This set includes the full-length novels *Intentional Acts*, *In Absentia*, and *Inevitable Discovery* and the novella *Full Fathom Five*. In *Intentional Acts* (Book 12), Sasha and Leo find themselves on opposite sides of an explosive situation. Sasha's up to her elbows in a data privacy matter. Her client could be on the hook for breaching the privacy of hundreds of customers. All because a rogue employee intentionally leaked personal information for reasons known only to him. Leo's busy with a high-stakes case of his own. He's been ordered to neutralize a national security threat, but he has his doubts about the strength of the evidence against the target. As Leo vets the information he's been given, Sasha learns that federal law enforcement has an interest in her civil matter. Because they both take their duties of confidentiality seriously, neither realizes that their cases are intertwined. Until one of the affected customers in Sasha's case is murdered ... and the evidence points to Leo as the killer. Sasha's not about to turn in her own husband, so she tails him. She only hopes what she finds will clear his name, not destroy their marriage. In *In Absentia* (Book 12), nothing will stop Sasha from finding her missing client—not even a violent terrorist

cell, a trained assassin, and an opioid-trafficking ring. When Sasha's client is a no-show for his federal sentencing hearing in a bulk money smuggling case, the presiding judge is not amused. He gives her the weekend to locate the guy or face the consequences. She tracks the client to a remote West Virginia town, but it's not the end of her problems—it's just the beginning. He's being held hostage by violent men convinced he's the key to eight million dollars missing from a terrorist organization's coffers. After a day passes with no word from Sasha, an increasingly worried Leo leaves the kids with a friend and heads to West Virginia to search for her. He finds himself in the middle of a massive drug-trafficking investigation. Cut off from one another and from any means of communication and surrounded by players who aren't who they seem to be, Sasha and Leo each figure out half of the story. Now, they're running out of time to put it all together. Echoes of grief and pain reverberate across the decades in *Inevitable Discovery* (Book 13). On November 20, 1999, a phone call shattered Sasha McCandless' family with the news that her brother Patrick had been shot and killed. Exactly twenty years later, another middle of the night phone call thrusts Sasha into a dangerous new case. A protest over the death of a young man at the hands of the Milltown Police ends with several protestors being snatched off the street by a group of black-clad armed men. Sasha agrees to represent three of the

detainees in a case against the police department and the secretive organization that abducted them. As her investigation heats up, she becomes a target.

Meanwhile, a chance encounter with a college student brings her past crashing into the present. Her search for the truth will reopen old wounds and cause fresh pain. Get cozy with Full Fathom Five (Book 13.5), a McCandless-Connelly Family Mystery Novella! It's the week after Christmas, and the McCandless-Connelly family is snowed in. Really snowed in. Roads are closed. Stores are closed. A curfew is in place. And Sasha and Leo's five-year-old twins are climbing the walls. A game of hide and seek is meant to keep Finn and Fiona busy, not turn up a sixty-five-year-old mystery. But when the kids find an old metal box hidden in the attic's wall, they have a million questions: How did a military plane vanish in a Pittsburgh river? Whose dog tags with Cyrillic letters are in the box? The twins are swept up in the mystery and, soon, so are Sasha and Leo. They're cut off, locked in, and hot on the scent of a dangerous secret.

A series of picture books that explore British values through fun stories. This story explores the issue of responsibility and owning up to our actions. In the story, seven-year old Sasha smashes a window by accident but blames her little brother Henry. When Henry runs away Sasha has to confess and say how sorry she is. Sasha's grandma explains how we should always face the consequences of what we've done and things will turn out better that way. The story is suitable for children aged 5+ who are learning to read or for sharing with an adult. The book is a part of the British Values series which explores tricky subjects such as democracy, the rule of law, mutual respect and tolerance through fun illustrated stories. Each book includes teacher notes for discussing the theme of the story. This book comprises a synthesis of current directions in reading research, theory, and practice unified by what has been referred to as the engagement perspective of reading. This perspective guides the research agenda of the National Reading Research Center (NRRC), a consortium of the University of Georgia, University of Maryland, and affiliated scholars. A major goal of the book is to introduce

reading researchers to the engagement perspective as defined by the NRRC and to illustrate its potential to integrate the cognitive, social, and motivational dimensions of reading and reading instruction. Engaged readers are viewed as motivated, strategic, knowledgeable, and socially interactive. They read widely for a variety of purposes and capitalize on situations having potential to extend literacy. The book is organized into four sections representing key components of the NRRC research agenda and the engagement perspective. This perspective emphasizes contexts that influence engaged reading. Accordingly, the first section of the volume focuses on the social and cultural contexts of literacy development, with chapters devoted to examining home influences, home-school connections, and the special challenges facing ethnic minorities. The engagement perspective also implies greater attention to the role of motivational and affective dimensions in reading development than traditional views of reading. Therefore, the second section examines motivational theory and its implications for reading engagement, with special attention to characteristics of classroom contexts that promote motivation in reading. The engagement perspective embraces innovative instructional contexts that address the cognitive, social, and motivational aspects of reading. Thus, the third section includes chapters on current directions in promoting children's learning from text,

on the value of an integrated curriculum in promoting reading engagement, and on the challenges of assessing students' development as engaged readers. Finally, the broader conception of reading implied by the engagement perspective requires an expanded array of research approaches, sensitive to the complex and interacting contexts in which children develop literacy. The concluding section focuses on these important contemporary issues in literacy research and educational research, with chapters examining the variety of alternative modes of inquiry gaining prominence in literacy research, teacher inquiry, and ethical issues of collaboration between university and teacher researchers. Intended for university-based researchers, graduate students, and classroom teachers, this volume brings together researchers who think about students and their literacy development in school and home communities in distinctly different ways. The cooperative and collaborative inquiry presented contributes to a richer understanding of the many factors influencing engaged reading.

One teenager in a skirt. One teenager with a lighter. One moment that changes both of their lives forever. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a black teen, lived in the crime-plagued flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. *The 57 Bus* is Dashka Slater's true account of the case that garnered international attention and thrust both teenagers into the spotlight.
