A thick white mist hangs over the Eastern Sea, covering all of the ships that are attempting to navigate the grey waters. The pirates sit on the bottom of their sleek ship, huddled amongst their chests of gold, shivering in fear despite the warmth of the night. Humfard the one-eyed hobgoblin jumps lithely up onto the aft castle towards Elkira, who steers the ship. "It's unnatural, this fog," he grumbles, "at this time of year it is." "Aye, Humfard," responds the pirate woman, "I sense the work of a spell caster. Look, I cannot even see the bottom of the ship from up here."

Through the fog on the forecastle, two pirates stand and look over the side, trying to peer through the deep forbidding wall of whiteness. "Did you hear something?" one of them asks. "It was like a splashing on the water." "It is just the ship." "Actually, it was me," says a feminine voice from the gloom. They jump up, startled, as a soaking wet Mora steps from the ship's wooden railing onto the top of the forecastle. The water on her cape and hood is evaporating, turning into steam as she moves. "I am looking for a band of travellers who stole the cargo of a ship called the Peregrine." "How?" stammers one of the pirates. The other draws his falchion and jumps at the cloaked figure. The scythe spins around and the man falls back, his arm severed.

The second pirate jumps to the back of the forecastle and yells for help. Mora's scythe slices across and cuts off his cry in mid-yell. His head falls down from the forecastle amongst his comrades. The second pirate is pulling himself away from Mora, dragging himself with his left hand. She is almost nonchalant in her execution of him, the point of her scythe stabbing down as she investigates the remainder of the forecastle. She walks to the edge of the forecastle and looks into the mist-filled hull of the ship. She can hear the shouts and yells of the pirates and she smiles to herself. She readies her scythe and jumps down from the forecastle, amongst the confused pirates. Humfard stares intently into the mist. "What is happening?" he growls. "I cannot see a thing." Behind him, Elkira ties the steering in place and draws her falchion. "We must investigate," she says. "Our dog-brothers need our help." "No," he mutters. "If we go down into the mist, we will be ambushed. We will wait up here and catch them if they come up the ladder." They wait, standing at the top of the ladder that leads from the hull. They can hear the sounds: of cries and shrieks, of muffled movements and the swish of sword and scythe strikes. A head flies out of the mist and crashes against the side of the forecastle, before dropping back into the hull. Two pirates run out of the mist towards the forecastle, screaming in fright. One appears to trip over and his body falls forward. Elkira notices that his legs are severed below the knee. The second pirate jumps up onto the ladder and Humfard reaches down a hand to help him up. He grabs the pirate by the hand and pulls him upwards, dragging him towards the top. The pirate shrieks in pain and Humfard grunts, unable to drag any further. Then the pirate is free and Humfard falls backwards; the body of the pirate falls onto him. Elkira gasps in fright; there is a huge hole in the pirate's back. Elkira turns back to the ladder and looks into the depths of the fog, her falchion ready. Humfard pushes the body from him and staggers to his feet. Humfard backs away from the edge with fear in his eyes. He hears a creaking sound behind him, like a door opening, and he turns around slowly. Mora is standing behind him, next to the trapdoor that leads from the cabin below, inside the aft castle. There are cuts on her cloak and blood splattered over it. Elkira notices that, although most of the blood is red, some of appears to be white and actually burns the cloak where it drips onto

Gargoyles have been feared and misunderstood for centuries, but now Caldecott Honor artist Dav Pilkey tells the real story of these gentle stone creatures come to life. Behind their cold, stone faces, gargoyles have warm, loving souls -- yet most people don't look deeply enough to notice. Angels can see the good inside them, though, and tonight the angels will sweep down to take their silent, stone friends on a magical journey, hand in hand. Caldecott Honor artist Dav Pilkey's lyrical tale of these gentle stone creatures come to life is a reminder that everyone -- from

the griever to the dreamer to the believer -- is worthy of love.

Ryder, commander of the Levarian legion of gargoyles, has a problem. He keeps dreaming on duty—and falling, neither of which gargoyles EVER do. Every dream is of the same woman, and every time, it brings on red-hot, searing pain in the crescent-shaped scar on his palm. Driven to find the woman and the reason for his bizarre dreams, he lets himself fall—right into to a place he never knew existed and to the woman of his dreams. Labeled a misfit, Tempest was snatched away as a child and imprisoned in the hidden realm of Misfit Mountain. Locked up by Fedor, the ruler of the kingdom, who intends to take her as his bride, she has no choice but to brave the dangerous snow and ice of the Mountain to escape. Despairing, faced with the impossible choices of Fedor or death, love is the last thing on her mind, until Ryder snatches her from the air and into a whole new realm of feeling. Can Ryder find the key to freeing her and save them both?

Dispelling the conventional wisdom that French Gothic architectural flourishes were born of despair or gloom, Bridaham reveals the whimsical nature of these creations and the ingenious artisans who made them. 572 illustrations.

Fans of Philip Pullman's *The Golden Compass* will love Anne Nesbet's middle-grade fantasy *A Box of Gargoyles*. In this sequel to *The Cabinet of Earths*, twelve-year-old Maya is feeling more at home in Paris, a city filled with old magic. Her little brother, James, is safe, and the terrible man with purple eyes is gone. At least Maya believed he was until a person-sized column of dust and leaves with hints of purple where its eyes should be begins following her. Maya suspects the strange, shadowy column is what's left of the purple-eyed man, and that it—he—is behind the eerie changes in Paris, including the appearance of flying, talking stone gargoyles. She's right. Worse, he has bound Maya to make him whole again, even if it kills her.

A rogue spaceship captain. A human scientist. An explosive attraction. Faith has spent the past eight years as a scientist locked in an alien research lab. When she finally manages to escape and finds out what the aliens are doing with her work, she is appalled and determined to stop their plans. The alien spaceship captain who unknowingly assisted her escape is going to help her shut down the lab - whether he wants to or not. And she's not going to let his massive body or the kind heart hidden behind his gruff facade distract her. Captain Athtar finally has his life exactly the way he wants it - he has his ship, his crew, and his freedom. No mouthy little human is going to interfere with any of that, no matter how much she tempts him or how much his instincts demand that he claim her. If only he weren't as tempted as much by her brilliant mind as by her luscious body. Can Faith and Athtar fight their overwhelming attraction long enough to defeat the evil scientists and stay ahead of the Imperial Fleet? And when the battle is over, can there be a future for the two of them? Each book in the *Alien Abduction* series features a different couple and can be enjoyed as a standalone romance. Intended for mature readers.

Most of the seven million people who visit the cathedral of Notre Dame in Paris each year probably do not realize that the legendary gargoyles adorning this medieval masterpiece were not constructed until the nineteenth century. The first comprehensive history of these world-famous monsters, *The Gargoyles of Notre-Dame* argues that they transformed the iconic thirteenth-century cathedral into a modern monument. Michael Camille begins his long-awaited study by recounting architect Eugène Viollet-le-Duc's ambitious restoration of the structure from 1843 to 1864, when the gargoyles were designed, sculpted by the little-known Victor Pyanet, and installed. These gargoyles, Camille contends, were not mere avatars of the Middle Ages, but rather fresh creations—symbolizing an imagined past—whose modernity lay precisely in their nostalgia. He goes on to map the critical reception and many-layered afterlives of these chimeras, notably in the works of such artists and writers as Charles Méryon, Victor Hugo, and photographer Henri Le Secq. Tracing their eventual evolution into icons of high kitsch, Camille ultimately locates the gargoyles' place in the twentieth-century imagination, exploring interpretations by everyone from Winslow Homer to the Walt Disney Company. Lavishly illustrated with more than three hundred images of its monumental yet whimsical subjects, *The Gargoyles of Notre-Dame* is a must-read for historians of art and architecture and anyone whose imagination has been sparked by the lovable monsters gazing out over Paris from one of the world's most renowned vantage points.

In this "charming" fantasy by the author of the Deryni novels, a gargoyle guardian and a Knight of Malta defend a Dublin cathedral and battle a demon (Booklist, starred review). The gargoyles of Dublin, Ireland, have a sacred duty to perform. Formerly God's avenging angels, for centuries they have been entrusted with guarding the churches and cathedrals of the Irish capital while avoiding all contact with human beings. But once a month these loyal stone sentries must leave their posts to attend a conclave of their kind, and it is during one such absence that a sacrilege occurs. The guardian of St. Patrick's Cathedral, the gargoyle Paddy, called "Paddy," has returned to find violence and vandalism committed at his church and two silver artifacts stolen. Taking to Dublin's night streets in search of a culprit, Paddy inadvertently reveals himself to an aged chauffeur in an ancient Rolls Royce, thereby dooming Francis Templeton to an impending premature death. But the grim reaper will have to wait, because old man Templeton is a member of the Knights of Malta, a secret order of defenders of the faith dating back to the Crusades, and as such is an ideal partner for the onetime angel in his quest for justice and revenge. Their hunt is about to take some sinister turns, however, leading the gargoyle and the knight to Clontarf Castle, where a major demon, an emissary of Satan, is preparing to make his reentrance into the world. An acclaimed and much beloved fantasist best known for her popular Adept and Knights Templar series and her chronicles of the magical Deryni, Katherine Kurtz now displays another side of her extraordinary talent and succeeds magnificently. St. Patrick's Gargoyle is a delightful feast of the imagination, rich in Celtic lore and religious arcana, and brimming with wit and heart, wonder and magic.

An extraordinary debut novel of love that survives the fires of hell and transcends the boundaries of time. On a burn ward, a man lies between living and dying, so disfigured that no one from his past life would even recognize him. His only comfort comes from imagining various inventive ways to end his misery. Then a woman named Marianne Engel walks into his hospital room, a wild-haired, schizophrenic sculptress on the lam from the psych ward upstairs, who insists that she knows him – that she has known him, in fact, for seven hundred years. She remembers vividly when they met, in another hospital ward at a convent in medieval Germany, when she was a nun and he was a wounded mercenary left to die. If he has forgotten this, he is not to worry: she will prove it to him. And so Marianne Engel begins to tell him their story, carving away his disbelief and slowly drawing him into the orbit and power of a word he'd never uttered: love.

"The wonderful cathedral of Notre-Dame de Paris, one of the greatest achievements of European civilization, was on fire. The sight dazed and disturbed us profoundly. I was on the edge of tears. Something priceless was dying in front of our eyes. The feeling was bewildering, as if the earth was shaking." —Ken Follett "[A] treasure of a book." —The New Yorker In this short, spellbinding book, international bestselling author Ken Follett describes the emotions that gripped him when he learned about the fire that threatened to destroy one of the greatest cathedrals in the world—the Notre-Dame de Paris.
