

Warrior Cats 1 Il Ritorno Nella Foresta Warriors

Tyrone Meehan, damned as an informer, ekes out his days in Donegal, awaiting his killers.

"In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness."—Andrew Porter "This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general."—Lorenzo Bianconi

There is no cinema with such effect as that of the hallucinatory Italian horror film. From Riccardo Freda's *I Vampiri* in 1956 to *Il Cartaio* in 2004, this work recounts the origins of the genre, celebrates at length ten of its auteurs, and discusses the noteworthy films of many others associated with the genre. The directors discussed in detail are Dario Argento, Lamberto Bava, Mario Bava, Ruggero Deodato, Lucio Fulci, Umberto Lenzi, Antonio Margheriti, Aristide Massaccesi, Bruno Mattei, and Michele Soavi. Each chapter includes a biography, a detailed career account, discussion of influences both literary and cinematic, commentary on the films, with plots and production details, and an exhaustive filmography. A second section contains short discussions and selected filmographies of other important horror directors. The work concludes with a chapter on the future of Italian horror and an appendix of important horror films by directors other than the 50 profiled. Stills, posters, and behind-the-scenes shots illustrate the book.

The Villanovan and Etruscan collections of the Detroit Institute of Arts not only represent an important source of Classical Antiquity in the United States, but also serve as a historical model of how such artifacts were acquired by large American museums from the late-nineteenth through mid-twentieth centuries. These collections provide museum visitors, scholars, and students with an indepth view into one of antiquity's most fascinating peoples, the Etruscans and their predecessors. The wide-ranging collections contain artifacts from every aspect of Etruscan life such as utilitarian tools and weapons, objects for personal adornment, votive statuettes, and cinerary urns to house the dead. One statuette, the Detroit Rider, is considered to be among the finest surviving examples of Etruscan small sculpture. The catalogue brings together all of these pieces for the first time with photographs and relevant bibliographic sources on their cultural and religious functions in antiquity.

In 1638, a small book of no more than 92 pages in octavo was published "appresso Gioanne Calleoni" under the title "Discourse on the State of the Jews and in particular those dwelling in the illustrious city of Venice." It was dedicated to the Doge of Venice and his counsellors, who are labelled "lovers of Truth." The author of the book was a certain Simone (Sim?a) Luzzatto, a native of Venice, where he lived and died, serving as rabbi for over fifty years during the course of the seventeenth century. Luzzatto's political thesis is simple and, at the same time, temerarious, if not revolutionary: Venice can put an end to its political decline, he argues, by offering the Jews a monopoly on overseas commercial activity. This plan is highly recommendable because the Jews are "wellsuited for trade," much more so than others (such as "foreigners," for example). The rabbi opens his argument by recalling that trade and usury are the only occupations permitted to Jews. Within the confines of their historical situation, the Venetian Jews became particularly skilled at trade with partners from the Eastern Mediterranean countries. Luzzatto's argument is that this talent could be put at the service of the Venetian government in order to maintain – or, more accurately, recover – its political importance as an intermediary between East and West. He was the first to define the role of the Jews on the basis of their economic and social functions, disregarding the classic categorisation of Judaism's alleged privileged religious status in world history. Nonetheless, going beyond the socio-economic arguments of the book, it is essential to point out Luzzatto's resort to sceptical strategies in order to plead in defence of the Venetian Jews. It is precisely his philosophical and political scepticism that makes Luzzatto's texts so unique. This edition aims to grant access to his works and thought to English-speaking readers and scholars. By approaching his texts from this point of view, the editors hope to open a new path in research into Jewish culture and philosophy that will enable other scholars to develop new directions and new perspectives, stressing the interpenetration between Jews and the surrounding Christian and secular cultures.

Nel quinto capitolo della seconda serie dei Warrior Cats i gatti dei Clan cercano di ristabilire i delicati equilibri in cui avevano vissuto nella foresta. Ma il nuovo territorio nasconde parecchie insidie. «Ma come diventeremo leader?», chiese ArtigliodiMora. «Non credo che StelladiFuoco mi nominerà mai vice. Non ho neppure un apprendista». StelladiTigre era visibilmente irritato. «Quando vai a caccia, ti aspetti che i topi ti saltino in bocca? No. Annusi la preda, la insegui e poi balzi. È lo stesso con il potere. Non arriverà, a meno che non lo cerchi. Entrambi possedete il vero spirito dei guerrieri. So che ce la farete, se seguirete i miei consigli». «Lo faremo!». BrinadiFalco si alzò. «Faremo qualsiasi cosa tu ci dica»!

Before there is peace, blood will spill blood... New territory brings new troubles for the fierce cats of the warrior Clans, who are still uncovering the secrets of their new home around the lake. Dangers they have never faced before are lurking in the twilight shadows, and former allies are acting strangely hostile. One is torn between loyalty to her calling and a forbidden love, while the other struggles with her best friend's betrayal and the surprising perils of the forest. The choices they make now could affect ThunderClan for generations to come . . . and with an unexpected enemy preparing to attack, their courage and strength will be needed more than ever if the Clan is to survive.

E proprio un'antica profezia aveva annunciato che «solo il fuoco può salvare il Clan»...

Now over twenty years old, the original edition of Nightmare Movies has retained its place as a true classic of cult film criticism. In this new edition, Kim Newman brings his seminal work completely up-to-date, both reassessing his earlier evaluations and adding a second part that assesses the last two decades of horror films with all the wit, intelligence and insight for which he is known. Since the publication of the first edition, horror has been on a gradual upswing, and taken a new and stronger hold over the film industry. Newman negotiates his way through a vast back-catalogue of horror, charting the on-screen progress of our collective fears and bogeymen from the low budget slasher movies of the 60s, through to the slick releases of the 2000s, in a critical appraisal that doubles up as a genealogical study of contemporary horror and its forebears. Newman invokes the figures that fuel the ongoing demand for horror - the serial killer; the vampire; the werewolf; the zombie - and draws on his remarkable knowledge of the genre to give us a comprehensive overview of the modern myths that have shaped the imagination of multiple generations of cinema-goers. Nightmare Movies is an invaluable companion that not only provides a newly updated history of the darker side of film but a truly entertaining guide with which to discover the less well-trodden paths of horror, and re-discover the classics with a newly instructed eye.

Did you ever look into the eyes of an animal and wonder if they could understand you? Have you ever fantasized about how great it would be for you to understand what they thought? In this fascinating book Gerald Bunch relates his journey from Naval Officer/engineer/left-brained empiricist to intuitive animal communicator. He explains that intuitive communication is a capability we are all born with and we can each re-learn. In sharing many of the conversations he has had with various species, he takes us into the world as experienced by animals. He describes how we can deepen the bond we have with our animal companions and how their love and devotion to us can change our lives. His study of quantum physics helped him bridge the gap between hard science and telepathy, but he stresses it is not necessary to know how animal communication works, only that it does work. All the time. Gerald and his buddy Oscar the Cat are on an odyssey. Their passion is to make the world a better place for all of its inhabitants.

To this day, no comprehensive academic study of the development of guidebooks to Rome over time has been performed. This book treats the history of guidebooks to Rome from the Middle Ages up to the early twentieth century. It is based on the results of the interdisciplinary research project Topos and Topography, led by Anna Blennow and Stefano Fogelberg Rota. From the case studies performed within the project, it becomes evident that the guidebook as a phenomenon was formed in Rome during the later Middle Ages and early Renaissance. The elements and rhetorical strategies of guidebooks over time

have shown to be surprisingly uniform, with three important points of development: a turn towards a more user-friendly structure from the seventeenth century and onward; the so-called 'Baedeker effect' in the mid-nineteenth century; and the introduction of a personalized guiding voice in the first half of the twentieth century. Thus, the 'guidebook tradition' is an unusually consistent literary oeuvre, which also forms a warranty for the authority of every new guidebook. In this respect, the guidebook tradition is intimately associated with the city of Rome, with which it shares a constantly renovating yet eternally fixed nature.

Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

Far from teleological historiography, the pan-European perspective on Early Modern drama offered in this volume provides answers to why, how, where and when the given phenomena of theatre appear in history. Using theories of circulation and other concepts of exchange, transfer and movement, the authors analyze the development and differentiation of European secular and religious drama, within the disciplinary framework of comparative literature and the history of literature and concepts. Within this frame, aspects of major interest are the relationship between tradition and innovation, the status of genre, the proportion of autonomous and heteronomous creational dispositions within the artefacts or genres they belong to, as well as strategies of functionalization in the context of a given part of the cultural net.

Contributions cover a broad range of topics, including poetics of Early Modern Drama; political, institutional and social practices; history of themes and motifs (Stoffgeschichte); history of genres/cross-fertilization between genres; textual traditions and distribution of texts; questions of originality and authorship; theories of circulation and net structures in Drama Studies.
