Untrodden Peaks and Unfrequented Valleys Amelia B. Edwards,2005-11-01 The real-life inspiration for modern-day mystery writer Elizabeth Peters's Amelia Peabody novels, celebrated Victorian adventuress Amelia Edwards enjoyed

unexpected notoriety, for a woman, as a journalist, political activist, and world traveler. In 1872, she a female companion set off on a ramble through the nearly impassable Italian Dolomites, where food and shelter were chancy propositions but the scenery was gorgeous and the people friendly and welcoming. Edwards approached the expedition with humor and enthusiasm, as she regales us with the tale of the journey with the generous, vivacious spirit that made her one of her era's most daring women. - Back cover.

Warriors: The New Prophecy #5: Twilight Erin Hunter,2006-08-22 Before there is peace, blood will spill blood... Dangers they have never faced before are lurking in the twilight shadows, and former allies are acting strangely hostile. As divisions between the Clans grow deeper, Firestar's daughters face troubling decisions. One is torn between loyalty to her calling and a forbidden love, while the other struggles with her best friend's betrayal and the surprising perils of the forest. The choices they make now could affect ThunderClan for generations to come . . . and with an unexpected enemy preparing to attack, their courage and strength will be needed more than ever if the Clan is to survive.

Ancient Terracottas from South Italy and Sicily in the J. Paul Getty Museum Maria Lucia Ferruzza,2016-01-25 In the ancient world, terracotta sculpture was ubiquitous. Readily available and economical—unlike stone suitable for carving—clay allowed artisans to craft figures of remarkable variety and expressiveness. Terracottas from South Italy and Sicily attest to the prolific coroplastic workshops that supplied sacred and decorative images for sanctuaries, settlements, and cemeteries. Sixty terracottas are investigated here by noted scholar Maria Lucia Ferruzza, comprising a selection of significant types from the Getty's larger collection—life-size sculptures, statuettes, heads and busts, altars, and decorative appliqués. In addition to the comprehensive catalogue entries, the publication includes a guide to the full collection of over one thousand other figurines and molds from the region by Getty curator of antiquities Claire L. Lyons. Reflecting the Getty's commitment to open content, Ancient Terracottas from South Italy and Sicily in the J. Paul Getty Museum is available online at www.getty.edu/publications/terracottas and may be downloaded for free.

Etruscan Roman Remains Charles Godfrey Leland, 2007-01-01 The Etruscans are one of history's great mysteries -- a sophisticated society that flourished at the heart of the Classical world and then vanished, leaving relatively few archaeological remains and few records of their culture. The Etruscans were adept at magic, and Etruscan books of spells were common among the Romans but they have not survived. While greatly influenced by the Greeks, the Etruscans retained elements of an ancient non-Western culture, and these archaic traits contributed greatly to the civilization once thought of as purely Roman (gladiators, for example, and many kinds of divination). Leland retrieves elements of Etruscan culture from the living popular traditions of remote areas of the Italian countryside where belief in the old religion survives to an astonishing degree. Recorded when many of these secret beliefs and practices were fading away, this remarkable volume deals with ancient gods, spirits, witches, incantations, prophecy, medicine, spells, and amulets, giving full descriptions, illustrations, and instructions for practice.
