Pub. 15 / Circular E explains your tax responsibilities as an employer. It explains the requirements for withholding, depositing, reporting, paying, and correcting employment taxes. It explains the forms you must give to your employees, those your employees must give to you, and those you must send to the IRS and the SSA. This guide also has tax tables you need to figure the taxes to withhold from each employee for 2017. References to "income tax" in this guide apply only to "federal" income tax. Contact your state or local tax department to determine if their rules are different. When you pay your employees, you don't pay them all the money they earned. As their employer, you have the added responsibility of withholding taxes from their paychecks. The federal income tax and employees' share of social security and Medicare taxes that you withhold from your employees' paychecks are part of their wages that you pay to the United States Treasury instead of to your employees. Your employees trust that you pay the with-held taxes to the United States Treasury by making federal tax deposits. This is the reason that these withheld taxes are called trust fund taxes. If federal income, social security, or Medicare taxes that must be withheld aren't withheld or aren't deposited or paid to the United States Treasury, the trust fund recovery penalty may apply. See section 11 for more information. Pub. 15-A includes specialized information supplementing the basic employment tax information provided in this publication.

Pub. 15-B, Employer's Tax Guide to Fringe Benefits, contains information about the employment tax treatment and valuation of various types of non-cash compensation. Pub. 535 discusses common business expenses and explains what is and is not deductible. The general rules for deducting business expenses are discussed in the opening chapter. The chapters that follow cover specific expenses and list other publications and forms you may need.

Today's housing market offers exceptional opportunities and incentives to achieve the American dream. "Your Key to a Successful Home Financing" presents unique resources that will help you understand and simplify the loan process, identify available mortgage programs to meet your goals, and enjoy the advantages of being a homeowner. This book will also prepare you with the essentials for a loan approval and tips on how to improve your credit. I'll describe fundamental benefits of using government loans, such as buying with no money down or getting additional funds to repair your home, and options to receive down payment assistance from your city, county or state. I'll show you how to save money by obtaining a seller credit towards closing costs, reduce your interest rate and its cost, and obtain federal and state tax credits. In addition, you will learn ways to buy foreclosures with low down payment. As a mortgage consultant, I strongly

believe in full disclosure to my clients; I'll describe important key documents that need to be reviewed before looking for a house and at the closing of your transaction. I was motivated to write this book because I frequently witness loan officers failing to provide existing programs and resources to homebuyers. Ultimately, this lack of expertise or ability can be detrimental at the moment of purchasing your home. Throughout "Your Key to a Successful Home Financing" outstanding online support for homebuyers and homeowners will be listed, and you will discover secrets banks may not necessarily want you to know. Its chapters were designed for readers that don't have time to study vague and lengthy narratives about financing. It provides direct, current and crucial advice to find the most appropriate home loan program to fit your needs, because now it's a great time to take action! www.homefinancingbook.com
