Jon Gabriel lost over 100 kilos without dieting or surgery and amazingly his body shows almost no sign of ever having been morbidly obese. His totally unique and groundbreaking approach to losing weight is backed by solid, cutting edge obesity research from over four years of full - time investigation of the roles of biochemistry, neurobiology, quantum physics and human consciousness in weight - loss. The result is a method that defies "common sense wisdom" and yet achieves dramatic lasting benefits. In addition to telling Jon's own story of his amazing transformation, the book reveals why diets don't work and explains a truly unique and revolutionary diet - free way to lose weight. It's based on the fact that your body has an internal logic that determines how fat or thin you will be at any given time. The way to lose weight is not to struggle or to force yourself to lose weight but to understand this internal logic and work with it so that your body wants to be thinner. When your body wants to be thinner, weight loss is inevitable and becomes automatic and effortless. You simply crave less food, you crave healthier foods, your metabolism speeds up and you become very efficient at burning fat, just like a naturally thin person. And that's the real transformation - to transform yourself into a naturally thin person, so that you can eat whatever you want whenever you want and still be thin, fit and vibrantly healthy.

It's no secret that most of us get flabbier the older we get, and it's no surprise that the biggest spike in weight happens in the early stages of parenthood. Mark Macdonald knows the struggle himself, having gained thirty-five pounds after the birth of his son. It happened to him even as a nutritionist and former fitness model, so he knew he wasn't alone in the struggle. Along with his wife, Abbi, Mark has created this proven eight-week program specifically geared toward parents to help them shed the weight, discover new amounts of energy, and most importantly, create new sustainable habits to keep it from coming back.

If you have struggled with weight loss for years and know diets don't work, this book is for you. What is different about this book? It is a clinically proven program that uses a combination of self-discovery tools, games, and activities to help you rewire your brain, create new happy and healthy pathways and by doing so, help you change your eating behaviors. What a novel idea: lose weight while focusing on yourself! After all, weight loss starts in your brain. In this 6 to 12-week program, you will learn about sound nutrition and the benefits of exercise, but the author also has a specific plan to help you understand the impact of stress on your waistline, and the importance of dealing with it. Veronique Cardon, M.S., created The CogniDiet® Program based on years of coaching clients as a holistic nutritionist, studying the science of weight loss, and her own life experience and past struggle with weight and stress. After losing 30 lbs. and keeping it off for over twelve years, Veronique began to explore cognitive behavioral therapy (CBT), mindfulness based stress reduction and emerging brain neuroplasticity techniques adapted to weight loss. She seamlessly integrated these techniques and created this program to help people adopt, and keep, a healthier lifestyle. If you can rewire your brain for happiness, why not for weight loss! About The CogniDiet®: This book takes you through a 12 chapters, 6 to 12-week program that Veronique designed to help you change and lose weight naturally. The focus is on you, versus on a diet. And yes, we are going to ask you to cut sugar. But we will tell you why. The program was studied in a clinical trial in 2016 with 40 women aged 41 to 73. The average weight loss was 12 lbs. with a maximum of 33 lbs. over 12 weeks. The program also helped improve metabolic health. Top line results were presented at the American College of Nutrition 58th annual conference in November 2017.

This book has potential to improve every workout you do for the rest of your life. Smart Bodyweight Training is more than a book about how to achieve superior results through bodyweight training. It's about using the discipline of calisthenics as a tool to learn how to use every muscle in your body in a smarter and more effective way. Author Matt Schifferle first discovered bodyweight training after years of struggling with classic weight and cardio workouts. Within a few months, of using little more than a pull-up bar, Matt found new levels of strength and health through using techniques that required a fraction of the time and effort of costly gym-based workouts. Unsatisfied with classic step-by-step calisthenics routines, Matt has created an infinitely customizable approach that delivers fast, proven results for anyone from the rank beginner to the elite athlete. No matter where you are in your fitness journey, your best workouts are still yet to come not just by working harder, but through working smarter than ever before. A life coach and intuitive counselor presents a weight loss program for sensitive people, demonstrating how to manage empathy overload and deal with challenging situations that trigger disordered eating. “An essential, must-read guide” (Dr. Susan Albers, New York Times bestselling author of Eating Mindfully) from the renowned Duke Integrative Medicine center: the first book to combine health psychology with cutting-edge nutrition research to deliver an up-to-the-minute method for eating mindfully and breaking the yo-yo diet cycle. It's easy on occasion to eat too much, eat too quickly, eat for comfort, or choose junk food. But every year millions of Americans vow to lose weight and get healthy and aren't able to overcome the largest roadblock to these changes—ingrained eating habits. Now two leading

experts from Duke Integrative Medicine offer a new paradigm for eating and health—a step-by-step program that dismantles old patterns, provides new tools for making healthy choices, and fosters deep, internal motivation. Grounded in scientific research, *The Mindful Diet* examines how what we eat and drink affects our body on a biochemical level, and how we can become aware of our own internal signals through the practice of mindfulness. Loaded with concrete meditation exercises, behavioral techniques, nutrition advice, and meal-planning charts, this book provides the tools to manage cravings, curb emotional overeating, and figure out when you are full. Instead of an all-or-nothing approach to eating, *The Mindful Diet* focuses on the many variables that drive our habits—including stress, unhappiness, and even unconscious beliefs—and provides a roadmap for sustainable change. “This is not an eat this, don’t eat that program; rather, it’s an attack on the negative thoughts and patterns that lead to diet failure” (Publishers Weekly). Lasting weight loss and healthy living begin in the mind: now you can learn how to re-program your body, make healthy choices, lose weight, and keep it off for life.

"When I was losing weight, Liz was more than my coach; she was my rock, and I couldn't have done it without her. She just got it, because she'd been through it herself (and helped about a million other people through it, too). Target 100 is Liz in book form—smart, supportive, and full of practical, simple solutions. Liz changed my life and my whole concept of dieting—and now can change, yours too." —Jessica Simpson

When did weight loss get so complicated? Today, it feels like there are a million different apps, tools, workouts, and eating plans designed to help you lose weight. Some promise success via drastic, unlivable restrictions, others are so complex they turn losing weight into a second job. In *Target 100*, celebrity weight-loss coach Liz Josefsberg shows you don't have to be a slave to your weight-loss program. You don't have to count every gram of every nutrient and every calorie you eat at every meal. Believe it or not, weight loss can be simple. It can even be . . . fun. A 15-year veteran of the weight-loss industry and who lost—and kept off—65 pounds herself, Liz has accrued a high-profile clientele. She helped Oscar-winner Jennifer Hudson lose weight and transform her life and coached Jessica Simpson to shed over 50 pounds of baby weight (twice!). But along with the likes of Charles Barkley and Katie Couric, Josefsberg has also coached thousands of others, everyone from stay-at-home moms to office jockeys. Along the way, she's learned what works—and what doesn't—when it comes to lasting weight loss, and she's ready to share her secrets with the rest of us. *Target 100* streamlines the weight-loss process into six easy-to-follow guidelines and shows you how to adjust them to fit your lifestyle, personalizing the program so that it works for you. Josefsberg offers tips, worksheets, and powerful insights to help you fine-tune a range of weight-related behaviors, from battling stress to getting more sleep, setting the stage for permanent, long-term weight loss. Instead of counting calories, you'll learn how simple changes come together to jumpstart your health and wellbeing, such as:

- Drinking 100 ounces of water a day
- Exercising for 100 minutes a week
- Adding 100 minutes of Sleep a week
- De-Stressing for 100 minutes a week
- And more!

Warm and no-nonsense, encouraging and informative, *Target 100* is a holistic and revolutionary wellness book with a simple message: You don't need to be perfect to lose weight, or transform yourself into someone you're not. You can lose weight for good, with the world's simplest weight loss program.

Reset and reboot your body with this powerful seven-day, whole-food alkaline cleanse, balancing the Five Master Systems (endocrine, digestive, immune, detoxification, and pH balancing), now in paperback. Filled with real, whole foods specifically selected and planned to make it easy, enjoyable, and energizing, the *Alkaline Reset Cleanse* reboots your body with alkaline-forming foods low in acidity to help you lose weight, restore immunity, soothe digestion, and have abundant health. Are you frustrated by low-fat/high-carbohydrate or all-protein diets that don't work? Tired of white-knuckle restrictions or doing math at every meal? Fed up with a constant craving for sugars and carbohydrates? Do you wish you had a magic formula for losing weight and keeping it off? Well, now you do. . . . From 40-30-30 zone nutrition pioneers and authors of *40-30-30 Fat Burning Nutrition* comes a weight-loss program so easy and effective anyone can do it. The Formula actually helps your body to maximize its natural fat burning potential, making it much more than a diet: it's a dietary prescription for living well, feeling great, and performing better. Here's how it works. When you eat the right proportions of carbohydrates, proteins, and fats, you can help your body to automatically unleash its own natural fat-burning hormone--glucagon--the key to getting rid of unwanted body fat while keeping blood sugar steady and energy high. The result? You can learn how to burn fat faster while eating foods you enjoy! Featuring menu plans, shopping lists, and progress charts, *The Formula* provides a personalized program for each person's specific needs and body type. So whether you're a couch potato, a

professional athlete, or somewhere in between, you'll discover: , Five different versions of The Formula--and how to find the right one for your weight and activity level , The 21-Day Fat Flush Formula for accelerated weight loss , More than 200 delicious recipes, including perfectly balanced 40-30-30 fajitas, chili, grilled cheese sandwiches, pork tenderloin, and New York cheesecake , Special Kids' Favorites and Family Style meals , Healthy advice on prepared foods, fast foods, and vegetarian meals With The Formula, you don't have to give up the foods you love, follow complicated meal plans, count calories or food blocks, or bring a calculator to the dinner table. And forget about feeling constantly hungry or dissatisfied. Here is a dieter's dream--the lifetime secret to losing weight, staying slim, and feeling great!

A food psychologist identifies hidden factors, motivations, and cues that cause overeating and offers practical solutions to help avoid these hidden traps and enjoy food without putting on excess pounds.

Since diets don't work, and so many people have unhealthy relationships with food, the key to weight loss is not what you put in your mouth--it's what goes on in your mind. Brain-imaging technology has shown that thought patterns driven by willpower can actually change the structure of the brain. Using this scientific basis for her program, Dr. Darcy Buehler has helped hundreds of people lose weight and keep it off. In *Think Yourself Thin*, Dr. Buehler shows readers how to: - Get the right ideas into your mind, so that your will to lose weight works unwanted urges out of the brain's circuitry - Determine the approaches that are effective at slimming you down individually, while helping you grow as a person on the inside The book includes a 72-minute self-hypnosis audio CD with eight tracks that complement the program in the book.

Weight loss is one of the most frustrating problems imaginable. People trying to lose weight usually fail, and most wind up weighing more than before. Not with EFT! Several studies show that by using the method in this book, called "Clinical EFT" because it's the only version of EFT validated in dozens of clinical trials, you can lose weight, and keep it off permanently. One study found that people lost an average of 11 lb. in the year after a Clinical EFT weight loss program. In this book you'll hear from dozens of people who lost weight successfully with EFT. Their deeply moving stories tell how many other parts of their lives improved too, from skin tone to marriage, from self-confidence to financial abundance. That's because EFT, also called Tapping, eliminates stress. Author Dawson Church has conducted many scientific studies of EFT. These show that Clinical EFT reduces cortisol, your main stress hormone, while lowering anxiety, depression, and pain, leading to long-term weight loss. Clinical EFT has been used successfully by thousands of people to lose those unwanted pounds without expensive drugs or risky surgery, and is your proven solution to keeping weight off permanently. When you experience the simple, powerful, science-based solutions in these pages, you'll understand why tens of thousands of people like you have made EFT for Weight Loss the best-selling book on the subject ever published.

Tackle diabetes and its complications for good with this newly updated edition of Dr. Neal Barnard's groundbreaking program. Revised and updated, this latest edition of Dr. Barnard's groundbreaking book features a new preface, updates to diagnostic and monitoring standards, recent research studies, and fresh success stories of people who have eliminated their diabetes by following this life-changing plan. Before Dr. Barnard's scientific breakthrough, most health professionals believed that once you developed diabetes, you were stuck with it—and could anticipate one health issue after another, from worsening eyesight and nerve symptoms to heart and kidney problems. But this simply is not true—Dr. Barnard has shown that it is often possible to improve insulin sensitivity and tackle type 2 diabetes by following his step-by-step plan, which includes a healthful vegan diet with plenty of recipes to get started, an exercise guide, advice about taking supplements and tracking progress, and troubleshooting tips.

NEW YORK TIMES BESTSELLER The Daniel Plan is far more than a diet plan. It is an appetizing approach to achieving a healthy lifestyle by optimizing the five key essentials of faith, food, fitness, focus, and friends. Unlike the thousands of other books on the market, this book is not about a new diet, guilt-driven gym sessions, or shame-driven fasts. Your path to holistic health begins here, as Pastor Rick Warren and fitness and medical experts Dr. Daniel Amen and Dr. Mark Hyman guide you to incorporate healthy choices into your current lifestyle. The concepts in this book will encourage you to deepen your relationship with God and develop a community of supportive friends who will encourage you to make smart food and fitness choices each and every day. This results in gradual changes that transform your life as they help you: Conquer your worst cravings Find healthy replacement foods for the foods you love Discover exercise you enjoy Boost your energy and kick-start your metabolism Lose weight Think more clearly Explore biblical principles for health . . . and ultimately create an all-around healthy lifestyle It's time to feast on something bigger than a fad. New York Times best-selling author offers a one-of-a-kind program to help readers finally become happy, thin, and free! Sustainable weight loss expert Susan Peirce Thompson builds on the success of her *Bright Line Eating Boot Camps* and best-selling book with: *The Official Bright Line Eating Cookbook!* *The Official Bright Line Eating Cookbook* is designed to help readers transition to this transformative way of life as smoothly and solidly as possible. The first book gave explicit instructions as to what the guidelines for each meal are, but no specific suggestions as to what to actually cook. This book provides recipes, as well as tons of tips, tricks, and tools culled directly from the Bright Line Eating community, the "Bright Lifers" themselves! Because Bright Line Eating is unlike any food program out there, this cookbook will be unlike any seen before. It's broken down by warm bowls, cold bowls, and plates. There will be a large section on salad dressings--because Bright Lifers live and die by their dressing! Note: there will not be any "cheat" foods, because those foods keep addiction alive in the brain, slow weight loss, and leave you vulnerable to old habits. Special features: • 75+ delicious recipes • Guidance for getting started and staying the course • Tips and tricks for getting the most from the plan • Jaw-dropping before-and-after stories and photos from successful Bright Lifers • and more! This will be an invaluable companion to the first book, and, for some, an entry into Bright Line Eating and an entirely new way of eating.

Contrary to what most diets would have you believe, the human body does not recognize all calories as equal. Some foods are used to boost brain power, fuel metabolism, and heal the body—while others are simply stored as fat. In *The Calorie Myth*, Bailor shows us how eating more of the right kinds of foods and exercising less, but at a higher intensity, is the true formula for burning fat. Why? Because eating high-quality foods balances the hormones that regulate our metabolism. When we eat these foods, our bodies naturally maintain a healthy weight. But when we eat sugar, starches, processed fats, and other poor-quality foods, the body's regulatory system becomes "clogged" and prevents us from burning extra calories. Translation: Those extra 10 pounds aren't the result of eating too much . . . they're the result of eating the wrong foods! Bailor offers clear, comprehensive guidance on what to eat and why, providing an eating plan, recipes, and a simple yet effective exercise regimen. Losing weight doesn't have to mean going hungry or spending hours at the gym. *The Calorie Myth* offers a radical and effective new model for weight loss and long-term health.

How to lose weight and feel great—Manhattan-style! New York women are surrounded by more four-star restaurants than any other city on the planet, not to mention a pizzeria on every block and a donut cart on every corner. With her debut bestselling health book and cookbook, *Meals That Heal Inflammation*, nutritionist Julie Daniluk created the definitive guide to understanding inflammation and its link to chronic disease. With *Slimming Meals That Heal*, Julie highlights the all-important relationship between inflammation, allergies, and weight gain—and offers up over 120 new recipes. All too often, diets fail because they are a self-imposed temporary food prison that people can't wait to escape. *Slimming Meals That Heal* will shatter the need to count calories and will conquer cravings by offering the Live-It, a delicious new way of eating that reduces the inflammation that looms in the background of anyone who struggles with their weight. Julie's clients who have followed the SMTH anti-inflammatory plan have lost 25, 45, and even 100 pounds. *Slimming Meals That Heal* deepens the reader's understanding of how food can hurt or heal. The book includes information on cleansing the organs, the specific power of superfoods, and techniques that directly reduce cravings. Julie has devised a 5-step plan on how to boost metabolism and balance hormones, leading to holistic weight balance. And just as with Julie's first book, *Slimming Meals That Heal* is bursting with easy, tasty, phenomenally healthy, slimming recipes for every meal of the day, from Superfood Quinoa Porridge to Ginger Honey Salmon Soup, and from World's Healthiest Gluten-Free Lasagna to the Best No-Bake Apple Crumble Ever. Once you try the Live-It, you'll leave dieting behind forever as you embrace Julie's exuberant, healthful approach to eating!

What is optimal health? As one of the nation's foremost physicians in nutritional intervention, Dr. Wayne Scott Andersen has devoted his career to creating optimal health through a comprehensive approach that addresses and breaks through logistical and psychological barriers. Widely and affectionately known for his work in the field of health coaching as "Dr. A," in *Discover Your Optimal Health*, he provides an integrative approach that begins with developing (and maintaining) healthy habits each day. This crucial approach makes health the centerpiece of your life instead of something you do when you discover you have an illness or imbalance. Dr. A reveals how a little attention and discipline now can avoid health crises down the road. No matter what your current health status, you can be as healthy as possible. The habits you develop now make the difference between surviving and thriving, life or death. The steps toward reaching and maintaining your optimal health include: Integrating the Habits of Health into Your Life Discovering the Habits of Healthy Weight Loss Using the Habits of Healthy Eating Understanding the Habits of Healthy Motion Practicing the Habits of Healthy Sleep Employing the Habits of a Healthy Mind

If you're experiencing discomfort, fatigue, or other symptoms that won't go away no matter what you do or how many doctors you see, chances are you're one of the millions unknowingly suffering from a systemic fungal/yeast infection, "the hidden invader." The result of an imbalance starting in your internal ecosystem, this can be a key factor in headaches, joint and muscle pain, depression, cancer, food allergies, digestive problems, autism, and other immune-related disorders. *The Body Ecology Diet* reveals how to restore and maintain the "inner ecology" your body needs to function properly, and eliminate or control the symptoms that rob you of the joy of living. Tens of thousands of people have already benefited from the Body Ecology way of life—Donna Gates shows you, step-by-step, how to eat your way to better health and well-being . . . deliciously, easily, and inexpensively! In this book, you will learn how to: use seven basic universal principles as tools to gain mastery over every health challenge you may encounter; focus on your inner ecology to create ideal digestive balance; conquer cravings with strategies for satisfying snacking and for dining away from home; and plan meals with dozens of delectable recipes, an array of menus, and detailed shopping lists.

How to Change Your Universe ties quantum physics and metaphysics together to present a MASSIVE paradigm shift in the way we view the world. And it offers practical, simple tools that can have a profound effect on your life.

Bestselling author Dan Buettner reveals how to transform your health using smart nutrition, lifestyle, and fitness habits gleaned from longevity research on the diets, eating habits, and lifestyle practices of the communities he's identified as "Blue Zones"—those places with the world's longest-lived, and thus healthiest, people, including locations such as Okinawa, Japan; Sardinia, Italy; Costa Rica's Nicoya Peninsula; Ikaria, Greece; and Loma Linda, California. With the audacious belief that the lifestyles of the world's Blue Zones could be adapted and replicated in towns across North America, Buettner launched the largest preventive health care project in the United States, The Blue Zones City Makeovers, which has impacted the health of millions of Americans since 2009. In *The Blue Zones Solution*, readers can be inspired by the specific stories of the people, foods, and routines of our healthy elders; understand the role community, family, and naturally healthy habits can play in improving our diet and health; and learn the exact foods—including the 50 superfoods of longevity and dozens of recipes adapted for Western tastes and markets—that offer delicious ways to eat your way to optimum health. Throughout the book are lifestyle recommendations, checklists, and stories to help you create your own personal Blue Zones solution. Readers will learn and apply the 80/20 rule, the plant slant diet, social aspects of eating that lead to weight loss and great health naturally, cultivating your "tribe" of friends and family, and your greater purpose as part of your daily routine. Filled with moving personal stories, delicious recipes, checklists, and useful tips that will transform any home into a miniature blue zone, *The Blue Zones Solution* is the ultimate blueprint for a healthy, happy life.

The national bestseller with the ultimate program to lose body fat and build muscle—and keep the weight off for good By now, we all know that we gain fat when we take in more calories than we burn. But we're not always rational creatures when it comes to food and exercise. Tom Venuto provides a sound plan that will help us put the brakes on overeating by pinpointing the mental roadblocks and emotional eating patterns that are preventing us from losing weight for good. Guiding readers to dig deeper, *The Body Fat Solution* explores: ?Why it is so difficult to balance calorie output with input ?What prevents people from eating appropriately and exercising more ?The emotional and psychological factors that sabotage success *The Body Fat Solution* shows how to personalize an eating plan that takes into account your unique metabolism and calorie needs, while offering delicious new menus. Tapping into his years of training expertise and personal experience, Venuto helps readers change their relationship with food, empowers them to take charge of their lives, and delivers a program that promises dramatic and permanent results.

How to fix the Modern American Diet and reclaim our minds and waistlines “An insightful, eye opening adventure into diet and nutrition. Concise and witty, this book kept me engaged from cover to cover. A must-have for anyone serious about getting happy and healthy naturally.”—Andrew Morton, MD, Board-certified Family Physician; Former Medical Corps, US Navy and Army Infantry Medic, Desert Storm For the first time in history, too much food is making us sick. The Modern American Diet (MAD) is expanding our waistlines while starving and shrinking our brains. Rates of obesity and depression have recently doubled, and though these epidemics are closely linked, few experts are connecting the dots for the average American. Using data from the rapidly changing fields of neuroscience and nutrition, *The Happiness Diet* shows that over the past several generations, small, seemingly insignificant changes to our diet have stripped it of nutrients—like magnesium, vitamin B12, iron, and vitamin D, as well as some very special fats—that are essential for happy, well-balanced brains. These shifts also explain the overabundance of mood-destroying foods in the average American's diet and why they predispose most of us to excessive weight gain. After a clear explanation of how we've all been led so far astray, *The Happiness Diet* empowers the reader to steer clear of this MAD way of life with simple, straightforward solutions, including: • A list of foods to swear off • Shopping tips and kitchen organization tricks • A compact healthy cookbook full of brain-building recipes • Practical advice, meal plans, and more! Graham and Ramsey guide you through these steps and then remake your diet by doubling down on feel-good foods—even the all-American burger. Praise for *The Happiness Diet* “Finally, a rock-solid, reliable, informative, and entertaining book on how to eat your way to health and happiness. Run—don't walk—to read and adopt *The Happiness Diet*. This is the only diet book I've encountered that I can actually recommend to patients without reservation.”—Bonnie Maslin, PhD, Psychologist and author of *Picking Your Battles* “A lively, thorough, and iron-clad case for real food. You will never eat an egg-white omelet or soy protein shake again.”—Nina Planck, author of *Real Food* and *Real Food for Mother and Baby* “The book includes food lists, shopping tips, brain-building recipes, smart slimming strategies, and other useful tools to lose weight and keep the blues at bay.”—AM New York

Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of *The Tapping Solution*, is at the forefront of a new healing movement. In his upcoming book, *The Tapping Solution*, he gives readers everything they need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-

step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

The New York Times bestseller from the founder of Oh She Glows "Angela Liddon knows that great cooks depend on fresh ingredients. You'll crave every recipe in this awesome cookbook!" —Isa Chandra Moskowitz, author of Isa Does It "So many things I want to make! This is a book you'll want on the shelf." —Sara Forte, author of The Sprouted Kitchen A self-trained chef and food photographer, Angela Liddon has spent years perfecting the art of plant-based cooking, creating inventive and delicious recipes that have brought her devoted fans from all over the world. After struggling with an eating disorder for a decade, Angela vowed to change her diet — and her life — once and for all. She traded the low-calorie, processed food she'd been living on for whole, nutrient-packed vegetables, fruits, nuts, whole grains, and more. The result? Her energy soared, she healed her relationship with food, and she got her glow back, both inside and out. Eager to share her realization that the food we put into our bodies has a huge impact on how we look and feel each day, Angela started a blog, ohsheglows.com, which is now an Internet sensation and one of the most popular vegan recipe blogs on the web. This is Angela's long-awaited debut cookbook, with a treasure trove of more than 100 mouthwatering, wholesome recipes — from revamped classics that even meat-eaters will love, to fresh and inventive dishes — all packed with flavor. The Oh She Glows Cookbook also includes many allergy-friendly recipes — with more than 90 gluten-free recipes — and many recipes free of soy, nuts, sugar, and grains, too! Whether you are a vegan, "vegan-curious," or you simply want to eat delicious food that just happens to be healthy, too, this cookbook is a must-have for anyone who longs to eat well, feel great, and simply glow!

A motivational guide to weight loss describes the proven visualization method, in which readers are encouraged to use their subconscious minds to reach their goal weights. Reprint.

Are you ready to lose weight naturally without dieting, deprivation or drugs? This book will show you how... In a world full of junk food, fad diets, misinformation and toxic medication, Katrina's approach to weight loss is refreshingly simple and easy to follow. Whether you have a little weight to lose or a lot, this book will show you how to connect with your own healing abilities so that you can release weight effortlessly and live the life of your dreams. *** Sick, tired, overweight and just days before her 20th birthday, Katrina had a complete body break down. She spent the next couple of months bed ridden, sleeping for days on end, waking only to be spoon fed by her mother. This experience set her on a journey to transform her life once and for all. After years of struggle she discovered little known tools that helped her to heal her body naturally from within and in the process lose over 60 pounds. She has kept this weight off for over 12 years now and has used the concepts contained in this book to radically transform other areas of her life as well.

Today Katrina Love Senn is a picture of vibrant health, energy and vitality. She is also an internationally renowned yoga teacher and healer. Uplifting, positive and inspirational; this book offers you a real path to transformation. It provides an aspirational and positive story for women to naturally achieve health and well being, as well as their dreams.

"The Tapping Solution for Weight Loss and Body Confidence may just go down in history as a game-changer when it comes to leading women out of weight loss hell." — Cheryl Richardson, New York Times best-selling author of The Art of Extreme Self-Care Placing conditions on our lives and our happiness has become the norm. We see it all the time: We must establish a career before looking for a relationship. We must find love before feeling fulfilled. We must feel stressed out until we finish everything on our to-do list. But by far, the most common conditions we put on ourselves revolve around our weight—no love until we lose the weight, no pursuing a dream until we lose the weight, no happiness until we lose the weight. But now there's a better option. Using tapping, also known as EFT, Jessica Ortner walks you through a process that helps you drop stress so you can drop pounds—without dieting, deprivation, or extreme exercise. Tapping, a tool that is based on the principles of both ancient acupressure and modern psychology, helps you address the underlying issues that make your body hold on to weight and gives you the ability to overcome some of the most common weight loss obstacles. Say good-bye to the cravings, panic, and self-doubt that keep you in a constant fight against your body! Using her own struggles with weight loss, along with success stories of some of the thousands of women she's worked with, Jessica teaches you not only the basics of tapping but also how to use it to address the deeper facets of your weight and self-worth challenges.

This proven process is based on extensive research into the effects of tapping on stress hormones, and it provides simple, step-by-step instructions throughout and easy tapping meditations at the end of each chapter. With this loving and supportive guidance you can learn to create a more empowering relationship with food, find pleasure in exercise, and implement self-care into your life. So join Jessica and learn to love yourself and your body!

Don't Lose Your Mind, Lose Your Weight, the country's highest-selling diet book, has revolutionized the way Indians think about food and their eating habits. Funny, easy to read and full of great advice, it argues that we should return to our traditional eating roots (yes, ghee is good for you), nutrients are more important than calories (cheese over biscuits) and, most importantly, the only way to lose weight is to keep eating. Rujuta Diwekar is one of the country's best nutritionists, with deep roots in yoga and Ayurveda and a client list which boasts some of Bollywood's biggest names. In the updated edition of this classic, she has added an extensive Q&A section which deals with the questions she gets asked most by her clients.

Explains how to use visualization to lose weight, including how to break free from negative beliefs about food, reduce hunger, and overcome the emotional issues that can lead to

weight gain.

As seen in the New York Times and on Good Morning America-now updated by the author. Imagine a diet that's as easy as "a spoonful of sugar" (or extra-light olive oil) twice a day. A diet that actually reduces appetite and cravings. A diet that's based on a wealth of scientific findings but is simple enough for anyone to stick to. A diet with results that amaze almost everyone who tries it. Psychology professor Seth Roberts asks a simple question most weight-loss experts haven't thought to tackle: What makes people hungry? Based on a new understanding of how the human body regulates hunger, The Shangri-La Diet presents a strikingly simple and surprisingly effective way to lose weight-without giving up favorite foods. Simple and counterintuitive, this extraordinary new diet is changing the way the world thinks about weight loss-one success story at a time.

Includes a sneak peek of Undoctored—the new book from Dr. Davis! In this #1 New York Times bestseller, a renowned cardiologist explains how eliminating wheat from our diets can prevent fat storage, shrink unsightly bulges, and reverse myriad health problems. Every day, over 200 million Americans consume food products made of wheat. As a result, over 100 million of them experience some form of adverse health effect, ranging from minor rashes and high blood sugar to the unattractive stomach bulges that preventive cardiologist William Davis calls "wheat bellies." According to Davis, that excess fat has nothing to do with gluttony, sloth, or too much butter: It's due to the whole grain wraps we eat for lunch. After witnessing over 2,000 patients regain their health after giving up wheat, Davis reached the disturbing conclusion that wheat is the single largest contributor to the nationwide obesity epidemic—and its elimination is key to dramatic weight loss and optimal health. In Wheat Belly, Davis exposes the harmful effects of what is actually a product of genetic tinkering and agribusiness being sold to the American public as "wheat"—and provides readers with a user-friendly, step-by-step plan to navigate a new, wheat-free lifestyle. Informed by cutting-edge science and nutrition, along with case studies from men and women who have experienced life-changing transformations in their health after waving goodbye to wheat, Wheat Belly is an illuminating look at what is truly making Americans sick and an action plan to clear our plates of this seemingly benign ingredient.
