Loved Goodbye Christopher Robin? Learn more about the real place that inspired A. A. Milne's beloved stories. Delve into the home of the world's most beloved bear! The Natural World of Winnie-the-Pooh explores the magical landscapes where Pooh, Christopher Robin, and their friends live and play. The Hundred Acre Wood—the setting for Winnie-the-Pooh's adventures—was inspired by Ashdown Forest, a wildlife haven that spans more than 6,000 acres in southeast England. In the pages of this enchanting book you can visit the ancient black walnut tree on the edge of the forest that became Pooh's house, go deep into the pine trees to find Poohsticks Bridge, and climb up to the top of the enchanted Galleons Lap, where Pooh says goodbye to Christopher Robin. You will discover how Milne's childhood connection with nature and his role as a father influenced his famous stories, and how his close collaboration with illustrator E. H. Shepard brought those stories to life. This charming book also serves as a guide to the plants, animals, and places of the remarkable Ashdown Forest, whether you are visiting in person or from the comfort of your favorite armchair. In a delightful narrative, enriched with Shepard's original illustrations, hundreds of color photographs, and Milne's own words, you will rediscover your favorite characters and the magical place they called home. "Aalto's lovely book provides two great pleasures: a visit to the actual wild spots that inform the fictional Pooh world and a chance to slip into our memories of the books themselves." —The Washington Post

A collection of 100 postcards, each featuring a different and iconic Penguin book jacket. From classics to crime, here are over seventy years of quintessentially British design in one box. In 1935 Allen Lane stood on a platform at Exeter railway station, looking for a good book for the journey to London. His disappointment at the poor range of paperbacks on offer led him to found Penguin Books. The quality paperback had arrived. Declaring that 'good design is no more expensive than bad', Lane was adamant that his Penguin paperbacks should cost no more than a packet of cigarettes, but that they should always look distinctive. Ever since then, from their original - now world-famous - look featuring three bold horizontal stripes, through many different stylish, inventive and iconic cover designs, Penguin's paperback jackets have been a constantly evolving part of Britain's culture. And whether they're for classics, crime, reference or prize-winning novels, they still follow Allen Lane's original design mantra. Sometimes, you definitely should judge a book by its cover.

The New Yorker was launched in 1925, and offers reporting, criticism, essays, fiction, poetry, humour, and cartoons. From the very outset, the founders, Harold Ross and Jane Grant, declared that their sophisticated magazine was 'not edited for the old lady in Dubuque'. The New Yorker has also offered great literature in short stories from such acclaimed writers as John Cheever, Roald Dahl, Alice Munro, Haruki Murakami, Vladimir Nabokov, J. D. Salinger, and Shirley Jackson. From the very first issue, the now iconic monocled dandy Eustace Tilley made The New Yorker's covers unique and pointed. These signature traits have continued right up to the present day in the striking and sometimes controversial covers from such artists as Peter Arno, William Steig, Saul Steinberg, Jean-Jacques Sempé, and Art Spiegelman. From the 1890s to the 1920s, the postcard was an extraordinarily popular means of communication, and many of the postcards produced during this "golden age" can today be considered works of art. Early in the century, Hot Springs was among the most noted resorts in the nation. Its Victorian wonders drew thousands of visitors to partake in the hot mineral waters that bubbled from the earth. In the words written on one card in 1910, "Many people of wealth are here from Chicago and New York. Uncle Billy went to the horse show ball at the Eastman Hotel with an ex-wife of a millionaire. Andrew Carnegie and young Jay Gould were at the ball." Showcased in this fascinating collection are over two hundred postcards from 1900 to 1960. The images are accompanied by the actual penned messages of visitors and extensively researched historical facts.

One book. Two readers. A world of mystery, menace, and desire. A young woman picks up a book left behind by a stranger. Inside it are his margin notes, which reveal a reader entranced by the story and by its mysterious author. She responds with notes of her own, leaving the book for the stranger, and so begins an unlikely conversation that plunges them both into the unknown. The book: Ship of Theseus, the final novel by a prolific but enigmatic writer named V.M. Straka, in which a man with no past is shanghaied onto a strange ship with a monstrous crew and launched onto a disorienting and perilous journey. The writer: Straka, the incendiary and secretive subject of one of the world's greatest mysteries, a revolutionary about whom the world knows nothing apart from the words he wrote and the rumors that swirl around him. The readers: Jennifer and Eric, a college senior and a disgraced grad student, both facing crucial decisions about who they are, who they might become, and how much they're willing to trust another person with their passions, hurts, and fears. S., conceived by filmmaker J. J. Abrams and written by award-winning novelist Doug Dorst, is the chronicle of two readers finding each other in the margins of a book and enmeshing themselves in a deadly struggle between forces they don't understand, and it is also Abrams and Dorst's love letter to the written word.
