prequel by both expanding on the mythology of the original series while telling a story that exists wholly on its own. Fans of the series will inhale this delicious glimpse into Irial's past."--John McDougall of Murder by the Book, Houston TX

Seminar paper from the year 2018 in the subject English Language and Literature Studies - Literature, grade: 1,5, Karlsruhe University of Education, language: English, abstract: Television, social platforms and advertisements are full of them: successful, rich and irresistibly attractive people. Their pretty faces, their beguiling smiles and glamorous appearances have a great influence on our idea of being beautiful. In our recent society beauty is a privilege, which leads to success, money and an unbridled lovelife. We strive for being equal to them. We envy them for their beauty, their fame and their lifestyle. At the same time it is obvious, that this world of glamour and flawlessness is moreoften a world of sham and pretence. High prices are paid for a beautiful face or a slim figure. Being under pressure to fit into a certain beauty ideal, the people in our society are victims of a beauty mania, which demands a lot. Not only a ridiculous high consumption of cosmetics and beauty products, but also more drastic measures like cosmetic surgeries or symptoms like anorexia and bulimia can be seen as a sign for that. But let us imagine a world without this beauty competition. A world, in which everyone is equally pretty due to a compulsory cosmetic surgery as a teenager. Scott Westerfeld creates such a scenery in his young dystopian fiction novel "Uglies" and takes a critical approach to a society, which is only based on being pretty. On the basis of this book, I want to have a closer look on our modern beauty ideals and how they influence our recent society. Or rather how our society influences beauty ideals. What problems arise with this beauty mania? What does Westerfeld criticise in his novel? I also want to pay attention on the beauty ideals in a historical context and how they changed over time.

But then she meets Shay, who is also fifteen - but with a very different outlook on life. Shay isn't sure she wants to be Pretty and plans to escape to a community in the forest - the Rusty Ruins - where Uglies go to escape 'turning'. Tally won't be persuaded to join her, as this would involve sacrificing everything she's ever wanted for a lot of uncertainty. When she is taken in for questioning on her birthday, however, Tally gets sent to the Ruins anyway - against her will. The authorities offer Tally the worst choice she could ever imagine: find her friend Shay and turn her in, or never turn Pretty at all.
