Many remember Charlie Chaplin's comic masterpiece, *The Gold Rush*, as the finest blend of comedy and farce ever brought to the screen. Far fewer remember its heroine, Georgia Hale (1900-1985). Seventy years after the film's appearance, Heather Kiernan brings Georgia Hale back to life in this edition of her hitherto unpublished memoirs. Research work embodied in her perceptive introduction clears up many uncertainties about Hale's life and provides an outline of her most significant years. Hale's own chief purpose was to describe her long and close relationship with Chaplin and his dual personality, which made the relationship at

times a love-hate one. As Chaplin's constant companion during the years 1928-1931, she became a part of his social circle, meeting people as diverse as Marion Davies, Sergei Eisenstein, Ralph Barton, and Albert Einstein. The memoir effectively ends with Chaplin's marriage in June 1943 to Oona O'Neill. This unique book contains illustrations from the Chaplin archive, most of which are published here for the first time.

He was the very first icon of the silver screen, and is one of the most recognisable faces in Hollywood, even a hundred years on from his first film. But what of the man behind the moustache? The director holding the camera as well as acting in front of it? Peter Ackroyd's new biography turns the spotlight on Chaplin's life as well as his work, from his humble theatrical beginnings in music halls to winning an honorary Academy Award. Everything is here, from the glamour of his golden age to the murky scandals of the 1940s and eventual exile to Switzerland.

Foreword: CHARLES SPENCER CHAPLIN, film comedian extraordinary and the most widely known figure in the history of motion pictures, holds the distinction of enduring for twenty-five years as the out standing, if somewhat enigmatic, personality of the screen. To retain such universal popularity, in its deeper sense, in an industry gradually but surely taking its place as an integral part of the arts,

an industry which all too often raises its favorite to stardom overnight only to hurl him back into oblivion with equal celerity, this achievement of Charlie Chaplin's becomes worthy of serious consideration. What manner of man is this who sits securely upon his golden throne of millions poured into his coffers by a world-wide audience? What sort of man can defy any challenge to the universal appeal of a single characterization, who can resist for ten years the more modern medium for expression, the transition of silent films into talking pictures? Surely this sustained hold upon the public taste, the public affection, implies a certain artistry genius, if you will. And there are few to deny that Charlie Chaplin has brought into bold relief the ancient art of pantomime as a portrayal of modern, human life. Chaplin has been the subject of more writing and fewer accurate delineations than most of his contemporaries throughout the years. He has enjoyed the paradoxical status of being the man everybody knows yet nobody knows. Protected by a self-imposed isolation in his private life, he has had, nevertheless, certain dramatic phases in his life, two marriages and their subsequent dissolutions, emblazoned on the front pages of American newspapers for weeks and months at a time. And when we reflect upon the adverse publicity to which he was subjected at these times, some of it careless of the truth, it is small wonder that Charles Chaplin is wary of revealing himself to

the serious biographer or that he bends over backward in expurgating any story about himself which is submitted to him for his approval. A true biography of him must, of necessity, be an unauthorized one to survive with any value as an accurate chronicle. Because of this consistent discouragement to biographers, few stories of any length, or what is more important, strength, have been uncovered in this writer's search for material pertinent to this book. One, a mild little book written by W. Dodgson Bowman in 1931, makes no effort to trace the pattern of the man behind the artist and succeeds in not tracing it. It can be assumed that the manuscript of this book was either censored by its subject or prepared with the wish uppermost in the mind of the writer not to offend. Consequently, it has scant value in depicting the living, vital Chaplin. The most colorful and dramatic, the most revealing and not always creditable, episodes in the life of the King of Comedy are veiled by meager paragraphs or ignored with an airy sycophancy which destroys the value of the book as a true biography. Another, a magazine serial written in a state of pique by Carl Robinson after his dismissal by Charlie in Algiers in 1931, can be considered only as a slap on the wrist. That Robinson received a goodly sum in advance for "telling all" (he could not tell it) is not surprising, for revelational accounts of Charlie Chaplin are as rare as blue-and-white-checked nightingales laying polka-dot

eggs. And Carl Robinson, never in the intimate confidence of his employer, knew him only as well as the average acquaintance could. Throughout eighteen years of Chaplin's twenty-five years on the screen, there has been one employee, one person who actually knows Chaplin, the man. That this employee has little understanding of the complex nature of an artist, takes nothing from the facts. Expert novelizations of ten early Chaplin films include *The Bank*, *A Woman, Work*, *The Champion*, *His New Job*, *By the Sea*, *A Night Out*, *The Tramp*, *In the Park*, and *A Jitney Elopement*.

Examining the legendary actor's life, art, and controversial politics within the context of their times, Lynn presents a fresh and definitive portrait of Chaplin. Charlie Chaplin made an amazing seventy-one films by the time he was only thirty-three years old. He was known not only as the world's first international movie star, but as a comedian, a film director, and a man ripe with scandal, accused of plagiarism, communism, pacifism, liberalism, and anti-Americanism. He seduced young women, marrying four different times, each time to a woman younger than the last. In this animated biography of Chaplin, Joyce Milton reveals to us a life riddled with gossip and a struggle to rise from an impoverished London childhood to the life of a successful

American film star. Milton shows us how the creation of his famous character—the Tramp, the Little Fellow—was both rewarding and then devastating as he became obsolete with the changes of time. Tramp is a perceptive, clever, and captivating biography of a talented and complicated man whose life was filled with scandal, politics, and art.

Long before becoming one of the masterpieces of Charlie Chaplin's artistic maturity, and even before existing as a screenplay, *Limelight* was conceived by its author as a 34,000-word novella. After remaining virtually unknown for more than 60 years after its completion, *Footlights* is now published by Cineteca di Bologna in this volume for the very first time. Chaplin's vivid, idiosyncratic style, unadulterated by editors, moves freely from the baldly colloquial to moments of rich imagery and Dickensian description. For a setting, he looked back to London and the music halls of his first professional years, an enchanted period in which he had broken out of the deprivations of his childhood to discover, progressively, his unique gifts as entertainer and communicator. But this retrospect also recalled the painful insecurity of an uneducated, uncultured boy launched into the world of success. David Robinson, Chaplin's most eminent biographer, traces the long yet logical evolution of the story, from its unlikely origin in Chaplin's 1916 meeting with Nijinsky. The succeeding commentary recounts the making of the film, and traces the real-life sources of Chaplin's memories: the people and theaters of London's Soho, and the unique ballet tradition of the two great theaters

of Leicester Square, the Empire and the Alhambra, commemorated in Limelight for the first and only time on film. The book is illustrated with a great wealth of previously unpublished documents and photographs from the Chaplin archives, historic pictures of the theatrical world of Chaplin's youth and images from the author's private collection. This excursion into the enchanted comic world of Charlie Chaplin will appeal not just to Chaplin fans but to anyone who loves comedy. Dan Kamin brings a unique insider's perspective to the subject. An internationally acclaimed comic performing artist himself, he trained Robert Downey, Jr. for his Oscar-nominated portrayal in Chaplin, and created Johnny Depp's physical comedy scenes in Benny and Joon. The Comedy of Charlie Chaplin: Artistry in Motion reveals the inner workings of Chaplin's mesmerizing art as never before. Kamin illuminates the comedian's incredibly sophisticated visual comedy in disarmingly direct prose, providing new insights into how Chaplin achieved his legendary rapport with audiences and demonstrating why comedy created nearly a century ago remains fresh today. He then presents provocative new interpretations of each of the comedian's sound films, showing how Chaplin remained true to his silent comedy roots even as he kept reinventing his art for changing times. The book is lavishly illustrated with many never-before-published images of the comedian. Charlie Chaplin is universally hailed as the greatest comedic talent in the history of motion pictures. And yet Chaplin's early efforts-which account for more than half of his total output-are often overlooked in favor of his later films. In 1914 Chaplin appeared in

a total of 35 films for the Keystone Film Company; the following year he signed with the Essanay Film Manufacturing Company, where he wrote, directed and starred in more than a dozen short comedies. Though the resulting pictures were frequently crude and erratic, they reveal the emergence of a formidable comic genius. "Charlie Chaplin at Keystone and Essanay: Dawn of the Tramp" is a film-by-film examination of this period in Chaplin's career, tracing the birth of his beloved 'Tramp' character and his evolution as an actor and filmmaker. Also discussed are how these movies have been re-edited, recopied, reissued and retitled over the years, with a special section that matches pseudonym titles to their original source film. "Charlie Chaplin at Keystone and Essanay: Dawn of the Tramp" is a fascinating look at the first celluloid steps taken by this legendary laughmaker, and is a must for all Chaplin fans, old and new.

Born into a theatrical family, Chaplin's father died of drink while his mother, unable to bear the poverty, suffered from bouts of insanity, Chaplin embarked on a film-making career which won him immeasurable success, as well as intense controversy. His extraordinary autobiography was first published in 1964 and was written almost entirely without reference to documentation - simply as an astonishing feat of memory by a 75 year old man. It is an incomparably vivid reconstruction of a poor London childhood, the music hall and then his prodigious life in the movies.

long been criticized as a lackluster film director. In this groundbreaking work—the first to analyze Chaplin's directorial style—Donna Kornhaber radically recasts his status as a filmmaker. Spanning Chaplin's career, Kornhaber discovers a sophisticated "Chaplinesque" visual style that draws from early cinema and slapstick and stands markedly apart from later, "classical" stylistic conventions. His is a manner of filmmaking that values space over time and simultaneity over sequence, crafting narrative and meaning through careful arrangement within the frame rather than cuts between frames. Opening up aesthetic possibilities beyond the typical boundaries of the classical Hollywood film, Chaplin's filmmaking would profoundly influence directors from Fellini to Truffaut. To view Chaplin seriously as a director is to re-understand him as an artist and to reconsider the nature and breadth of his legacy.

In the world of film collecting, the claim "find of the century" may sound an unpardonable exaggeration. But what discovery can equal it?1 Collectors had hailed the discovery of the occasional lost Keystone comedy in which Chaplin played, but nobody had the slightest idea that somewhere in England, somewhere in France, and somewhere in the United States lay three separate treasure troves of silent film which would, for the first time, reveal the working methods of the greatest single figure of the cinema. It was a treasure hunt involving innocence and guile, accident and coincidence. A treasure hunt which took us to Switzerland, France and the United States. The treasure, when it was uncovered, revealed information as precious as the film itself.

Charlie Chaplin Charlie Chaplin is most famously known for his "tramp" character-the homeless hobo that can be seen hopping from trains and lining up in the soup kitchens of the Great Depression. At a time when the whole world was struggling from economic meltdown, Charlie Chaplin made "destitute" a term of endearment. We may laugh when we see Charlie Chaplin so broke that he has to boil his shoes and eat them, but during the worst parts of the economic collapse of the 1920s and 1930s, some people had to do just that. So, at the time, even though many would laugh at the crazy tramp's antics, they could also relate and identify with them. And the fact that Charlie Chaplin's tramp character could be completely broke with his pockets turned out, sitting in a gutter with the rain pouring down, yet still be happy, gave people quite a bit of encouragement. People thought that if the homeless, wandering tramp portrayed in Chaplin's films could get through such rough times and be alright, maybe they could too. moments are in his films, it was the way he just kept trundling along, even in the face of great adversity, that empowered so many. It was this tantalizing glimpse of hope, more than anything else, that kept them coming back for more.

By the end of 1914, Charlie Chaplin had become the most popular actor in films, and reporters were clamoring for interviews with the comedy sensation. But no reporter had more access than Fred Goodwins. A British actor who joined Chaplin's stock company in early 1915, Goodwins began writing short accounts of life at the studio and submitted them to publications. In February 1916 the British magazine *Red Letter* published the first of what became a series of more than thirty-five of Goodwins's articles. Written in breezy prose, the articles cover a two-year period during which Chaplin's popularity and creativity reached new heights. Only one copy of the complete series is known to exist, and its recent rediscovery marks a significant find for Chaplin fans. *Charlie Chaplin's Red Letter Days: At Work with the Comic Genius* is a vivid account of the ebb and flow of life at the Chaplin studio. Goodwins was an astute observer who deepens our understanding of Chaplin's artistry and sheds new light on his personality. He also provides charming and revealing portraits of Chaplin's unsung collaborators, such as his beloved costar Edna Purviance, his burly nemesis Eric Campbell, and other familiar faces that populate his films. Goodwins depicts Chaplin in the white heat of artistic creation, an indefatigable imp entertaining and inspiring the company on the set. He also describes gloomy, agonizing periods when Chaplin was paralyzed with indecision or exhaustion, or simply frustrated that it was raining and they couldn't shoot. Reproduced here for the first time, the articles have been edited by film historian David James and annotated by Chaplin expert Dan Kamin to highlight their revelations. Charlie Chaplin's *A Woman of Paris* (1923) was a groundbreaking film which was neither a simple recycling of Peggy Hopkins Joyce's story, nor quickly forgotten. Through heavily-documented "period research," this book lands several bombshells, including Paris is deeply rooted in Chaplin's previous films and his relationship with Edna Purviance, Paris was not rejected by heartland America, Chaplin did "romantic research" (especially with Pola Negri), and Paris' many ongoing influences have never been fully appreciated. These are just a few of the mistakes about Paris.

? Charlie Chaplin the actor is universally synonymous with his beloved Tramp character. Chaplin the director is considered one of the great auteurs and innovators of cinema history. Less well known is Chaplin the composer, whose instrumental theme for Modern Times (1936) later became the popular standard "Smile," a Billboard hit for Nat "King" Cole in 1954. Chaplin was prolific yet could not read or write music. It took a rotating cast of talented musicians to translate his unorthodox humming, off-key singing, and amateur piano and violin playing into the singular orchestral vision he heard in his head. Drawing on numerous transcriptions from 60 years of original scores, this comprehensive study reveals the untold story of Chaplin the composer and the string of famous (and not-so-famous) musicians he employed, giving fresh insight into

See him? That little tramp twitching a postage stamp of a mustache, politely lifting his bowler hat, and leaning on a bamboo cane with the confidence of a gentleman? A slapstick comedian, he blazed forth as the brightest movie star in the Hollywood heavens. Everyone knew Charlie—Charlie Chaplin. When he was five years old he was pulled onstage for the first time, and he didn't step off again for almost three-quarters of a century. Escaping the London slums of his tragic childhood, he took Hollywood like a conquistador with a Cockney accent. With his gift for pantomime in films that had not yet acquired vocal cords, he was soon rubbing elbows with royalty and dining on gold plates in his own Beverly Hills mansion. He was the most famous man on earth—and he was regarded as the funniest. Still is. . . . He comes to life in these pages. It's an astonishing rags-to-riches saga of an irrepressible kid whose childhood was dealt from the bottom of the deck. Abundantly illustrated.

An award-winning author and a Caldecott Medalist take a creative look at the early life of comedic genius Charlie Chaplin. Once there was a little slip of a boy who roamed the streets of London, hungry for life (and maybe a bit of bread). His dad long gone and his actress mother ailing, five-year-old Charlie found himself onstage one day taking his mum's place, singing and drawing laughs amid a shower of coins. There were times in the poorhouse and times spent sitting in the window at home with Mum, making up funny stories about passersby. And when Charlie described a wobbly old man he saw in baggy clothes, with turned-out feet and a crooked cane, his mother found it sad, but Charlie knew that funny and sad go hand in hand. With a lyrical text and exquisite collage imagery, Gary Golio and Ed Young interpret Charlie Chaplin's path from his childhood through his beginnings in silent film and the creation of his
