La prima guida della cantine di Alba. La pubblicazione della guida dei produttori della città di Alba è un momento da celebrare. Si tratta infatti di uno dei primi tentativi di unire sotto un'unica bandiera i moltissimi produttori della capitale delle Langhe, creando una sinergia e un'unione che, speriamo, sia solo il primo passo di una promozione a lungo termine. L'idea che sta infatti alla base della pubblicazione è che questa funga da motore di valorizzazione, una sorta di innesco a partire dal quale i produttori albesi potranno proporsi ad eventi nazionali e internazionali con forze e contenuti che solo un solido gruppo possono garantire. La guida va dunque sfogliata "in divenire", augurandosi cioè che fondi le basi di un'associazione che continuerà a portare il nome vitivinicolo di Alba nel mondo. Ma la guida dell'Associazione Cantine di Alba va anche consultata per il suo lato pragmatico... The first guide to the wineries of Alba The publication of the guide to the wineries of the city of Alba is something to celebrate. In fact it is one of the first attempts to unite the plethora of producers in the capital of the Langhe in a common cause, creating a synergy and togetherness that we are certain is just the first step toward long-term promotion. In fact, the idea behind the publication was that it would act as a booster – a

springboard for the producers of Alba to propose their participation in national and international events with the forces and the content that only a solid group can guarantee. One must therefore flip through the guide aware that it is in evolution, hoping that it will lay the foundations for an association that will continue to carry the flag of Alba's winemaking out in the world. Si l'on se penche sur les phénomènes de contestation de l'autorité politique par la littérature ou les arts qui constitue un axe de recherche majeur du Laboratoire aux travaux duquel contribue ce volume, il appert que, dans bien des pays d'Europe, l'autorité politique s'est identifiée avec celle du Monarque, alors qu'en Italie, cas exceptionnel – et pour cause, puisque le siège de la papauté y est implanté depuis deux millénaires sans autre interruption que le demi-siècle avignonnais –, c'est la papauté qui s'est constituée en pouvoir politique, se revendiquant d'une double autorité, spirituelle et morale, et s'incarnant en un véritable organisme étatique. Le pape et la papauté représentent à leur tour deux "incarnations" de l'autorité : l'une institutionnelle (le gouvernement ecclésiastique), l'autre individuelle (le souverain pontife comme successeur de Pierre investi d'une mission de divine inspiration et exerçant à ce titre une autorité suprême). C'est en tout cas une spécificité italienne que d'être, par tant, un pays à la fois laïc et non-laïc, dans lequel la figure du Pape remplace celle du Roi, suscitant, depuis son affirmation comme telle, polémiques et défenses de l'Institution ecclésiastique autant que de papes en particuliers. De fait, l'affirmation de la primauté spirituelle et temporelle du pape sur le monde médiéval chrétien présente, in nuce, les failles juridiques et morales qui légitiment l'expression immédiate d'opposants à cette hégémonie, aussi les vingt études regroupées dans ce volume illustrent-elles à la fois l'ancrage et la permanence d'une tradition historique, artistique, littéraire... la remise en cause en quelque sorte "chronique" du pouvoir du pape et de l'Église du XIe siècle à nos jours. Chacune d'elles montre par ailleurs, en creux ou explicitement, selon les cas, l'idéal d'une Église, d'une papauté et de papes, que leurs partisans comme leurs opposants eussent voulu au-dessus des intérêts matériels et des stratégies de pouvoir, tous se présentant en mal d'une autorité morale incontestable et littéralement incomparable (celle des "Princes" telle qu'elle ressort de ces travaux n'échappant pas non plus à une sévère critique). Dans le balayage temporel et thématique qu'elles effectuent, ces études, du même coup, rendent compte du paradoxe proprement italien d'une tension ancestrale et originale entre la religion de la politique et la politique de la religion.

This volume offers a multidisciplinary view of cutting-edge research on bilingualism in Spanish and Portuguese-speaking regions, with the aim of building a bridge between sub-fields and approaches that often find themselves isolated from one another. The thirteen contributions in this volume offer a glimpse of the diversity of bilingualism present in the Hispanic and Lusophone world, shedding light on the sheer variety of speaker communities, language pairings (e.g., Spanish-English, Spanish-Basque, Spanish-Dutch, Portuguese-Spanish-English, Portuguese-English, Spanish-K'ichee Maya, and Spanish-Ixcatec) and speaker types (e.g., simultaneous bilinguals, and early and late sequential bilinguals). The diversity present in this collection of papers, both in empirical coverage and methodological and theoretical approaches, will be of interest to a wide range of students and researchers in bilingualism and Hispanic and Lusophone linguistics.

A practical handbook for business travelers and tourists, a completely updated guide employs language-immersion principles to teach readers a wide variety of useful words and phrases and includes compact grammar and pronunciations sections, tips on Italian cultures, clear maps, and extensive vocabulary lists and verb charts. This dictionary assembles 3,246 English proverbs and thousands of equivalents in five national Romance languages: French, Italian, Spanish, Portuguese and Romanian. The Dictionary is a very useful reference tool for scholars of these languages, for researchers working in various associated fields such as linguistics, literature, folklore, anthropology, psychology, sociology, history, and for workers in newer areas such as advertising and contemporary media. The Dictionary is also of benefit to diplomats and politicians who try to improve their communication by sharing ideas formulated in some common meaningful expressions; it will assist interpreters and translators, and teachers and students for whom it is important to understand not only what the target culture expresses in the same way as their own, but also what is formulated in a different way. Finally, the Dictionary will be of great interest to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful language of proverbs.

Nestled by rows of luscious grapevines, wineries evoke images of fine living few other places can rival. The spirit of each winery is as distinctive as the wines it produces. With a multitude of unique design touches, each one creates a sense of place, and a charming invitation to slow down and savor a way of life deeply rooted in growing cycles and the seasons. This lavishly illustrated compendium showcases the new wave of winery buildings. This school of design takes its lead from architect Herzog de Meuron's 1997 design for Dominus Winery, setting a trend away from the rustic and embracing the sleekest contemporary ethos. Since then leading wineries have commissioned chic tasting rooms and spectacular facilities by architectural luminaries such as Santiago Calatrava, Rafael Moneo, Zaha Hadid, Frank O. Gehry and Norman Foster. ? A unique gift for the wine connoisseur and design devotee alike ? A compelling look at all the design elements that make up the world's most beautiful wineries
