A mission to a foreign land has left Captain Trip Yert with a responsibility he never anticipated: watching over two dozen magical stasis chambers containing half-dragon young, including eight that are half-human. As bewildering as he finds it, all of them are related to him. He's vowed to ensure they make it safely back to his homeland where the sorceress Sardelle can, he hopes, advise him on how to care for them. But while he, Rysha, and Major Kaika are investigating a friend's death and trying to arrange passage home, someone steals one of the baby girls. If Trip can't deal with hostile mages, corrupt business moguls, and the surprising secrets of his mother's past, he may lose the little sister he never had a chance to know. Colonel Ridge Zirkander isn't the model of military professionalism—he has a tendency to say exactly what's on his mind, and his record has enough demerits to wallpaper the hull of an airship—but as the best fighter pilot in the Iskandian army, he's used to a little leniency from his superiors. Until he punches the wrong diplomat in the nose and finds himself issued new orders: take command of a remote prison mine in the inhospitable Ice Blades Mountains. Ridge has never been in charge of anything larger than a flier squadron—what's he supposed to do with a frozen fortress full of murderers and rapists? Not to mention the strange woman who shows up right before he arrives... Sardelle Terushan wakes from three hundred years in a mage stasis shelter, only to realize that she is the last of the Referatu, the sorcerers who once helped protect Iskandia from conquerors. Their subterranean mountain community was blown up in a treacherous sneak attack by soldiers who feared their power. Everyone Sardelle ever knew is dead, and the sentient soulblade she has been bonded to since her youth is buried in

the core of the mountain. Further, what remains of her home has been infested by bloodthirsty miners commanded by the descendants of the very soldiers who destroyed her people.

Sardelle needs help to reach her soulblade—her only link to her past and her last friend in the world. Her only hope is to pretend she's one of the prisoners while trying to gain the commander's trust. But lying isn't her specialty, especially when the world has changed so much in the intervening centuries, and if Colonel Zirkander figures out who she truly is, he'll be duty-bound to sentence her to the only acceptable punishment for sorcerers: death.

General Ridgewalker Zirkander is getting married. Sardelle—the woman who's battled dragons, shamans, and countless enemy soldiers at his side—has accepted his proposal, and it's the perfect time for a wedding. It's been two months since any dragons or sorceresses attacked the city, the Cofah haven't come after their kidnapped emperor, and King Angulus has stopped yelling at Ridge for his inadvertent role in destroying the castle. Yes, it's the perfect time for a wedding. Never mind that the resident dragon who thinks he's a god is pressuring Ridge to build a temple for him, or that the pirate-turned-scientist Tolemek has disappeared. Or that Ridge's mother is on the verge of discovering that magic exists and her future daughter-in-law is a sorceress. These are small hiccups, and the wedding will go smoothly. Ridge is sure of it. Really.

When a mysterious stranger brings word of a dragon, Jason's whole world changes. The northern mountain village offers protection from the threat of dragons, but is a difficult place, especially for a misfit like Jason Dreshen. His days are spent hunting for food for his family, praying for warmth, and trying to hide his strange silver eye that grants him dragon sight. When a stranger visits during the local Freedom Festival searching for a different kind of dragon,

everything changes. Forced down the mountainside, Jason learns the truth of powers he'd only heard about in rumors. While running from deadly Dragon Souls, he finds he might have more of a connection to magic than only dragon sight. In order to save himself and stop the Dragon Souls, he must learn a truth about himself that leads him closer to the one thing he fears above all others: dragons. Somehow, he might be the only one able to protect them from the Dragon Souls, but how can he protect what he hates? Ice Dragon is the first book in The Dragon Misfits fantasy adventure series.

Captain Astuawilda Kaika is an elite forces soldier, a demolitions expert, and a woman who loves secret missions. She most certainly isn't someone with the patience to teach General Zirkander's raw cadets how to survive encounters with the enemy. Certain she's been given this duty as a punishment, she confronts her superiors, only to find out that King Angulus himself gave her the assignment. When she attempts to reasonably and respectfully-and certainly not presumptuously-explain to him that she's not suited for teaching, she gets swept up in a mission to a secret research facility that has been invaded by enemy agents. Soon, she, King Angulus, and General Zirkander are engrossed in an investigation that could change the world-and destroy all that they know.

When Lieutenant Caslin Ahn joined Wolf Squadron, she was prepared for the reality that she might one day be killed in the line of duty. She was less prepared for being shot down, assumed dead by her own people, and dragged off to the Cofah Empire as a prisoner of war. As if being thrust into a dungeon and interrogated wasn't bad enough, the sadistic commandant decides to give her a cellmate: the notorious pirate Deathmaker. Given the crimes he's committed against Iskandia, Cas owes it to her people to try and kill him. Part

warrior and part scientist, Tolemek "Deathmaker" Targoson has not only slain thousands with his deadly concoctions, but he has a special loathing for Iskandian pilots. It was Ahn's commander, Colonel Zirkander, who ruined his military career, forcing him to leave his country in shame and join a pirate organization. Years later, he uses his dreadful reputation like a shield to keep people away; all he wants is to be left alone to work in his laboratory. But when fate lands him in a cell with Zirkander's prot?g?, he sees a chance for revenge. Why kill the lieutenant when he can use her to get to his old nemesis?There's just one problem: it's hard to plot against your enemies when you're in prison with them. Cas and Tolemek will have to work together if they hope to escape the Cofah dungeon. In the process, they may find that neither is what the other expects, and that they have far greater problems to worry about than ensnaring each other ... Born with a secret power he must hide... Telryn "Trip" Yert has always been a little odd, with hunches that are too accurate to explain. Magic is feared and forbidden in Iskandia, so he's struggled his whole life to hide his eccentricities. As a boy, he was forced to watch his mother's execution. Her crime? Witchcraft. Understandably, Trip wants nothing to do with the power that lurks within him, always threatening to reveal itself. Instead, he dedicates himself to serving as an officer in the king's army, to battling pirates and imperial conquerors. He longs to become a soldier as respected and renowned as the legendary General Zirkander. But his country is in need of more than a soldier. After disappearing for over a thousand years, dragons have returned to the world. A few of them are willing to be allies to mankind, as they were millennia before, but far more want to destroy or enslave humans and claim the world for

themselves. There are few people left with the power to fight dragons. For reasons he doesn't understand, Trip may be one of those people. But if he chooses to learn more about his heritage and the power he can wield, he risks losing everyone he loves and everything he longs to be.

"Imperial law enforcer Amaranthe Lokdon is good at her job: she can deter thieves and pacify thugs, if not with a blade, then by toppling an eight-foot pile of coffee canisters onto their heads. But when ravaged bodies show up on the waterfront, an arson covers up human sacrifices, and a powerful business coalition plots to kill the emperor, she feels a tad overwhelmed. Worse, Sicarius, the empire's most notorious assassin, is in town. He's tied in with the chaos somehow, but Amaranthe would be a fool to cross his path. Unfortunately, her superiors order her to hunt him down. Either they have an unprecedented belief in her skills... or someone wants her dead"--P. [4] of cover.

Dragons have returned to the world, and they're wreaking havoc on human civilizations. Only one man has the power to stop them. Joined by a snarky sentient sword, a band of equally snarky allies, and the smart scholarly woman he longs to impress, Trip must master his powers, learn the secrets of his heritage, and go on a quest to save mankind. least one dragon remains, and military scientists from the Cofah Empire are experimenting with its blood, using the magical substance to power deadly new weapons that could be used to bring the world to its knees. That's a concern for Zirkander, Cas, and the rest of the Iskandians, but all Tolemek wants is to find his missing sister. The last time he saw her, their father had locked her in an asylum because of a mental illness with no cure. Now the military has taken her. What use the Cofah have for her, Tolemek can only guess, but he is certain she is in danger. He must save her before it's too late. But her fate is inexplicably tied to the dragon's, and he must find it to find her.

Composed towards the end of the first millennium, the Anglo-Saxon poem Beowulf is one of the great Northern epics and a classic of European literature. In his new translation, Seamus Heaney has produced a work which is both true, line by line, to the original poem, and an expression, in its language and music, of something fundamental to his own creative gift. The poem is about encountering the monstrous, defeating it, and then having to live on, physically and psychically exposed, in that exhausted aftermath. It is not hard to draw parallels between this story and the history of the twentieth century, nor can Heaney's Beowulf fail to be read partly in the light of his Northern Irish upbringing. But it also transcends such considerations, telling us psychological and spiritual truths that are permanent and liberating.

Sardelle Terushan, sorceress and healer, should be lying low. Magic is forbidden in Iskandia, and magic users are drowned, shot, or otherwise slain. The problem? She's fallen in love with ace fighter pilot and national hero, Colonel Ridge Zirkander, a man whom everybody notices,

including the king. It's not long before Sardelle has spies dogging her steps and people trying to blow her up. Worse, her presence is jeopardizing Ridge's career. If she can't find a solution to the nation's centuries-old hatred of magic, the only way to protect Ridge-and herself-may be to leave. Ridge Zirkander isn't used to worrying about more than shooting down Cofah airships and keeping the officers in his squadron alive, but his world has gotten more complicated since giving his heart to Sardelle. It's difficult to keep people from noticing a mysterious and enigmatic woman, not to mention her chatty sentient sword. He's been passing her off as an archaeologist to his fellow pilots, but when the king calls him in to a private meeting, Ridge fears his secret has been discovered. But the king-and the rest of the country-has a greater problem. Cofah military scientists have acquired something that shouldn't exist in the world any longer: dragon blood. In addition to having countless mysterious properties, it's a powerful energy source that can be used to create devastating weapons. Ridge, Sardelle, and their allies must travel to the empire as part of a secret strike force to steal the dragon blood. If they fail, the Cofah will finally have the power to destroy all of Iskandia.

After helping my steady dragon Zav with his family problems, I thought life would get back to normal. As normal as it can be when you're a hit woman responsible for hunting down bad guys. That was before a strange artifact showed up in a bog and turned my ancient dwarven sword into a magical beacon. Now my enemies can sense it from hundreds of miles away. More than that, every club-toting, over-muscled orc, ogre, and troll who would like a magic sword can sense it. Usually, fighting off opportunists wouldn't be a problem (they don't call me Ruin Bringer without reason), but even I can only handle so many attacks at a time. And Zav isn't as much help as you'd think, since he's busy on a quest for a ring. No, it's not a Lord of the Rings kind of quest. My boss put it in Zav's head that since we're mated in the dragon way, we should also be married in the human way. Now, he's off to find the perfect engagement ring.
