

## Vaishnava Songs Hindi

The book explores the various histories and aspects of Indian drama in different languages.

A widely-accepted explanation for India's national unity is a narrative called the bhakti movement—poet-saints singing bhakti from India's southern tip to the Himalayas between 600 and 1600. John Hawley shows that this narrative, with its political overtones, was created by the early-twentieth-century circle around Rabindranath Tagore in Bengal.

Vaishnava prayers with English translation.

First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

This is the first one-volume guide in English, or indeed in Bengali, to the full spectrum of Tagore's multi-faceted genius. It has two parts: (a) critical surveys of the chief sectors of his artistic output and its reception; (b) specialized studies of particular topics. The authors are among the leading Tagore experts from India and abroad. They have drawn upon all relevant material in Bengali, English, and other languages, including the entire body of untranslated Bengali works that comprise the greater part of Tagore's oeuvre. They have also considered the historical and cultural context of his time. The

book includes an index of all primary works cited, with full details of their complex history of transmission, and a reading list for Tagore studies in English. It will be an indispensable guide for all scholars, students and informed general readers, even those who can access Tagore in Bengali.

Examines the relationship between Mughal political culture and the two dominant strains of Islam's Sufi traditions in South Asia: one centred around orthodoxy, the other focusing on a more accommodating and mystical spirituality. Based on a critical study of a large number of contemporary Persian texts, court chronicles, epistolary collections, and biographies of sufi mystics, *The Mughals and the Sufis* examines the complexities in the relationship between Mughal political culture and the two dominant strains of Islam's Sufi traditions in South Asia: one centered around orthodoxy, the other focusing on a more accommodating and mystical spirituality. Muzaffar Alam analyses the interplay of these elements, their negotiation and struggle for resolution via conflict and coordination, and their longer-term outcomes as the empire followed its own political and cultural trajectory as it shifted from the more liberal outlook of Emperor Akbar "The Great" (r. 1556–1605) to the more rigid attitudes of his great-grandson, Aurangzeb 'Alamgir (r. 1658–1701). Alam brings to light many new and underutilized sources relevant to the religious and cultural history of the Mughals and reinterprets well-known sources from a new perspective to provide one of the most detailed and nuanced portraits of Indian Islam under the Mughal Empire available today. Muzaffar

The author believes that it would be necessary for a student of Indian religions to undertake first of all a long and difficult investigation into sources, and further that from the point of view of the study of religions what was wanted was not so much fresh study of individual books as a clear comprehensive survey of the literature so far as critical inquiry, translations and the publication of texts have made it known, so that the student might be able to begin the study of any part of it with intelligence and to find his way without serious difficulty to all the existing literature, modern as well as ancient which deals with the section of the field in which he is interested.

Few other Hindu gods guide a regional consciousness, pervade walks of everyday life and define a collective psyche the way Lord Jagannath does in Odisha and its contiguous areas. Jagannath is metonymic of Odisha and the Odia way of life, arguably much more than any other god for a particular geography or its peoples. While not derecognising the historical and the spiritual

aspects of Jagannath, Bonding with the Lord attempts to look at the deployment of Jagannath in contemporary cultural practices involving the sensorium in the widest sense. The project of a cultural Jagannath not only materialises him in people's everyday practices but also democratises scholarship on him. The expansion of the scope of research on Jagannath to cultural expressions in a more encompassing way rather than confining to 'elitist' religious/literary sources makes him an everyday presence and significantly enhances his sphere of influence. Jagannath's 'tribal' origin, his association with Buddhism and Jainism and his avatari status make him an all-encompassing, multilayered symbol and a treasure trove for multiple interpretations.

A monthly register of the most important works published in North and South America, in India, China, and the British colonies: with occasional notes on German, Dutch, Danish, French, Italian, Spanish, Portuguese, and Russian books.

Affectionately known as the Bard of Bengal, Rabindranath Tagore was also a celebrated novelist, short-story writer, essayist and playwright, who introduced new prose and verse forms into Bengali literature, freeing it from traditional models based on classical Sanskrit. Highly influential in introducing Indian culture to the West, Tagore is generally regarded as the outstanding creative artist of
