and effective strategies in an easy to understand way. 1. "DIVIDE & CONQUER" METHOD As of 2019, an average consumer sees 10,000 marketing messages per day and the attention span of an average internet user declined to only 8 seconds. 1.3 billion websites try to impress these people. In such an environment, you cannot achieve success by targeting wide audiences and using general marketing messages. To gain their attention, you have to divide your target audience and communicate each segment with the most relevant marketing message. 2. SEARCH ENGINE OPTIMIZATION (SEO) As the competition gets fierce, you have to work more than ever in 2019. This chapter provides detailed information regarding all 5 stages of SEO: Research, Strategy & Keyword Selection, On-site SEO, Infrastructure and Usability, Link Development, and Performance on Search Engine Results Page (SERP). 3. DIGITAL ADSThis chapter focuses on the strategies that will provide the highest conversion in Google Ads (formerly AdWords) and Facebook Ads. You will find detailed information on how to structure your digital ad campaigns and discover effective strategies to achieve success. The chapter provides various examples on text, display and social ad campaigns. 4. SOCIAL MEDIA This chapter focuses on achieving high ROI from social media. Platform-specific success strategies are presented based on Facebook, Instagram, Twitter, YouTube and LinkedIn. 5. EMAIL NEWSLETTERSIn addition to the format, content, timing and frequency of email newsletters, there is a specific section regarding performance analysis. CHECKLISTS AND THE THINGS

YOU NEED TO DO To help you get results, you will find 30-item checklists at the end of each chapter. Using them, you will be able to review the topics that are covered in each chapter. You will also find a special section at the end of each chapter, focusing on the things you need to do to implement this knowledge in your campaigns after reading this book. This will eliminate the gap between reading the book and taking action, as is the case in many other books. Many brands have already implemented "Divide and Conquer" method and significantly improved their digital marketing conversion. Now, it is your turn!

Music has long been part of esteemed equestrian traditions—consider the classical tones of the over-500-year-old Spanish Riding School and the Verdi purported to play at deafening volumes from the arena of Portuguese master Nuno Oliveira. Today we have sound systems that enable the most humdrum of riding lessons to become rhythmical dance rehearsals. And on the Olympic stage, the very best in international talent compete to discover which exquisitely choreographed performance is gold-medal-worthy. The musical “freestyle,” as it’s known, has become a form of equestrian display that draws large audiences in horse sports of every kind: dressage, Western dressage, and Cowboy Dressage; reining and liberty; breed classes and training competitions; drill teams
