More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This

method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product. This Owner's Manual provides you with detailed ways to Consciously Evolve Your Consciousness while addressing other important related issues: The Brain and How to Use It, The Law of Giving and Receiving, How to Meditate, How to Chant Nam My?h? Renge Ky?, Wishing People a Happy Life, The Probability of Being Born, Spiritual Philosophy, Neuroscience and Neurogenesis (how to grow new stem cells), Evolution of the Subconscious Mind. By

the time you read this Owner's Manual, you will be on your way to evolving your own consciousness. Included with this Owner's Manual is the novel *Romancing the Absurd*, a story of redemption for two of the characters who dabble in consciously evolving their consciousness. When financial investigator Tony T. Trueblé is hired to interview key players in a major lawsuit against a venture capitalist group, his world is turned upside down as he is dragged through a seedy underworld of corruption, dishonesty, and murder. He must not only get the job done but do so without giving into his insatiable cravings for vodka, weed, and causal, meaningless sex. Sensational, satirical, and sometimes absurd, *Romancing the Absurd* is a literary murder mystery full of intrigue, suspense, philosophy, and absurdist cutthroat behavior. Nine people die under bizarre circumstances. A handful of people get screwed (in more ways than one). The story takes humorous and philosophical twists and turns, leaving you laughing at the murderous tactics some folks are willing to use to get ahead in this world. Throughout the story, there runs an undercurrent of reflection, hope, and redemption for Tony, who strives to right his wrongs, and Jim der Bacon, accused of murder yet able to focus on consciously evolving his own consciousness. For Tony, redemption comes through writing and his new awareness that one can consciously evolve their consciousness. *Romancing*

the Absurd is the final result of Tony's studies, hard work, and shocking struggles with himself, others, and the universe at large. Based on real-life venture capitalists, businessmen, and lawyers, the story is structured using reinvented reality.
