What makes you the boss of me? What makes a king a king, or a queen a queen? Why can some people vote for their leaders, but other people can't? Does having lots of money make you powerful? Why are there fewer female scientists, leaders, and artists than men in history books? These are things that kids wonder about. The Power Book answers these and other questions in a relatable way for young people, including thought-provoking discussions on challenging topics, like war, bullying, racism, sexism, and homophobia. You will gain an understanding of your place in your family, your school, and the world, and will discover ways in which you can use your own power to shape the future. As you explore the many aspects of power, thinking points pose questions that spark self-reflection and quotes and stories from some of the greatest change-makers--such as Gandhi, Martin Luther King Jr., Emmeline Pankhurst, Rosa Parks, Malala Yousafzai, and Stephen Hawking--provide historical context and inspiration. out cigars at the Stockstill General Hospital Neonatal Unit, the privileged students of Pembrocton College Preparatory are ratcheting up the stakes in the race to get into the nation's most prestigious colleges. The PCP juniors are gloating, jubilant at the rumor that the valedictorian presumptive has received a B on her report card, a grade that will relegate her to in-state hell. Her heir apparent, a three-generation Yale legacy, is the sole mourner at the demise of her future—if only because her thoughtless academic lapse is going to derail his plans to attend MIT. Across town, in the graffiti-covered halls of Stockstill High School, the students slink to class, praying that they arrive without a knife wound—and dream of ivy-covered walls. And with the help of a take-no-prisoners principal and an enterprising parent, the students at SHS dare to encroach shamelessly on territory normally reserved for their wealthy private school rivals. Join the fray as a memorable cast of characters engages in the latest rage in extracurricular activities: college admissions as a blood sport. Laugh out loud funny, *The Applicants* lampoons the heights we scale—and the depths to which we sink—to get into the “right” college.

Rowan Williams, writing in partnership with the bestselling American Benedictine author, Joan Chittister, explores the meaning of a word often spoken in Christian worship, but rarely considered. What are we doing when we say the word 'Alleluia'? In the Old Testament, it is a summons to praise - when it feels appropriate and when it doesn't. In the New Testament it becomes part of the language of praise, used at all times, even to this day in

the funeral liturgies in the Eastern Orthodox church. Here then is a clue - it is a call to see the whole of life 'as one long Alleluia moment' as the authors put it, to discover the richness and manifestations of God even when they are hidden from us. Some things we naturally feel grateful for - life, health, comfort, pleasure - but how is it possible to say 'Alleluia' to the parts of life that weigh us down and drain our spirits dry? This book aims to give some very practical answers to how we cultivate 'an Alleluia view' of every present moment, to find the meaning in Dag Hammarskold's famous words: 'For all that has been, thanks - for all that shall be, yes.'

One of the benefits of social media is getting to meet the parents of special needs children and adults. I have grown to know and truly admire these brave people. Our solitary journeys have taken many different roads, yet we've all connected on sites like Facebook, Twitter, and other forums. The support we give each other is a lifeline - an opportunity to not only share the joys our sons and daughters bring into our lives, but also the chance to rant about the frequent injustices we meet head on. I am honoured to have 'met' so many fantastic Warrior Mums from around the world, so honoured that I decided to feature some of their stories in a blog series, which I have now reproduced in this book. These mums will inspire you, just like they have me, these brave women who share their stories from childhood to motherhood and reveal far more than they normally would, in the hope their stories will help others.

For much of Christian history, greater focus has been paid to Jesus' death than to his three years of ministry, and his crucifixion has often been understood primarily as a means to salvation in heaven. But retired pastor Tim Lehman contends that we've drastically missed the point by not looking closely at and learning from Jesus' words and actions before his death. As a result, we lose out on the joy and freedom of living fully as his disciples and experiencing salvation already in this life on earth. In this broad study of Matthew's Gospel, Lehman challenges readers to view Jesus' death in light of his life. He urges us not just to believe in Jesus, but to believe Jesus—to take seriously all that he taught and how he lived. As Lehman leads readers along a carefully laid path, Christians and non-Christians alike will have to rethink long-held assumptions: the place of violence in the Christian life; the givenness of division in our modern world; the meaning of “atonement,” “salvation,” and “the kingdom of heaven”; and more. But along the way, we are sure to learn, grow, and, hopefully, come to know more deeply God's unconditional love for all.

This book, This Has All Been Said Before, is myself welcoming the reader to my therapy. I used to suffer from depression and anxiety, now I enjoy every moment of it at least I do on the better days. This condition, this gift that I have come to understand that I have given to myself, has challenged me to have to fully realize and appreciate to my own satisfaction, who we are as I discovered in fact who I am. The meaning of life can be absolute or it can be subjective. Both matter. Life, in every single form matters, simply because in the absence of life expressing itself, there is nothing. Subjectively the meaning of life is whatever we as an individual attach to it, and it is from this perspective, the singular perspective each and every human provides God,

that God has allowed God to completely 'know' God. Just as my depression was the gift I, my soul, has given myself, Phil Hammond, as the means through which I would view and explore creation this time in this space, God has given us to Godself, to do the same, explore creation on God's behalf. Thank you and I trust you will enjoy my explanation of everything.

1994 was part of an era before cell phones and ubiquitous Internet. Trying to escape the oppressive New Mexico heat, David "ZZYZX" Steinberg spent that summer driving around the country seeing a band. Phish was at a turning point in their career, still playing clubs and small theatres, but about to break into mainstream popularity. From Las Cruces to Vancouver, Canada, back to New Mexico and across the nation to Trenton, New Jersey, David saw twenty-six Phish concerts that summer. Bringing the wry sense of humor and random digressions that have made his daily "Phish Stats" Facebook updates a favorite of veteran fans and newbies alike, this book details the journey he took in the summer of '94. Between pointing out the best rest stop locations and explaining how to accidentally infuriate the band that he loves, ZZZZX brings the richness of tour to life. If you've ever wondered why someone would pack up their car with nothing but a tour calendar and a few cases of soda to sell, come along for the ride. There's always room for one more.
