A comprehensive guide to Rossini's THE BARBER OF SEVILLE, featuring insightful and in depth Commentary and Analysis, a complete, newly translated Libretto with Italian/English side-by side, and over 35 music highlight examples."

A majority of the chapters in this book were originally presented as papers at a conference held at Queen's University Belfast in September 2006. The volume explores the oral-written dynamic in the conte français/francophone, focusing on key aspects of the relationship between oral and written forms of the conte. The chapters fall into four broad thematic areas (the oral-written dynamic in early modern France; literary appropriations and transformations; postcolonial contexts; storytelling in contemporary

France: linguistic strategies). Within these broad areas, some chapters deal with sources and influences (such as that of written on oral and vice versa), others with the nature of the discourse resulting from an oral-written dynamic (discourse structure, linguistic features etc.), some with the oral-written interface as it affects the definition of genre, others with the role of the 'oral' within the literary or written text (use of storytelling scenarios, the problematics inherent in transcribing/adapting the spoken word etc.). This chronological and methodological range allows us to situate the emergence of the form in socio-cultural and historical terms, and to open up debate around the role of the conte in particular geographical and political contexts: regional, national, European and postcolonial. This book contains contributions in both English and French.

The world's largest and longest-running song competition, the Eurovision Song Contest is a significant and extremely popular media event throughout the continent and abroad. Here, an international group of scholars from a variety of disciplines, explore how the contest sheds light on issues of European politics, national and European identity, race, gender and sexuality, and the aesthetics of camp. Eurovision is sometimes regarded as a low-brow camp spectacle of little aesthetic or intellectual value. The essays in this collection often contradict this assumption, demonstrating that the contest has actually been a significant force and forecaster for social, cultural and political transformations in postwar Europe. Handy practical guide to three of Mozart's most popular operas. Excellent line-for-line English translations face the Italian texts. Also introductions, plot synopses, and lists of characters for each opera.

This volume collects original theoretical work on the syntax and morphology of Italian and a wide range of Italian dialects. It contains contributions by such leading figures as Cecilia Poletto, Guglielmo Cinque, and Richard Kayne, and examines topics such as the syntax of "ne", the internal structure of personal pronouns, the syntax/morphology interface, and functional projections at the clausal level.

A Turandot filtered through a modern brain', wrote Puccini, describing his plans to rework the eighteenth-century fable by Carlo Gozzi. According to Mosco Carner, Puccini's last and supreme work is an advanced score which, with an orchestration that reflects contemporaries

such as Richard Strauss and Stravinsky as well as genuine Chinese rhythms and harmonies, remains true to the Italian vocal tradition. The musicologist Juergen Maehder analyses of the ending, which Franco Alfano composed from Puccini's sketches. In addition, the great British soprano Dame Eva Turner recalls her experiences of singing the title role, of which she was a legendary interpreter. Contents: The Genesis of the Opera, Mosco Carner; The Score, Mosco Carner; Puccini's 'Turandot': A Fragment, Juergen Maehder; Carlo Gozzi's 'Turandot' and Its Transformation into Puccini's Libretto, John Black; Memories of Performing 'Turandot', Eva Turner; Turandot: Libretto by Giuseppe Adami and Renato Simoni; Turandot: English literal translation by William Weaver

This book is an enquiry into memory in the Western world. Specifically, memory is the framework of culture, because it links the present to the past - or tradition - and projects it into the future. For this reason, any work focusing on memory involves a double challenge: (1) to reveal the origin of concepts and (2) to glimpse the course of thoughts. This is the case of the present volume, in which the authors make several tastings of Europe's intellectual heritage, by taking into account both the Greek origin of this legacy and its relevance for understanding the European philosophical heritage. In particular, these papers focus on the Aristotelian tradition, the true keystone of Europe, and on other currents of thought that have also played an essential role in the intellectual evolution of the Old Continent. In the latter field, there are contributions, for instance, on philosophical-religious traditions such as Orphism or on certain fundamental aspects of Neoplatonism both in the Classical World and in Christian authors. The volume concludes with various works on the survival of these intellectual trends from the Renaissance to the present day. Consequently, this work offers the opportunity to delve deeper into some of the aspects that define Western civilisation, observed both from its origin and its evolution over the centuries. The volume contains papers in Spanish, Portuguese, Italian, and English. Este libro es una indagación en la memoria del mundo occidental. Específicamente, la memoria es el armazón de la cultura, porque liga el presente al pasado —o tradición— y lo proyecta al futuro. Por ello, toda obra centrada en la memoria entraña un doble reto: (1) revelar el origen de los conceptos y (2) atisbar el rumbo de los pensamientos. Este es el caso del presente volumen, en el que realizan diversas catas en el patrimonio intelectual europeo. Lo hace teniendo en cuenta tanto el origen griego de ese legado como su relevancia para comprender el acervo filosófico europeo. En concreto, se centra en la tradición aristotélica, verdadera clave de bóveda de Europa, y en otras corrientes de pensamiento que también han jugado un papel esencial en la evolución intelectual del viejo continente. En éste último ámbito hay contribuciones, por ejemplo, sobre tradiciones filosófico-religiosas como el orfismo o sobre determinados aspectos fundamentales del neoplatonismo en el mundo clásico y en autores cristianos. Concluye el volumen con diversos trabajos sobre la pervivencia de esas tendencias intelectuales desde el renacimiento hasta nuestros días. En consecuencia, esta obra ofrece la oportunidad de profundizar en algunos aspectos que definen nuestra civilización, observados tanto desde su origen como desde su evolución a lo largo de los siglos.

"Jazz On My Mind is a delightful and substantial addition to jazz commentary, full of the vivid anecdotes and insightful, accessible analysis of the late Dr. Herb Wong, a lifelong enthusiast and acclaimed educator who came to work with and know the musical heroes he depicts here. With exemplary assistance from Paul Fingerote, longtime marketing and public relations director of the Monterey Jazz Festival, Dr. Wong selected and shaped his memories and his earlier writings into a volume that stands tall among those concerning composers and performers of the second half of the 20th century whose sounds will ring forever."--Howard Mandel, president of the Jazz Journalists Association "Offers readers a delightful curated vision of America's music genre.... Reading Wong's liner-note prose is a pure joy. His enthusiasm will send you to the record store, and his encyclopedic knowledge will inform your

listening. You can read the book from cover to cover, and you'll be tempted to do just that. But it is also perfect for causal reading, and as a reference if you're listening to the music. If you're unfamiliar with jazz music and want a starter's guide, I cannot imagine a better book. This is truly fun to read, a time capsule into another era and even another version of English that you simply won't read or find anywhere else."--Rick Kleffel, KQED, NPR Contributor; Editor, Bookotron.com. Dr. Herb Wong (1926-2014) was an internationally recognized jazz industry leader and the author of more than 400 liner notes from the 1940s through the early 2000s. He reviewed not only the tracks on those albums but the artists and their eras as well. This book features the best of Wong's liner notes, articles and album selections, his personal stories about the artists, and his illuminating one-on-one conversations with many jazz greats, providing an insightful jazz primer and invaluable discography.
