??Buy the Paperback version of this Book and get the Kindle Book version for FREE ?? Do you wish to harness the powers of the universe to change your life? Do you want to start practicing magic? Through this book, Luna Lovegood, takes you through the world of wiccan practices and has tried to provide an unbiased approach, though undoubtedly her own experiences as a practicing wiccan might have influenced certain sections of this book. Just like a practitioner of meditation, yoga, or physical exercise, who changes the inner workings of their mind and body through regular practice, so does a witch align themselves with the natural world around them. Such is the nature of Pagan religions, including Wicca. The world of magic is full of immeasurable potential. There are thousands of spells in existence, for every purpose you could possibly imagine. In this book, you will find spells and other magical workings that can bring positive experiences into your life. Each spell contains clear instructions, but you can personalize the work as you see fit, using your own sensibility. Since time immemorial, hopeful lovers have tried spells and potions of all sorts in order to bring them their one true love. In this book you'll find spells for attracting romantic love into your life, but also workings related to friendship and family relationships, which are equally important sources of love in a balanced life. Witches know that we can attract money from unforeseen places into our lives through the use of focused intention, and you'll find spellwork here for doing just that. But cash is not the only form of abundance. Opportunities for growing future wealth are also important, as are an abundance of friends, pleasurable activities, and healthy options for nourishing our bodies. To that end, you'll find spells for increasing business success, abundance in the garden, and even a spell for landing an important job, in addition to money-specific workings. Although it can be difficult to maintain a healthy and positive state of well-being in our fast-paced world, it's relatively easy to balance your own personal energy through spellwork that promotes motivation and endurance. In this section you'll find a range of approaches to reducing stress and increasing your access to the reservoir of positive energy available to you in your daily life. The energy of your environment is also crucial to your quality of life, so you'll find a few protection spells to enhance your physical and social environments and keep out unwanted energy. There are also some miscellaneous spells focused around tools sourced directly from nature, new ways to request information from the Universe, recipes for creating your own oil blends, and a set of magical workings based on the Moon's cycles. However, nothing in this inspiring, fascinating religion is set in stone. The great thing about Wicca is that you are free to come up with your own belief system. Start this journey with Luna, let her be the guide that will inspire you in the search for your own path. Don't Delay - Scroll up and click the BUY button!

"Witches are gathering." When most people hear the word "witches," they think of horror films and Halloween, but to the nearly one million Americans who practice Paganism today, it's a nature-worshipping, polytheistic, and very real religion. So Alex Mar discovers when she sets out to film a documentary and finds herself drawn deep into the world of present-day witchcraft. Witches of America follows Mar on her immersive five-year trip into the occult, charting modern Paganism from its roots in 1950s England to its current American mecca in the San Francisco Bay Area; from a gathering of more than a thousand witches in the Illinois woods to the New Orleans branch of one of the world's most influential magical societies. Along the way she takes part in dozens of rituals and becomes involved with a wild array of characters: a government employee who founds a California priesthood dedicated to a Celtic goddess of war; American disciples of Aleister Crowley, whose elaborate ceremonies turn the Catholic mass on its head; second-wave feminist Wiccans who practice a radical separatist witchcraft; a growing "mystery cult" whose initiates trace their rites back to a blind shaman in rural Oregon. This sprawling magical community compels Mar to confront what she believes is possible-or hopes might be. With keen intelligence and wit, Mar illuminates the world of witchcraft while grappling in fresh and unexpected ways with the question underlying all faiths: Why do we choose to believe in anything at all? Whether evangelical, Pagan priestess, or atheist, each of us craves a system of meaning to give structure to our lives. Sometimes we just find it in unexpected places.

Everything You Need to Know to Start Your Wiccan Journey Learn about the history and practice of the Wiccan tradition, discover the incredible power of spellcasting for health, wealth and happiness, and explore the magickal side of herbs & plants to connect with nature, as the earliest shamans did in the ancient world. The world we live in today seems wholly distant from the one our ancestors lived in-a world where humans and Nature were at one, their existence intertwined in the natural cycles of life. Wicca teaches us to appreciate the Earth, celebrating the intricate changes in the seasons and everything they bring. As you'll discover in this book, Wicca is a reincarnation of the very earliest religions, practiced for millennia before the advent of Christianity. Wiccans celebrate and share many of the same beliefs our ancestors held, with practices that honor the old ways while being compatible with contemporary life. For thousands of years, our ancestors believed that the Elements - Earth, Air, Fire, and Water - were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest particular outcomes. Through ritual and magic, Wiccans interact with the primal forces of the Elements in a variety of ways, calling upon them for assistance in the transformation of their realities. Interest in Wicca, Witchcraft, and contemporary magic has increased exponentially over the past few decades. The dramatic rise of this Nature-based religion is due at least in part to the Internet-just twenty years ago, people curious about these subjects often had little access to credible information, especially those without a good New Age or Occult bookstore nearby. But the appeal of Wicca is also growing in tandem with the increasing complexities of our modern, high-pressured mainstream society. You will discover: - The origins and history of Wicca and Witchcraft - The Wiccan holidays of the Wheel of the Year: the Sabbats and the Esbats - Core elements of Wiccan ritual - Principles of magic-both ancient and modern - Choosing your Wiccan path - An overview of Wiccan covens, circles, and solitary practice - Magickal tools & how to use them - Tips & guidelines for successful spellcasting - The phases of the moon & their importance - Spells for abundance, wealth, health, love and happiness - And much more! Whether you're just looking to learn more about the Wiccan way of life, or you want to start practicing Wicca yourself, you will have a solid understanding of the essence of Wicca after reading this book. If you really want to learn how to properly use crystals, gems and stones, discover their true properties and how to exploit them to your advantage, THEN KEEP READING... The truth is: Though crystals and stones do not have special importance for some of us, they are considered to be sacred magical tools which help in achieving something with the help of magic and rituals. Crystals are known to convey many things about the creative, living and infinite aspect of the Earth and are also a great source of energy. The term crystal in Wiccan has a special connotation. It often refers to certain solid minerals available around us. Not all of these solid minerals are true crystals but they definitely fall under the purview of crystal magic. Crystals are not just some beautiful pieces to show. They have the capacity to conduct magical energy. When you work with a crystal, the energy, power and intent get directed into the crystal and combine with some magical properties of the crystal. This combined energy is capable of making the working and the spells more powerful. Crystals often come with residual energy. When one is working with the crystals, it is mandatory to get rid off this energy and this book explains in detail several ways to do it. There are many different crystals which can be chosen as each of them possesses different healing powers and magical skills. In this book you will find several crystal types, and descriptions for each of them. In Wiccan practice, the stones and the crystals are used to mark a safe circle before the commencement of any kind of ritual. Everything You Need to Know to Start Practicing Magic and Witchcraft "Witchcraft" is a word that, for some, may inspire fantastical images of women flying through the night sky on broomsticks and shooting sparks out of a glimmering wand. Others mistakenly associate people who practice Witchcraft with the dark arts—believing that Witches go around hexing people, or use other "black magic" to cause trouble for people they dislike. The truth is, Witchcraft is not fantasy, and is not inherently malicious. It's a vibrant, nature-based spiritual practice that is alive and well in our modern times, just as it has been for longer than we've been recording history. Nonetheless, due to the persistence of these misconceptions in mainstream society, some Wiccans do not consider themselves to be practitioners of Witchcraft, and don't identify as Witches. This is despite the fact that Gerald Gardner, the founder of what became known as Wicca, described the religious activities of his coven in exactly these terms—they were Witches practicing Witchcraft! Whether you choose to call yourself a Witch, a Wiccan, both, or neither, Witchcraft is an enormous topic that can be overwhelming for those who are just starting to explore it. There's so much to learn, and there are many differing perspectives on what is "correct" or "incorrect" in terms of knowledge and practice. Truly, it may be the one of the most confounding of all possible areas of spirituality! *Modern Witchcraft and Magic for Beginners* was created to provide a fact-based, neutrally-oriented context for launching you on your exploration. Whether you feel called to study Wicca with a practicing coven, learn as much as you can on your own about a branch of Traditional Witchcraft, or forge an eclectic practice that combines several approaches, this book will help you navigate the various opinions, definitions, and perspectives you'll find in the wide, wide world of the Craft. Foundations of Western Witchcraft Wicca has become the most well-known form of the Craft, but it emerged in tandem with other forms. Many of these other traditions were influenced by, and had influence on, what we now know as Wicca. A basic understanding of the wider realm of Witchcraft allows you to broaden your knowledge and enhance your practice. In these pages, you'll find: An overview of the historical and cultural contexts in which contemporary Witchcraft has evolved A debunking of common misconceptions about Witchcraft as it is practiced today Core beliefs and practices found among a variety of forms of the Craft Clear distinctions between Wiccan, Traditional, and Eclectic paths Core concepts underlying the "why" and "how" of magic A brief look at a few common magical techniques—visualization, invocation, and candle magic Some example workings for you to
