

Who Was Winston Churchill Who Was

The intimate, untold story of Winston Churchill's enduring yet volatile bond with his only son, Randolph “Fascinating... well-researched and well-written.”—Andrew Roberts • “Beautifully written... A triumph.”—Damien Lewis • “Fascinating, acute and touching.”—Simon Sebag Montefiore We think we know Winston Churchill: the bulldog grimace, the ever-present cigar, the wit and wisdom that led Great Britain through the Second World War. Yet away from the House of Commons and the Cabinet War Rooms, Churchill was a loving family man who doted on his children, none more so than Randolph, his only boy and Winston's anointed heir to the Churchill legacy. Randolph may have been born in his father's shadow, but his father, who had been neglected by his own parents, was determined to see him go far. For decades, throughout Winston's climb to greatness, father and son were inseparable--dining with Britain's elite, gossiping and swilling Champagne at high society parties, holidaying on the French Riviera, touring Prohibition-era America. Captivated by Winston's power, bravery, and charisma, Randolph worshipped his father, and Winston obsessed over his son's future. But their love was complex and combustible, complicated by money, class, and privilege, shaded with ambition, outside expectations, resentments, and failures. Deeply researched and magnificently written, *Churchill & Son* is a revealing and surprising portrait of one of history's most celebrated figures.

Before Winston Churchill made history, he made news. To a great extent, the news made him too. If it was his own efforts that made him a hero, it was the media that made him a celebrity - and it has been considerably responsible for perpetuating his memory and shaping his reputation in the years since his death. Churchill first made his name via writing and journalism in the years before 1900, the money he earned helping to support his political career (at a time when MPs did not get salaries). Journalistic activities were also important to him later, as he struggled in the interwar years to find the wherewithal to run and maintain Chartwell, his country house in Kent. Moreover, not only was journalism an important aspect of Churchill's political persona, but he himself was a news-obsessive throughout his life. The story of Churchill and the news is, on one level, a tale of tight deadlines, off-the-record briefings and smoke-filled newsrooms, of wartime summits that were turned into stage-managed global media events, and of often tense interactions with journalists and powerful press proprietors, such as Lords Northcliffe, Rothermere, and Beaverbrook. Uncovering the symbiotic relationship between Churchill's political life and his media life, and the ways in which these were connected to his personal life, Richard Toye asks if there was a 'public Churchill' whose image was at odds with the behind-the-scenes reality, or whether, in fact, his private and public selves became seamlessly blended as he adjusted to living in the constant glare of the media spotlight. On a wider level, this is also the story of a rapidly evolving media and news culture in the first half of the twentieth century, and of what the contemporary reporting of Churchill's life (including by himself) can tell us about the development of this culture, over a period spanning from the Victorian era through to the space age. About the Author: John Scadding is Honorary Consultant Neurologist Emeritus to the National Hospital for Neurology and Neurosurgery, Queen Square, London, and was formerly also its Medical Director and Chairman of its Medical Committee. He was Academic Dean of the Royal Society of Medicine. He is Chairman of the Independent Medical Expert Group at the Ministry of Defence and formerly Vice-Chairman of its Research Ethics Committee.

The aftermath of World War I is explored in the fourth volume of Winston Churchill's “remarkable” eyewitness account of history (Jon Meacham, bestselling author of *Franklin and Winston*). Once the war was over, the story didn't end—not for Winston Churchill, and not for the West. The fourth volume of Churchill's series, *The World Crisis: The Aftermath* documents the fallout of WWI—including the Irish Treaty and the peace conferences between Greece and Turkey. The period immediately after World War I was extremely chaotic—and it takes a genius of narrative description and organization to accurately and accessibly describe it for us. Churchill, who went on to receive a Nobel Prize in Literature, depicts the international disorganization and anarchy in the period immediately after the war—with the unique perspective of both a historian and a political insider. “Whether as a statesman or an author, Churchill was a giant; and *The World Crisis* towers over most other books about the Great War.” —David Fromkin, author of *A Peace to End All Peace* Introduces Winston Churchill, British Prime Minister during World War II.

Sir Winston Churchill remains a British hero, lauded for his oratorical skill. He wrote histories, biographies, memoirs, and even a novel, while his journalism, speeches and broadcasts run to millions of words. From 1940 he inspired and united the British people and guided their war effort. Behind the public figure, however, was a man of vast humanity and enormous wit. His most famous speeches and sayings have passed into history but many of his aphorisms, puns and jokes are less well-known. This enchanting collection brings together hundreds of his wittiest remarks as a record of all that was best about this endearing, conceited, talented and wildly funny Englishman. Also available in the series are collections from Shakespeare, *To Be or Not To Be*, and Oscar Wilde, *I Can Resist Everything Except Temptation*. NEW YORK TIMES BESTSELLER One of The Wall Street Journal's Ten Best Books of 2018 One of The Economist's Best Books of 2018 One of The New York Times's Notable Books of 2018 “Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain's savior.” —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood--by the bestselling, award-winning author of *Napoleon* and *The Storm of War*. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In *Churchill*, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts

gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill's contemporaries. The Royal Family permitted Roberts--in a first for a Churchill biographer--to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today--and the fundamental values of courage, tenacity, leadership and moral conviction.

This instructive treatise on a Middle Eastern conflict was written by one of history's greatest figures. Churchill recounts the operations directed by Lord Kitchener on the Upper Nile from 1896 to 1899, offering valuable insights into a historic clash of Western and Arabic cultures. 22 maps and plans.

In June 1938, Winston Churchill published this book under the title "Arms and the Covenant." It was then published in the US in September 1938 as *While England Slept; a Survey of World Affairs, 1932-1938*. It highlighted the United Kingdom's lack of military preparation to face the threat of Nazi Germany's expansion.

This is not a book about Winston Churchill. It is not principally about his politics, nor his rhetorical imagination, nor even about the man himself. Instead, it addresses the varied afterlives of the man and the persistent, deeply located compulsion to bring him back from the dead, capturing and explaining the significance of the various Churchill myths to Britain's history and current politics. The authors look at Churchill's portrayal in social memory. They demonstrate the ways in which politicians have often used the idea of Churchill as a means of self-validation - using him to show themselves as tough and honest players. They show the man dramatized in film and television - an onscreen persona that is often the product of a gratuitous mixing of fact and fantasy, one deliberately shaped to meet the preferences of the presumed audience. They discuss his legacy in light of the Brexit debate - showing how public figures on both sides of the Leave/Remain debate were able to use elements of Churchill's words and character to argue for their own point-of-view.

Meticulously researched by a senior private banker now turned historian, *No More Champagne* reveals for the first time the full extent of the iconic British war leader's private struggle to maintain a way of life instilled by his upbringing and expected of his public position. Lough uses Churchill's own most private records, many never researched before, to chronicle his family's chronic shortage of money, his own extravagance and his recurring losses from gambling or trading in shares and currencies. Churchill tried to keep himself afloat by borrowing to the hilt, putting off bills and writing 'all over the place'; when all else failed, he had to ask family or friends to come to the rescue. Yet within five years he had taken advantage of his worldwide celebrity to transform his private fortunes with the same ruthlessness as he waged war, reaching 1945 with today's equivalent of £3 million in the bank. His lucrative war memoirs were still to come. Throughout the story, Lough highlights the threads of risk, energy, persuasion, and sheer willpower to survive that link Churchill's private and public lives. He shows how constant money pressures often tempted him to short-circuit the ethical standards expected of public figures in his day before usually pulling back to put duty first--except where the taxman was involved. How does he assess the information that is brought to him? How does his personal or political philosophy, or a moral sense, sustain him? How does he draw inspiration from those around him? How does he deal with setbacks and disasters? In this brilliant close-up look at Winston Churchill's leadership during the Second World War, Gilbert gets to the heart of the trials and struggles that have confronted the world's most powerful leaders, even up to current politicians such as George Bush and Tony Blair. Basing the book on his intimate knowledge of Churchill's private and official papers, Sir Martin Gilbert, Churchill's official biographer, looks at the public figure and wartime propaganda, to reveal a very human, sensitive, and often tormented man, who nevertheless found the strength to lead his nation forward from the darkest and most dangerous of times.

Quotations by the great statesman who helped lead Britain through two world wars: "Magisterial . . . Should be in the library of every Churchill aficionado" (*American Spectator*). We shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender . . . Millions have been moved by these words—and by the hundreds of speeches given by Winston S. Churchill to rally the British public, spur its government to armament against Hitler, and defend the causes for which he believed. *Churchill by Himself* is the first collection of quotations from a leader who had as much talent for wit as he had for inspiration and exhortation. Edited by renowned Churchill scholar Richard Langworth, this volume is the definitive collection of important quotes from one of the twentieth century's most persuasive and brilliant orators, whose writings earned him a Nobel Prize in Literature in 1953.

"This history will endure; not only because Sir Winston has written it, but also because of its own inherent virtues — its narrative power, its fine judgment of war and politics, of soldiers and statesmen, and even more because it reflects a tradition of what Englishmen in the hey-day of their empire thought and felt about their country's past." *The Daily Telegraph* Spanning four volumes and many centuries of history, from Caesar's invasion of Britain to the start of World War I, *A History of the English-Speaking Peoples* stands as one of Winston S. Churchill's most magnificent literary works. Begun during Churchill's 'wilderness years' when he was out of government, first published in 1956 after his leadership through the darkest days of World War II had cemented his place in history and completed when Churchill was in his 80s, it remains to this day a compelling and vivid history. - The first volume - *The Birth of Britain* - tells the story of the formation of the British state. - The second volume – *The New World* – explores the emergence of Britain on the world stage and a turbulent period at home. - The third volume – *The Age of Revolution* Churchill charts the rise of Great Britain as a world power and the long rivalry with France, the shadow of the French Revolution, the rise of Napoleon and his

defeat at Waterloo. - The fourth and final volume - The Great Democracies - reaches the modern era.

From the author of *All the Money in the World*, now a major motion picture directed by Ridley Scott, comes an extraordinary biography of Winston Churchill, a lion of a man who helped shape the course of this century with his relentless ambition and fierce political instincts. Few have matched Winston Churchill's cunning or force of will. Few have seen the equal of his audacity on the battlefield or the determination with which he strove toward his own ideal of greatness. At the height of his power, he seemed to embody the ideals of the empire he helped sustain: valor, pride, and above all, tradition. His sense of personal destiny was rooted deeply in the legacy of his birth-right, the heritage of his family, and the awesome responsibility of being born Churchill. In *The Private Lives of Winston Churchill*, first published in 1991, John Pearson takes us behind the myth of Churchill and deep into the psychology of a dynasty that some have called the most complicated Anglo-American family of this century. In doing so, he reveals, in rich portraits, some of the family's greatest, most charismatic, and most deeply troubled members and shows us the real, private Winston Churchill. A great statesman, a masterful historian whose writings won him the Nobel Prize for literature and a war-time leader with few peers, Sir Winston Churchill is remembered perhaps most clearly today for the sheer power of his oratory: the speeches that rallied a nation in its darkest hour and steeled that nation for victory against the might of the Fascist powers. *Never Give In!* celebrates this oratory by gathering together Churchill's most powerful speeches from throughout his public career. Carefully selected by his grandson, this collection includes all his best known speeches - from his great war-time broadcasts to the "Iron Curtain" speech that heralded the start of the Cold War - and many lesser known but inspirational pieces. In a single volume *Never Give In!* provides a powerful testimony to one of the great public figures of the 20th century.

Bleak Expectations -- The Rising Threat -- A Certain Eventuality -- Dread -- Blood and Dust -- The Americans -- Love Amid the Flames -- One Year to the Day -- Epilogue.

"Elizabeth Nel served as Winston Churchill's personal secretary during World War II. The vivid and human details of her experiences, of her impressions and memories of that great man at the height of the conflict against Hitler, make this compelling reading. An epilogue about the subsequent life of Elizabeth Nel over the past 60 years brings the book up to date."--Book cover.

Who Was Winston Churchill? Penguin

A study of Winston Churchill's leadership and character focusing on his childhood, marriage and family life, and spiritual beliefs. Winston Churchill's six-volume history of the cataclysm that swept the world remains the definitive history of the Second World War. Lucid, dramatic, remarkable both for its breadth and sweep and for its sense of personal involvement, it is universally acknowledged as a magnificent reconstruction and is an enduring, compelling work that led to his being awarded the Nobel Prize for literature. *Triumph and Tragedy* recounts the dramatic months as the War drew to a close the Normandy landings, the liberation of Western Europe, the bombing of Hiroshima and Nagasaki, and the surrender of Germany and Japan.

Surveys the war and its politics

Although remembered and even lauded in the public mind as the British prime minister during the Second World War who played a major role in Allied victory over the Axis Powers and Japan, Winston Churchill had a life and political career before 1939 conditioned by fighting other wars and, in peacetime, thinking about war. While historians debate his achievements and failures between 1939 and 1945, a less explored dimension is Churchill's earlier connexion with war and warfare. This book explores Churchill's earlier experience in fighting wars as a soldier and politician.

This a collection of the correspondence between Sir Winston and Lady Clementine Churchill from their courtship in 1908 to Winston Churchill's death in 1965. The letters serve both as a chronicle of their personal achievements and tragedies over the years and as a political and social history.

'Provocative, clear-sighted, richly textured and wonderfully readable, this is the indispensable biography of Churchill for the post-Brexit 2020s' DAVID KYNASTON 'Stimulating, erudite and above all entertaining' ROBERT HARRIS In A.J.P. Taylor's words, Churchill was 'the saviour of his country' when he became prime minister in 1940. Yet he was also a deeply flawed character, whose personal ambition would cloud his political judgement. While *Churchill's Shadow* gives due credit to the achievements, it also reveals some spectacular failures; indeed, it appears that for every *Finest Hour* there were many more Gallipolis. But this book goes beyond the reappraisal of a life and a career: it reveals that Churchill has cast a complex shadow over post-war British history and contemporary politics - from the 'Churchillian stance' of Tony Blair taking the country to war in Iraq to the delusion of a special relationship with the United States to the fateful belief in British exceptionalism: that the nation can once again stand alone in Europe. Geoffrey Wheatcroft takes a radically different approach to other biographies and studies of Churchill, zooming in on crucial moments in his life that help us understand the man in his many contradictions. *Churchill's Shadow* both tells the story of his extraordinary life and the equally fascinating one of his legacy, focusing on how Churchill was viewed by contemporaries and those who came after. As we struggle to work out who we are as a nation, how our complex legacies of war and empire shape our past and our present, we do that in the long shadow of Churchill. He set about writing his own myth during his lifetime and it is a myth - with all the delusions and hangovers myths bring - in whose grip we have been living in ever since. Features the former prime minister's observations about public morale and leadership before and during the first World War, tracing major campaigns that marked the origins of modern warfare.

Aimed at students, scholars, collectors and dealers, this guide to Winston Churchill's books is designed as a reference when hunting for, or reading, Winston Churchill's books. Its purpose is to inform people of what they are holding in their hands and how to tell a first edition from a reprint.

One of Britain's most intriguing and celebrated politicians, Winston Churchill was far more than a just successful wartime leader. International war correspondent, WWI soldier and Nobel Prize winning writer, Churchill always had an unshakable faith in his own abilities, despite his disastrous efforts at school. His faith was rewarded when he became Prime Minister of Britain at the height of WWII. Working tirelessly, his tremendous ability to inspire the nation during such times of horror

has become legendary. Above all, he will always be remembered as the man who led the allied forces to victory, freeing Europe from the tyranny of Nazism.

Here, in his own words, are the fascinating first thirty years in the life of one of the most provocative and compelling leaders of the twentieth century: Winston Churchill. As a visionary, statesman, and historian, and the most eloquent spokesman against Nazi Germany, Winston Churchill was one of the greatest figures of the twentieth century. In this autobiography, Churchill recalls his childhood, his schooling, his years as a war correspondent in South Africa during the Boer War, and his first forays into politics as a member of Parliament. My Early Life not only gives readers insights into the shaping of a great leader but, as Churchill himself wrote, "a picture of a vanished age." To fully understand Winston Churchill and his times, My Early Life is essential reading.

WINSTON CHURCHILL Winston Churchill was a powerful and inspiring man, who actively pursued challenges and strove to serve his country well. From fighting in World War I, to serving as the Prime Minister during World War II in the fight against Nazi Germany, he did whatever was necessary to achieve victory and keep his people safe. In addition to detailing the time he spent fighting for his country, in this book we also take a deeper look into the other areas of Churchill's life, such as his childhood, his family life, and his political impact and views. This book will take you on a journey back in time and give you a better idea of who exactly Winston Churchill was, what he stood for, and why we still talk about him today.

An accessible portrait of the legendary British leader captures the contradictions and complexities of Winston Churchill as it presents forty contrasting views of the man, his life, his accomplishments, and his contributions to history. Reprint. 25,000 first printing.

Sir Winston Churchill remains Britain's most iconic statesman and one of the 20th century's greatest orators. Written mainly in his own words, this new edition of a classic work details his remarkable career as well as his extraordinary life. Collated by Kay Halle, a close family friend of the Churchills, it provides an invaluable record of Sir Winston's thoughts, opinions, wit, and wisdom.

Winston Churchill understood and wielded the power of words throughout his six decades in the public eye. His wartime writings and speeches revealed both his vision for the future and his own personal feelings, fascinating generation after generation with their powerful style and thoughtful reflection. In this book Churchill's official biographer, Martin Gilbert, has skilfully selected 200 extracts from his entire oeuvre of books, articles and speeches that reflect his life story, career and philosophy. From intimate memories of his childhood to his contributions to half a century of debates on war and social policy, we see how Churchill used words for different purposes: to argue for moral causes; to advocate action in the national and international spheres, and to tell of his own struggles, setbacks and achievements. Martin Gilbert's informed choice of extracts and his illuminating explanations linking them together create a compelling biography of Churchill as recounted in the great man's own inimitable words.

Winston Churchill is a renowned historical figure, whose remarkable political and military career continues to enthral. This book consists of short, highly readable chapters on key aspects of Churchill's career. Written by leading experts, the chapters draw on documents from Churchill's extensive personal papers as well as cutting-edge scholarship. Ranging from Churchill's youthful statesmanship to the period of the Cold War, the volume considers his military strategy during both World Wars as well as dealing with the social, political and economic issues that helped define the Churchillian era. Suitable for those coming to Churchill for the first time, as well as providing new insights for those already familiar with his life, this is a sparkling collection of essays that provides an enlightening history of Churchill and his era.

Combat, cigars, and whiskey—from the jungles of Cuba and the mountains of the Northwest Frontier, to the banks of the Nile and the plains of South Africa, comes this action-packed tale of Winston Churchill's adventures as a war correspondent in the Age of Empire.

A thrilling narrative of Winston Churchill's extraordinary and little-known exploits during the Boer War. Churchill arrived in South Africa in 1899, valet and crates of vintage wine in tow, there to cover the brutal colonial war the British were fighting with Boer rebels. But just two weeks after his arrival Churchill was taken prisoner ... The story of his escape is incredible enough, but then Churchill enlisted, returned to South Africa, fought in several battles, and ultimately liberated the men with whom he had been imprisoned. Hero of Empire is more than an adventure story, for the lessons Churchill took from the Boer War would profoundly affect twentieth-century history.

Charismatic, erudite, and often controversial, Winston Churchill was one of the most inspiring leaders of the twentieth century, and one of its greatest wits. His much-celebrated sense of fun and mischief has led to many of his jokes and ripostes becoming almost as well known as his famous wartime speeches. Gloriously comprehensive, The Definitive Wit of Winston Churchill includes all Churchill's most famous quips and witticisms, and even an appendix of quotes falsely attributed to Churchill. The only book of its kind to be sanctioned by the Churchill estate and to track down each quotation to its source, it captures the great statesman at his most eloquent, witty, and engaging and makes a great gift for the holidays and special occasions year-round.

An extremely entertaining compendium of bon mots, anecdotes, and trivia about Winston Churchill from a leading Churchill lecturer and performer -- useful for speakers, students, of history, and World War II buffs, as well as general readers.

A New York Times bestseller! A New York Times Book Review Notable Book of 2017 A dual biography of Winston Churchill and George Orwell, who preserved democracy from the threats of authoritarianism, from the left and right alike. Both George Orwell and Winston Churchill came close to death in the mid-1930's—Orwell shot in the neck in a trench line in the Spanish Civil War, and Churchill struck by a car in New York City. If they'd died then, history would scarcely remember them. At the time, Churchill was a politician on the outs, his loyalty to his class and party suspect. Orwell was

a mildly successful novelist, to put it generously. No one would have predicted that by the end of the 20th century they would be considered two of the most important people in British history for having the vision and courage to campaign tirelessly, in words and in deeds, against the totalitarian threat from both the left and the right. In a crucial moment, they responded first by seeking the facts of the matter, seeing through the lies and obfuscations, and then they acted on their beliefs. Together, to an extent not sufficiently appreciated, they kept the West's compass set toward freedom as its due north. It's not easy to recall now how lonely a position both men once occupied. By the late 1930's, democracy was discredited in many circles, and authoritarian rulers were everywhere in the ascent. There were some who decried the scourge of communism, but saw in Hitler and Mussolini "men we could do business with," if not in fact saviors. And there were others who saw the Nazi and fascist threat as malign, but tended to view communism as the path to salvation. Churchill and Orwell, on the other hand, had the foresight to see clearly that the issue was human freedom—that whatever its coloration, a government that denied its people basic freedoms was a totalitarian menace and had to be resisted. In the end, Churchill and Orwell proved their age's necessary men. The glorious climax of Churchill and Orwell is the work they both did in the decade of the 1940's to triumph over freedom's enemies. And though Churchill played the larger role in the defeat of Hitler and the Axis, Orwell's reckoning with the menace of authoritarian rule in *Animal Farm* and *1984* would define the stakes of the Cold War for its 50-year course, and continues to give inspiration to fighters for freedom to this day. Taken together, in Thomas E. Ricks's masterful hands, their lives are a beautiful testament to the power of moral conviction, and to the courage it can take to stay true to it, through thick and thin. Churchill and Orwell is a perfect gift for the holidays!

A stirring account of the life of Britain's greatest twentieth-century prime minister focuses on Churchill's political career during World War II, telling his story from a military history point of view while examining his role in leading Britain through the dark days of the war. Reprint. 35,000 first printing.
