An Expose' on Wing Chun Kung Fu delves into the mysteries of this beautiful but deadly Chinese system. It gives an in-depth explanation on the concepts, principles and theories behind the intricate art of Wing Chun Kung Fu. The training methods behind the Sil Lim Tao form are revealed. The book also covers a variety of diverse and complex training methods unique to the Wing Chun system, with photos showing the exact training sequences. An exciting book for any martial artist who would like to understand the science behind the Art of Wing Chun more deeply.

Introducing a new scientific approach to Wing Chun kung-fu, this book gives a clear and detailed exposition of once closely guarded techniques. Rejecting the secretive approach that characterizes much of martial arts writing, the author draws upon biomechanical theory to explain logically and scientifically how the techniques of Wing Chun kung-fu work. After an explanation of the theory behind the various Wing Chun moves, the reader is led step-by-step through each of the forms. Chi gerk and chi sao, the Wing Chun sticky-hand and sticky-leg techniques, are explained and liberally accompanied by 183 photographs detailing the important moves. An additional section devoted to weight and power

Online Library Wing Chun Forms Step By Step

training for the martial artist makes this book invaluable, not just for those interested in Wing Chun kung-fu, but for practitioners of any martial art. Wing Chun, also called Ving Tsun, is a popular system of kung fu designed centuries ago by a Buddhist nun and Shaolin master. Together, the two volumes of The Wing Chun Compendium offer a complete guide to the discipline, from theory and philosophy to drills and forms. In this volume, author Wayne Belonoha takes students to the next level, focusing on the final three and most advanced forms of the Wing Chun system and their associated skills: the “Mook Yan Jong” or wooden man; the “Lok Dim Boon Quan” or six-and-a-half point long pole; and the “Baat Cham Dao” or eight-cut sword form, demonstrated here for the first time by Grandmaster Sunny Tang. Also included are distance and angle improvement drills, fighting strategy and training, instruction on proper body mechanics, and “Sticking Hands” techniques. While intended for the serious practitioner, The Wing Chun Compendium, Volume Two also teaches the basics of body movement, psychological components of practice and performance, and how to use martial arts for overall self-improvement—factors that can help any martial artists seeking to enhance their physical and mental development. The book includes hundreds of tips and techniques as well as 400 photographs. Teach Yourself Wing Chun Adapted for the Streets! This is Wing Chun martial

This martial arts manual is a comprehensive guide to the basic forms and principles of Wing Chun kung-fu. In over 300 black-and-white photographs, Wing Chun Kung-Fu: A Complete Guide leads the reader step-by-step through the beginning forms of Wing Chun kung-fu, including Chi gerk, Chi sao and Wing Chun sticky-hand and sticky-leg techniques, as well as detailed commentary on the theory behind each move. Other sections include specialized fighting and grappling techniques and instructions on using weapons. An additional section is

Online Library Wing Chun Forms Step By Step

devoted to weight and power-training exercises that will be of particular benefit for serious students of Wing Chun.

This ebook describes in detail the principles, technique and the little-known wooden dummy form practiced Cantonese schools of the Chinese Continental Wing Chun Kung Fu. Many experts believe that this form is the most ancient sequence of movements on the wooden dummy transmitted to the subsequent generations, by the original founder of the Ng Mui style.

This particular anthology on wing chun features only two authors: Dr. Joyotpaul Chaudhuri and Master Jeff Webb. Their academic and practical experience bring a rich text for anyone interested in this unique art, famed for its specialized training methods, combative efficiency, and noted associations with Yip Man, Bruce Lee, and the kung fu film industry. Wing chun is a southern Chinese system, so usually terms are written to reflect Cantonese, often using different romanization systems or mixtures of these systems. On top of this hodgepodge, politics among leading wing chun figures have brought preferences for specific spellings to reflect their unique branches in the wing chun evolutionary tree. Because of this, I have not standardized the romanization in this anthology, as it does not greatly effect the reading. In chapter one, Dr. Chaudhuri analyzes the keys to motion in the second empty-hand form of wing chun: the bridge seeking

Online Library Wing Chun Forms Step By Step

routine. The focus is on the proper maintenance of the body's central axis and its motions, which helps with developing the foundations for delivering power. In the following chapter, Jeff Webb discusses the structure and body mechanics of punching techniques, plus various training methods employed for developing power. Also, punching strategy is shown as the greatest factor in differentiating these punches from those of other styles. Chaudhuri then analyzes the structure and function of the primary stance in wing chun's first form (sil lim tao), which instills the relational structure of bone, ligament, joint, tendon, muscle, line and angle, while also teaching the inner virtues of softness, stillness, sinking and emptiness. Two following chapters are by Jeff Webb. The ability to apply martial art techniques at a high rate of speed is essential to overall fighting effectiveness. By looking beyond the physical to the conceptual, he details wing chun's theories that reveal proper timing to be a significant multiplier. His final piece describes both the fundamental and complex methods of "sticking hands" training in detail. It also explains the rationale and theories behind this method as well as discusses a variety of factors that can either improve or retard the acquisition of tactile reflexes. The final two chapters by Chuadhuri and Webb presents some of their favorite techniques. The content of these chapters explain wing chun rationale and unique fighting methods, plus provides logic and advice

Online Library Wing Chun Forms Step By Step

to benefit the practitioner.

Wing Chun is the most popular form of Chinese Kung Fu in the world today, with over four million practitioners. The art as it is presently understood has been handed down from teacher to student for more than three hundred years. Until now, no one has ever stepped back and taken a critical look at why this art's techniques are presented and performed the way they are. This book, by Wing Chun master Danny Xuan and martial-arts authority John Little, is the first to decipher these techniques that until now have been encrypted within this art. Xuan and Little reveal how Wing Chun was designed holistically, based on the laws of physics, human nature, and biomechanics. It was also designed with economy, efficiency, and productivity in mind. Unlike other martial arts, Wing Chun doesn't focus on making a person larger, more rugged, acrobatic or animal-like; rather, it focuses on making optimal use of one's own bodily structure and power potential by applying the sciences of biomechanics and physics. Thus, it is possible for males and females of all ages and sizes to excel in this art. The Tao of Wing Chun provides a readable, authoritative means of cultivating personal protection skills, enhanced flexibility, improved coordination, greater stamina, and physical and mental fitness while simultaneously cultivating humility, focus, determination, self-confidence, character, camaraderie, and deep inner strength. Foremost, this book offers the reader the means by which to apply Wing Chun principles in daily life. Enhanced by forty-eight full-color illustrations, The Tao of Wing Chun will fascinate, educate, and entertain a wide range of readers—from beginner to master.

The essential guide to Wing Chun Kung-Fu—basic forms and principles, fighting and grappling, advanced techniques and weapons. Featuring over 300 black and white photos and step-by-

Online Library Wing Chun Forms Step By Step

step illustrations, Wing Chun Kung-Fu: A Complete Guide offers clear, straightforward, and authoritative instruction to the Chinese martial art of Wing Chun Kung-Fu. This Wing Chun book introduces and demonstrates the three empty-hand wing chun kung fu forms, the combative building blocks of the system, including sticky-hand and sticky-leg fighting, chin-na, and the theory of vital strikes to the weak points of human anatomy (dar mak). This Wing Chun guide also introduces the wooden dummy form, the six-and-a-half pole form, and the use of butterfly knives. In addition, this kung fu book provides detailed commentary on the theory behind each move so that you can develop an in-depth understanding of both the practical application of this fighting art and the meaning behind it. Other sections include specialized fighting and grappling techniques and instructions on using weapons. An additional section is devoted to conditioning, stretching, power training and weight training exercises that will be of particular benefit for serious students of Wing Chun and practitioners of any martial art.

The Wing Chun wooden training dummy is a training device designed to correct technique and structure as well as increase power, speed, accuracy, and conditioning. Learn the true Original Ip Man's Wing Chun Wooden Dummy form from Grandmaster Samuel Kwok. This book is a complete step-by-step guide to the Wooden Dummy hands techniques, legs application, and footwork. All the original sections are demonstrated clearly from start to finish, in different camera angles to facilitate easy and accurate learning. There also is a description of each segment and its most common training mistakes to improve not only your technique, but your level of understanding. In addition to teaching the skills on the wooden dummy, Grandmaster Samuel Kwok demonstrates the applications of the wooden dummy training techniques on a partner, giving an excellent idea of the combat effectiveness of each movement.

WSL Ving Tsun Kuen Hok is the legacy of the late Sifu Wong Shun Leung, one of the most famous and formidable students of Ving Tsun (Wing Chun) Gung Fu patriarch, Grandmaster Ip Man. In this volume, Sifu David Peterson, author and student of the late Wong Shun Leung, presents a detailed overview of the entire WSL Ving Tsun Kuen Hok method in the form of individual essays that explore the forms, concepts, techniques and drills that comprise the legacy of his teacher, as well as an exclusive look at the life of Sifu Wong and his teacher, Grandmaster Ip Man. The book also discusses the very important connection between Sifu Wong and the late Bruce Lee, to whom he was a mentor, teacher and friend. Fully illustrated, in both colour and black-and-white, with never-before-published photos, along with an extensive appendix containing extra references for the reader, WSL Ving Tsun Kuen Hok: An Overview in the Form of Essays is a book that all practitioners of Ving Tsun should have in their reference collection.

Wing Chun Kuen - is the most famous and dynamic style of Wushu in the world. Its distinguishing features are simplicity and economy of movements, softness and flexibility, as well as the effectiveness of protection and power of attacks. The main purpose of this direction of Chinese martial arts is the fastest achievement of victory in battle with the minimum efforts and energy. Over the long history of Wing Chun, the original style was divided into several large branches. It should be noted that at the similarity of the principles that were put to the basis of the style, technique and forms of different versions of Wing Chun Kuen, there are very big differences. This book, proposed to the attention of the readers is devoted to the overview of Wing Chun Kuen technique, transmitted to us by the great master Yip Man. CONTENTS: Introduction Chapter 1. Origin and Development of Wing Chun Kuen Chapter 2. The theory of

A series of forms designed for AI Case Monkey Boxing. The first three forms are basic forms, much like karate. The last six forms begin with specific movements and are matrixed to make a complete art. It is quite fascinating to watch how the simple concepts of matrixing develop, step by step, into something that is complex, beautiful, and works better than the traditional forms. As one goes through the forms one will achieve much better conditioning, and a much more disciplined mind. About the Author AI Case began martial arts in 1967. He studied Chinese Kenpo Karate, Kang Duk Won Korean Karate, and several other forms of Karate. He studied Ton Too northern Shaolin, Fut Ga Southern Shaolin, Wing Chun, and many other forms of Kung Fu. He studied many forms of Pa Kua Chang, Tai Chi Chuan, Aikido, and many weapons. He is the originator of Matrixing (the only true science of the martial arts) and Neutronics, the philosophy behind Matrixing. He currently teaches in the Los Angeles area. Apply and defend against all manner of kicks, sweeps, leg locks, leg checks and kick checks by learning to master the lost study of plum flower posts. It's time to rediscover the forgotten secrets to harnessing and wielding the power of the plum flower posts in combat. The missing link for training the Wing Chun stance, this book helps intermediate students and practitioners reach the highest levels of proficiency, teaching leg skills, sticking skills, good positioning, and

Online Library Wing Chun Forms Step By Step

checking and immobilization skills. The plum flower posts consist of 11 posts--10 wooden gerk jong, or legwork posts, and one mok yan jong, or wooden man post. Together, they complete a set called the moy fa jong. The wooden dummy trains practitioners to protect the upper centerline by applying hard techniques with proper distance, position, and leg control, while the gerk jong are designed and placed to train all elements of legwork and manage the lower centerline. A valuable training tool for any and all styles and families of Wing Chun, mastering the posts ensures that you never lose a fight due to lost balance or bad positioning; fall from leg sweeps, leg locks, or leg checks; or miss the knockout because of poor distance or knockout power. Comprehensively written and supplemented with 180 full-color illustrations and photos, Wing Chun Plum Flower Posts is an essential resource for Wing Chun students, practitioners, and teachers looking to expand their knowledge base and skill set.

Wing Chun, it is the most famous and dynamic style of Wushu in the world. Its distinctive features are the simplicity and economy of movements, softness, and flexibility, as well as the effectiveness of defenses and the power of attacks. The main purpose of this branch of Chinese martial arts is the fastest achievement of victory in battle with the minimum effort and energy. The book offered to readers is devoted to an overview of the Wing Chun Kuen techniques, which became widespread in schools of Guangdong province. The book contains a large number of illustrations detailing the features of the techniques of the style and will be useful for everybody who studies the martial arts. Ip Man Wing Chun, Understanding Si Lim Tao. Wing Chun Kung Fu is now a famous Chinese Martial Art system used worldwide for self defence and is commonly known for its simple but effective direct lines of attack and defence, as well as attention to detail in all areas, including; fight science; body structure; self development, and good health. Ip Man, through his Wing Chun Kung Fu lineage, is well known today thanks to his most famous student, Bruce Lee, following his rise to fame in the film industry. This full colour book contains a complete guide on the first form Si Lim Tao, Ip Man Wing Chun. Using notes taken directly from seminars and private lessons over a 10 year period both in the U.K. and China, from some of the most senior practitioners alive today, Combining over 200 years' experience on the Si Lim Tao form. It is a complete and detailed reference of the form as a step by step guide, all applications, theory and science are included, bringing a unique and complete detailed picture of both the internal and external benefits of Si Lim Tao practise, all together for students of any lineage to benefit from in one place. A look inside the book, Si Lim Tao, also known as little idea form, overall it

Online Library Wing Chun Forms Step By Step

means to focus on what you're doing at that time with a calm mind, be in the moment, develop a focus or mindfulness known as Lim Tao (Thinking Head) with the ability to problem solve calmly and logically even when under extreme pressure, like when you are in a fight for example or trying to close a difficult sale or business deal. The little idea, however is the main focus in the form and that is, on using Lim Tao to tap in to the Fascia kinetic system of the human body harnessing its power and to develop the correct elbow engine through that and what that feels like, including developing it, learning to identify it, understanding what your feeling and maintaining that skill as the internal core of the Ip Man Wing Chun System. This is so it can be used to generate structural strength or power generation for attacking as and when needed, using the body for combat in the most efficient way possible. A famous student of Ip Man's, Chu Shong Tin, was known before his passing in 2014 as the King of Si Lim Tao, under his lineage today their main focus is still on the development of Lim Tao to develop the correct Gong Lik. Although they now refer to it as Nim Tao to develop Nim Lik and the form as Si Nim Tao instead of Si Lim Tao. Another famous student to Ip Man was the late Wong Shun Leung who passed in 1997. He was known as the king of talking hands or King of Chi Sau, it's interesting to note that he also pointed out the importance of the correct development and understanding of the first form Si Lim Tao, as have many other well-known greats of the Wing Chun world around this time as a result of Ip Man's teaching methods. Sigong Ip Chun (son of Ip Man) said at a seminar we attended in

Online Library Wing Chun Forms Step By Step

China in 2012, that "If you get Si Lim Tao right you can get the rest of the forms and the system right too, but if Si Lim Tao is incorrect, nothing will be correct" This is something I still personally think about all the time. In the same seminar I asked Sigong Ip Chun, "If Ip Man was still alive today, what would he want me to preserve from the system in my school the most?" his answer was that he felt it would be the idea of little energy being able to overcome big force and again developing and understanding that which comes from correct Si Lim Tao practice.

Characterized by economical movements, simultaneous attack and defense hand techniques, and powerful low kicks, Wing Chun Kung Fu is now one of the most popular of the Chinese martial arts. This helpful guidebook addresses the uses of the Muk Yan Jong--more commonly known as the Wooden Dummy form--within the Wing Chun discipline. All of the 116 movements incorporated into Wooden Dummy are covered and illustrated with step-by-step photographs, and information is provided on the practical applications of these movements. A detailed explanation of the principles and concepts behind the form, as well as its shape and structure is also included along with a number of practice exercises and drills.

The Wing Chun - it is a traditional style of the Chinese Kung Fu. The Wing Chun is very popular in the whole world thanks to its high efficiency application techniques. The important stage in the training the Vietnamese Wing Chun is the mastering of the Five animals technique (Ngu Hinh Quyen). This technical chapter refers only to the

Online Library Wing Chun Forms Step By Step

Vietnamese line of the Wing Chun and shows the reference to the Shaolin style. The animal techniques are built on the principles of the Wing Chun and are important for the martial empowerment of the style.

"The Ultimate guide to unarmed self defense covers a comprehensive combination of techniques, training methods, and strategies designed to provide practitioners with highly efficient and effective self defense skills. In addition to physical techniques, non-physical awareness and prevention are also covered in great detail. The progression of techniques and training methods are presented as they would be taught in private lessons, and hundreds of easy to follow photos with directional arrows and ghost imaging make learning easier than ever" -- page [4] of cover.

Yip Chun is a Grandmaster of Wing Chun, and the eldest son of Yip Man - Bruce Lee's mentor. With the help of Danny Connor, Yip Chun explains the moves, the importance of the relationship between teacher and student, and the Confucian theory. Students will learn Chi Sau, Siu Lim Tao, Chum Kiu, and Biu Tze from the many illustrations that show the forms. 150 photographs.

The Wing Chun - it is a traditional style of the Chinese Kung Fu. The Wing Chun is very popular in the whole world thanks to its high efficiency application techniques. Wing Chun has many styles and schools such as Yip Man school, Pan Nam school, Yuen Kay-San school, Nguen Te Cong school (Vietnamese Wing Chun - Vinhquan) and others. Nguen Te Cong (Yuen Chai-Wan) is a founder of Vietnamese Wing Chun

Online Library Wing Chun Forms Step By Step

school. He and his brother (Yuen Kay-San) learned kung-fu under master Fung Siu-Ching and master Fok Bo-Kuen. In 1936 he moved to Hanoi (Vietnam) and opened martial art school. His Wing Chun style has many different forms: Thudao qyuen (siu lim tao), "108" form (partner form and wooden dummy form), Five Animals form. This forms and combat applications are present in this ebook. Contents: Introduction Chapter 1. The theory of Wing Chun Chapter 2. Stances and moving Chapter 3. The Strokes Chapter 4. The Defense Chapter 5. The Throws and Grabs Chapter 6. The methods of attack Chapter 7. The defense and the counterattack Chapter 8. The Thudao qyuen (Siu Lim Tao) Chapter 9. The «108» form - The «108» form with the opponent - The «108» form with the Wooden Dummy Chapter 10. The Five Animals fist - Ngu Hinh qyuen (The joint five animals form) - The martial combinations - The paired form Chapter 11. Chi sao (The sticky hands) Appendix 1. The Tiger form (Ho qyuen) Appendix 2. The Leopard form (Bao qyuen) Appendix 3. The Crane form (Hac qyuen) Appendix 4. The Snake form (Sa qyuen) Appendix 5. The Dragon form (Long qyuen) On its way from the East to the West, being transmitted from Eastern masters to Western pupils, Wing Chun system lost many techniques. Knee kicks relate to these "lost" Wing Chun techniques. The initial wave of Wing Chun studies in the West accented attention on main Wing Chun forms that don't include knee kicks. Although many Wing Chun masters actively used them in their striking arsenal. For today knee kicks are presented most fully in Thai boxing. Generalizing Wing Chun knee kicks, it is

Online Library Wing Chun Forms Step By Step

necessary to note, that they are comparable with ones in Thai boxing by types and diversity. The book includes the large number of illustrations with detailed explanation of the special features and will be useful for everyone who studies Wing Chun. Discusses the history and philosophy of Wing Chun, a Chinese form of kung fu, and offers principles, techniques, and practical applications for self-defense

In this book, the keys to the Ip Man Wing Chun Kung Fu system are explained. The three hand sets are shown in detail, along with the application of the key movements. One of the keys to Wing Chun is laying a proper foundation. The first form Siu Lim Tao (Little Idea) is the development of that foundation. Here, you will be introduced to the proper reference points for the structure of the defensive tools and offensive weapons of Wing Chun. The second form, Chum Kiu (Seeking the Bridge), introduces the keys to fighting application of Wing Chun. While the first form teaches the correct structure of the attacks and defensive movements, it is in Chum Kiu that the student learns to seek the bridge and use both hands simultaneously, such as one hand defending while the other attacks. Chum Kiu teaches stepping and footwork, and also Wing Chun's specialized kicking method and the generation of power thru the correct method of using the entire body in stance turning (Yiu Ma). The third form,

Wing Chun Kung Fu is now a famous Chinese Martial Art system used worldwide for self defence and is commonly known for its simple but effective direct lines of attack and defence, as well as attention to detail in all areas, including; fight science; body

Online Library Wing Chun Forms Step By Step

structure; self development, and good health. Ip Man, through his Wing Chun Kung Fu lineage, is well known today thanks to his most famous student, Bruce Lee, following his rise to fame in the film industry. Outside of this, Ip Man was also the father and Sifu of Grandmaster Ip Chun, his oldest son. Master Colin Ward , a direct and senior student to Grandmaster Ip Chun, is Sifu Sean Mann's Wing Chun teacher in the U.K. This book is a complete guide to learning how to train, develop and use the Ip Man Wing Chun first form, Si Lim Tao, or Si Nim Tao, depending on what Ip Man lineage you train in. Included inside is a step by step learning process for the form; theory by sections, and then by picture guide, all broken into easy to learn stages. As well as learning all form hand positions in order, this book is complete with all the form's applications; theories; Wing Chun history; centre line theory, and all the form's terms, along with their translations. It also provides an understanding on how to develop both external and internal training methods; correct posture and stance understanding, as well as much more. No matter what lineage of Ip Man Wing Chun Kung Fu you train in, this educational resource on the Wing Chun Si Lim Tao form is a must have to any serious practitioner's collection.

Master the many styles of Wing Chun Kung Fu with this expert martial arts guide. With the fame of Bruce Lee, the conditions in Hong Kong, and the hard work and effort of many of his classmates, the Wing Chun of the late master Yip Man became one of the most well-known and popular Chinese martial arts in the world. Although this gave

Online Library Wing Chun Forms Step By Step

Wing Chun international recognition, it also led to a lot of misconceptions. Due to a lack of authentic information, many mistakenly came to assume that the renowned Yip Man was the sole inheritor of the style and that his Wing Chun was the lone version of the art. In fact, there are several different and distinct systems of Wing Chun. Unfortunately, over the years most of these systems have remained unseen or unreported to all but a few—until now. Profusely illustrated with over 300 historical photographs, *Complete Wing Chun: The Definitive Guide to Wing Chun's History and Traditions* presents seldom seen information on a dozen branches of the Wing Chun art. It offers the reader side-by-side comparison of these arts by outlining each system in terms of Wing Chun history, principles, basics, and training methods: Yip Man Wing Chun Yuen Kay-San Wing Chun Kuen Gu Lao Wing Chun Kuen Nanyang Wing Chun Kuen Pan Nam Wing Chun Kuen Pao Fa Lien Wing Chun Kuen Hung Suen Wing Chun Kuen and more! Wing Chun is a logical, scientific yet simple Chinese martial art system, which was developed purely for practical and effective self-defence for everybody. It is a martial art known for its efficiency and economy of movement, which emphasizes natural and efficient use of the body. Topics include: the fundamental principles of the hand and leg techniques; detailed explanations of the shape, structure and movements and a checklist for each technique; a detailed analysis and explanation of each of the 'empty hand' forms; an in-depth explanation of the principles and concepts behind Chi Sao, Wing Chun's 'sticky hands'; a scientific and anatomical explanation of the basic

Online Library Wing Chun Forms Step By Step

principles underlying the Wing Chun system.

Analyzing the systems concepts, theory, physical exercises and fighting application, the reader is taken from the basic ideas of the system into its advanced stages of training in order to maximize the physical and mental benefits gained from its practice. The Sui Lum Tao and Chum Kui form actions and applications are discussed in detail and explained in a way the reader can understand slowly and fully, with the exercises commonly practiced within the system broken down to their individual component parts. The technical information is based on Wing Chun practices that transcend lineage, but adhere to the universal principles of the system, exposing information and training methods that could be currently lacking from your daily practice. From a novice to the martial arts to an advanced practitioner, fighter to philosopher, this book will help you achieve much more from your dedicated practice.

This is a short 15 page ebook designed to help you improve your Siu Lim Tau which is the essential and most important part of the complete wing chun system, it does not cover the complete application and form but rather designed for those already on the journey who need a few hand tips.

In Wing Chun Kung-fu Volume 3: Weapons & Advanced Techniques, the final Wing Chun book in this Chinese martial arts series, author Dr. Joseph Wayne Smith applies dynamic scientific methodology to Wing Chun training tools and weapons, providing a complete analysis of why and how each item is used. The reader is led step-by-step

Online Library Wing Chun Forms Step By Step

through the use of the Wing Chun Wooden-Dummy—a valuable training tool for developing trapping, striking, and kicking skills; the Wing Chun Butterfly Knives—deadly bladed weapons for both attack and defense; and the Six-and-a-Half Pole—a simple but devastating weapon in the hands of the Wing Chun fighter. The author encourages students to recognize the practical and physical benefits of traditional fighting weapons in the modern environment.

In this classic text, wing chun master William Cheung unravels the mystery behind the elusive energy of chi. He provides exercises to increase and direct the flow of chi and explains how chi affects the body, the philosophy behind the famous yin-yang symbol, pressure points and the 32 meridians, the principles behind dim mak (the often misunderstood “death touch”), and more. This book is a must-read not only for kung fu practitioners but also for anyone interested in Eastern philosophy.

Wing Chun Kung-fu Volume 1 Basic Forms & Principles Tuttle Publishing

Sifu Mark Beardsell is certified in both in the Wing Chun Pole and Knife form and the application for each, because of his disability, he is unable to flip the blade on his right hand side, so he was set the task by his Sifu to logically modify the form so it would work for him, however that said he teaches the form as its passed on to everyone else, the contents of this book covers his thoughts on the actual reality of the weapons. In addition to this he also has trained in using the samurai and ninja swords, and he has over 150 hours of training in the sword and he has trained things such as clashes, blocks, sword positions, cutting directions, stances, kata's and so when he analyses if the butterfly knives will work against the sword he

has first hand experience from both sides.

This book completes the explanations of the weaponless forms of Wing Chun. We've recently thought about publishing the books Siu Lim Tao, Chum Kiu, and Biu Tze in a compilation sometime in the future, adding more instructional images to the book in order to answer the questions we've been receiving.

WING CHUN IP MAN - THE BEST BOOK ON WING CHUN KUNG FU ENGLISH VERSION

*****If you buy the Paperback Version of this Book you'll get the Kindle Book version for FREE***** AFTER THE GREAT CINEMATOGGRAPHIC SUCCESS "IP MAN", THE STYLE OF KUNG FU CALLED "WING CHUN" IS COMEBACK I'm author of the book "IP MAN WING CHUN". Along the time I have practiced kung fu in several Italian schools, and I've participated in numerous stage, with several very important Masters, Chinese and European. I have conduct also numerous theoretical studies on the history of Wing Chun and on the philosophy on which this style of Kung Fu is based on. Many of these principles you will find in this book The book "IP MAN WING CHUN KUEN" is therefore a condensation of several years of my studies and research on Wing Chun and Kung Fu in general. The focus of this book is to transmit in a simple way through images, photos and words, the foundation of the system from which you can start immediatley to self learning and training solo, and in a second time to go deeper with a professional master. His reading is suitable for all types of people, from beginners to more experienced practitioners. THE INTENT OF THE WORK IS ALSO TO GIVE A COMPENDIUM AT NEW WING CHUN GUYS GIVING THEM IMPORTANT TECHNICAL DETAILS WHICH PROBABLY BY THE COMMON MASTERS ARE NOT TRANSMITTED AND KEEPED SECRETS. THIS BOOK WILL NOT TALK JUST ABOUT POSITIONS AND

WING CHUN DIFFERENT IN EUROPE AND IN CHINA

Following on from the success of Simply.....Wing Chun Kung Fu and Wing Chun Kung Fu - The Wooden Dummy, Sifu Shaun Rawcliffe presents a thorough guide to the weapons forms in Wing Chun Kung Fu. The Knives and Long Pole forms provide advanced classroom training for the Wing Chun student and instructor. Weapons training focuses on core elements of power usage and precision, improving stance, structure and strength. Mastering control of the weapons focuses on the need for total body control and absolute accuracy of movement. Covers the principles of the forms for Baat Cham Dao (the eight slashing or chopping knives form) and Luk Dim Boon Kwun (six and a half point pole). Gives clear, concise explanations of the shape, structure and movements of the weapons forms, and applications where appropriate. Illustrates each section of the forms in detail with step-by-step photographs. Provides an essential training checklist to each key technique within the forms. Examines the benefits of training in the weapons forms. A comprehensive and valuable guide to the weapons forms in Wing Chun Kung Fu. Concise explanations of the shape and movements of the weapons forms are given. Aimed at advanced Wing Chun students and instructors. Each section of the forms are illustrated in detail with approximately 350 colour photographs. Sifu Shaun Rawcliffe is one of the most highly qualified and certified Wing Chun instructors in the world.
