An MBA from Kellogg, a six-figure salary teasing toward seven, and a career trajectory in international banking that challenged gravity. Whether in Boston or Moscow, Carson Neshek led a charmed existence filled with fast cars, lucrative business deals and beautiful women. With Russia now open for private investment and the world knocking on the door, Carson only had time for business. A personal life -- or at least its encumbrances -- would have to wait. That included the exotic beauty Sasha and her daughter Vika, for whom Carson was "daddy" only as an occasional patron. Russia was a land of adventure and opportunity that demanded taming. And gambling with it was an intoxicating game until the stakes escalated too far too fast - threatening his career and maybe his life. Carson stood at the dangerous intersection of corrupt politics and mafia-controlled business in Russia. As murders began to pile up he found himself squeezed between the terrifying Russian criminal underworld, all-reaching Russian political power, and even U.S. law. Carson would have to learn whom he could trust and what he could save and then make a choice -- before it was too late. Details the life and achievements of Booker T. Washington. In this collection of poems and her life story Stephanie Ellis

Because when I agreed to work for you—a hotshot journalist I've admired for years—no one told me that you had a secret life and that you'd bug my apartment, have someone killed, and make the moves on me just to test whether I'm serious about this job. I invite you to read my book of poetry. It was written to reach out to loved ones, family and friends, even strangers at the time. Everyone has pain and suffering and sorrow at some time in their lives. Some deal with it with prayers, finding comfort with others, or some in anger. Each poem that I wrote was for that person and written from my heart. I have written poems of death, birth, funerals, weddings, divorces, birthdays, baptisms, special holidays, and sentimental/memories. As I wrote poems about death, I came to realize that life does go on after death, that death only removes the body, not the soul or our memories. Every poem I wrote, before writing them, I sat in quiet time with God, asking him to help me choose my words, giving me inner feelings of that person. I felt this was a given gift to me from God and my way of reaching out to others. I put no periods at the end of my writings as I want them to continue, to go on and on. I thank you for reading my book of poems. I am honored and I pray and hope you enjoy reading them as much as I enjoyed writing them.

Raúl R. Salinas is regarded as one of today's most important Chicano poets and human rights activists, but his passage to this place of distinction took him through

four of the most brutal prisons in the country. His singular journey from individual alienation to rage to political resistance reflected the social movements occurring inside and outside of prison, making his story both personal and universal. This groundbreaking collection of Salinas' journalism and personal correspondence from his years of incarceration and following his release provides a unique perspective into his spiritual, intellectual, and political metamorphosis. The book also offers an insider's view of the prison rebellion movement and its relation to the civil rights and anti-war movements of the 1960s and 1970s. The numerous letters between Salinas and his family, friends, and potential allies illustrate his burgeoning political awareness of the cause and conditions of his and his comrades' incarceration and their link to the larger political and historical web of social relations between dominant and subaltern groups. These collected pieces, as well as two interviews with Salinas—one conducted upon his release from prison in 1972, the second more than two decades later—reveal to readers the transformation of Salinas from a street hipster to a man seeking to be a part of something larger than himself. Louis Mendoza has painstakingly compiled a body of work that is autobiographical, politically insurgent, and representative.

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. swinging 60s to the present day. We hear of her challenges, successes and escapades over this 50-year period and we meet some inspirational people who are doing extraordinary things to improve the lives of others and to create a better world. Their stories deserve to be told. Linda was described by The Times newspaper as “humorous and unassuming” and her story starts in Jamaica, where she worked as a volunteer teacher. From there we travel to Haiti, the United States of America, the East End of London, Eastern Europe, Africa, Central America, India and Cambodia. Her narratives range from humorous and entertaining to moving and heart-wrenching. They weave together to form a personal portrait of a life spent learning from passionate, motivational people. Throughout, we are presented with a clear picture of the political situation of the day and its impact on Linda and those around her. Among her wide range of experiences, we hear about her role as a teacher and headteacher in large secondary schools in London; her voluntary work in Jamaica, South Africa, Ghana and Uganda; her direct action against injustice; and her tangles with the military in a number of countries. This book is a tribute to humankind, a social history of the time, and an amusing and informative read for all who enjoy travel. All proceeds from the sale of this book will go directly to three charity organisations concerned with empowering girls and women and improving the provision of education in Africa and South East Asia. Details about these organisations are given on the final page of the book. She emerged as innocent as any newborn. The party of
