Money, Honey is designed to encourage women of all ages to take a greater interest—and play a greater role—in the financial issues that affect their everyday lives and financial futures. Conversational, irreverent, and intelligent, this guide to wealth creation, wealth management, and financial protection as it relates to women and their families provides exactly the kind of advice that smart women today need to know in order to take charge of their finances. Organized by decade and the events—from childrearing to retirement—that need to be planned for, presently enjoyed, or recovered from, It's Your Money, Honey is packed with expert information in the no-nonsense style of a girlfriend who knows her stuff. Finances aren't that hard, you just have to deal with them yourself. Finally, a book that understand that every woman needs to make time for a personal finance education Highly accessible, the book is designed to be read whenever you find yourself with a spare second, providing important information in bite sized chunks Helps women prepare for major life events with the help of real life stories, helpful checklists, and easy-to-apply Golden Rules Born out of the notion that too many smart women let their financial situations be ignored, swept under the rug, or dictated by others, It's Your Money, Honey is everything you need to know about money but were too busy to ask. www.goldengirlfinance.ca

We are all using dangerous, outdated, old economic strategies to protect and grow our money in the so-called 'new economy.' Most of us don't even know it. Every economy is, in some sense, 'new.' However, applying the rules from an 'older' economy to a 'newer' one during times of transition is a recipe for financial ruin. Economic transitions have been around for centuries . . . the difference is that now they are worldwide in scope and affect everything rather than local in nature with limited affects. While you sleep at night, while you go to work each day, something insidious is actually stealing your financial future. It isn't anyone's fault really. There is a massive reallocation of wealth as we transition into the new economy. There are two sides to this story. Because of the changing rules of money, the greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. This is nothing new, really. Money has always worked this way. The good news is that average members of the public now have more ways than ever before to understand this process and to take appropriate action. I am sure you are aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold. Gold has intrinsic value and will always prevail in any economy. What most non-investors and investors -- including yourself -- probably you don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its climb. Nine Reasons Why Silver is a Unique Wealth Building Instrument - Silver, like gold, has intrinsic value- Silver has been in a commodity bull cycle since 2000- Silver is a safe

Download Free Wealth Building Wealth Building Guide To Building Wealth Through Smart Investments And Wealth Creation Techniques That Build Wealth

hedge against currency inflation- Silver is a security choice during times of financial crisis- Silver is rarer than gold- Silver is used in 90% of all electronics -- and its mostly non-renewable- Silver inventories are very low- Silver leasing -- the scam will be exposed soon- Silver investment markets are expanding thanks to the ChineseWhat You Will Learn From Building Wealth with SilverYou will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. You will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up. You will see why unemployment numbers, along with many other economic figures, are rigged, and how we're are being lied to about their true significance. The insights you get from the first few chapters alone can change your life. Even if you were to study at Harvard for five years -- which would cost you, by the way, over \$95,000 -- you would not have the knowledge you need to get any closer to this kind of insider information. Learn why silver is the best investment opportunity right now. Get the facts on silver production and consumption, and all the details behind silver's projected five- to eight-fold increase over the next several months.

About the book: Growing Wealth. Wise Investments. Good Returns. Big Profits. Good Income. Financial Freedom. These words are so heavy and amazing, right? Everyone is trying to achieve these in safe and simple ways. But what's safe and simple? The book is a guide and a mini-course on trading and investing in the share market. I have put my experience so that it can help people. Also, it consists of good financial plans and good knowledge which will help you to achieve your goals in a better way. I am glad that you have reached here to gain good knowledge. Thank You

In comments that were unfortunately prescient, Dr. Doroghazi said in the first edition "the author feels we are currently experiencing a real estate bubble." And in anticipation of the credit crisis, he said "banks are far too lenient in their lending practices...the problem is that bankers are often not lending their own money...considering that a significant percentages of mortgages are sold to Fannie Mae (FNM) and Freddie Mac (FRE), the problem is now actually everyone's." This new and expanded edition provides commonsense advice that all investors, physicians and non-physicians will find profitable in these difficult times. Learn about the power of thrift, the magnificence of compound interest, the malevolence of debt and the perniciousness of fees. See how to pay off the mortgage by age 45, fund your children's education and retire at a reasonable age rather than continue to work because you must.

Venture capital demystified, for both investors and entrepreneurs Building Wealth Through Venture Capital is a practical how-to guide for both sides of the table—investors and the entrepreneurs they fund. This expert author duo combines renowned venture capital experience along with the perspective of a traditional corporate executive and investor sold on this asset class more recently to flesh out wealth-building opportunities for both investors and entrepreneurs. Very simply, this book will guide investors in learning how to succeed at making money in venture capital investment, and it will help

Download Free Wealth Building Wealth Building Guide To Building Wealth Through Smart Investments And Wealth Creation Techniques That Build Wealth

entrepreneurs increase their odds of success at attracting venture capital funds and then employing those funds toward a lucrative conclusion. The authors explain why venture capital will remain the asset class best-positioned to capitalize on technological innovation in the coming years. They go on to demystify the market for those seeking guidance on reaping its rich returns. Learn what it takes to succeed as an investor or entrepreneur, and gain the wisdom of experience as the authors explain key factors that determine outcomes. Through a relaxed, down-to-earth narrative, the authors share their own experiences as well as those of their nationally-recognized colleagues. Illustrative anecdotes and personal interviews expand upon important points, and case studies demonstrate the practical effect of critical concepts and actions. World-class professional expertise and personal experience come together to help you: Understand the nature of both venture capitalists and successful entrepreneurs Develop wealth-building capabilities in investing in or attracting venture capital Learn how entrepreneurs and investors can work together toward a lucrative conclusion Examine the ways in which recent financial regulatory developments and technological advances already in place are democratizing access to venture capital, enabling unprecedented expansion of venture capital opportunities As the field expands through these regulatory and technological developments, savvy participants will have unprecedented opportunity to benefit. Building Wealth Through Venture Capital explains what you need to know, and shows you how to navigate this arcane but lucrative asset class.

Building Wealth and Being Happy A Practical Guide to Financial Independence Createspace Independent Publishing Platform
Generational Wealth: Business & Investing Guide to Building an Empire is one of the most comprehensive business books ever published. It is definitely a required reading for all aspiring entrepreneurs, executives, and investors. It offers detailed information, in an easy-to-read format, on various business subjects, including economics, accounting for investors, stock investing, options, bonds, real estate, mortgages, entrepreneurship, marketing, human resources, and mergers & acquisitions. True to its title, Generational Wealth is an infallible business and investing guide to building an empire. Read the only book that is comparable to getting an MBA from Harvard and Wharton business schools. "This is a great investor guide by LaFoy Orlando Thomas III, Esq. The book goes over LaFoy's investment philosophy, which is very similar to my own, and I think it was a great read." -
Retireby40.org "Whether you are an aspiring investor, executive, or entrepreneur you will find the information essential to success. Though a huge amount of information is packed into the 182 pages, it is very easy to read and understand. ... Using this book as a guide, even a novice should be successful at business or investing. ... So much additional useful information is included in the pages that readers will have plenty of guidance in all areas related to investing and establishing and running a business." -
AccumulatingMoney.com

Would you like to be a millionaire? While alternative investments are an option, this easy-to-read guide focuses on traditional investments – stocks, bonds, and cash or cash equivalents. Especially written for novice investors, if you want to become a

millionaire and don't have the luck to buy a lottery ticket, this is the guide for you.

Advice for My Children: How to Build Wealth - A Step-by-Step Guide, written for my own children as they begin their careers, offers a proven path to wealth, whether you're just starting out or twenty years into your career. It's never too early or too late to start building wealth. These thirty-six principles will help you master your money, multiply your resources, and develop a lifestyle of good stewardship and wealth-building habits for a spiritually and financially abundant life that honors God, blesses others, and leaves a lasting impact. Moreover, when God gives someone wealth and possessions, and the ability to enjoy them... this is a gift from God. - Ecclesiastes 5:1

Starting Point: How to Build Wealth That Lasts is the premier guide to building personal wealth. Kevin L. Matthews II lays out a clear path for average Americans to build wealth in a simple, clear way. Heavily researched and humbly written from the perspective of a first generation college graduate turned educator, this wealth guide also addresses common social issues and barriers that block most people from building wealth. Starting Point will shed light on the lives of the wealthy in the United States while unveiling a step-by-step process by which anyone, regardless of salary, can follow. This book is perfect for college graduates, new parents or anyone ready to establish a strong financial future.

"Towards the Death of Humanity" is the endless demonstration of the disastrous side effects left on our environment, on life on this planet, on health and most of all on human dehumanization by a century of tremendous scientific and technological realizations and their material values. It illustrates how these unhealthy side effects are highly linked to the hasty and thoughtless decisions of scientists, intellectuals and governments to replace the humanities and the traditional methods of teaching with their own methods of science, technology and their essentially material values. Unfortunately totally deprived of the smallest bit of humanity, this method of education has killed the rudiments of humanity acquired during the course of history, has dehumanized the people, their institutions and their societies. These side effects originate in the age-old desire of intellectuals and scientists to take hold of the power of religion over man and to satisfy their morbid need to build a new world, re-designed following Hegel' belief that the matter is eternal and God. Although these ideologies have lost all their legitimacy today because science has recently demonstrated that the matter is not eternal, scientists and intellectuals keep on teaching the falseness of their materialistic social system as if the logic of their reasoning were the only truth. This work promotes certain guidelines that individuals must follow to make the lucid and effective compromises needed to try and solve these destructive problems affecting man and society before the end of History.

STEPS FOR BUILDING AN EMPIRE OF WEALTH Within the bindings of this book are the timeless and infallible principles that have aided all the great and wealthy men in ages past and present to build their vast empires of wealth. These principles have been proved and tested over the ages. These principles are guaranteed to aid you to successfully build your own empire of wealth. These principles worked for others. These principles will, no doubt, work for you too. Within the bindings of this book are the timeless and infallible principles that have aided all the great and wealthy men in ages past and present to build their vast empires

of wealth. The principles are not based on any new philosophy, but merely a resurgence of the 'distilled wisdom of the ages'. They are the principles which have been proved and tasted over the ages. We have decided to re-visit them because of the marked ignorance and lethargy that are being displayed by men in relation to these invaluable principles in our societies. Glenn Bland emphatically observes: "The principles for achieving happiness and success in your life today are the same principles that King Solomon used to create his vast fortune in 966BC." He believes that only the methods have changed, but the principles remain the same. It is on this basis that we have decided to re-visit these timeless principles that have aided all great and wealthy men in ages past and present to build their vast empires of wealth. These principles are guaranteed to aid you to successfully build your own empire of wealth. The principles worked for others. They will, no doubt, work for you too. The only thing that will be required of you is to make a firm decision and to go promptly into action. If you do these, you will definitely be able to build your own empire of wealth. And the world will be glad to enjoy the fruits of your wealth.

The first four books in The Building Wealth Series: Wealth Affirmations, Prosperity Affirmations, Money Affirmations, & The Secret: Affirmations. [WEALTH AFFIRMATIONS - BOOK 1] As the Law of Attraction states, like attracts like. Your thoughts create your reality. If you want to be wealthy, prosperous, and live in abundance, you must think of wealth, prosperity, and abundance; focus your thoughts on these things. Focus your thoughts on the life you desire. As you do this, your life will transform into the life your thoughts are creating for you. This book includes over 700+ affirmations to help you live your most abundant lifestyle. Get Ready! [PROSPERITY AFFIRMATIONS - BOOK 2] Wealth is a mindset; it must first derive from thought and then form into physical being. This book challenges you to speak over 100+ affirmations out loud. As you speak these affirmations out loud, believe it to be true in your mind, heart, body, and soul and watch your life transform into a more prosperous lifestyle. Get started reading TODAY! [MONEY AFFIRMATIONS - BOOK 3] Money is essential, and for most of us, we can't live without it. So many of us are entrapped by it, though as well. Others, well, don't know how to accumulate it or maximize the use of money. Of course, educating yourself about money is the first step to succeeding in handling your finances. But, speaking and thinking about money more productively and positively can revamp your relationship with money. This book offers you the opportunity to elevate your financial status and improve your relationship with money. [THE SECRET: AFFIRMATIONS - BOOK 4] Thoughts become things. What you think, feel, and say to yourself manifests into your reality. These affirmations focus on ensuring the Law of Attraction stays an undeniable positive force in your daily life. As you use these affirmations, stay in a positive vibration, and focus on feeling good; as you do this, your life will inevitably change into the life you have always dreamed of. "Everything is energy and that's all there is to it. Match the frequency of the reality you want and you cannot help but get that reality. It can be no other way. This is not philosophy. This is physics." - Albert Einstein

Offers advice on money management that will help readers take control of their finances and plan more effectively for the future, in a guide that focuses on the African American experience

If you are Black and live in America, this book is going to change your life! In 40 Acres & a Mule, Kevin motivates you to

start the process of wealth accumulations by following some very simple steps. He delves into how to set up your "real estate team". He also takes the covers off of the mortgage process. Kevin goes in to detail on how your credit scores are calculated and how to "repair" your credit. Speaker, Motivator, Teacher, Entrepreneur have all been used to describe Kevin Riles. So READ, LEARN, ACT!!

I met Bob Doroghazi when he dropped the first draft of his manuscript of *The Physician's Guide to Investing: A Practical Approach to Building Wealth* at my office. I will have to admit I was a bit skeptical: a physician writing a book on investments? During that first meeting with Bob, it became evident that he had been a successful physician and a successful investor, so I agreed to take a look at the book. I was in for a pleasant surprise. Bob's manuscript was easy to read and had specific advice useful to physicians, interspersed with lots of practical tidbits for any investor. Having written three college-level finance and investment texts, I was excited to be in on a project aimed at offering practical investment advice to a more general, yet specialized, audience. I had high expectations for the book and am pleased to say that I believe Bob has delivered a book that every physician interested in building wealth and protecting assets should read. Bob is a straight shooter; he tells it like he sees it in his book. Some doctors might be indignant on reading his statements, such as "Physicians sometimes have no idea of their limitations. This type of arrogance and ego can result in investing disaster." However, if you do have these limitations (and most professionals, even college professors, do), then reading Bob's book will help you recognize situations in which they can lead to poor investment decisions.

It's no secret that wealth disparity is on the rise. Every year, the rich get richer and the middle class gets squeezed. In this day and age, young people can't afford to repeat the financial mistakes made by their parents. Thankfully, there is a way for the middle class of today to build wealth and be happy. This practical guide will lead you through the life-long journey of financial independence, free from money-related stress and empowered to live life the way you want. In *Building Wealth And Being Happy: A Practical Guide to Financial Independence*, you'll learn:* How to have a positive, healthy relationship with money* How to slowly get rich over many years and retire early* How to budget and save money* Whether you should use a financial advisor* Whether you should rent or buy the place you live in* Whether you should partake in socially responsible and green investments* If you can trust the stock market* If you should invest in real estate or gold* And much, much more...

Tax-Free Wealth is about tax planning concepts. It's about how to use your country's tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you

Download Free Wealth Building Wealth Building Guide To Building Wealth Through Smart Investments And Wealth Creation Techniques That Build Wealth

can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

Reveals how to make money in various aspects of real estate, presenting tested techniques for building capital and prospering in bad economic times.

What if there was a simple way for small business owners to create wealth for themselves that required no extra work? Here's the secret: one of the easiest ways for entrepreneurs to create wealth is to invest in their commercial real estate and finance the purchase.

Are you a material girl? The truth is that, as women, we all have a unique relationship with money. We strive for financial security to support our family, ensure we can retire comfortably, create independence separate from our partners, and along the way, buy some nice purses. As much as we are motivated to make money, we often do not consider the crucial relationship between what we do today and how it WILL impact our life tomorrow. From your Roaring 20s, to your Thrifty 30s, and all the way to your (hopefully) Smooth 60s, Money Queen Ladywill work to guide you through each of these financial decades and provide insight and detailed guidance into the steps you can take, and the decision you should make to build a financially responsible future. Financial security is an exciting journey we can take together. So pack your purse and get ready for the ride . . .

If everything you thought was true about money turned out not to be true, when would you want to know? Who Taught You How To Be Broke is an easy to understand wealth building guide for Gen X, Y & Z. It addresses the attitude the average person has maintained about money since age 10. How changes in the economy and bad marketing have affect your ability to build wealth. The CEO Mindset and what you need to know about Wall Street, Retirement Plans, Taxes and so much more.

This book represents a realistic picture of what it takes and what you need to know about real estate investing for the beginner. In this handbook, you'll learn the following: How to begin real estate investing What opportunities exist for investing Finding the right properties to invest in Managing your real estate investments Real estate flipping and is it for you Whether you should partner with someone when real estate investing The common mistakes to avoid when investing in real estate Building Wealth: Insider's Guide to Real Estate Investing is not about getting rich quick. It is about how to invest in real estate and build wealth over time. Isn't it about time to get your real estate investment plan started?

Strategies for creating real estate wealth by starting small--and always making the right moves Nationally known real estate expert John Schaub learned his craft in the best way possible--on the job, and through every kind of market. Over three decades, he learned to bank consistent profits as he built an impressive real estate mini-empire. Building Wealth One House at a Time

Download Free Wealth Building Wealth Building Guide To Building Wealth Through Smart Investments And Wealth Creation Techniques That Build Wealth

reveals how virtually anyone can accumulate one million dollars worth of houses debtfree and earn a steady cash flow for life. Unique in that it focuses on buying houses in good-quality neighborhoods, Schaub's nine-step program includes: Renting to long-term tenants, with financial incentives to pay on time Avoiding the temptation of bigger deals, which invariably include bigger problems A 10-year plan to pay off debt and own houses free and clear

It is said that when you teach a woman, you teach a nation. Can you imagine the ability to accomplish your goals by applying positive and consistent habits in your personal life, business, and finances? To achieve goals is possible through wholeheartedly engaging in activities leading to happiness and success. Now, more than ever, women want to build wealth, stop financial abuse, eradicate debt, contribute to retirement savings, and leave a legacy. The author shares personal stories from self and others about decisions that caused them to live in financial turmoil and how a change in habits allowed financial growth. *Women Building Wealth* is a great guide to provide ways to transition from wishful thinking and self-sabotage to take control of your life. Whether you doubt your decisions, seek guidance on how to move forward, or unable to identify what it takes to be successful, Bahiyah outlines the 10 habits to give insight into what is already accessible to you and how to implement. From clarity to confidence, women can have it all. If you want to learn how to improve financial wealth and recognize that you are worthy of having it all without uncertainty from self and others, then this book is for you. Reclaim your time!

Money. We all want it. We all need it. Unfortunately, many of us may feel as if we never have quite enough of it. Cable TV, healthcare, education, eating out, Internet, vacations, housing, groceries, mobile phones, utilities, debt repayment, insurance, and transportation; all of these things cost money and their costs seem to continually increase over time. All the while, salaries stagnate for years, remaining unchanged. As a result, savings accounts suffer and we dig ourselves deeper and deeper into debt. This paints a bleak, long-term financial picture: work until you die, struggling the entire way. This result may seem like an inevitable conclusion for many of us. However, we believe you have the power to shape your own financial future. In *The 6 Phases of Building Wealth*, you will learn the specific steps to follow in order to improve your financial position. We have made an effort to be as explicit as possible, with clear-cut examples and detailed descriptions. *The 6 Phases of Building Wealth* will not teach you how to "get rich quick". It does not reveal the secret formula for success or show you how to decode the mysteries of the super wealthy. Instead, it describes how to use commonly available financial tools and resources to master your money and achieve Financial Freedom. We do not guarantee traveling the road to Financial Freedom will be a quick or easy process, but you will be provided with all of the tools you need to be successful. Young or seasoned, rich or less fortunate, people of all ages, income levels, and stages of life can utilize this knowledge. The hope is, one day, all people will be able to enjoy life without having to constantly worry about money. *The 6 Phases of Building Wealth* is our attempt to make that hope a reality.

The Savvy Investor's Guide to Building Wealth Through Alternative Investments is written for investors familiar with traditional investments but with limited knowledge of alternative assets and strategies. This book attempts to remove some of the mystery surrounding these investments.

"The Value of Debt in Building Wealth will greatly expand upon and go beyond the ideas presented in The Value of Debt by framing out debt strategies for individuals who are generally between 25 and 40 years old and in the first stages of accumulating debt. Topics discussed in the book include: - Debt-to-Asset versus Debt-to-Income ratios: where they intersect, how they tend to move over time, and how these ratios can help guide individuals and families - Rent versus buy; a detailed discussion and analysis - A discussion of student debt and what to do with it - Debt overlay vis-. is one's investment portfolio: where should you direct your cash flow funds? A debate, discussion, and flow chart - Maximizing retirement-related investment opportunities--starting early matters - Saving for children's college and graduate education - The importance of liquidity, and why individuals should be willing to pay for it - The importance of lines of credit including asset based portfolio loans - Fixed vs. floating debt; what you are really paying for, and whether it is worth it - Investment basics and important simple concepts to understand as you move forward"-- With easy-to-follow, quick-witted exercises, you'll discover all the ways that money touches your life -- from saving and spending to insurance to retirement. Pencil your way to financial security! What would it be like to know that you were making the very best decision for every dollar you spent or saved? Can you imagine balancing your budget by the beginning of next month? Wouldn't it be great to know whether a pro's advice is right for your situation? How valuable would it be to have a customized financial plan that would serve you for life? What you hold in your hands is the first step to achieving all of the above. Whatever your income, lifestyle, or financial concerns may be, The Motley Fool Personal Finance Workbook will help you put more power into every dollar. Like a financial global positioning system, The Motley Fool Personal Finance Workbook will show you exactly where you stand right now and the most direct path to where you want to be. The Motley Fool's legendary smarts and math-made-easy will show you: -How to create a workable budget that gives you money and a life -The smartest (and fastest) way out of debt -How to set priorities to guide your financial decisions -The savviest ways to finance big purchases like a home or an education -Tactics for eliminating stress when saving for retirement -And much more... Hip, funny, and immediately useful, The Motley Fool Personal Finance Workbook is an indispensable hands-on guide for anyone looking to make the most of his or her money.

For anyone starting their working career or beginning to earn money on their own, there is little to beat the thrill of that first paycheck, that first cash in the bank that YOU earned. You navigated a complicated world of school, perhaps you then went onto college or did some training on the side. Or perhaps you're still studying and earning on the side. Either way, you're starting to earn! Time to rake that cash in!

Every investor deserves a shot at prosperity. The pursuit of wealth is a journey that many people take, but few ever make it. You have read about successful investors and how they made their wealth, how their modest investment grew into an empire. Every investor has a different idea of wealth, and with that, the level of returns that would signify a wealthy outcome from their investment. This should be your guiding principle. Investment profiles differ from one person to the next, as do risk profiles, investment plans, goals, and missions. This book teaches you about wealth creation through the stock market, and in particular, the S&P 500 Index. Wealth creation through the stock market is not limited to wealthy investors. You can also invest and start

something great, an investment that will define your financial future and probably that of your kids and grandchildren after you. One of the most important lessons in wealth creation is to create healthy habits around your investment. This comes from the value of compounding. Investment and every other aspect of wealth creation demand discipline and resilience. Naturally, the stock market is always volatile. Prices will rise and fall in response to different factors, and you have to prepare for that. Being prepared helps you hedge your portfolio against unforeseen risks in the market. This will also help you avoid or reduce the impact of loss. Bearing this in mind, you have to work towards a diversified portfolio. Finally, this book is about the hustle. It empowers investors, young and old alike, to embrace every opportunity to create sustainable wealth. It is never too late to make your first investment, build on it, and create a prosperous future. In all your investment endeavors, you must be consistent. Small, consistent efforts eventually amount to something great. In the simplest terms possible, this book will empower you to create an investment plan, a blueprint for success, and like other successful entrepreneurs before you, dip into the S&P 500 Index and tap into its potential.

Who can you trust with your money? Affluent investors are in dire need of unbiased advice and straightforward information concerning their investments and finances. Unfortunately, this is often hard to come by. "Building And Preserving Your Wealth" dares to tell you the truth and provides you with a sound, prudent and easy-to-follow financial strategy. Building your wealth is hard when you are poor. Especially when most of the advice out there requires you to have money in the first place. Every chapter of this book dissects how money passes through our community, the concepts and principles of wealth building, and most importantly, how to build wealth at every stage in your life.

In these challenging times, money woes are more commonplace, and the divide between rich and poor is widening. And with this divide, there's no shortage of content on striking it rich, quickly. These "get rich quick schemes" seem to be multiplying at an exponential rate, getting more ridiculous by the minute. But, there's hope on the horizon. You see, despite the choppy waters this world is facing there has never been a better time to make money than today. The reason? Technology and its relative
