

## Who Is Barack Obama Who Was

NEW YORK TIMES BESTSELLER *Rising Star* is the definitive account of Barack Obama's formative years that made him the man who became the forty-fourth president of the United States—from the Pulitzer Prize-winning author of *Bearing the Cross*. Barack Obama's speech at the 2004 Democratic National Convention instantly catapulted him into the national spotlight and led to his election four years later as America's first African-American president. In this penetrating biography, David J. Garrow delivers an epic work about the life of Barack Obama, creating a rich tapestry of a life little understood, until now. *Rising Star: The Making of Barack Obama* captivatingly describes Barack Obama's tumultuous upbringing as a young black man attending an almost-all-white, elite private school in Honolulu while being raised almost exclusively by his white grandparents. After recounting Obama's college years in California and New York, Garrow charts Obama's time as a Chicago community organizer, working in some of the city's roughest neighborhoods; his years at the top of his Harvard Law School class; and his return to Chicago, where Obama honed his skills as a hard-knuckled politician, first in the state legislature and then as a candidate for the United States Senate. Detailing a scintillating, behind-the-scenes account of Obama's 2004 speech, a moment that labeled him the Democratic Party's "rising star," Garrow also chronicles Obama's four years in the Senate, weighing his stands on various issues against positions he had taken years earlier, and recounts his thrilling run for the White House in 2008. In *Rising Star*, David J. Garrow has created a vivid portrait that reveals not only the people and forces that shaped the future president but also the ways in which he used those influences to serve his larger aspirations. This is a gripping read about a young man born into uncommon family circumstances, whose faith in his own talents came face-to-face with fantastic ambitions and a desire to do good in the world. Most important, *Rising Star* is an extraordinary work of biography—tremendous in its research and storytelling, and brilliant in its analysis of the all-too-human struggles of one of the most fascinating politicians of our time. Chronicles the life and political career of Barack Obama.

Benign neglect -- Breaking the glass -- I hope \_\_\_\_\_ -- Fate, and planning -- Not friends -- The spark -- Democrat X -- Why not? -- Launched into a void -- "God knows how Rusty Joe is" -- That little girl -- How much fun -- The line from Kyiv -- Heart trouble -- This system is crazy -- What was the plan? -- A billion dollars for Samoa -- 72 hours that changed history -- Take him seriously -- Tic toc -- A knee on the neck -- A horrible, horrible process -- You have got to be kidding -- White House petri dish -- The other side of the desk -- What if it wasn't? -- The dog that caught the bus.

Barack Obama is quickly becoming America's most popular politician, and his run for the presidency has brought huge crowds at home and an unprecedented wave of international attention as well. Much more than a biography, this book is a political tour of Obama's legislative experience as well as his ideas about race, religion, and politics. Political writer John K. Wilson, author of four previous books including a study of Newt Gingrich, explores the reaction Obama has received from the left, the right, and the media. As the first presidential candidate from Generation X, Obama has generated an exciting movement of young people to support his campaign as he defines a new kind of broadly popular progressive politics. As improbable as such a quest may be this fresh new candidate may be just the right one to bridge not only generations but ideologies that often divide. Amid all the hype surrounding Obama, this book provides the first in-depth look at what he believes, what he represents, and how he might transform American politics.

In this thoroughly researched and documented book, the #1 New York Times bestselling co-author of *Unfit for Command: Swift Boat Veterans Speak Out Against John Kerry* explains why the extreme leftism of an Obama presidency would leave the United States weakened, diminished and divided, why Obama must be defeated -- and how he can be. Barack Obama stepped onto the national political stage when the then-Illinois State senator addressed the 2004 Democratic National Convention. Soon after Obama was elected to the U.S. Senate, author Jerome Corsi began researching Obama's personal and political background. Scrupulously sourced with more than 600 footnotes, *The Obama Nation* is the result of that research. By tracing Obama's career and influences from his early years in Hawaii and Indonesia, the beginnings of his political career in Chicago, his voting record in the Illinois legislature, his religious training and his adoption of Christianity through to his recent involvement in Kenyan politics, his political advisors and fundraising associates and his meteoric campaign for president, Jerome Corsi shows that an Obama presidency would, in his words, be "a repeat of the failed extremist politics that have characterized and plagued Democratic Party politics since the late 1960s." In this stunning and comprehensive new book, the reader will learn about: Obama's extensive connections with Islam and radical politics, from his father and step-father's Islamic backgrounds, to his Communist and socialist mentors in Hawaii and Chicago, to his long-term and close associations with former Weather Underground heroes William Ayers and Bernadette Dohrn -- associations much closer than heretofore revealed by the press. Barack and Michelle's 20-year-long religious affiliation with the black-liberation theology of former Trinity United Church of Christ Reverend Jeremiah Wright, whose sermons have always been steeped in a rage first expressed by Franz Fanon, Stokely Carmichael and Malcolm X, a rage that Corsi shows has deep meaning for Obama. Obama's continuing connections with Kenya, the homeland of his father, through his support for the candidacy of Raila Odinga, the radical socialist presidential contender who came to power amid Islamist violence and church burnings. Obama's involvement in the slum-landlord empire of the Chicago political fixer Tony Rezko, who helped to bankroll Obama's initial campaigns and to purchase of Barack and Michelle's dream-home property. The background and techniques of the Obama campaign's cult of personality, including the derivation of the words "hope" and "change." Obama's far-left domestic policy, his controversial votes on abortion, his history of opposition to the Second Amendment, his determination to raise capital-gains taxes, his impractical plan to achieve universal health care, and his radical plan to tax Americans to fund a global-poverty-reduction program. Obama's naïve, anti-war, anti-nuclear foreign-policy, predicated on the reduction of the military, the eradication of nuclear weapons and an overconfidence in the power of his personality, as if belief in change alone could somehow transform international

politics, achieve nuclear-weapons disarmament and withdrawal from Iraq without adverse consequences, for us, for the Iraqis or for Israel. Meticulously researched and documented, The Obama Nation is the definitive source for information on why and how Barack Obama must be defeated -- not by invective and general attacks, but by detailed arguments that are well-researched and fact-based.

AN INSTANT NEW YORK TIMES BESTSELLER / AN OPRAH'S BOOK CLUB PICK PRESIDENT OBAMA'S SUMMER 2021 READING LIST In the spirit of *The Known World* and *The Underground Railroad*, "a miraculous debut"

(Washington Post)? and "a towering achievement of imagination" (CBS This Morning) about the unlikely bond between two freedmen who are brothers and the Georgia farmer whose alliance will alter their lives, and his, forever—from "a storyteller with bountiful insight and assurance" (Kirkus) A New York Times Book Review Editors' Choice A July Indie Next Pick In the waning days of the Civil War, brothers Prentiss and Landry—freed by the Emancipation Proclamation—seek refuge on the homestead of George Walker and his wife, Isabelle. The Walkers, wracked by the loss of their only son to the war, hire the brothers to work their farm, hoping through an unexpected friendship to stanch their grief. Prentiss and Landry, meanwhile, plan to save money for the journey north and a chance to reunite with their mother, who was sold away when they were boys. Parallel to their story runs a forbidden romance between two Confederate soldiers. The young men, recently returned from the war to the town of Old Ox, hold their trysts in the woods. But when their secret is discovered, the resulting chaos, including a murder, unleashes convulsive repercussions on the entire community. In the aftermath of so much turmoil, it is Isabelle who emerges as an unlikely leader, proffering a healing vision for the land and for the newly free citizens of Old Ox. With candor and sympathy, debut novelist Nathan Harris creates an unforgettable cast of characters, depicting Georgia in the violent crucible of Reconstruction. Equal parts beauty and terror, as gripping as it is moving, *The Sweetness of Water* is an epic whose grandeur locates humanity and love amid the most harrowing circumstances.

This second edition of *Historical Dictionary of the Barack Obama Administration* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries.

Discover the life of Barack Obama A story about hope, change, and breaking down barriers Barack Obama became the first African American president of the United States. Before he made history fighting for the environment, health care, and civil rights, he was a smart kid who knew he wanted to help others. He worked hard to become a lawyer, a senator, and then the president, all so that he could make people's lives better. With this Barack Obama children's book, you can explore how he went from being a boy growing up in Hawaii to one of the most celebrated leaders in the world. How will his extraordinary journey inspire you? This Barack Obama children's book includes: A lasting legacy--Learn how Barack made the world a better place--for today and future generations. Word definitions--Explore a glossary for some of the more advanced words in this Barack Obama children's book. Visual timeline--See how Barack progressed from a kid to the president in this unique Barack Obama children's book. If you've been searching for a Barack Obama children's book that explains the Who, What, Where, When, Why, and How of his life, *The Story of Barack Obama* has everything you need!

Accepting his party's presidential nomination in the summer of 2008, Barack Obama beamed while Denver's stadium rocked with gauzy chants from adoring admirers. But looming beyond the deafening roar was a harsh reality that too few were willing to face just yet: Some "hope" is too audacious to believe, and just because a smooth talker proclaims something, doesn't make it true. Now, long after the honeymoon has ended and the national mood soured toward the 44th U.S. president, nationally syndicated radio talk-show host and columnist Kevin McCullough—the first pundit to predict Obama's rise to the presidency—provides an alarming perspective on the man he has watched closely since the aspiring commander-in-chief was an obscure community organizer on Chicago's South Side. You'll learn: How Barack Obama's first act as president to sign into law taxpayer-funded abortion How his administration has systematically and intentionally created federal dependents Why Obama's actions prove he believes American Exceptionalism is a myth The outrageous lengths the president is willing to go to as he undermines our national security From Obama's radical economic policy and dubious skills in national security to his administration's disdain for individual liberty and constitutional constraints on the power of the executive branch, McCullough lays out a convincing case for why, early on, he labeled Obama "one of the most dangerous politicians our generation will see." Real hope is possible. While delving into Obama's flawed governance, McCullough also charts a way out, and forward, for the America that once was and can be again. It is a way of clarity and common sense in a tried-and-true direction—a way that is diametrically opposed to the disappointing course set by the current resident of the Oval Office.

A Washington Post 2019 Notable Selection A vivid and inspiring account of the "bromance" between Barack Obama and Joe Biden. The extraordinary partnership of Barack Obama and Joe Biden is unique in American history. The two men, their characters and styles sharply contrasting, formed a dynamic working relationship that evolved into a profound friendship. Their affinity was not predestined. Obama and Biden began wary of each other: Obama an impatient freshman disdainful of the Senate's plodding ways; Biden a veteran of the chamber and proud of its traditions. Gradually they came to respect each other's values and strengths and rode into the White House together in 2008. Side-by-side through two tension-filled terms, they shared the day-to-day joys and struggles of leading the most powerful nation on earth. They accommodated each other's quirks: Biden's famous miscues kept coming, and Obama overlooked them knowing they were insignificant except as media fodder. With his expertise in foreign affairs and legislative matters, Biden took on an unprecedented role as chief adviser to Obama, reshaping the vice presidency. Together Obama and Biden guided Americans through a range of historic moments: a devastating economic crisis, racial confrontations, war in Afghanistan, and the dawn of same-sex marriage nationwide. They supported each other through highs and lows: Obama provided a welcome shoulder during the illness and death of Biden's son Beau. As many Americans turn a nostalgic eye toward the Obama presidency, Barack and Joe offers a new look at this administration, its absence of scandal, dedication to truth, and respect for the media. This is the first book to tell the full story of this historic relationship and its substantial impact on the Obama presidency and its legacy.

.Future presidents will need to find the right balance in China policy, so as to maintain America's strength and watchfulness but not

fall into the classic security dilemma, wherein each side believes that growing capabilities reflect hostile intent and responds by producing that reality. I believe that President Obama struck that balance.—From *Obama and China's Rise* In 2005, veteran diplomat and Asia analyst Jeffrey Bader met for the first time with the then-junior U.S. senator from Illinois. When Barack Obama entered the White House a few years later, Bader was named the senior director for East Asian affairs on the National Security Council, becoming one of a handful of advisers responsible for formulating and implementing the administration's policy regarding that key region. For obvious reasons—a booming economy, expanding military power, and increasing influence over the region—the looming impact of a rising China dominated their efforts. Obama's original intent was to extend U.S. influence and presence in East Asia, which he felt had been neglected by a Bush administration fixated on the Middle East, particularly Iraq, and the war on terror. China's rise, particularly its military buildup, was heightening anxiety among its neighbors, including key U.S. allies Japan and South Korea. Bader explains the administration's efforts to develop stable relations with China while improving relationships with key partners worried about Beijing's new assertiveness. In *Obama and China's Rise*, Bader reveals what he did, discusses what he saw, and interprets what it meant—first during the Obama campaign, and then for the administration. The result is an illuminating backstage view of the formulation and execution of American foreign policy as well as a candid assessment of both. Bader combines insightful and authoritative foreign policy analysis with a revealing and humanizing narrative of his own personal journey. The #1 New York Times bestselling picture-book biography of President Barack Obama is now in paperback. Ever since Barack Obama was young, Hope has lived inside him. From the beaches of Hawaii to the streets of Chicago, from the jungles of Indonesia to the plains of Kenya, he has held on to Hope. Even as a boy, Barack knew he wasn't quite like anybody else, but through his journeys he found the ability to listen to Hope and become what he was meant to be: a bridge to bring people together. This is the moving story of our 44th President, told by Nikki Grimes and illustrated by Bryan Collier, both winners of the Coretta Scott King Award. Barack Obama has motivated Americans to believe with him, to believe that every one of us has the power to change ourselves and change our world.

Who Is Barack Obama? Penguin

Barack Obama delivers a tender, beautiful letter to his daughters in this powerful picture book illustrated by award-winner Loren Long that's made to be treasured! In this poignant letter to his daughters, Barack Obama has written a moving tribute to thirteen groundbreaking Americans and the ideals that have shaped our nation. From the artistry of Georgia O'Keeffe, to the courage of Jackie Robinson, to the patriotism of George Washington, Obama sees the traits of these heroes within his own children, and within all of America's children. Breathtaking, evocative illustrations by award-winning artist Loren Long at once capture the personalities and achievements of these great Americans and the innocence and promise of childhood. This beautiful book celebrates the characteristics that unite all Americans, from our nation's founders to generations to come. It is about the potential within each of us to pursue our dreams and forge our own paths. It is a treasure to cherish with your family forever.

Highlights the life and achievements of the Harvard Law School graduate, legislator, and civil rights lawyer who became the forty-fourth president of the United States.

As the world now knows, Barack Obama has made history as our first African-American president. With black-and-white illustrations throughout, this biography is perfect for primary graders looking for a longer, fuller life story than is found in the author's bestselling beginning reader *Barack Obama: United States President*.

University Press returns with another short and captivating portrait of one of history's most compelling figures, Barack Obama. Barack Obama is considered one of the most significant figures of the 21st century. He was the first African-American President of the United States, his signature "Obamacare" Patient Protection and Affordable Care Act extended health insurance coverage to 20 million Americans, he is credited with pulling the American economy back from the brink of an economic depression, he expanded federal hate crime laws to include crimes motivated by a victim's gender or sexual orientation, he ended the "don't ask, don't tell" policy in the U.S. armed forces, his administration urged the Supreme Court to strike down same-sex marriage bans (which it did), he nominated two women (and America's first Hispanic) to the Supreme Court, he substantially escalated the use of drone strikes against terrorists associated with al-Qaeda and the Taliban, he committed the United States to the Paris Agreement on global climate change, he brokered the JCPOA nuclear deal with Iran, he normalized U.S. relations with Cuba, and he won the Nobel Peace Prize. Barack Obama was born in Honolulu, Hawaii on August 4, 1961. His mother was a white American from Kansas. His father was a black East African from Kenya. He grew up in Seattle, Honolulu, and Jakarta, attended college in Los Angeles, graduated from Columbia University in New York, graduated from Harvard Law School in Cambridge, met and married his wife, Michelle, in Chicago, and, for eight years, lived in the White House in Washington D.C. This short book tells the intensely human story of a man who changed the world in a way that no one else could.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

Follow Barack Obama's extraordinary journey to the White House with 30 handsome illustrations and captions that mark significant events in his life ? from his childhood, education, and marriage to his historic victory as the 44th President.

Since delivering his keynote speech at the 2004 Democratic National Convention, Barack Obama has been hailed as the clear saviour of not only the Democratic party, but of the integrity of American politics. Despite the fact that he burst onto the national scene seemingly overnight, his name recognition has grown by leaps and bounds ever since. And in November 2008, he was elected the next President of the United States. Barack Obama in His Own Words is a book of quotes from the Illinois Senator that allows those who aren't as familiar with his politics to learn quickly where he stands on abortion, religion, AIDS, his critics, foreign policy, Iraq, the War on Terror, unemployment, gay marriage, and a host of other important issues facing America and the world. Informative and easy to read, this is the perfect potted history for those who don't have time to read the biography of America's first Black President. Lisa Rogak is the author of In His Own Words: Colin Powell and Howard Dean In His Own Words. Her works have been reviewed and otherwise mentioned in the Wall Street Journal, USA Today, Family Circle, and hundreds of other publications. She lives in Lebanon, New Hampshire. "I wouldn't run if I didn't think I could win." "I don't want people to pretend I'm not black or that it's somehow not relevant."

Children who are ready to read on their own will want to get ready for President's Day with this leveled reader about the first African American president of the United States! A Step 3 Step into Reading Biography Reader about our forty-fourth president, Barack Obama—revised to include an account of his reelection and new photographs! With clear and accessible language, independent readers can learn how the lessons and love from Obama's mother and grandparents shaped him; how the places he lived influenced him; and how he turned his childhood feeling of being an outsider into a positive driving force that propelled him into the history books!

Billedbog. A tribute to thirteen groundbreaking Americans and the ideals that have shaped our nation. From the artistry of Georgia O'Keeffe, to the courage of Jackie Robinson, to the patriotism of George Washington, President Obama sees the traits of these heroes within his own children, and within all of America's children.

An original and engaging account of the Obama years from a group of leading political historians Barack Obama's election as the first African American president seemed to usher in a new era, and he took office in 2009 with great expectations. But by his second term, Republicans controlled Congress, and, after the 2016 presidential election, Obama's legacy and the health of the Democratic Party itself appeared in doubt. In *The Presidency of Barack Obama*, Julian Zelizer gathers leading American historians to put President Obama and his administration into political and historical context. These writers offer strikingly original assessments of the big issues that shaped the Obama years, including the conservative backlash, race, the financial crisis, health care, crime, drugs, counterterrorism, Iraq and Afghanistan, the environment, immigration, education, gay rights, and urban policy. Together, these essays suggest that Obama's central paradox is that, despite effective policymaking, he failed to receive credit for his many achievements and wasn't a party builder. Provocatively, they ask why Obama didn't unite Democrats and progressive activists to fight the conservative counter-tide as it grew stronger. Engaging and deeply informed, *The Presidency of Barack Obama* is a must-read for anyone who wants to better understand Obama and the uncertain aftermath of his presidency. Contributors include Sarah Coleman, Jacob Dlamini, Gary Gerstle, Risa Goluboff, Meg Jacobs, Peniel Joseph, Michael Kazin, Matthew Lassiter, Kathryn Olmsted, Eric Rauchway, Richard Schragger, Paul Starr, Timothy Stewart-Winter, Thomas Sugrue, Jeremi Suri, Julian Zelizer, and Jonathan Zimmerman.

The coffee table book of monthly political poems chronicling the TWO TREMENDOUS TERMS of President Obama's Presidency. 96 poems and 96 pictures following the President of the United States as he leads the country. This is a must read! Archive the unprecedented historic accomplishments of the first Black President; it is treasured memorabilia and a momentous keepsake that your family will cherish for generations to come. In "Two Tremendous Terms," Barry Fletcher chronicles the President's accomplishments and the hate and racial bias leveraged against him from 2008-2016. Fletcher, with passion and brutal honesty uncovers this unfair treatment during his Presidency, despite his efforts to make this country a more perfect union. This book was written creatively about the struggles and achievements of the First Black President of the United States in a poetic cadence.

The son of a black African father and a white American mother, Obama was only two years old when his father walked out on the family. Many years later, Obama receives a phone call from Nairobi: his father is dead. This sudden news inspires an emotional odyssey for Obama, determined to learn the truth of his father's life and reconcile his divided inheritance. Written at the age of thirty-three, *Dreams from my Father* is an unforgettable read. It illuminates not only Obama's journey, but also our universal desire to understand our history, and what makes us the people we are. The life story of the father of the most powerful elected leader in the world is an epic tale, one as daring as it was improbable. The father of the U.S. president, the first Barack Hussein Obama, was born in rural poverty in Kenya. His own father was a dominating figure who worked as a cook for the British colonists and broke with Luo tradition when he converted to the Muslim faith. Their household was a severe one from which Barack's mother fled in fear for her life. Despite such domestic turmoil, Barack was as fiercely smart as he was intrepid. Admitted to one of Kenya's premiere private schools, he was later thrown out for his defiant behavior. Adrift in the political churning of Kenya's pre-independence days, Barack attracted the interest of an American literacy worker who took him under her wing. By day, they worked on the literacy primers that would change the lives of illiterate Africans. By night, they often went dancing in the full glare of disapproval of those racially segregated times. She helped him prepare for college in America and in 1959 paid his first year's tuition at the University of Hawaii. The first African student on the UH campus, Barack stood out in many respects. One of those was the young white woman, Ann Dunham, whom he began to date. A year after they met, the couple had a son named Barack Hussein Obama II. Barack did not tell his young wife about the two children he had left behind in Kenya, nor did he tell university authorities about his family back home until much later. Luos were often polygamous and Obama saw no need to part with custom. At Harvard University, Barack joined the academic elite and prepared to take his place among the big men in newly independent Kenya. But Barack's experience at Harvard was emblematic of a life that seesawed between high hopes and cruel frustrations, many of them self-inflicted in drunken rages. Yet the charm, the intellectual brilliance, and the fierce pride in his vision of independent Kenya never flagged. He was a bold and reckless man, whose life courted controversy and ultimately veered fatally out of his control. He was heroic in his ambition, deeply flawed, and, extraordinarily, the father of an American president, the other Barack. From one of our preeminent journalists and modern historians comes the epic story of Barack Obama and the world that created him. In *Barack Obama: The Story*, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in

the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama's white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own identity, and prepare for his political future. Barack Obama: The Story chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

Rhyming text highlights the inspirational effect of the life and accomplishments of the forty-fourth president of the United States and invites young readers to consider how they too can change the world.

This book, used in more than 600 schools in the US, is a biography of Barack Obama for elementary school children. Using color photographs and text, it tells how Obama struggled to define himself as a black child in a white world.

Starting with his birth to a white mother and a black Kenyan father, it follows the fascinating story from his early life in Hawaii to his move to Indonesia and the rich cultural differences he experienced there. Children will be intrigued by the way Obama dealt with his return to Hawaii at age ten as an outsider. They will learn how he managed to surmount many odds to become President of the United States. This is an inspirational story for children of all backgrounds. The color photographs of Obama as a child and throughout his life allow children to understand and identify with the 44th President. This book can be read by children as young as seven but is appreciated as a photo biography by children in the upper elementary grades. The actual reading level is grade 3-4.

"This Macmillan Biography looks at the people and places that most influenced Obama - from lost teenager and low-paid community worker - to his inauguration in 2009 as America's first black president."--Back cover note.

A profile of the 44th President of the United States--his childhood in Hawaii, his college years at Columbia University and Harvard Law School, his career as a civil rights attorney and professor, all the way to the White House where he served two terms. Illustrations. 5/8.

**#1 NEW YORK TIMES BESTSELLER •** Barack Obama's lucid vision of America's place in the world and call for a new kind of politics that builds upon our shared understandings as Americans, based on his years in the Senate "In our lowdown, dispiriting era, Obama's talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope."—Michael Kazin, *The Washington Post* In July 2004, four years before his presidency, Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners' minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged optimism in the future, or what Obama called "the audacity of hope." The Audacity of Hope is Barack Obama's call for a different brand of politics—a politics for those weary of bitter partisanship and alienated by the "endless clash of armies" we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of "our improbable experiment in democracy." He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and family life, and his own deepening religious commitment. At the heart of this book is Barack Obama's vision of how we can move beyond our divisions to tackle concrete problems. He examines the growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by returning to the principles that gave birth to our Constitution, Obama says, can Americans repair a political process that is broken, and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans. Those Americans are out there, he writes—"waiting for Republicans and Democrats to catch up with them."

**#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS** In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (*The Washington Post Book World*). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—*The New York Times Book Review* "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

The 44th President of the United States of America. A look back at the most memorable moments of Barack Obama's extraordinary life, beloved family and historic political career. It's been over a decade since Barack Obama made history when he was elected America's first black president. During his eight years in the White House, he brought about incredible change: He reformed health care, legalized same-sex

marriage and ordered the military operation that resulted in the death of September 11 mastermind Osama bin Laden. This book takes a close look at Obama's life: From his lonely childhood in Hawaii and formative college years to how the relatively unknown Illinois Senator beat veteran Senator John McCain in the 2008 election. It also reveals how Michelle Obama sacrificed her career and family life in order for her husband to achieve his dream of becoming president. Plus, what the Obamas have been up to since they left the White House, and what's next for them.

Each Public Papers volume contains the papers and speeches of the President of the United States issued by the Office of the Press Secretary during the specified time period. The material is presented in chronological order, and the dates shown in the headings are the dates of the documents or events. In instances when the release date differs from the date of the document itself, that fact is shown in the text note. The appendixes in each Public Papers volume provide listings of a digest of the President's daily schedule and meetings, when announced, and other items of general interest issued by the Office of the Press Secretary; The President's nominations submitted to the Senate; A checklist of materials released by the Office of the Press Secretary that are not printed full-text in the book; and a table of Proclamations, Executive orders, and other Presidential documents released by the Office of the Press Secretary and published in the Federal Register.

Find inspiration in these messages of hope from the forty-fourth president of the United States. This curated collection of landmark speeches chronicles Barack Obama's presence on the national stage, from his time as a senator from Illinois to his eight-year term as the 44th president of the United States—and also includes notable speeches he made after he left the White House. Obama's eloquent speaking style and ability to connect to a wide range of audiences made him one of the most admired presidents in recent memory, even as he dealt with staunch party-line opposition in Congress. Barack Obama Selected Speeches is a volume that will appeal to those with a keen interest in history, politics, and the role that the United States has played in shaping today's world.

The dissident Left dismantles Obama's failed "progressive" agenda.

Inspirational speeches from America's first African American president. You'll be inspired to be the change you wish to see in the world as you read through this collection of speeches delivered by Barack Obama. These messages of hope for a more perfect union in America will appeal to readers across the political spectrum. From pre-presidential oratory to his farewell address, the former president covers issues of race, unemployment, natural disasters, public tragedies, and his legacy of health care reform. This volume will become one of the most treasured in your library.

Provides an insightful look at the childhood experiences, family bonds, and personal struggles that shaped and influenced the life of a young man who would later become the first African-American president in United States history. Simultaneous.

Describes the life and career of Barack Obama, from his early life in Hawaii to his years as an Illinois senator and as the elected President of the United States.
