

Virtual Freedom

The Story: Jenika's life changed in an instant. One day she lived in the countryside with her mother and ten siblings, and the next she moved with her aunt to the city, where she was promised an education but was instead forced into a life of cooking, cleaning, and despair. The only thing that kept her going was her singing. Read this inspiring tale of a girl who overcame the odds, written by girls who understand her struggle. The Story Behind the Story: Written by a team of young women served by the Restavek Freedom Foundation, *Jenika Sings For Freedom* aims to raise awareness about the inhumanity and injustice of child slavery in Haiti. At the same time, the books give these young women the opportunity to shape the stories of their own lives with power and possibility and hope. This project was a collaboration between Restavek Freedom Foundation and Shout Mouse Press. Restavek Freedom Foundation is a nonprofit organization based in Port-au-Prince, Haiti and Cincinnati, Ohio with a mission to end child slavery in Haiti in our lifetime. Since its inception in 2007, Restavek Freedom has worked on behalf of the 300,000 children living as restavek in Haiti. We advocate for children by providing educational opportunities for those living in restavek, influencing communities to help change cultural norms regarding restavek, and mobilizing community leaders to stand up for freedom. To learn more, visit

www.RestavekFreedom.org. Shout Mouse Press is a nonprofit writing program and publishing house for unheard voices. We were founded in Washington, DC in 2014. Shout Mouse partners with nonprofit organizations serving communities in need to design book projects that help further their mission. Our authors have produced original children's books, memoir collections and novels-in-stories. To learn more and to see a full catalog of Shout Mouse titles, visit www.ShoutMousePress.org.

Why are you doing EVERYTHING yourself? What would you do if you had even one more hour a day devoted solely to growing your business and making more money? Virtual assistants will make your life easier by taking the stress out of your business life. As a small business owner, you need more time so you can make more money and stay competitive in an ever-changing world. If you're spending less than 70 percent of your time on work that doesn't generate revenue, isn't building relationships, or isn't creating new products, then you're not spending enough time on your business. It means you're spending too much time in your business. This book will show you why Virtual Assistance (VA) is the answer. *Hire the Right Virtual Assistant* is the complete guide to: Know what a VA is and how they differ from Executive Assistants Understand the benefits and need of a VA - it's more than just outsourcing Hiring the right VA the first time in less time than you think Finally be able to use the VA right away to make the biggest impact in your business and free up your time If you had time right now to work on your business instead of in it, what could you do? Could you make a sale? Visit a client and earn more business? Make another 20 calls a day to land more clients? Work the pipeline? Network? Think about your proven method to gain more clients. Using that method, how many more clients could you have if you had more time? This is where you put a VA to work for you. They work in your business so you can work on your business. I promise that hiring a VA will be the best decision you make for your business. You will get back your time. Scroll up and pick up your copy today!"

Entrepreneurs often suffer from "superhero syndrome"—the misconception that to be

successful, they must do everything themselves. Not only are they the boss, but also the salesperson, HR manager, copywriter, operations manager, online marketing guru, and so much more. It's no wonder why so many people give up the dream of starting a business—it's just too much for one person to handle. But outsourcing expert and "Virtual CEO," Chris Ducker knows how you can get the help you need with resources you can afford. Small business owners, consultants, and online entrepreneurs don't have to go it alone when they discover the power of building teams of virtual employees to help run, support, and grow their businesses. *Virtual Freedom: How to Work with Virtual Staff to Buy More Time, Become More Productive, and Build Your Dream Business* is the step-by-step guide every entrepreneur needs to build his or her business with the asset of working with virtual employees. Focusing on business growth, Ducker explains every detail you need to grasp, from figuring out which jobs you should outsource to finding, hiring, training, motivating, and managing virtual assistants. With additional tactics and online resources, *Virtual Freedom* is the ultimate resource of the knowledge and tools necessary for building your dream business with the help of virtual staff.

"A rich, sensual, bewitching adventure of good vs. evil with love as the prize."

~Publisher's Weekly on *ETERNITY* 300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those like her. Duncan Wallace's forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can't be real. She tells him of another lifetime, claims to be immortal. Though he knows she's deluded, he can't stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series *HIGHLANDER*, you will LOVE this series. Don't miss Book 2, *INFINITY*. "A hauntingly beautiful story of a love that endures through time itself."

~New York Times Bestselling Author, Kay Hooper "This captivating story of a love that reaches across the centuries, becomes as immortal as the lover's themselves, resonates with timeless passion, powerful magic, and haunting heartbreak."

~BN.com's official review

Named a Most Anticipated/Best Book of the Month by: NPR * USA Today * Time * Washington Post * Vulture * Women's Wear Daily * Bustle * LitHub * The Millions * Vogue * Nylon * Shondaland * Chicago Review of Books * The Guardian * Los Angeles Times * Kirkus * Publishers Weekly So often deployed as a jingoistic, even menacing rallying cry, or limited by a focus on passing moments of liberation, the rhetoric of freedom both rouses and repels. Does it remain key to our autonomy, justice, and well-being, or is freedom's long star turn coming to a close? Does a continued obsession with the term enliven and emancipate, or reflect a deepening nihilism (or both)? On *Freedom* examines such questions by tracing the concept's complexities in four distinct realms: art, sex, drugs, and climate. Drawing on a vast range of material, from critical theory to pop culture to the intimacies and plain exchanges of daily life, Maggie Nelson explores how we might think, experience, or talk about freedom in ways responsive to the conditions of our day. Her abiding interest lies in ongoing "practices of freedom" by which we negotiate our interrelation with—indeed, our inseparability from—others, with all the care and constraint that entails, while accepting difference and conflict as integral to

our communion. For Nelson, thinking publicly through the knots in our culture—from recent art-world debates to the turbulent legacies of sexual liberation, from the painful paradoxes of addiction to the lure of despair in the face of the climate crisis—is itself a practice of freedom, a means of forging fortitude, courage, and company. *On Freedom* is an invigorating, essential book for challenging times.

The principal motif that runs throughout *The Virtual Point of Freedom* is a confrontation with the discourse of freedom, or, more specifically, the falsely transgressive ideal of a total emancipation that would know no constraints. Far from delineating a supposed “subject of freedom” that would allegedly overcome alienation once and for all, the seven chapters in Chiesa’s book seek to unfold an innovative reading of the dialectical coincidence between dis-alienation and re-alienation in politics, aesthetics, and religion, using psychoanalysis as a privileged critical tool. Topics include Pier Paolo Pasolini’s attack on the visual and biological degeneration of bodies brought about by pleasure-seeking “liberal” consumerism, Giorgio Agamben’s and Slavoj Žižek’s conflicting negotiations with the Christian tradition of “poverty” and “inappropriateness” as potential redemption, and Alain Badiou’s inability to develop a philosophical anthropology that could sustain a coherent politics of emancipation. The book concludes by sketching out the figure of the partisan, a subject who makes it possible to conceive of an intersection between provisional morality and radical politics.

The difference between helping and selling is just two letters. If you’re wondering how to make your products seem more exciting online, you’re asking the wrong question. You’re not competing for attention only against other similar products. You’re competing against your customers’ friends and family and viral videos and cute puppies. To win attention these days you must ask a different question: “How can we help?” Jay Baer’s *Youtility* offers a new approach that cuts through the clutter: marketing that is truly, inherently useful. If you sell something, you make a customer today, but if you genuinely help someone, you create a customer for life.

Driven by the need to achieve superior control performances for robots with hyper degrees of freedom, the virtual decomposition control approach is thoroughly presented in this book. This approach uses subsystem (such as links and joints of a complex robot) dynamics to conduct control design, while guaranteeing the stability and convergence of the entire complex robot without compromising the rigorousness of the system analysis. The central concept of this approach is the definition of the virtual stability. The stability of the entire complex robot is mathematically equivalent to the virtual stability of every subsystem. This fact allows us to convert a large problem to a few simple problems with mathematical certainty. This book comprises fourteen chapters. The first five chapters form the foundation of this approach. The remaining nine chapters are relatively independent. Starting from Chapter 6, each chapter deals with a particular type of systems including motor/transmission assemblies, hydraulic robots, coordinated multiple robots, space robots, humanoid robots, adaptive teleoperation, and modular robot manipulators. At the end, the extensions of this approach to distributed-parameter systems and to electrical circuits are given, paving the way for other applications to follow. This book is intended for practitioners, researchers, and graduate students who have acquired fundamental knowledge on robotics and control systems and have been committed to achieving the best control performances on complex robotics systems and beyond.

Contagious Acts of Freedom is a short collection of poems and memoirs celebrating the bold act of exercising freedom despite the constraints and demands of life. Even the tiniest acts of expression can be daring demonstrations of self-determination amidst the confining forces of our world.

Bestselling author Lauren Tarshis tackles the American Revolution in this latest installment of the groundbreaking, New York Times bestselling I Survived series.

Discover the wonder of a life with God you can't contain. The pages of scripture are full of ordinary people who walked with God as he poured himself out through them to a world in need. What if God never changed? What if he is still speaking to us and longing to work miraculously through us? What if it isn't a matter of more training or effort but simply receiving and releasing everything he already purchased? "Life in the Overflow" invites you to know God intimately as your Daddy in a way that spills out of you naturally. Filled with disarming honesty and fervent expectation, this book mirrors a reflection of who you are, who your God is and what he actually longs to do through "ordinary, messy kids" today!

Daniel Suarez's New York Times bestselling debut high-tech thriller is "so frightening even the government has taken note" (Entertainment Weekly). Daemons: computer programs that silently run in the background, waiting for a specific event or time to execute. They power almost every service. They make our networked world possible. But they also make it vulnerable... When the obituary of legendary computer game architect Matthew Sobol appears online, a previously dormant daemon activates, initiating a chain of events that begins to unravel our interconnected world. This daemon reads news headlines, recruits human followers, and orders assassinations. With Sobol's secrets buried with him, and as new layers of his daemon are unleashed, it's up to Detective Peter Sebeck to stop a self-replicating virtual killer before it achieves its ultimate purpose—one that goes far beyond anything Sebeck could have imagined...

The eminent scholar Lewis R. Gordon offers a probing meditation on freedom, justice, and decolonization. What is there to be understood and done when it is evident that the search for justice, which dominates social and political philosophy of the North, is an insufficient approach for the achievements of dignity, freedom, liberation, and revolution? Gordon takes the reader on a journey as he interrogates a trail from colonized philosophy to re-imagining liberation and revolution to critical challenges raised by Afropessimism, theodicy, and looming catastrophe. He offers not forecast and foreclosure but instead an urgent call for dignifying and urgent acts of political commitment. Such movements take the form of examining what philosophy means in Africana philosophy, liberation in decolonial thought, and the decolonization of justice and normative life. Gordon issues a critique of the obstacles to cultivating emancipatory politics, challenging reductionist forms of thought that proffer harm and suffering as conditions of political appearance and the valorization of nonhuman being. He asserts instead emancipatory considerations for occluded forms of life and the irreplaceability of existence in the face of catastrophe and ruin, and he concludes, through a discussion with the Circassian philosopher and decolonial theorist, Madina Tlostanova, with the project of shifting the geography of reason.

Virtual Freedom How to Work with Virtual Staff to Buy More Time, Become More Productive, and Build Your Dream Business BenBella Books, Inc.

Gillam Hale was born to free parents, and his life was untouched by slavery until his preacher father took him on a trip to minister to the Virginia slaves. Gillam wants beautiful Queen Esther from the moment he sees her, but the only way to purchase her is by distilling illicit whiskey—against his family's advice. Though Gillam achieves his aim, his talent for making fine whiskey earns the wrath of jealous white neighbors, who kidnap Gillam's family and scatter them to plantations throughout the South. Gillam escapes from his new owners, yet he can never be truly free until he finds his lost loved ones, and faces the legacy of his own rash

decisions. *The Knees of Gullah Island* follows Gillam, Queen Esther and their son, Joseph, in the years surrounding the Civil War and Reconstruction, when the destiny of a nation hung in the balance. Filled with richly drawn characters and details that bring the past to vibrant life, this is a timeless story of love, loss, hope and rebirth.

In late 2016, internationally acclaimed blogger and podcaster Chris Ducker coined the term "Youpreneur" to describe the rise of the personal brand entrepreneur, a new business model that very few people saw coming. Since then, the Youpreneur has risen to the top across sectors. A Youpreneur transcends the old rules of business and builds a sustainable business from the foundation of their experience, interests, and personality--their personal brand. Youpreneurs draw an engaged, loyal audience even as they pursue varying, changing interests. They play by their own rules, and they reap the benefits. Ready to pivot for the last time, guarantee the success of your business, and become the go-to leader in your industry? Chris Ducker will show you how to develop the Business of You and build a future-proof business model.

In 1858, Mary Millburn successfully made her escape from Norfolk, Virginia, to Philadelphia aboard an express steamship. Millburn's maritime route to freedom was far from uncommon. By the mid-nineteenth century an increasing number of enslaved people had fled northward along the Atlantic seaboard. While scholarship on the Underground Railroad has focused almost exclusively on overland escape routes from the antebellum South, this groundbreaking volume expands our understanding of how freedom was achieved by sea and what the journey looked like for many African Americans. With innovative scholarship and thorough research, *Sailing to Freedom* highlights little-known stories and describes the less-understood maritime side of the Underground Railroad, including the impact of African Americans' paid and unpaid waterfront labor. These ten essays reconsider and contextualize how escapes were managed along the East Coast, moving from the Carolinas, Virginia, and Maryland to safe harbor in northern cities such as Philadelphia, New York, New Bedford, and Boston. In addition to the volume editor, contributors include David S. Cecelski, Elysa Engelman, Kathryn Grover, Megan Jeffreys, Cheryl Janifer LaRoche, Mirelle Luecke, Cassandra Newby-Alexander, Michael D. Thompson, and Len Travers.

Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. When you're starting your own business, it's easy to feel overwhelmed by a variety of pressing tasks or feel pressured to handle them all on your own. But the stress of completing mundane tasks can rob you of your sense of vitality and innovation, ultimately hurting your business and leading to burnout. So, if you've ever felt like you had too much to do and not enough time, you don't have to live with that pressure forever; outsourcing to a virtual assistant just might be the answer! *Virtual Freedom* (2014) is your one-stop guide to virtual outsourcing. By following Chris Ducker's manual, you'll learn everything from the secret to assembling your team to VA hiring etiquette to some top tips for avoiding the most common pitfalls of onboarding a Virtual Assistant. Written from Ducker's firsthand experience with hiring by trial and

error, Virtual Freedom offers some unique and genuine insights into the power of virtual delegating.

In our Christian walk in this world, we are always presented with choices and subtle offers that can appear appealing. However, we often ignore the small print, either deliberately, or through ignorance. Interestingly, the Israelites, faced similar offers, as they 'negotiated' with Pharaoh for their freedom from slavery. Freedom Bargains explores five subtle offers usually presented to us as alternatives to God's ideal of real and total freedom. It provides lessons from the wisdom of Moses and his attention to detail, in avoiding these subtle traps (schemes), intended to keep believers in perpetual bondage and also provides vital biblical keys for walking in complete freedom. The book details the need to be alert to our life's purpose as spelt out by God, in being able to navigate past all the traps that are intended to trip us into living life below the level God intends for us. It encourages and challenges believers to re-examine God's original intention for setting us free. It encourages us to be alert to and remain steadfast in the liberty with which we have been set free and to let this be manifest in all areas of our lives. The book is written in a contemporary, conversational style with real life (personal, family, social and political) examples which speaks to current popular and social culture and makes it easily accessible to those new to engaging with the Bible as well as more mature believers. This notwithstanding, the book's message is strongly biblical and culturally informed. The chapters include contemporary real-life stories and quotations from a wide spectrum of well-known Christian and political leaders, which will make it easy for most readers to identify with. It is my desire for you to believe again that you can walk in complete freedom in all aspects of your life and to go ahead and live it. Above all, I desire that all believers will rise up and be outward looking to impart their freedom found in Christ, to other people in their various fields of endeavor.

Entrepreneurs often suffer from "superhero syndrome"—the misconception that to be successful, they must do everything themselves. Not only are they the boss, but also the salesperson, HR manager, copywriter, operations manager, online marketing guru, and so much more. It's no wonder why so many people give up the dream of starting a business—it's just too much for one person to handle. With additional tactics and online resources, *Virtual Freedom* is the ultimate

resource of the knowledge and tools necessary for building your dream business with the help of virtual staff.

In *Force and Freedom*, Kellie Carter Jackson provides the first historical analysis exclusively focused on the tactical use of violence among antebellum black activists. Through tactical violence, argues Carter Jackson, abolitionist leaders created the conditions that necessitated the Civil War.

A memoir and a call to action, this intimate look at America's long-standing struggle to adequately educate vulnerable children offers valuable insights for effecting change in families, communities, and nationwide. At the root of every important problem we face, from mass incarceration to income inequality, is an education system influenced by our nation's fraught history. Just as past generations fought to ensure that all Americans could enjoy the right to fully participate in our democracy, so must we rally tirelessly to advance an educational agenda that promotes equity and inclusion. With the gap between white academic achievement and that of students of color widening, now is the time to turn our attention to the basics, and few would argue with the fact that the single most essential aspect of a good education is literacy. Beyond reading and writing, literacy encompasses a whole host of skills that allow us to develop our potential and succeed in society, including critical thinking, self-discipline, curiosity, leadership, and motivation. Helping all our nation's young people, especially those who live in low-income communities, improve their literacy skills should be a top priority. Numerous programs are operating around the country to address the issue of underperformance in light of the shortcomings of our public school system. In *Forever Free*, Tracy Swinton Bailey charts the journey of one such program, her nonprofit Freedom Readers. From a childhood shaped by books to a career promoting the love of reading, she describes the hurdles and rewards of academia, teaching, mobilizing, and fundraising. Bailey outlines clearly and persuasively how Freedom Readers' one-to-one tutoring model has worked in the rural South, and how it can work across the US. This book will inspire and empower readers, and should be placed in the hands of educators and organizers at every level.

Virtual Reality for Beginners! How to Understand, Use & Create with VR Are You Ready To Learn All About VR? If So You've Come To The Right Place... Here's A Preview Of What This Virtual Reality Book Contains... An Introduction To Virtual Reality VR Through Time - The History And Growth Of Virtual Reality Getting Started With VR - What You'll Need To Get Going The Science of VR Trends In The VR Industry Google Cardboard Explored Sony PlayStation VR Explored HTC Vive Explored Oculus Rift Explored Samsung Gear VR Explored Bonus: Google Daydream View Explored VR And Beyond! 2016+ Verdict The Next Big Thing And Much, Much More! Download Your Copy Now And Get Started Now! When Zane and Megan crack the Secnet, they stumble across Project Net Rider. software is dangerous and in the wrong hands, capable of unlimited destruction. So when the Underground's most notorious hacker steals a copy, the entire world is threatened. And the two friends have to risk everything to stop him.

The must-read summary of Chris Ducker's book: "Virtual Freedom: How to Work with Virtual Staff to Buy More Time, Become More Productive and Build Your Dream Business". This complete summary of the ideas from Chris Ducker's book "Virtual Freedom" details how many new entrepreneurs believe they have to do everything themselves. This method is impossible for a long period of time. According to Ducker, entrepreneurs should hire virtual staff to manage tasks. This gives them the freedom to focus on bigger tasks and work on their business. Building a virtual team requires three steps; find and hire workers you trust, train those workers and then constantly manage your team. By following these steps, you will be able to create a successful company without doing everything yourself. Added-value of this summary: • Save time • Hire virtual workers you can trust to do smaller tasks • Focus on the bigger picture and tasks that add more value To learn more, read "Virtual Freedom" and find out how you can start devoting your time to improving your business!

Levi Noodle loves to doodle and wants to share that love with you. The pages are filled with suggestions by Levi Noodle of silly doodles to draw, but he especially encourages you to create your own. With ample space on every page to draw, this will most certainly become a cherished keepsake of one-of-a-kind doodle art. Still the Shadows is a terrifying look into the darkness. This book includes four chilling tales designed to make your pulse race.

The inspirational story of William "Bill" Lewis, a hardworking blacksmith who slowly saved his money to free his family--Publisher-provided summary. Since the decade to lift the ban on gays in the military, the emergence of gay conservatives, and the onslaught of antigay initiatives across America, the gay and lesbian community has been asking itself tough questions: Where should the movement go? What do we want? In Virtual Equality, veteran activist Urvashi Vaid tackles these questions with a unique combination of visionary politics and hard-earned pragmatism.

Prior to the abolition of slavery, thousands of African-descended people in the Americas lived in freedom. Their efforts to navigate daily life and negotiate the boundaries of racial difference challenged the foundations of white authority--and linked the Americas together. In Black Freedom in the Age of Slavery John Garrison Marks examines how these individuals built lives in freedom for themselves and their families in two of the Atlantic World's most important urban centers: Cartagena, along the Caribbean coast of modern-day Colombia, and Charleston, in the lowcountry of North America's Atlantic coast. Marks reveals how skills, knowledge, reputation, and personal relationships helped free people of color improve their fortunes and achieve social distinction in ways that undermined whites' claims to racial superiority. Built upon research conducted on three continents, this book takes a comparative approach to understanding the

contours of black freedom in the Americas. It reveals in new detail the creative and persistent attempts of free black people to improve their lives and that of their families. It examines how various paths to freedom, responses to the Haitian Revolution, opportunities to engage in skilled labor, involvement with social institutions, and the role of the church all helped shape the lived experience of free people of color in the Atlantic World. As free people of color worked to improve their individual circumstances, staking claims to rights, privileges, and distinctions not typically afforded to those of African descent, they engaged with white elites and state authorities in ways that challenged prevailing racial attitudes. While whites across the Americas shared common doubts about the ability of African-descended people to survive in freedom or contribute meaningfully to society, free black people in Cartagena, Charleston, and beyond conducted themselves in ways that exposed cracks in the foundations of American racial hierarchies. Their actions represented early contributions to the long fight for recognition, civil rights, and racial justice that continues today. We all want our life to change for the better. These 366 inspirational daily devotionals were written for that purpose. You will notice that the date coincides with the chosen scripture. For example, the scripture for February 7 (2/7) is Proverbs 2:7. The Scripture for February 8 (2/8) is Genesis 2:8. They were written to be a guide for the rest of the day. If you prefer to read them at night, just read the devotional for the next day. These inspirational messages have endured the test of time. They have been sent on a daily basis for some ten years to around 30,000 people worldwide over the internet. While the author plans to continue this practice, some people prefer to have them all together in book format since the internet is not always available or convenient. God bless you and God bless us all on our journey day by date to arrive some day in the future at our Glory Home.

Are You Running Your Business or is Your Business Running You? Virtual Assistant Assistant is the book for entrepreneurs who are looking for a way to take their business to the next level. If you've ever caught yourself thinking there just aren't enough hours in the day, there is a solution. And it won't make you go broke, either. Virtual assistants are essentially telecommuting contractors to your business. This book tells you everything you need to know about virtual assistants, including: Where to find the best ones How to hire them Best practices for working with them on an ongoing basis It's written from firsthand experience, NOT theoretical or academic fluff. You'll learn how a talented virtual assistant can help save you time, money, and headache. Take control of your entrepreneurial life and learn how to effectively outsource your non-essential tasks. You'll free up hours every day to focus on what's really important. In the end, virtual assistants can help you lead a happier, healthier, and more productive and stress-free life. It's possible (and I would argue essential) to unload many aspects of your day-to-day work, leaving you free to tackle the higher-level, strategic, and money-making projects that often get neglected. Time

is Our Most Valuable Resource But it's also the resource we are quickest to waste. With this book, you may not achieve the 4 Hour Work Week right away, but you'll get actionable advice on how to get started with outsourcing. The world's most successful people didn't get there alone; they all had help along the way. What are you waiting for? Hit the Buy Now button and get started today. Companies all over the world could greatly benefit from moving part of even all their staff to work from home as virtual employees. Using the techniques and strategies inside *The Invisible Organization*, all that is possible quickly and efficiently. If you are the CEO of a company that could benefit by generating more profits, shedding overhead and thriving staff, this book is a must read. Penned by former CEO of Tony Robbins and Chet Holmes Business Breakthroughs, International, Russo successfully scaled the company with nearly 100% growth per year, and about 300 remote staff, owning no infrastructure. Russo helps clients create the leadership management strategy as outlined in his book and advises CEOs on moving "virtual" with confidence. Why is this book different than other books on working virtually? Because it comes from the CEOs perspective as an operating executive; dealing with the strategy of creating momentum around changing the company, slowly at first and then accelerating as results prove viable. The book is more of a blueprint designed to accomplish this singular act of internal revolution.

Communications giants like Google, Comcast, and AT&T enjoy increasingly unchecked control over speech. As providers of broadband access and Internet search engines, they can control online expression. Their online content restrictions—from obstructing e-mail to censoring cablecasts—are considered legal because of recent changes in free speech law. In this book, Dawn Nunziato criticizes recent changes in free speech law in which only the government need refrain from censoring speech, while companies are permitted to self-regulate. By enabling Internet providers to exercise control over content, the Supreme Court and the FCC have failed to protect the public's right to access a broad diversity of content. Nunziato argues that regulation is necessary to ensure the free flow of information and to render the First Amendment meaningful in the twenty-first century. This book offers an urgent call to action, recommending immediate steps to preserve our free speech rights online.

Gain Flexibility And Freedom By Offering Services Online Are you looking for a business that you can run from the comfort of your home? A business that you can start in just a few simple steps? Maybe you've heard about Virtual Assistants (VAs) but don't really know what they do. Or perhaps you know that starting a VA business would be a great fit, but you're unsure how to get started. Whether you're new to the idea of working online or looking to expand your skills and create a sustainable income, this book is for you. *Make Money As A Virtual Assistant* contains all the essential tools and resources in a step-by-step guide that will help you set up and grow your own business. Drawing on her wealth of experience, Gina Horkey dispels common myths and breaks down each part of

the process, leaving you with practical action steps that are simple to follow. Discover how to: * Turn your existing skills into services that are in-demand * Establish your online presence and attract clients * Work out your rate and get paid easily * Find and pitch your ideal clients * Scale your business and increase your profits When you follow the steps in *Make Money As A Virtual Assistant*, you'll see for yourself why becoming a VA is not only a great idea, but is an area that is rapidly growing in the online space. In this book, you'll discover that the opportunities are endless, if you're willing to do the work. Many people dream of creating a work-from-home business but are afraid of pitching their services and marketing their skills. With humor and understanding, the author tackles those fears and provides templates and checklists so you can begin filling your client roster in just a few weeks. If you're looking for a career that provides flexibility, the opportunity to use current skills and learn new ones, hours that suit you and unlimited earning potential, this book will guide you every step of the way. Are you ready to start your dream career as a Virtual Assistant? Get your copy today by clicking 'Buy Now'!

This book examines the risks to freedom of expression, particularly in relation to the internet, as a result of regulation introduced in response to terrorist threats. The work explores the challenges of maintaining security in the fight against traditional terrorism while protecting fundamental freedoms, particularly online freedom of expression. The topics discussed include the clash between freedom of speech and national security; the multijurisdictional nature of the internet and the implications for national sovereignty and transnational legal structures; how to determine legitimate and illegitimate association online; and the implications for privacy and data protection. The book presents a theoretical analysis combined with empirical research to demonstrate the difficulty of combatting internet use by terror organizations or individuals and the range of remedies that might be drawn from national and international law. The work will be essential reading for students, researchers and policy makers in the areas of Constitutional law; Criminal Law, European and International law, Information and Technology law and Security Studies.
